

# At-A-Glance

## Unit 6: Things That Grow

In Unit 6, Things That Grow, children synthesize skills and concepts they have learned during the previous five units as they explore the life cycle and learn how both plants and animals grow and develop. Children study, observe, plant, and nurture a variety of seeds, and children continue using their skills as researchers to research oviparous animals and gardens growing around the world. Children examine their own development from babies to capable and independent in the context of considering how much they have grown from the beginning to the end of the school year. Opportunities to reflect on children's academic, emotional, social, and physical growth are emphasized in this unit as a way of bringing the idea of 'things that grow' to a point of personal and immediate connection for children.

In multiple contexts, children continue to strengthen phonemic awareness, letter recognition, rhyming, and other core skills.

**SWPL Foundational Literacy**  
**Scope and Sequence**  
**SWPL Song and Poem List**

**Classroom Exemplars**  
**Resource Gallery**  
**Digital Resources**

\*Suggested theme books to be placed in centers for children to access throughout the week.

**OVERVIEW UNIT 6 STANDARDS**

- | Overview ELA
- | Overview Math
- | Overview Social Studies
- | Overview Social & Emotional/ Approaches to Learning
- | Overview Physical Development
- | Overview Science
- | Overview Art

**Big Ideas**

- Living things need food, water, and proper conditions to survive and thrive.
- Living things are part of interdependent systems.
- People impact their environment in different ways.
- Living things grow and have life cycles.

**Guiding Questions**

- How do people impact the environment in positive or negative ways?
- How do living things respond and adapt to their environments?
- What do systems need in order to function successfully?
