

**SCHOOL IMPROVEMENT  
INTERVENTIONS AND STRATEGIES  
BY DISTRICT/SCHOOL**

2022-2023

The Every Student Succeeds Act (ESSA) requires that districts/schools spend 1003 School Improvement federal funds in support of evidence-based interventions, strategies, and activities to positively affect student outcomes. The interventions, strategies, or practices funded by 1003 funds must meet the ESSA defined levels of evidence of **strong**, **moderate**, or **promising**. For more information on the evidence levels, please click [here](#).

In accordance with USDE reporting requirements, the Mississippi Department of Education has published a list of evidence-based interventions that have been selected to be funded and implemented in schools with the following identifications:

- Comprehensive Support and Improvement (**CSI**)
- Targeted Support and Improvement (**TSI**)
- Additional Targeted Support and Improvement (**ATSI**)

Below is a list of strategy categories that may be selected by each school within the 1003 plan and funding application located in the [Mississippi Comprehensive Application System \(MCAPS\)](#). MCAPS is an online application system where grant applications and supporting resources are documented are stored.
