Pre-Kindergarten Readiness Assessment Results: June 2016

A Joint Publication

Division of Research and Development
- Dr. J. P. Beaudoin, Chief of Research and Development Officer
- Mr. Walt Drane, Executive Director of Student Assessment and School/District Accountability
- Mr. Vincent Segalini, State Assessment Director
- Ms. Patrice Williams, MKAS^2 State Coordinator

Office of the Chief Academic Officer
- Dr. Kim Benton, Chief Academic Officer
- Dr. Nathan Oakley, Executive Director of Elementary Education and Reading
- Dr. Jill Dent, Early Childhood Director
- Dr. Brittany Herrington, Early Childhood Special Education Coordinator
- Mrs. Alicia Deaver, Early Learning Collaborative Coordinator
- Mrs. Joyce Greer, Early Childhood Instructional Specialist
- Dr. Kymyona Burk, State Literacy Director (K-12)
- Dr. Tenette Smith, State Literacy Coordinator (K-3)
- Mrs. Robin Lemonis, Director of Student Intervention Services

Scale Score Explanation and Pre-Kindergarten Readiness Performance Levels

The Kindergarten Readiness Assessment will provide parents, teachers, and early childhood providers with a common understanding of what children know and are able to do upon entering school. The primary purpose of the Kindergarten Readiness Assessment is to improve the quality of classroom instruction for students based on each student's individual strengths and weaknesses.

498 Cut Score Explanation

To ensure providers are preparing students for Kindergarten, the Early Learning Collaborative Act of 2013 required the Mississippi Department of Education to adopt a minimum rate of readiness that each pre-kindergarten provider participating in a Collaborative must meet to remain eligible for funding. Mississippi committee members reviewed the Reading Proficiency Indicators and determined that a scaled score of 498 (within the Early Emergent Reader classification) should be the literacy readiness score recommended for students at the end of pre-kindergarten. Students with a score of 498 at the end of pre-kindergarten have mastered 70% of the early literacy skills needed. These students are on track to earn a 530 at the beginning of kindergarten and to meet end of grade 3 reading expectations.

It is important to recognize that children do not progress at the same rate and each stage of development is affected by the preceding types of development. Social and emotional development, interaction between parents and caretakers, environmental elements and learning exposure contribute to continued growth after a child exits the pre-kindergarten program, therefore it is expected that students will continue to grow over the summer.

In order to achieve mastery of the Mississippi State Standards, students are expected to score a 530 or above at the beginning of kindergarten. Students with a 530 or above are typically ready to learn the early literacy skills expected of kindergarteners. Based on extensive research, 85% of students scoring 530 or higher at the beginning of kindergarten are proficient in reading at the end of grade 3. Students with a score below 530 usually need additional help.

It is important not to focus on one score to determine if a student is ready for kindergarten. There are many important skills that indicate a student's readiness for kindergarten, in addition to literacy skills, such as social and emotional development, physical development and health, language development, and creative arts expression.

STAR Early Literacy Achievement Standards		
Performance Level	**Scale Score Range**	**Descriptors**
Early Emergent Reader	300-487	Student is beginning to understand that printed text has meaning. The student is learning that reading involves printed words and sentences, and that print flows from left to right and from the top to the bottom of the page. The student is also beginning to identify colors, shapes, numbers, and letters.
Late Emergent Reader	488-674	Student can identify most of the letters of the alphabet and can match most of the letters to their sounds. The student is also beginning to "read" picture books and familiar words around the home. Through repeated reading of favorite books with an adult, students at this stage are building their vocabularies, listening skills, and understandings of print.
Transitional Reader	675-774	Student has mastered alphabet skills and letter-sound relationships. The student can identify many beginning and ending consonant sounds and long and short vowel sounds, and is probably able to blend sounds and word parts to read simple words. The student is also likely using a variety of strategies to figure out words, such as pictures, story patterns, and phonics.
Probable Reader	775-900	Student is becoming proficient at recognizing many words, both in and out of context. The student spends less time identifying and sounding out words, and more time understanding what was read. Probable readers can blend sounds and word parts to read words and sentences more quickly, smoothly, and independently than students in the other stages of development.

The following data reflect scores from the eleven Early Learning Collaboratives, as well as scores from other four-year-old classrooms, including Title I, self-contained special education, and other school district pre-K programs.

Pre-Kindergarten Assessment Results for Early Learning Collaboratives

June 2016

Table 1. Early Learning Collaborative Kindergarten Readiness Assessment Results

Aggregate Scale Score Analysis	Fall 2015		Spring 2016	
End of Year K-Readiness Benchmark Score			498	
State Scale Score (Average)	424		555	
Students Scoring Below 498	1,323	84.64%	416	28.61%
Students Scoring At or Above 498	240	15.36%	1,038	71.39%
State Scale Score Gain			131
