STCM

This *School Test Coordinator's Manual* (STCM) serves to guide School Test Coordinators through general test administration activities for the End-of-Course (EOC) Algebra I and English II Assessments. Instructions for test administration in the classroom are provided in the *Test Administrator's Manual* (TAM), and instructions for test administration activities specific to District Test Coordinators are provided in the *District Test Coordinator's Manual* (DTCM). The TAM, DTCM, and additional information can be accessed from the *Help* page in Nextera® Admin located at:

- <https://ms.nextera.questarai.com>

All devices intended for use in the administration of the tests must be set up and configured using the Nextera® Test Delivery System as outlined in the *Setup & Installation Guide*, available on the Nextera *Help* page. Contact Questar or the Mississippi Department of Education (MDE) with any questions.

The MAAP *Setup & Installation Guide* provides the following information regarding the Nextera Test Delivery System:

- A high-level overview of the Nextera Assessment System
- Checklists for Technology Coordinators
- Guidelines for installation and deployment of the Questar Secure Browser
- Network and system specification requirements

MS Roles and Responsibilities

State Level User (SLU)

- Acts as the MDE point of contact for all District Test Coordinators (DTCs)
- Receives access to all districts in the state

District Test Coordinator (DTC) or District Level User (DLU)

- Communicates with the MDE
- Coordinates with the MDE, Questar, and the district
- Ensures all student data is correct in Nextera Admin and the MSIS system
- Orders, receives, and distributes shipped items appropriately
- DTC serves as the materials and notification point of contact for the MDE and Questar
- Enters and updates student information in Nextera Admin as needed
- Returns secure materials to Questar
- Views district-level information in Nextera Admin
- Only one DTC per district, but multiple DLUs are allowed

Superintendent (SUP)

- Views district-level reports
- Views district data files
- Views documentation on the *Help* page
- Only one SUP per district

District Information Technology Coordinator (DITC)

- Acts as the information technology point of contact for all schools in the district
- Ensures student devices are set up for testing

School Test Coordinator (STC) or Building Level User (BLU)

- Coordinates the assignment of Test Administrators, Proctors, and Hall Monitors with the DTC and Principals
- Documents the Test Administrator and Proctor in each room
- Organizes student login credentials into groups
- Checks student login credentials in and out
- Monitors student login credentials
- Enters new student information and updates student information in Nextera Admin
- Collaborates with District Test Coordinator on schedules and managing students
- Only one STC per school, but multiple BLUs are allowed

Principal (PRN)

- Views school-level reports
- Views documentation on the *Help* page
- Only one PRN per school

Test Administrator (TA) or Teacher

- Leads the test administration
- Reads the directions from the TAM and monitors students
- Holds a current teaching license
- Takes attendance during test administration
- Creates or approves the seating chart that is provided by the School Test Coordinator
- Views information of students assigned to his or her class(es) in Nextera Admin if the TA has been provided access by the district

Proctor

- Provides support as the secondary adult in the classroom during testing
- Monitors students and answers allowable questions*
- Receives LIMITED access to testing devices and secure materials
- Approves seating chart provided by the Test Administrator or School Test Coordinator
- Not a role that can be assigned to an account in Nextera Admin

*See the *Testing Guidelines* section of the TAM.

MAAP EOC Overview

The MAAP End-of-Course (EOC) Assessments are used to evaluate student performance relative to the Mississippi College- and Career-Readiness Standards.

The MAAP EOC Assessment for Algebra I consists of one online session, and English II consists of two online sessions. Schools should set aside blocks of uninterrupted time for the administration of each session.

More information on each assessment can be found on the MDE website at <http://www.mdek12.org/osa/MAAP>.

School Test Coordinator's Checklist

Before Testing

- STCs will carefully read the STCM to become familiar with general test administration activities. The STCM and additional information can be accessed on the *Help* page in Nextera Admin. Contact Questar Customer Support at 1-800-644-4054 with any questions.
- STCs will create a school testing schedule, identifying students who will be tested each session during the testing window. Be sure to consider the number of students participating in online testing and the number of available devices. Make sure students with special accommodations are accounted for in the schedule.
- STCs must ensure appropriate implementation of accommodations and address any special needs and supplies regarding test accommodations. Make sure that the appropriate accommodations are assigned to students in Nextera Admin.**
- STCs will understand the policy for Read-Aloud administrations.
- STCs will understand how to print student login credentials, access the Proctor Password, add or edit a Test Administrator, add or edit a student, and mark accommodations for students.
- STCs must ensure that students not present in Nextera Admin are added (either manually or via the Pre-ID portal) and assigned to a test.
- STCs must ensure that all eligible students have been assigned to a test.
- STCs will understand how to troubleshoot common online testing issues.
- STCs must ensure proper spacing between work stations is available.
- STCs must ensure that systems are properly set up and ready for online testing.
- STCs will provide approved rosters for Test Administrators to ensure accurate student placement.
- STCs will save the boxes in which materials were received in order to return the materials to Questar after testing is complete.

During Testing

- STCs will be available during schools' testing sessions to answer questions and help resolve issues as needed.
- STCs will monitor schools to ensure that test administration and test security policies and procedures are followed.
- STCs will adjust testing schedules if inclement weather or other unforeseen events threaten or force school closures, network interruption, etc.
- STCs will ensure that each school has only one designated computer technician that can use a cell phone during testing to provide technology support.

After Testing

- STCs will verify that all online tests have been submitted using the Testing Status Details page in Nextera.**
- STCs will collect and inventory all secure test materials, and DTCs will return them to Questar per the instructions found in the District Return Kit.

- ❑ STCs will shred the appropriate materials, then complete and upload the appropriate shredding documentation to the Office of Student Assessment as outlined in the Test Security Plan using the Test Security Certification Form.
- ❑ STCs will collect all paperwork required to be filed according to the District/School Test Security Plan.

Test Irregularities

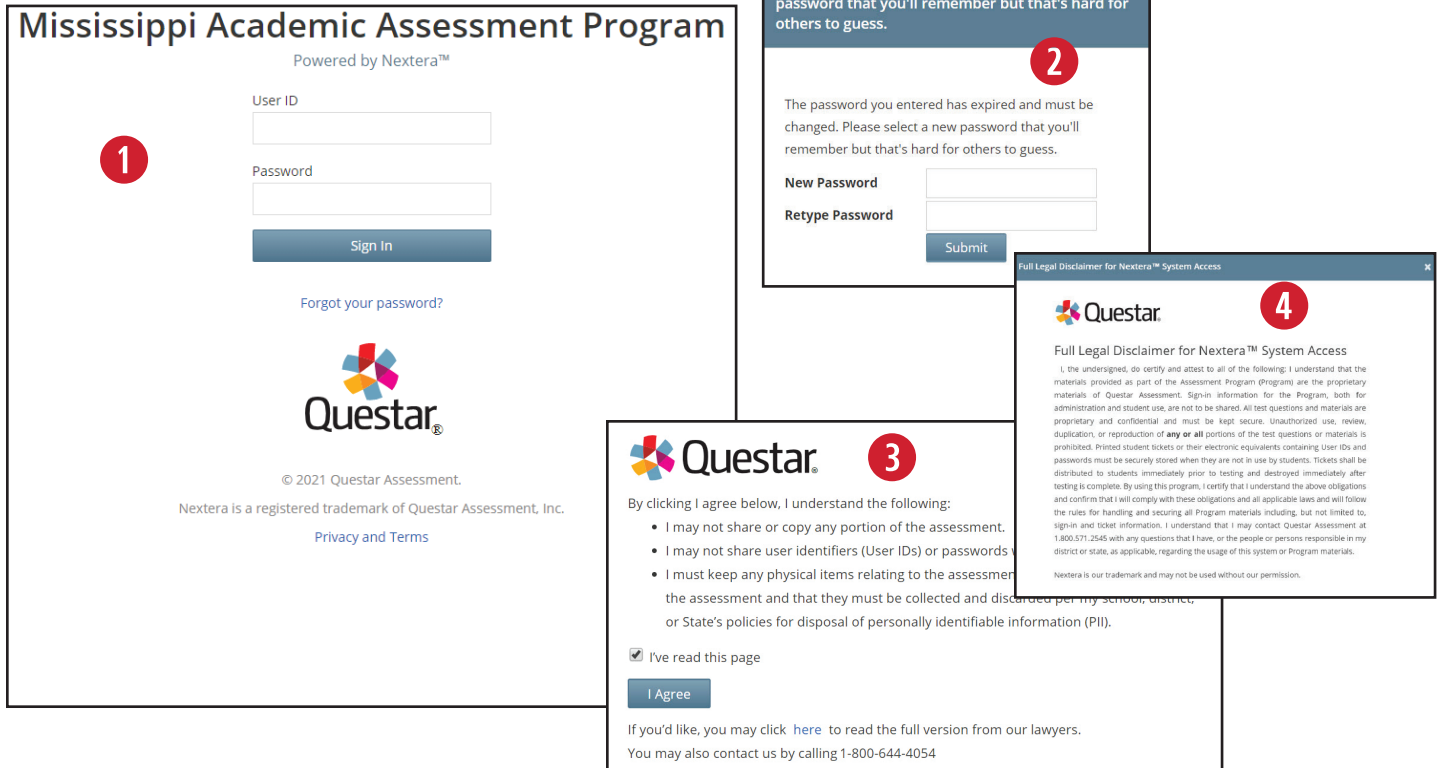

Schools must not schedule an interruption to the school day, such as a fire drill, that will affect students in any way during the assessment. If an interruption in testing occurs due to severe weather, a fire alarm, or any other natural or man-made occurrence, the Test Administrator must immediately notify the STC and note the circumstances/time of the occurrence. As soon as circumstances allow, the STC must notify the DTC, and the DTC must then notify the MDE. Test administration must resume as soon as possible after the interruption, and students must be allowed the full amount of time remaining when the interruption occurred. **If testing cannot continue the same day, contact the MDE prior to rescheduling.**

Following an interrupted test administration, the MDE staff will review the incident to provide guidance as to whether the students' work will be counted as a valid attempt. The determination of a "valid attempt" will be based on whether the students had a significant opportunity to discuss test content during the interruption.

In a situation where students have strong emotional reactions (such as an actual fire or another situation that creates a real or perceived threat or causes damage to property or injury to a person), the appropriate course of action will be determined following a review of the circumstances.

If any occurrence raises questions or concerns about correct test administration, contact the MDE immediately. The MDE State Board of Education testing irregularity policies, as stated in the current edition of the Mississippi Public School Accountability Standards, must be followed.

The *HOME* page contains a variety of online administrative resources.

- 1** Test Coordinators will see their user information on the left side of the screen.
- 2** Select the **HELP** tab at any time for additional support.
- 3** The gray bar at the top of the screen shows the selected administration, district, school, and subject.

User Accounts

The screenshot displays the MAAP user interface. On the left, the 'Add New Account' form is visible, with a red circle '1' highlighting the 'ACCOUNTS' tab in the navigation menu. The form includes fields for 'First Name', 'Last Name', and 'Email', a checkbox for 'This account is currently active', and a 'Role Type' dropdown menu. On the right, the 'Accounts' table is shown, with a red circle '2' highlighting the 'ACCOUNTS' tab. The table lists various user accounts with columns for User ID, Last Name, First Name, Email Address, Account Type, Membership, and Actions. A red arrow points to the 'View' link in the Actions column for the first account.

Multiple user levels exist within Nextera Admin. Some examples include District Test Coordinator (DTC), School Test Coordinator (STC), and Teacher. A complete list of user account types can be found in the *MS Roles and Responsibilities* section of this manual.

Test coordinators can add or edit users as needed to allow specific individuals the rights they need for accessing their student information.

Note: If creating a Teacher account, refer to the *Add or Edit a Teacher* section.

- 1 To add a user account, select **Accounts** under the **ACCOUNTS** tab. Then select **New Account**. On the *Add New Account* page, fill in the First Name, Last Name, and Email.

Make sure the box next to “This account is currently active” is checked.

Select the Role Type, District, and School from the drop-downs as required. Select **Add Role**, and then select **Create an Account**.

Once you select **Create an Account**, an auto-generated email will be sent to the user’s email address instructing him/her how to access Nextera Admin, including login information.

- 2 On the *Accounts* page, you may sort accounts by User ID, Last Name, First Name, or Email Address by selecting the up/down arrows next to the column headers.

To edit a user account, select the **View** link next to the user’s account. Then select the **Edit** button on the *View Account* page. Edit the information as needed and select **Save**.

The account merge was successful.

Your DTC can merge multiple accounts for a user by going to the *Accounts* page. Only two accounts can be merged at a time. Repeat the following process if more than two accounts need to be merged.

- ① To merge user accounts, select **Merge Accounts** on the *Accounts* page. On the *Merge Accounts* page, select the **Select** button for the two accounts you would like to merge. Then select **Merge Accounts**.
- ② Select the **Make Primary** button for the primary account. Then select **Merge Accounts**.
- ③ A pop-up window will appear confirming the merge was successful.

Note: Only one individual can be listed as the DTC, and only one STC can be active per school. However, multiple District Level Users and Building Level Users can be added. Additionally, Teachers will be pre-populated into Nextera Admin after student Pre-ID files from the state are loaded by Questar prior to each administration.

5 On the *New Student* page, enter all of the required information for the new student, including any accommodations (see Step 6 below). Select **Save** at the bottom of the page when finished.

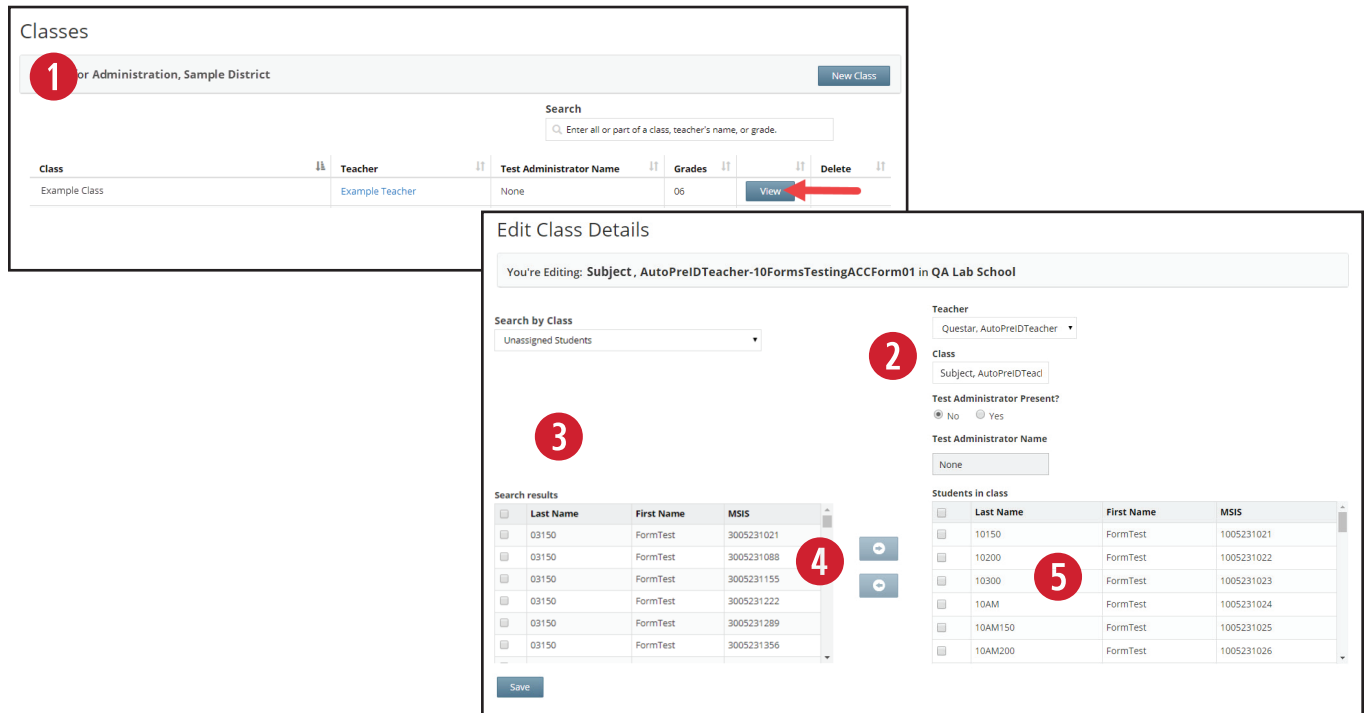

Note: All fields with a bold title are required and must be completed. All other fields are optional.

6 A student's accommodation(s) can only be added after the student is assigned to a class. To assign a student to a class from the *New Student* or *Edit Student Record* page, use the *Testing class* drop-down for each subject in which the student will test. To then add accommodations for a subject test, select the **Modify** button. In the *Select Accommodations* window, select the necessary accommodations and select **Save**. Then be sure to select **Save** again on the bottom of the *New Student* or *Edit Student Record* page.

Note: In order for student login credentials to be generated, the student must be assigned to a class.

Note: To upload a large volume of students, it may be beneficial to utilize the Pre-ID functionality that is available to DTCs. Refer to the *Pre-ID Upload Overview* section of the DTCM on the Nextera *Help* page for information on this process.

Moving Students

The screenshot shows two overlapping windows from a web application. The top window, titled 'Classes', displays a table with columns for Class, Teacher, Test Administrator Name, Grades, and Delete. A red circle with the number '1' is placed over the 'View' button in the 'Delete' column of the first row. The bottom window, titled 'Edit Class Details', shows the details for a specific class. It includes a search dropdown set to 'Unassigned Students', a 'Search results' table, and a 'Students in class' table. Red circles with numbers 2 through 5 are placed over various elements: 2 is over the 'Teacher' dropdown, 3 is over the 'Search by Class' dropdown, 4 is over the right arrow button next to a student in the 'Search results' table, and 5 is over a student in the 'Students in class' table. A 'Save' button is visible at the bottom of the 'Edit Class Details' window.

Students are assigned to classes based on the information Questar receives in the Pre-ID files from the MDE. If you added students to Nextera manually, follow the steps below to add students to classes. If a student is not assigned to a class, he/she will not be given any student login credentials to take the test.

To Add a Student to a Class:

- 1 Select the **CLASSES** tab, and then select **View** next to the applicable Class. On the *Class Details* page, select **Edit**.
- 2 On the *Edit Class Details* page, confirm the correct Teacher and Class name are displayed (modify if needed).
- 3 From the *Search by Class* drop-down, select **Unassigned Students** (or the class to which the student is already assigned, if applicable). Then from the *Search results* table, select the check box next to the student whom you wish to add.
- 4 Select the **right arrow** button.
- 5 The student will be added to the *Students in class* section. Be sure to select **Save** at the bottom of the page once you are finished.

Note: Classroom-level reports will be generated based on students' classes in Nextera. Therefore, make sure classes reflect how you would like classroom-level reports organized and not necessarily students' physical testing groups.

To Add a Class:

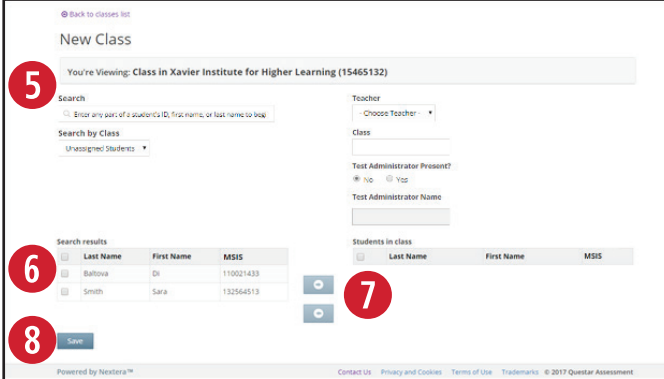

- 1 Select the **CLASSES** tab.
- 2 In the gray bar at the top of the screen, ensure the test administration, district, school, and content area are set correctly for the class you are creating. Select **New Class**.

- 3 Use the *Teacher* drop-down to assign a Teacher to the class.

Note: In order for a Teacher to appear in the drop-down, their account must be assigned to that test administration and content area.

- 4 Enter the Class name and optional Test Administrator/Proctor information.

Note: Ensure each class name includes the teacher's name so classes will be distinguishable when generating classroom-level reports.

The screenshot shows a web interface for creating a new class. At the top, it says "New Class" and "You're Viewing: Class in Xavier Institute for Higher Learning (15465132)". There are two main sections: "Search" and "Students in class".

5 points to the "Search" field with the placeholder text "Enter any part of a student's ID, first name, or last name to help". Below it is a "Search by Class" dropdown menu set to "Unassigned Students".

6 points to the "Search results" table, which has columns for "Last Name", "First Name", and "MSIS". It contains two rows: one for "Baltova, Di" with MSIS "110021433" and one for "Smith, Sara" with MSIS "132564513".

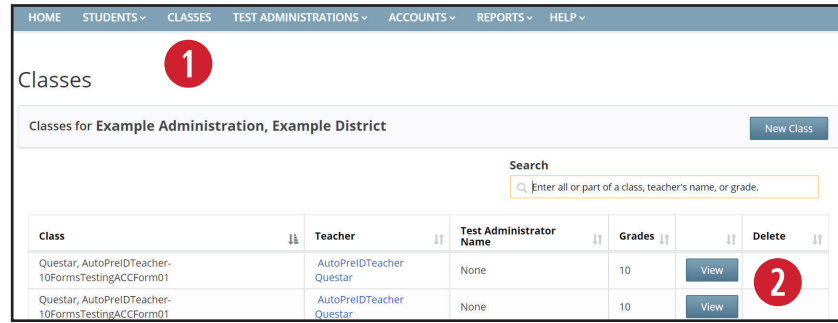

7 points to a right-pointing arrow button between the two tables.

8 points to a "Save" button at the bottom left.

On the right side, there are fields for "Teacher" (with a "Choose Teacher" dropdown), "Class", "Test Administrator Present?" (with radio buttons for "No" and "Yes"), and "Test Administrator Name".

At the bottom of the interface, it says "Powered by Nextera™" and "© 2017 Quantar Assessment".

- 5** Search for a particular student using the *Search* field, or use the *Search by Class* drop-down to find unassigned students or students in an existing class of that same subject.
- 6** In the *Search results* section, select the check box(es) next to the student(s) you want to add to the class.
- 7** Select the **right arrow** to move the student(s) to the *Students in class* section.
- 8** Select **Save**. The *Classes* page will display and include a message confirming that the class was successfully created.

To Delete a Class:

- 1 Select the **CLASSES** tab.
- 2 If the **Delete** button is not available for the class you wish to delete, that means there are students in the class that need to be removed first. Select the **View** button next to the class instead.
- 3 Select **Edit**. Then in the *Students in class* section, select the top check box to select all students currently in the class.
- 4 Select the **left arrow** to move the students to the *Students removed from class* section.
- 5 Select **Save**.
- 6 From the *Classes* page, select the **Delete** button that is now available next to the class.

Review or Edit a Class

The screenshot shows the 'Classes' management interface. At the top, a navigation bar includes 'HOME', 'STUDENTS', 'CLASSES' (highlighted with a red circle 1), 'TEST ADMINISTRATIONS', 'ACCOUNTS', 'REPORTS', and 'HELP'. Below the navigation bar, the 'Classes' section displays 'Classes for Example Administration, Example District' with a 'New Class' button. A search bar is present with the placeholder text 'Enter all or part of a class, teacher's name, or grade.' Below the search bar is a table with columns: 'Class', 'Teacher', 'Test Administrator Name', 'Grades', and 'Delete'. The table contains two rows of class data. A red circle 2 highlights the 'View' button in the second row. To the right of the table, a 'Class Details' panel is shown, containing a 'Back to classes list' link, the text 'You're Viewing: Class Name' (with a red circle 3), and an 'Edit' button. Below this, the details for the selected class are listed: 'Teacher: Teacher Name', 'Class: Questar', 'Test Window: Administration, Year, and Season', 'Classroom Test Administrator: None', and 'Content Area: Subject'.

To Review or Edit a Class:

- 1 Select the **CLASSES** tab.
- 2 Select **View** next to the class you wish to review. On the *Class Details* page, you will see the class information and the students assigned to that class.
- 3 To edit the class information, select **Edit**. Then select **Save** at the bottom of the *Edit Class Details* page when finished making changes.

Online Accessibility Features and Accommodations

Accessibility Features

The following accessibility features are available to students taking the online version of the tests:

Answer Masking hides answers that the students select, allowing the students to focus on just the answers they want. Clicking on answer choices reveals them to the students.

Background Color changes the color of the background based on the selection made in the drop-down. *This cannot be used with Reverse Contrast.*

Initial Page Zoom adjusts the default zoom level of the testing area. It can be adjusted during the test at any time. Below are the approximate font sizes for each zoom level.

Note: If a student has the Large Print accommodation but would like to test online, zooming to 300% of the original size will mimic the same font size as a Large Print test book.

Zoom Level	Approximate Font Size
100% (base)	14 point/18px
150%	21 point
200%	28 point
300%	42 point

Reverse Contrast displays white text on a black background. *This cannot be used with Background Color.*

Accommodations

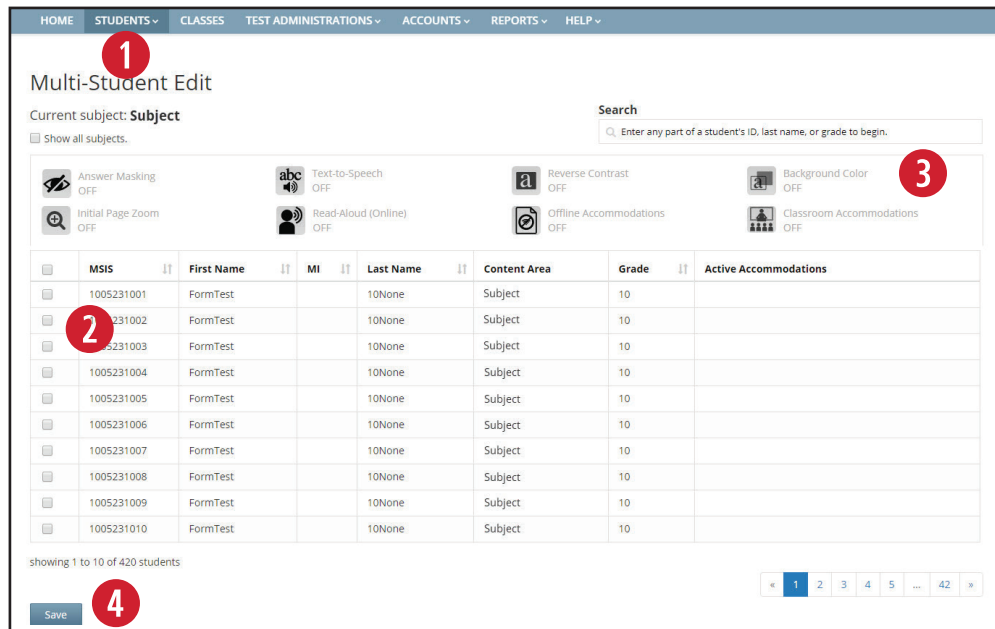

The following accommodations are available to students taking the test, according to their IEP/504/LSP:

Text-to-Speech reads all or part of the test to students using a device's speaker (headphones are recommended). This is available only for accommodations 55 (directions, questions, and answer choices will be read) and 53 (only directions will be read).

Note: For (53) Directions Only TTS, only the last eight items will be read in Algebra I for the Fall 2021 administration. Starting with the Spring 2022 administration, nothing will be read in Math for any grade since the questions themselves contain the directions.

Read-Aloud (Online) indicates that the student will take the test online, but that all or part of the test will be read aloud by a Human Reader. *This may not be used with any offline testing accommodations.* This is available only for accommodations 53, 55, and 58.

IMPORTANT: It is best to make changes using multi-student edit first before editing any individual student accessibility features or accommodations, since the selections made when using multi-student edit will override previously selected accessibility features or accommodations. It is recommended to begin by using multi-student edit for changes applicable to a group of students and then make individual changes for students afterwards as exceptions. Any accommodations or accessibility features set before performing a multi-student edit will be erased if not selected again during the multi-student edit process.

To Assign Accommodations/Accessibility Features to a Group of Students at the Same Time:

- 1 Select **Multi-Student Edit** under the **STUDENTS** tab.
- 2 Use the check boxes to select and verify the students you wish to assign accommodations/ accessibility features.
- 3 Selecting an accommodation/accessibility feature's icon will toggle it on or off. When choosing some accommodations/accessibility features, such as Background Color, you will be presented with a list of options. Select the applicable option from the drop-down and select **Apply**.
- 4 When you are finished, select **Save**.

Note: For students using Paper/Pencil, Large Print, or Braille test books and for students using the Read-Aloud Script for online or offline testing, **the accommodation(s) MUST be marked in the students' profiles in Nextera Admin prior to testing.**

Checking Student Accessibility Features and Accommodations

Downloading a Student List

Check if student accessibility features/accommodations are set correctly by downloading a student list.

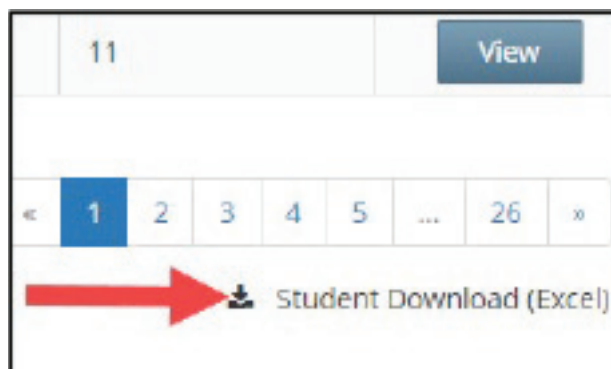

- At the top of the screen, select the **Change** button in order to select the Content Area you would like to use view. Selecting a *Content Area* will filter the students that you see by assigned subject. If you leave the *Content Area* as **Make a Selection**, students assigned to all subjects will populate.

- Select the **STUDENTS** tab, then select **Students** again from the drop-down menu.

- At the bottom of the *Students* page, select **Student Download (Excel)**.

- Open the spreadsheet to confirm student accommodations are set correctly. Each student will have their own row, with the accommodations visible per student beneath the Accommodation and Accommodation Option columns.

Downloading a Class List

Check if the students in a specific class have the correctly set accessibility features/accommodations by downloading a class list. Additionally, this list can be used to verify that the necessary students are listed in the correct class.

- 1 Select the **CLASSES** tab.
- 2 Select **View** for the class list you wish to download.
- 3 At the bottom of the *Class Details* page, select **Download Students in this Class (Excel CSV)**.

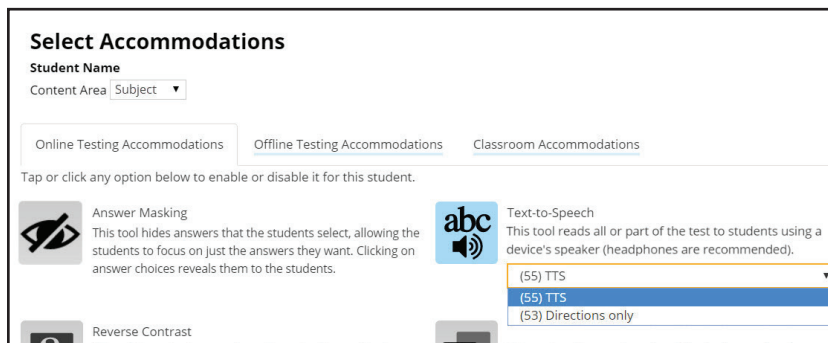

- 4 Open the spreadsheet to confirm student accommodations are set correctly.

Marking Accommodations for a Student

Prior to testing, ensure the appropriate accommodations have been applied to student records in Nextera according to their documented needs. The following instructions show the steps for setting each accommodation in Nextera Admin.

Text-to-Speech Accommodations

- 1 From the *Students* page, open the student’s profile by selecting **View**.
- 2 Select **Edit**.
- 3 Scroll down to locate the *Accessibility and Accommodation Options* section for the applicable content area.
- 4 Select the **Modify** button.
- 5 In the *Online Testing Accommodations* tab, select the **Text-to-Speech** icon, and then select the appropriate option from the drop-down (accommodation 55 or 53).

- 6 Select **Save**.

- 7 At the bottom of the *Edit Student Record* page, select **Save** again.

The “successfully updated record” notice will appear at the top of the page.

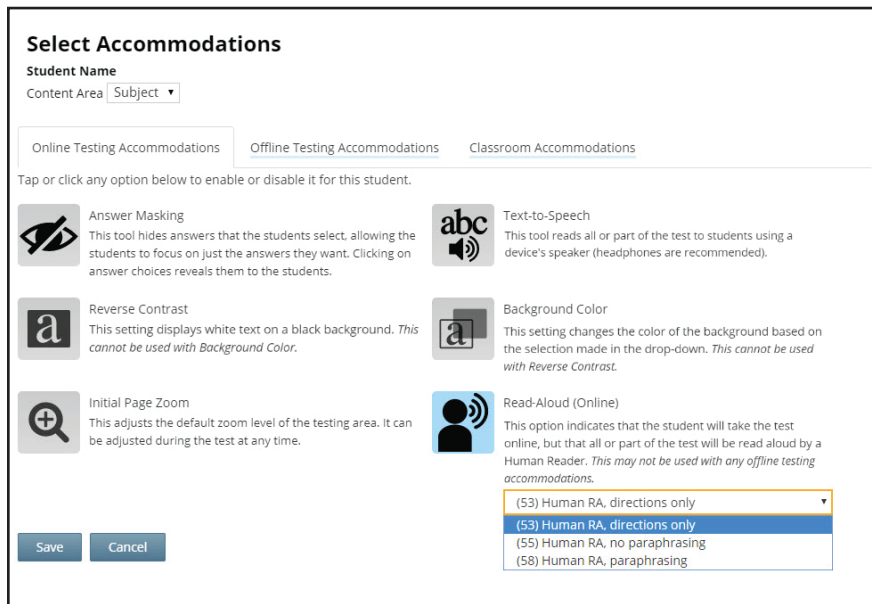

Read-Aloud (Online) Accommodations

This indicates that the student will take the test online, but that all or part of the test will be read aloud by the teacher using a Read-Aloud Script. This can be selected for students with accommodation 53, 55, or 58 who will be taking the test online. This may not be used with any print variations.

To Select Read-Aloud (Online):

- 1 From the *Students* page, open the student's profile by selecting **View**.
- 2 Select **Edit**.
- 3 Scroll down to the *Accessibility and Accommodation Options* section for the applicable content area.
- 4 Select the **Modify** button.
- 5 In the *Online Testing Accommodations* tab, select the **Read-Aloud (Online)** icon, and then select the appropriate option from the drop-down (accommodation 53, 55, or 58).

The screenshot shows the 'Select Accommodations' interface. At the top, there are tabs for 'Online Testing Accommodations', 'Offline Testing Accommodations', and 'Classroom Accommodations'. The 'Online Testing Accommodations' tab is active. Below the tabs, there are several accommodation options, each with an icon and a description. The 'Read-Aloud (Online)' option is selected, and its dropdown menu is open, showing four options: '(53) Human RA, directions only', '(53) Human RA, directions only', '(55) Human RA, no paraphrasing', and '(58) Human RA, paraphrasing'. The first two options are highlighted in blue. At the bottom of the interface, there are 'Save' and 'Cancel' buttons.

- 6 Select **Save**.

- 7 At the bottom of the *Edit Student Record* page, select **Save** again.

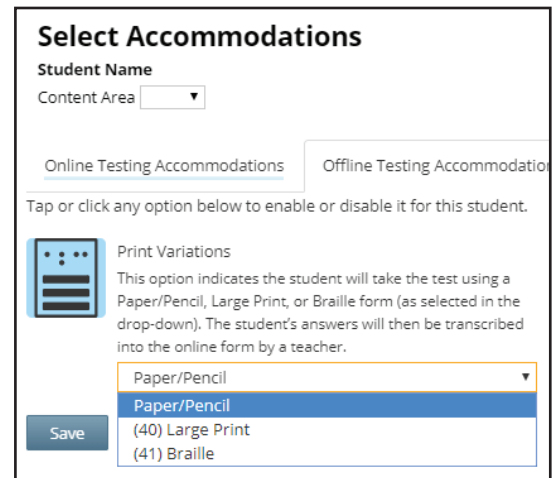

Paper/Pencil Accommodations

- 1 From the *Students* page, open the student’s profile by selecting **View**.
- 2 Select **Edit**.
- 3 Scroll down to locate the *Accessibility and Accommodation Options* section for the applicable content area.
- 4 Select the **Modify** button.
- 5 Select the **Offline Testing Accommodations** tab.
- 6 Select the **Print Variations** icon.
- 7 From the drop-down, select the **Paper/Pencil** option (if not already selected as the default), the **(40) Large Print** option, or the **(41) Braille** option.
- 8 Select **Save**.

- 9 At the bottom of the *Edit Student Record* page, select **Save** again.

The “successfully updated record” notice will appear at the top of the page.

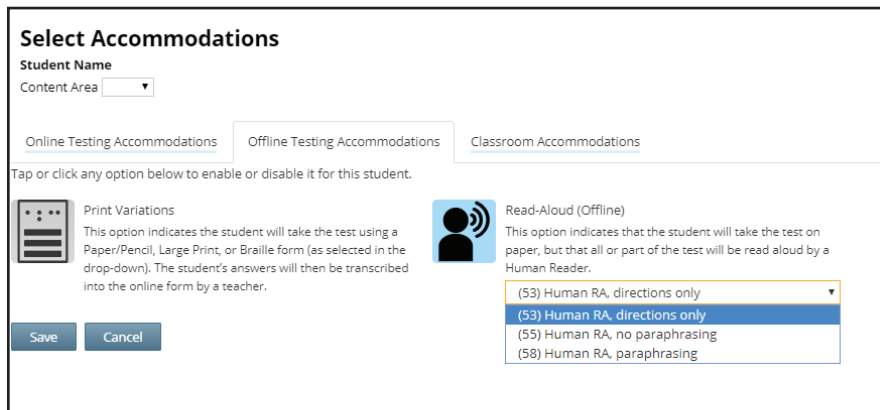

Read-Aloud (Offline) Accommodations

This option indicates that all or part of the test will be read aloud by the teacher for a student who is taking either the Paper/Pencil, Large Print, or Braille test form. This can be selected for students with accommodation 53, 55, or 58 who will be taking the test using the Paper/Pencil, Large Print, or Braille test forms. Any student assigned a Read-Aloud (Offline) accommodation should have the appropriate Print Variation (Paper/Pencil, Large Print, or Braille) selected in Nextera Admin as well. See the previous sections for instructions on setting any of these Print Variation accommodations.

To Select Read-Aloud (Offline):

- 1 From the *Students* page, open the student's profile by selecting **View**.
- 2 Select **Edit**.
- 3 Scroll down to the *Accessibility and Accommodation Options* section for the applicable content area.
- 4 Select the **Modify** button.
- 5 Select the **Offline Testing Accommodations** tab.
- 6 Select the **Read-Aloud (Offline)** icon, and then select the appropriate option from the drop-down (accommodation 53, 55, or 58).

The screenshot shows the 'Select Accommodations' interface. At the top, there are three tabs: 'Online Testing Accommodations', 'Offline Testing Accommodations', and 'Classroom Accommodations'. The 'Offline Testing Accommodations' tab is active. Below the tabs, there is a section for 'Print Variations' and a section for 'Read-Aloud (Offline)'. The 'Read-Aloud (Offline)' section is expanded, showing a drop-down menu with four options: '(53) Human RA, directions only', '(53) Human RA, directions only', '(55) Human RA, no paraphrasing', and '(58) Human RA, paraphrasing'. The first two options are highlighted in blue. At the bottom of the interface, there are 'Save' and 'Cancel' buttons.

Printing Student Login Credentials

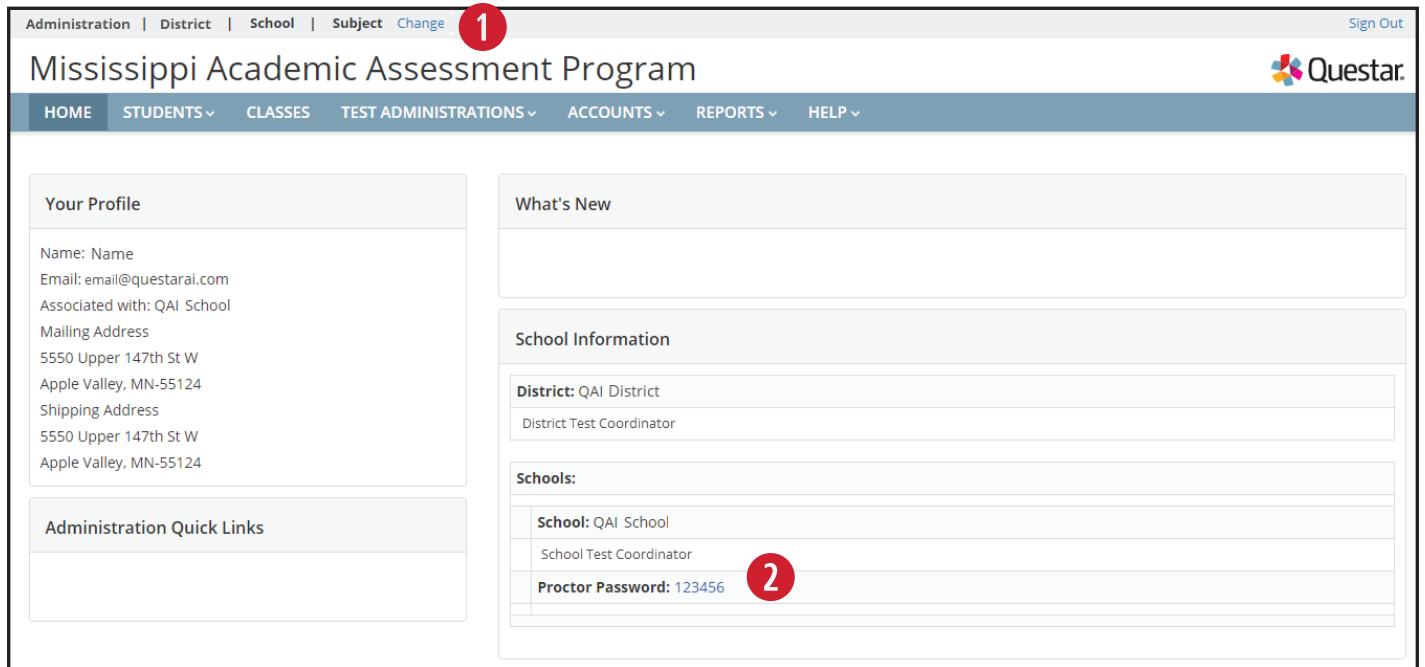

The screenshot shows the 'Test Administrations' page in a web application. The navigation bar includes 'HOME', 'STUDENTS', 'CLASSES', 'TEST ADMINISTRATIONS', 'ACCOUNTS', 'REPORTS', and 'HELP'. The main heading is 'Test Administrations' with a red circle '1' next to it. Below the heading, there is a 'Testing Status for: Subject, Example Administration' section and a 'Filter By Testing Status: All' dropdown. A search bar is also present. A table with columns 'Name', 'Testing status', 'View', and 'Delete' is shown, with a red circle '2' next to the 'View' button for 'Example Test'. A modal window titled 'View Test Administration' is open, showing details for 'Example Test' and a 'Print Labels' button with a red circle '3' next to it. The modal also displays a session access code and a 'New Access Code' input field.

To Print Student Login Credentials:

- 1 Select **Test Administrations** under the **TEST ADMINISTRATIONS** tab.
- 2 Find the appropriate Teacher/Class and select **View**.
- 3 In the *Registered Students* table, you will see the student MSIS/User IDs and Passwords for the Teacher/Class. To print student login credentials, select the **Print Labels** button. Choose how you would like to print the credentials, and then select **OK**. Refer to the *Test Administrator's Manual* for information regarding the security of test materials (e.g., labels with student login credentials). The options for printing labels include: Avery 5160, Avery 5163, Student Roster, and Download CSV file.

Note: To ensure accurate label alignment when printing using either of the Avery formats, it is recommended to open the labels in Google Chrome. If the PDF does not automatically launch in a Chrome browser, locate the file in the *Downloads* folder, right-click, and select **Open with > Google Chrome**. With the PDF open in Chrome, select the **printer icon** in the upper right-hand corner. When the *Print* dialog box opens, make sure the *Destination* printer is NOT set to "Save as PDF." Select **More Settings** and then ensure *Scale* is set to **Default**. Then select **Print**.

Any test that is paused for 24 hours will require a Proctor Password for the student to sign back in to the test. Test Administrators will contact their STC or DTC to obtain the Proctor Password, if needed.

To access the Proctor Password in Nextera Admin, make sure you are on the *HOME* page:

- 1 At the top of the screen, select **Change** to confirm or select the applicable school.
- 2 In the *School Information* section, you will see the Proctor Password for the selected school below the School and STC information. **Note:** The Proctor Password will be the same for all Test Administrators within the same school, but each school will have a unique Proctor Password.

Internet Connectivity Troubleshooting

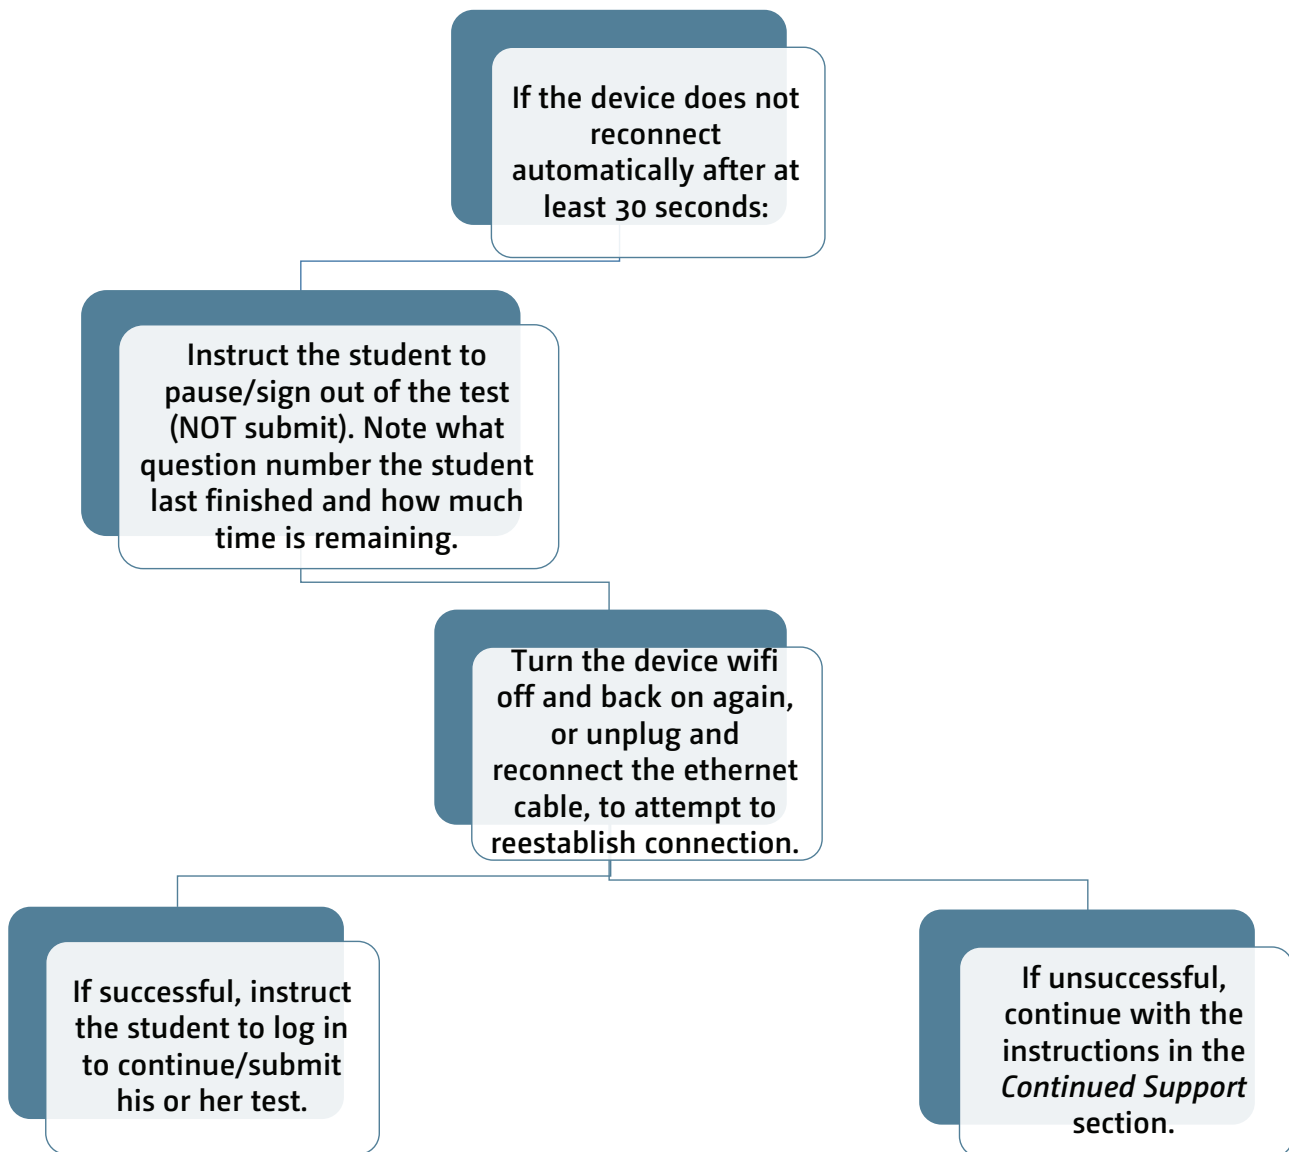

IMPORTANT: In all scenarios outlined below, if the student has not completed the test session, instruct the student to continue testing. (Student responses are stored in the device's local cache.)

Note: Text-to-Speech functionality will cease until connection is restored.

While testing, you can determine if a device is currently connected to the Internet by the  or  icons located in the upper-left corner of the screen.

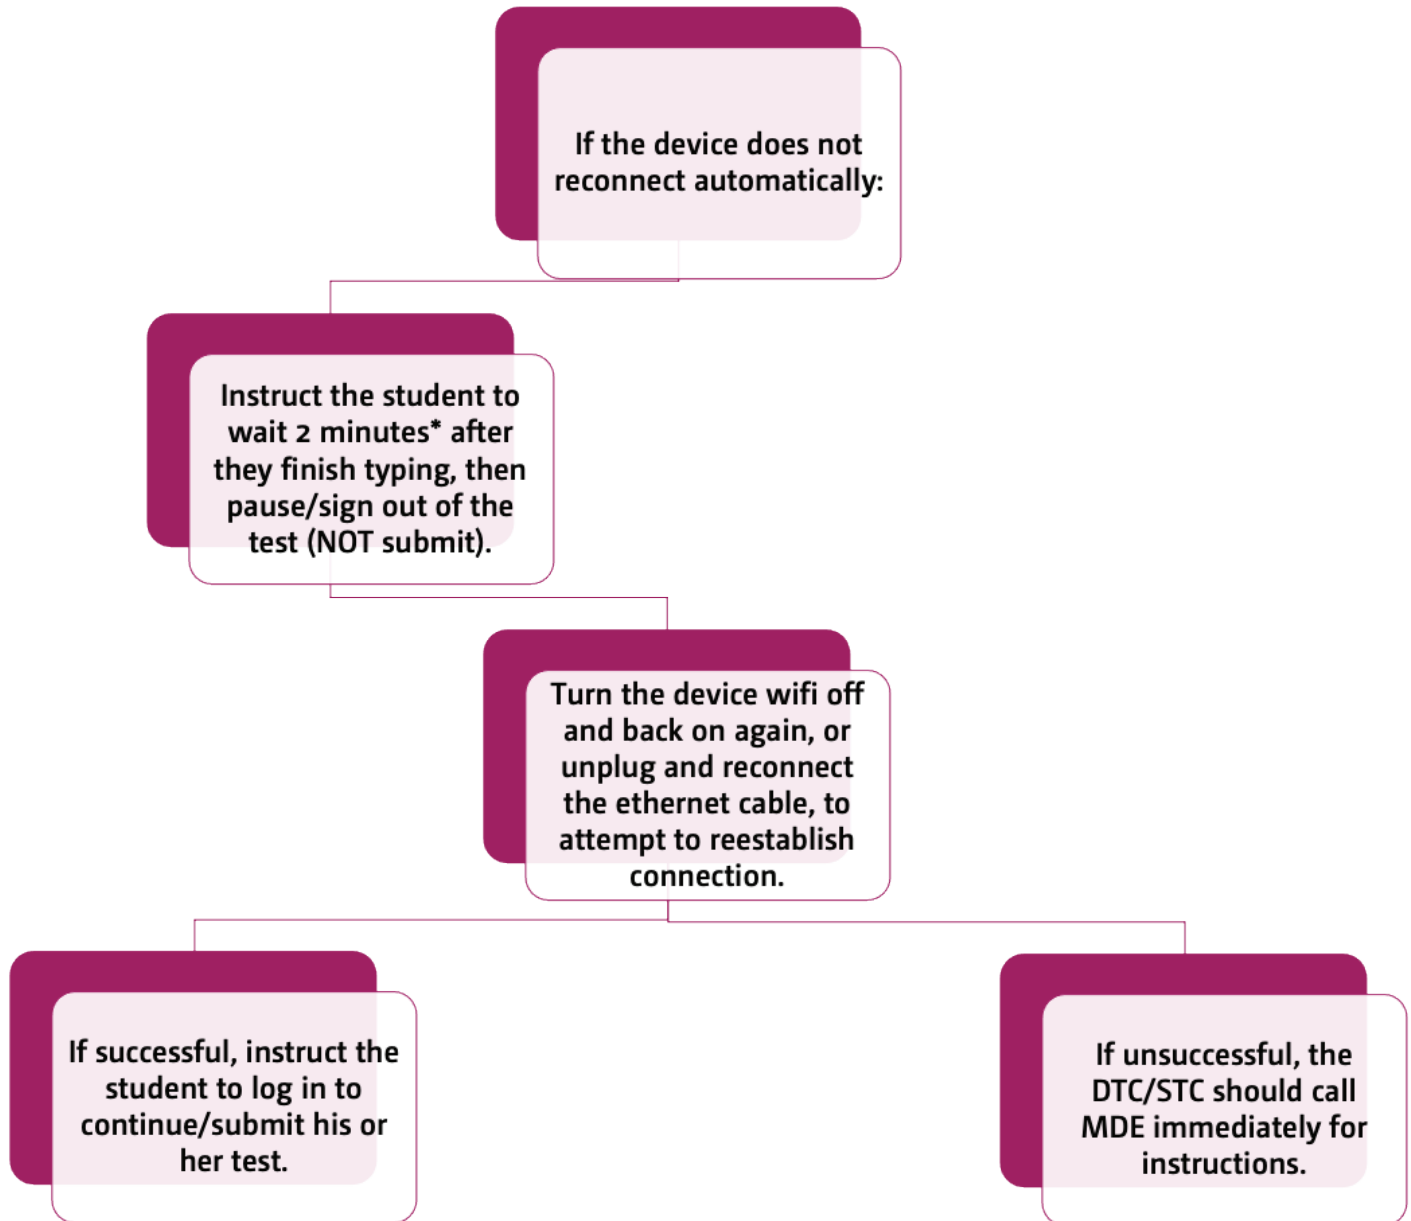

Scenario #1: Non-writing session for an individual student

After completion of a **non-writing** test session, an **individual student device** does not have internet connectivity.

Scenario #2: Writing session for an individual student

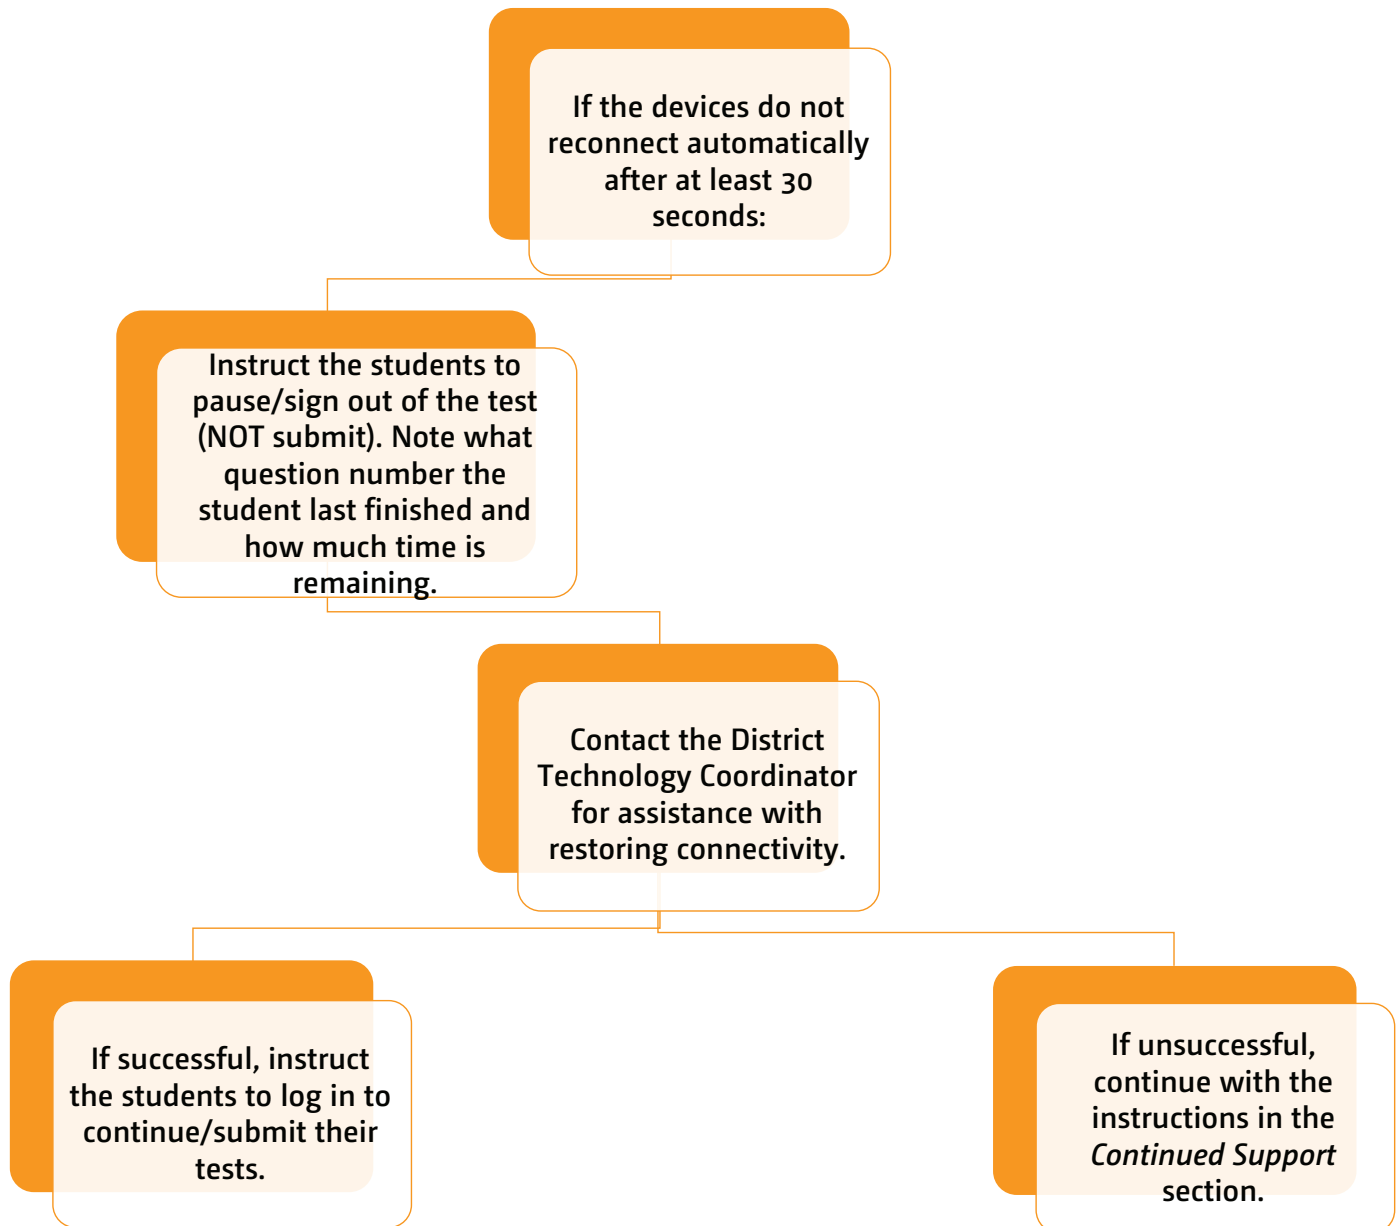

After completion of a **Writing** test session, an **individual student device** does not have internet connectivity.

Note: For Writing prompts, student responses are cached to the local device every 2 minutes. It is imperative that you try to get Writing students finished that day.

Scenario #3: Non-writing session for an entire class or school

After completion of a **non-writing** test session, an **entire classroom or school** does not have internet connectivity.

Scenario #4: Writing session for an entire class or school

After completion of a **Writing** test session, an **entire classroom or school** does not have internet connectivity.

Note: For Writing prompts, student responses are cached to the local device every 2 minutes.

Scenario #5: Extensive school outage with hard-wired devices (e.g., infrastructure network cable cut)

During testing, the school experiences a power outage when students are testing on hard-wired devices.

1. Do NOT have the students move to new devices.

2. Quarantine and label the devices with the students' names (include MSIS number if multiple students have the same name), if necessary. For computer labs, utilize seating charts to make sure the same student returns to the same device to resume testing.

3. If the students need to leave the testing area to resume testing another time, the class may be dismissed. Notify the MDE for next steps.

4. Call the school's maintenance team for assistance with restoring power.

5. Keep the devices powered on and plugged in to a power source.

6. Once power is restored, have the students log back in to their test. Students should wait at least two minutes for responses to populate.

7. Call Questar Customer Support at 1-800-644-4054 for assistance in recovering student responses if responses do not populate.

Scenario #6: Outage with individual/one-to-one devices

During testing, the school experiences a power outage when students are testing on individual/one-to-one devices.

1. Do NOT have the students move to new devices.

2. Call the school's maintenance team for assistance with restoring power. Work with the District Technology Coordinator to determine an approximate timeline for students to resume testing.

3. Contact Customer Support to document the number of students and classes impacted; make note of the case number to be entered onto an Irregularity Report (see step 5 below).

4. Whenever possible, quarantine and label student devices with the students' names (include MSIS number if multiple students have the same name). If quarantining is not possible, the access codes must be changed for all affected Test Administrations via the "View Test Administration" page in Nextera Admin. If assistance is needed to change the access codes, contact Customer Support.

5. If students need to leave the testing area to resume testing another time, the DTC must submit an Irregularity Report through Caveon Core for documentation purposes.

6. Once power is restored, have the students log back in to their test. Students should wait at least two minutes for responses to populate.

Note: If Internet connectivity is lost for any reason prior to the submission of a test session, the device cache stores the responses locally until connectivity is restored. Please do NOT clear cache before connectivity is restored.

Continued Support

Do NOT have the student(s) move to a new device or allow any other student(s) to test on the device(s).

Do NOT restart or reboot the device(s).

Quarantine and label the device(s) with the students' name(s) and/or MSIS number(s). Then if the student(s) need to leave the testing area to resume testing another time, the student(s) may be dismissed, but the District Test Coordinator must submit a District Request Form through Caveon Core for documentation purposes.

Contact the District Technology Coordinator to ensure there are not any software or policy settings that would clear out the devices' local cache or temporary files.

Keep the device(s) powered on and plugged in to a power source.

If still unable to reestablish connection, or at any point during the above steps, call Questar Customer Support at 1-800-644-4054.

Transcribing Accommodated Responses into Nextera

For students requiring a Paper/Pencil, Large Print, or Braille test book, all responses must be transcribed into the online Nextera Test Delivery System (TDS).

After a student completes testing, the transcriber will copy the student responses from the accommodated paper test book into the Nextera TDS. **All responses must be transcribed into the online system.** Ensure that all accommodated materials are collected and returned to Questar as soon as testing/transcription is complete. (See the *Handling Secure Materials* section of this manual.)

Transcription Instructions

Test Administrators should follow the steps below to transcribe a student's responses into Nextera:

- Step 1 Log in to the Nextera Admin site. Navigate to the student record and ensure the correct *Print Variations* accommodation option is selected for the applicable content area(s).
- Step 2 Obtain the student's login credentials from the *Test Administrations* page in Nextera Admin. **Note:** If the student is not assigned to a class in Nextera, the STC can manually add the student if needed and assign the student to a class. You will then be able to obtain the student's login credentials from the *Test Administrations* page for the class to which he or she is assigned.
- Step 3 After signing in as the student in the Secure Browser, ensure that all student data fields are accurate and complete.
- Step 4 Transcribe all student responses from the test book into Nextera. If a student response does not fit the Nextera field requirement, go back to the student and ask him/her to adjust his/her response in the test book in a secure testing environment. Do not modify the student's response in any way other than what the student provides.
- Step 5 Enlist a second staff member to verify that the student's responses were entered correctly before submitting the test. Then submit the test.

If you have any questions, please contact Questar Customer Support by calling 1-800-644-4054 or via email at mscustomersupport@questarai.com.

Handling Secure Materials

Receiving Materials

Accommodated materials will be packed in boxes by school but will be shipped to the District Test Coordinator. Upon receiving materials, STCs must inventory the materials using the box content list. If the contents do not match the box content list, STCs must contact the DTC so he or she can contact Questar Customer Support. STCs must store materials in a secure location at all times, except when they are being used for testing. If additional materials are needed, STCs must contact the DTC so he or she can place the order for additional materials.

If materials are missing from the shipment, DTCs should refer to the *Additional Material Orders* section of the DTCM.

The Secure Materials Sign Out Form should be used to track secure printed materials (Paper/Pencil, Large Print, and Braille test books) at all times. Please use this form to inventory and document the receipt and return of secure materials. This form may be copied for district and school records and does NOT need to be returned to Questar.

Day of Testing

STCs must distribute materials to Test Administrators the morning of testing and collect them at the end of each testing block/day.

Secure materials to distribute include the following:

- Accommodated test books (Paper/Pencil, Large Print, and Braille)
- Student login credentials
- Reference sheets (if printed)
- Writing rubrics (if printed)

After testing is complete, all secure materials (including scratch paper) must be provided to the DTC. The DTC must then return all accommodated test books to Questar.

Returning Secure Materials

After testing, all test books must be returned to Questar.

Note: The MDE will receive a Missing Materials Report from Questar listing any secure materials that were not returned.

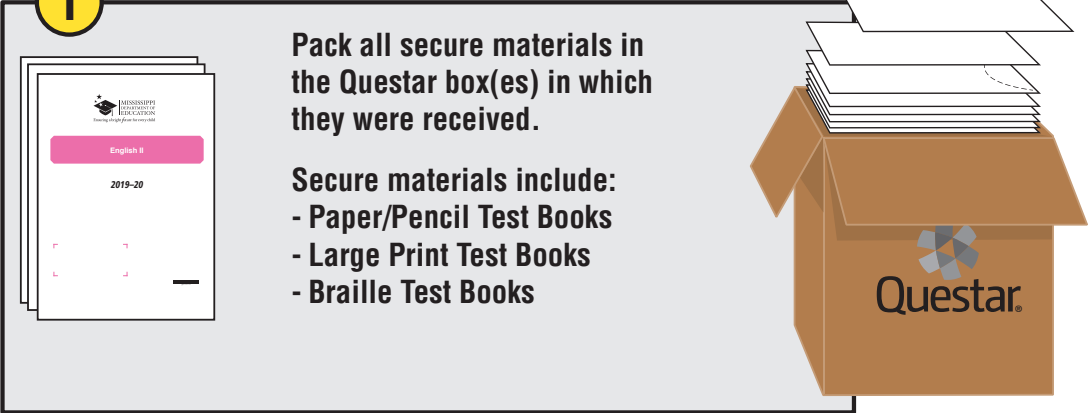

Using the instructions below, STCs should organize and prepare all test materials for return.

- 1 Collect all secure materials from Test Administrators.
- 2 Place all Paper/Pencil, Large Print, and Braille test books in a Questar box, unsealed, and return them to the District Test Coordinator for required verification checks.

**MISSISSIPPI ACADEMIC ASSESSMENT PROGRAM (MAAP)
SECURE MATERIAL RETURNS**

RETURNING MATERIALS TO THE DISTRICT TEST COORDINATOR

1

Pack all secure materials in the Questar box(es) in which they were received.

Secure materials include:

- Paper/Pencil Test Books
- Large Print Test Books
- Braille Test Books

2

Return all box(es) containing materials to the DTC for required verification checks.

Appendix A: Text-to-Speech Quick Reference Guide

What (53) Directions Only Text-to-Speech (TTS) Will Read:

Grade and Subject	Directions	Questions	Answer Choices	Writing Prompt (ELA Session 2)
Math (All Grades)*	✓			N/A
ELA (All Grades) †	✓			

What (55) TTS Will Read:

Grade and Subject	Directions	Questions	Answer Choices	Writing Prompt (ELA Session 2)
Math (All Grades)	✓	✓	✓	N/A
ELA (Grades 4+)	✓	✓	✓	✓
ELA (Grade 3) †	✓			✓

Note: For both versions of TTS, when no allowable content for TTS to read is present, the TTS player will say “Nothing Playable” and the TTS buttons will be un-selectable. This applies to both Math and ELA.

* For (53) Directions Only TTS, only the last eight items will be read in Algebra I for the Fall 2021 administration. Starting with the Spring 2022 administration, nothing will be read in Math for any grade since the questions themselves contain the directions.

† If an ELA Grade 3 student has Accommodation 53 for Reading but Accommodation 55 for Writing, the student should be assigned (55) TTS, since only the directions will be read during the Reading session. An accommodation cannot be set for one session and not the other.

Appendix B: Nextera Accommodations Guide

This table will assist you in selecting the proper accommodations in Nextera Admin, in alignment with the Mississippi Testing Accommodations Manual, based on a student's IEP, 504 Plan, or LSP. For instructions on assigning student accommodations in Nextera Admin, refer to the *Marking Accommodations for a Student* section.
