## Scale Score Explanation and Kindergarten Readiness Performance Levels

The Kindergarten Readiness Assessment provides parents, teachers, and early childhood providers with a common understanding of what children know and are able to do upon entering school. The primary purpose of the Kindergarten Readiness Assessment is to improve the quality of classroom instruction and other services provided to students from birth to 3<sup>rd</sup> grade. *STAR Early Literacy* developed by Renaissance Learning, Inc. is the assessment administered to provide educators with this information.

### 530 Cut Score Explanation

Seventy percent mastery of knowledge and skills in early literacy and numeracy at the beginning of kindergarten was selected as the level of mastery for the kindergarten readiness benchmark. Data shows it provides both a measurable distinction between Pre-K and kindergarten skills on *STAR Early Literacy* and a strong prediction of proficiency as measured by *STAR Reading* in Grade 3. The minimum beginning-of-year kindergarten scale score associated with 70% mastery is 530. This score was identified to be the beginning-of-year kindergarten readiness benchmark (Renaissance Learning 2014). Based on extensive research, 85% of students scoring 530 or higher at the beginning of kindergarten are proficient in reading at the end of grade 3. A spring scale score of 681 places students on a trajectory to meet end of grade 3 reading expectations.

<b>STAR Early Literacy Achievement Standards</b>		
<b>Performance Level</b>	<b>Scale Score Range</b>	<b>Descriptors</b>
Early Emergent Reader	300-487	Student is beginning to understand that printed text has meaning. The student is learning that reading involves printed words and sentences, and that print flows from left to right and from the top to the bottom of the page. The student is also beginning to identify colors, shapes, numbers, and letters.
Late Emergent Reader	488-674	Student can identify most of the letters of the alphabet and can match most of the letters to their sounds. The student is also beginning to “read” picture books and familiar words around the home. Through repeated reading of favorite books with an adult, students at this stage are building their vocabularies, listening skills, and understandings of print.
Transitional Reader	675-774	Student has mastered alphabet skills and letter-sound relationships. The student can identify many beginning and ending consonant sounds and long and short vowel sounds, and is probably able to blend sounds and word parts to read simple words. The student is also likely using a variety of strategies to figure out words, such as pictures, story patterns, and phonics.
Probable Reader	775-900	Student is becoming proficient at recognizing many words, both in and out of context. The student spends less time identifying and sounding out words, and more time understanding what was read. Probable readers can blend sounds and word parts to read words and sentences more quickly, smoothly, and independently than students in the other stages of development.

## Kindergarten Readiness: Summary Results

**Table 1. Kindergarten Readiness Assessment Results**

Aggregate Scale Score Analysis	Fall 2019	COVID 19	Fall 2021	Fall 2022
K-Readiness Benchmark Score	530		530	530
State Scale Score (Average)	502		487	495
Students Scoring At or Above 530	36.56%		31.79%	34.87%
Students Scoring Below 530	63.44%		68.21%	65.13%
Total Test-Takers	35,160		33,265	32,833
