

Special Education Performance Determination Report- 2020 4220 GREENWOOD PUBLIC SCHOOL DISTRICT

Overview

The Mississippi Department of Education (MDE) is issuing this *Special Education Performance Determination Report* to inform all stakeholders on how well the district is supporting students in special education. The data for this report is based on results and compliance data compiled annually in the Annual Performance Report of the State Performance Plan under the Individuals with Disabilities Education Act (*IDEA*). The State Performance Plan is comprised of 14 items that indicate how well the State is serving students with disabilities. MDE submits an Annual Performance Report on these indicators to the U.S. Department of Education and we publish how well each district has performed on the indicators. A target score for each indicator was set by the MDE with input from the Special Education Advisory Panel when the State Performance Plan was written.

In creating the Special Education Performance Determination Report, MDE considered the totality of the information we have about a district to issue a determination of how well the district is performing on educating students with disabilities. Data considered included the participation and performance of students with disabilities on the administration of the Mississippi Assessment Program; exiting data on students with disabilities who dropped out of school and those who graduated with a regular high school diploma; how much time students with disabilities are educated with their non-disabled peers; and other issues related to district compliance with the *IDEA*. This report is based on data from the 2018-2019 school year.

Data points for the district are separated into two categories: compliance and results. The *compliance data points* are based on how well districts are following the rules of IDEA. Districts will get an overall score for their compliance data. The *results data points* are based on key outcomes for educating students with disabilities. Districts will get an overall score for their results indicators. The district's Special Education Performance Determination is based on an average score of the results and compliance scores. Items will be scored using the following matrix:

	Scoring N	1atrix	
Results Ir	ndicator Points	Compliance	Indicator Points
2	State Target Met or Exceeded	2	State Target Met or Exceeded
1	At State Average or Better, But Not at State Target	0	State Target Not Met
0	Below State Average		

Determination Levels

Each district will be determined to be in one of the four levels, prescribed by the U.S. Office of Special Education Programs (OSEP), based on its score. The State Lead for each district will provide differentiated supports to each district based on the individualized needs of each district and its determination.

Determination Level	2020 Report		
Meets Expectations	Score	75% and Above	
Needs Assistance	Score	At least 65% but less than 75%	
Needs Intervention	Score	At least 50% but less than 65%	
Needs Substantial	Score Less than 50%

IDEA Part B Results Matrix (2018-2019 School Year)

The table below consists of data from the State Performance Plan's Annual Performance Report (SPP/APR). Each item is an indicator of how the State is performing on key aspects of educating students with disabilities as prescribed by the IDEA. The indicators are set by the United States Department of Education's Office of Special Education Programs (OSEP). The State Targets were determined by OSEP requirements, a review of State data over time, and input from the Special Education Advisory Panel. The indicators included below are considered to be results indicators.

Res	ults Matrix Sc	oring			
Total Number of Results Points Available	Total Number o	f Results I	Points Earned	Percentage	Earned

SPP/APR Results Indicator Total 20		SPI	P/APR Results I	ndicator Total	20

Indicator 3 of the SPP/APR focuses on student's participation and performance on Statewide assessments of the Mississippi College and Career Readiness Standards and the DLM Essential Elements for English Language Arts and Mathematics which are Mississippi's alternate achievement standards for students with significant cognitive disabilities. The State reports a single performance score for ELA and a single performance score for math. This report disaggregates that performance score to the individual grade level and a score is given based on the State target set for the content area in the SPP/APR.

Indicator 3: ELA Statewide Assessment Elements (2018-2019 School Year)	State Target	State Perfor- mance	District Perfor- mance	District Score
Percentage of all students participating in ELA/English II Statewide assessments	95%	98.1%	99.3%	N/A
Percentage of STUDENTS WITH DISABILITIES participating in ELA/English II Statewide assessments	95%	97.14%	98.4%	2
Percentage of STUDENTS WITH DISABILITIES scoring proficient or above on ELA – Grade 3	30.92%	23.77%	3.3%	0
Percentage of STUDENTS WITH DISABILITIES scoring proficient or above on ELA – Grade 4	30.92%	23.39%	7.7%	0
Percentage of STUDENTS WITH DISABILITIES scoring proficient or above on ELA – Grade 5	30.92%	18.28%	17.6%	0
Percentage of STUDENTS WITH DISABILITIES scoring proficient or above on ELA – Grade 6	30.92%	11.57%	9.1%	0
Percentage of STUDENTS WITH DISABILITIES scoring proficient or above on ELA – Grade 7	30.92%	13.18%	29.6%	1
Percentage of STUDENTS WITH DISABILITIES scoring proficient or above on ELA – Grade 8	30.92%	13.23%	39.1%	2
Percentage of STUDENTS WITH DISABILITIES scoring proficient or above on English II	30.92%	10.81%	0.0%	0

Part B Compliance Matrix (2018-2019 School Year)

The table below consists of data from the *State Performance Plan's Annual Performance Report (SPP/APR)*. Each item is an indicator of how the State is performing on key aspects of educating students with disabilities as prescribed by the IDEA. The indicators are set by the United States Department of Education's Office of Special Education Programs (OSEP). The State Targets were determined by OSEP requirements, a review of State data over time, and input from the Special Education Advisory Panel. The indicators included below are compliance indicators.

Compliance Matrix Scoring

Total Number of Compliance Points Available	Total Number of Compliance Points Earned	Percentage Earned
14	14	100.0%

Compliance Indicators	State Target	District Performance	Target Met	Score
4A District has a significant discrepancy in the rate of suspensions/expulsions greater than 10 days for STUDENTS WITH DISABILITIES (Special Education rate no more than 2% above regular education rate)	No	No	Yes	2
4B District has a significant discrepancy by race or ethnicity in the rate of suspensions/expulsions greater than 10 days for children with IEPs	No	No	Yes	2
9 Disproportionate Representation in Special Education	No	No	Yes	2
10 Disproportionate Representation in Specific Disability Categories	No	No	Yes	2
11 Child Find – Percent of children determined eligible within 60 days	100%	100%	Yes	2
12 Part C to B Transition – Percent of children with IEP by 3 rd birthday (Timely evaluations to ensure students being served in Part C First Steps have an IEP on or before their 3 rd birthday)	100%	100.0%	Yes	2
13 Secondary Transition with IEP Goals – Percent of youth age 16+ with IEP with measurable, annual IEP goals and transition services	100%	100.0%	Yes	2
		Total Poir	nts Earned	14

State Results Elements (2018-2019 School Year)

The table below contains district data that indicates how students with and without disabilities are performing on metrics that are predictors of student success. These elements are for reporting purposes only and not scored.

General Results Elements	State	District
	Performance	Performance
Chronic Absenteeism		
Percentage of all students absent 10% or more of time enrolled	13.1%	18.4%
Percentage of STUDENTS WITH DISABILITIES absent 10% or more of time enrolled	17.4%	24.2%
Dual Credit/and or AP Courses		
Percentage of all students enrolled in dual credit and/or AP courses	48.2%	39.9%
Percentage of STUDENTS WITH DISABILITIES enrolled in dual credit and/or AP courses	15.7%	<5%
ACT Score		
Average ACT score for all students	17.6	15.4%
Average ACT score for STUDENTS WITH DISABILITIES	13.9	12.2%
MKAS- Kindergarten		
Percentage of all Kindergarten students scoring as Transitional Reader at the end of Kindergarten	67.4%	63.2%
Percentage of all Kindergarten STUDENTS WITH DISABILITIES scoring as Transitional Reader at	49.6%	58.3%
the end of Kindergarten		
Third Grade Summative Assessment		
Percentage of all students with a final Pass score on 3 rd grade summative assessment	84.7%	66.0%
Percentage of STUDENTS WITH DISABILITIES with a final Pass score on 3 rd grade summative assessment	54.4%	10.7%
