This Video's Goals

- Discuss the State Intervention Policy
- Discuss the purpose of the MSIS Intervention Screen
- Review the criteria for students to automatically populate
- Review Tier III referral student entry
- Provide general guidance

Intervention Policy

- State Board Policy 41.1
- The policy was updated in 2018
- PDF of the updated policy can be located on the Intervention Services webpage

Intervention Services

The Office of Intervention Services (Pre-K – 12) supports educators and parents who are working with struggling learners, including students who are learning English as a second language. This office is focused on improving academic and behavioral outcomes for students. Staff coordinate the local implementation of policies and procedures and provide professional development on Multi-Tiered System of Supports (MTSS) for school-based teams, administrators, staff, and parents.

The office also offers guidance and professional development opportunities for educators and parents related to intervention selection, data-based decision making, evaluation, progress monitoring, dyslexia, gifted learners, and English learners to ensure all students graduate high school ready for college and career.

Three Tier Instructional Model

The Three Tier Instructional Model is a part of [State Board Policy 41.1](#)). This model is designed to meet the needs of every student and consists of three tiers of instruction:

- **Tier 1:** Quality classroom instruction based on Mississippi standards.
- **Tier 2:** Focused supplemental instruction.
- **Tier 3:** Intensive interventions specifically designed to meet the individual needs of students.

The MSIS Intervention Screen's Purpose

- Ensure accurate reporting of student intervention data
- Captures the necessary data to comply with the State Board policies
- Monitor the compliance of timelines and services

Who typically has MSIS Intervention Screen access?

MSIS Intervention Screen and reports are assigned to:

- MSIS District Primary Contact
- Special Education District Role
- TST Role (This is the person responsible for the data that is entered into the Intervention Screen)

Two types of students that should be on the Intervention Screen

Students that
prepopulate

Students the TST
