DIVISION OF EDUCATOR LICENSURE
OFFICE OF SECONDARY EDUCATION

- P. Approval to begin the Administrative Procedures Act process: to revise Miss. Admin. Code 7 – 4: Part 4: Licensure Guidelines K-12 to amend supplemental endorsement licensure options, 405 Business Management; and 411 Business Technology

Background Information: On May 5, 2023, the Commission on Teacher and Administrator Education, Certification, and Licensure and Development (Licensure Commission) granted approval of a request received from the Office of Secondary Education to revise two (2) supplemental endorsement areas to become effective School Year 2023 – 2024. The proposed changes for the following supplemental endorsement areas are outlined as follows:

A. Endorsement 405 Business Management

The Office of Secondary Education is requesting approval to remove one (1) course (Sales and Distribution) as an approved course that may be taught by this endorsement. The MDE no longer offers this course. We are also asking to change the name of two (2) courses (Accounting Fundamentals – Accounting Essentials and Business Fundamentals I – Business Essentials) and deactivate one (1) course (International Business) to be replaced with a new course (E-Commerce).

B. Endorsement 411 Business Technology

The Office of Secondary Education is requesting approval to remove three (3) courses (Information & Communication Technology I, Information & Communication Technology II, and Technology Foundations) as approved courses that may be taught by this endorsement. The MDE no longer offers these courses. We are asking to deactivate one (1) course (Web Design and Media Rich Content) and split it into two (2) new courses (Web Design I and Web Design II).

Recommendation: Approval
