District Graduation and Dropout Rates for the 2018 Accountability System

Background

In accordance with 34 C.F.R. 200.19(b) and MS Code 37-17-6, graduation and dropout rates

were calculated following the four-year adjusted cohort method. This method determines the

high school completion status for students four (4) years after entering Grade 9 for the first time

during the school year (SY) 2013 - 14 (Seniors SY 2016 - 2017) and graduated within the cohort

window which ended July 31, 2017. The graduation rates for this cohort will be used in the 2018

Accountability results.

Enclosures

The enclosed graduation rate data are included for all districts serving students who enrolled in
Grade 9 for the first time during SY 2013 - 14.
