

2016 District Graduation and Dropout Rates

Background

In accordance with 34 C.F.R. 200.19(b) and MS Code 37-17-6, the 2016 graduation and dropout rates were calculated following the four-year adjusted cohort method. This method determines the high school completion status for students four (4) years after entering Grade 9 for the first time during the school year (SY) 2011 - 12 (Seniors SY 2014 - 2015) and graduated within the cohort window which ended July 31, 2015. The 2016 graduation rates for this cohort will be used in the 2015 - 2016 Accountability results.

Enclosures
