

If you're not there,  
Guess you don't care.  
Being in school  
Is a major affair.

Reading and writing and arithmetic,  
Without these things,  
You would surely not click!

Our teachers work hard,  
To show us all that they know;  
But it's all for naught,  
If you don't go.

You gotta have the smarts  
To make it today,  
So go to school,  
It's the only way!  
You gotta show up,  
You gotta attend.  
Laying out  
Is for sure a dead end!
