## Foreword

The MDE relied on the IDEA regulations at 34 C.F.R. *sections* 300.199(a) and (b) for guidance in the formulation of these policies. Under this federal mandate, each state shall—

1. Ensure that any State rules, regulations and policies relating to IDEA conform to the requirements of the federal statute and regulations;
2. Identify in writing to local educational agencies (*LEAs*) located in the State and the Secretary of Education any such rule, regulation, or policy as a State-imposed requirement that is not required by the federal statute and regulations; and
3. Minimize the number of rules, regulations, and policies to which the *LEAs* and schools located in the State are subject under the federal statute and regulations.

This federal mandate also requires that State rules, regulations, and policies support and facilitate LEA and school-level system improvement designed to enable children with disabilities to meet the challenging State student achievement standards.

These policies include references to federal statutes, federal regulations, and State statutes that serve as the source of the requirements.

**Notes:** Any Mississippi specific deviations from Federal Regulations are denoted in ***Blue Italics***. Omitted sections do not apply to LEAs. Reserved sections are reserved by the United States Department of Education, Office of Special Education Programs (USDE/OSEP).

## History

In December 2004, the Individuals with Disabilities Education Act (IDEA 2004) was reauthorized. During 2005 and 2006, the Mississippi Department of Education (MDE), Office of Special Education (OSE), engaged a broadly representative stakeholder group to review IDEA 2004 and recommend revised State policies and procedures for implementation. Approximately 50 members were selected, including parents of children with disabilities, superintendents, principals, special education directors, special education teachers, regular education teachers, representatives from various disability advocacy groups, representatives from institutions of higher education programs, representatives from other State agencies, and the court appointed Mattie T. Consultants.

The charge issued to the stakeholder group was to recommend to the MDE/OSE redesigned special education policies and procedures that were clear and concise and that would assist local school districts in being compliant with IDEA 2004 and the Modified Mattie T. Consent Decree. Members met throughout the fall of 2005 and the spring of 2006 to examine the federal statute, proposed federal regulations, policy language from other States and to engage in extensive discussion in the process of crafting their recommendations.

A draft document was presented to the State Board of Education (SBE) in April 2006, and proposed policies were released to begin the public comment period under the

Administrative Procedures Act (APA) process as required by IDEA and State law.

Public hearings were conducted on a regional basis to offer maximum opportunities for local stakeholders to provide input. Action on the draft policies was postponed awaiting final federal regulations from the United States Department of Education, Office of Special Education Programs (USDE/OSEP). Consequently, on July 21, 2006, the SBE adopted Policy Number 7219, which states that school districts are required to follow IDEA 2004.

In August 2006, OSEP released the final IDEA 2004 regulations, which became effective on October 13, 2006. The OSE was directed to begin reordering and renumbering the proposed policies to closely follow the federal regulations, and the SBE approved a contract for a technical writer to assist in this process. During October and November 2006, additional meetings were scheduled with a stakeholder group.

In March 2007, OSE staff began an internal vetting process to review all stakeholder input and revise the State policies to closely mirror the content of the federal regulations. During 2007 and 2008, significant time was spent on the internal review and editing process, which included continuous legal review and consultation with OSEP.

In August 2008, OSEP issued additional final regulations, which became effective on December 31, 2008. The revised policy document was finalized in February 2009, and three separate stakeholder user groups, including special education directors, local superintendents, parents of children with disabilities and parent advocate representatives, reviewed the final draft of the proposed document.

The draft policies were submitted to the SBE on March 19, 2009, for review and discussion. A request to begin the APA process for 60 days of public review and comment was approved at the April 2009 board meeting. During the 60-day public comment period, four regional public hearings were held across the State as required by IDEA 2004 and public comment was obtained. In addition, public comments were accepted during the two Special Education Advisory Panel meetings held during the public comment period. All comments, written and oral, were considered. The policies were approved by the State Board of Education on June 19, 2009. The final APA process was followed and the State Policies Regarding Children with Disabilities under the Individuals with Disabilities Education Act Amendments of 2004 are effective as of July 20, 2009.

On April 19, 2013, the State Board of Education (SBE) granted approval to begin the Administrative Procedures Act (APA) process to amend State Board Policy 7219 (SBP 7219) which are the State Policies Regarding Children with Disabilities under the Individuals with Disabilities Education Act Amendments (IDEA) of 2004 to address needed changes in requirements. These policies address the requirements of the federal regulations (34 CFR 300 et. seq.) promulgated by the United States Department of Education, Office of Special Education Programs (OSEP). This update continues to reflect the department's commitment to locate, evaluate, and identify all students with disabilities throughout the State of Mississippi and to provide a free appropriate public education in the least restrictive environment to all eligible students.

The Office of Special Education (OSE) posted the proposed changes to SBP 7219 on its website. All comments, written and oral, were considered. The policies were approved by the State Board of Education on August 16, 2013. The final APA process was followed and the State Policies Regarding Children with Disabilities under the Individuals with Disabilities Education Act Amendments of 2004 are effective as of September 15, 2013.

- (b) Nothing in *the IDEA 2004 regulations or herein* relieves an insurer or similar third party from an otherwise valid obligation to provide or to pay for services provided to a child with a disability.
- (c) Consistent with §300.323(c), *each public agency* must ensure that there is no delay in implementing a child's IEP, including any case in which the

payment source for providing or paying for special education and related services to the child is being determined.

  - (2) *ESY* services must be provided only if a child's IEP *committee* determines, on an individual basis, in accordance with §§300.320 through 300.324, that the services are necessary for the provision of FAPE to the child.  
  
*Students with disabilities who turn age twenty-one (21) during the school year and who are eligible for ESY services may be served in an ESY program as determined by the IEP committee.*

**300.107 Nonacademic services**

- (a) Each public agency must take steps, including the provision of supplementary aids and services determined appropriate and necessary by the child's IEP *committee*, to provide nonacademic and extracurricular services and activities in the manner necessary to afford children with disabilities an equal opportunity for participation in those services and activities.

(3) If an LEA uses the term *developmental delay* for children described in §300.8(b), the LEA must conform to both *Mississippi's* definition of that term and to the age range that has been adopted by *Mississippi*.

(4) *(Omitted)*

(c) *Other children in Child Find.* *Child Find* also must include—

(1) Children who are suspected of being a child with a disability under §300.8 and in need of special education, even though they are advancing from grade to grade; and

(2) Highly mobile children, including migrant children.

- (d) *Construction.* Nothing *herein* requires that children be classified by their disability so long as each child who has a disability that is listed in §300.8 and who, by reason of that disability, needs special education and related services is regarded as a child with a disability under Part B of *IDEA*.

**300.112 Individualized education programs (IEP)**

*Each public agency* must ensure that an IEP, or an IFSP that meets the requirements of §636(d) of *IDEA*, is developed, reviewed and revised for each child with a disability in accordance with §§300.320 through 300.324 except as provided in §300.300(b)(4)(ii).

### **300.133 Expenditures**

(a) *Formula.* **E**ach LEA must spend the following on providing special education and related services (including direct services) to parentally-placed private school children with disabilities—

- (1) For children aged **three (3)** through **twenty-one (21)**, an amount that is the same proportion of the LEA's total subgrant under section 611(f) of **IDEA** as the number of private school children with disabilities aged **three (3)** through **twenty-one (21)** who are enrolled by their parents in private, including religious, elementary schools and

secondary schools located in the school district served by the LEA, is to the total number of children with disabilities in its jurisdiction aged *three (3)* through *twenty-one (21)*.

(2) (i) For children aged three *(3)* through five *(5)*, an amount that is the same proportion of the LEA's total subgrant under §619(g) of *IDEA* as the number of parentally-placed private school children with disabilities aged three *(3)* through five *(5)* who are enrolled by their parents in a private, including religious elementary school located in the school district served by the LEA, is to the total number of children with disabilities in its jurisdiction aged three *(3)* through five *(5)*.

(b) *Calculating proportionate amount.* In calculating the proportionate amount of *f*ederal funds to be provided for parentally-placed private school children

with disabilities, the LEA, after timely and meaningful consultation with representatives of private schools, must conduct a thorough and complete **Child Find** process to determine the number of parentally-placed children with disabilities attending private schools located in the LEA. (See Appendix B for an example of how proportionate share is calculated).

- (c) *Annual count of the number of parentally-placed private school children with disabilities.*
  - (1) Each LEA must—
    - (i) After timely and meaningful consultation with representatives of parentally-placed private school children with disabilities, determine the number of parentally-placed private school children with disabilities attending private schools located in the LEA; and
    - (ii) Ensure that the count is conducted on any date between October 1 and December 1, inclusive, of each year.
  - (2) The count must be used to determine the amount that the LEA must spend on providing special education and related services to parentally-placed private school children with disabilities in the next subsequent fiscal year.

### **300.134 Consultation**

- (c) *Consultation process*. The consultation process among the LEA, private school officials, and representatives of parents of parentally-placed private school children with disabilities, including how the process will operate throughout the school year to ensure that parentally-placed children with disabilities identified through the *Child Find* process can meaningfully participate in special education and related services.

- (d) *Provision of special education and related services.* How, where, and by whom special education and related services will be provided for parentally-placed private school children with disabilities, including a discussion of—

## Methods of Ensuring Services

### Section

#### 300.154 Methods of ensuring services

(a) *Establishing responsibility for services.* The Chief Executive Officer of *Mississippi* or designee of the officer must ensure that an interagency agreement or other mechanism for interagency coordination is in effect between each non-educational public agency described in paragraph (b) of this section and the *MDE*, in order to ensure that all services described in paragraph (b)(1) of this section that are needed to ensure FAPE are provided, including the provision of these services during the pendency of

any dispute under paragraph (a)(3) of this section. The agreement or mechanism must include the following—

- (1) ***Agency financial responsibility.*** An identification of, or a method for defining, the financial responsibility of each agency for providing services described in paragraph (b)(1) of this section to ensure FAPE to children with disabilities. The financial responsibility of each non-educational public agency described in paragraph (b) of this section, including the State Medicaid agency and other public insurers of children with disabilities, must precede the financial responsibility of the LEA (or the State agency responsible for developing the child's IEP).
- (2) ***Conditions, terms, and procedures of reimbursement.*** The conditions, terms, and procedures under which an LEA must be reimbursed by other agencies.
- (3) ***Procedures for resolution of interagency disputes.*** Procedures for resolving interagency disputes (including procedures under which LEAs may initiate proceedings) under the agreement or other mechanism to secure reimbursement from other agencies or otherwise implement the provisions of the agreement or mechanism.
- (4) ***Coordination of services procedures.*** Policies and procedures for agencies to determine and identify the interagency coordination responsibilities of each agency to promote the coordination and timely

and appropriate delivery of services described in paragraph (b)(1) of this section.

(b) *Obligation of non-educational public agencies.*

(1) (i) ***In general.*** If any public agency other than an educational agency is otherwise obligated under *federal* or *Mississippi* law, or assigned responsibility under State policy or pursuant to paragraph (a) of this section, to provide or pay for any services that are also considered special education or related services (such as, but not limited to, services described in §300.5 relating to assistive technology devices, §300.6 relating to assistive technology services, §300.34 relating to related services, §300.41 relating to supplementary aids and services, and §300.42 relating to transition services) that are necessary for ensuring FAPE to children with disabilities within *Mississippi*, the public agency must fulfill that obligation or responsibility, either directly or through contract or other arrangement pursuant to paragraph (c) of this section.

(ii) A non-educational public agency described in paragraph (b)(1)(i) of this section may not disqualify an eligible service for Medicaid reimbursement because that service is provided in a school context.

(2) ***Reimbursement for services by public agency.*** If a public agency other than an educational agency, fails to provide or pay for the special education and related services described in paragraph (b)(1) *above*, the LEA (or State agency responsible for developing the child's IEP) must

provide or pay for these services to the child in a timely manner. The LEA or State agency is authorized to claim reimbursement for the services from the non-educational public agency that failed to provide or pay for these services and that agency must reimburse the LEA or State agency in accordance with the terms of the interagency agreement or other mechanism described in paragraph (a) *above*.

- (c) *Special rule.* The requirements for *establishing responsibility for services* may be met through—
- (1) *Mississippi* statute or regulation;
  - (2) Signed agreements between respective agency officials that clearly identify the responsibilities of each agency relating to the provision of services; or
  - (3) Other appropriate written methods as determined by the Chief Executive Officer of *Mississippi* or designee of that officer and approved by the Secretary *of the U.S. Department of Education*.
- (d) *Children with disabilities who are covered by public benefits or insurance.*

(f) *Use of Part B funds.*

- (1) If a public agency is unable to obtain parental consent to use the parents' private insurance, or public benefits or insurance when the parents would incur a cost for a specified service required under *the IDEA 2004 regulations*, to ensure FAPE the public agency may use its Part B funds to pay for the service.

As provided in 34 CFR §76.702, separate bank accounts are not required.*
- (c) *State-level nonsupplanting.*
  - (1) Except as provided in §300.202 (*Use of Amounts*), funds paid to *Mississippi* under Part B *of IDEA* must be used to supplement the level of *federal, State, and local funds* (including funds that are not under the direct control of the *MDE* or LEAs) expended for special education and related services provided to children with disabilities

under Part B *of IDEA*, and in no case to supplant those *federal*, State, and local funds.

- (2) If *Mississippi* provides clear and convincing evidence that all children with disabilities have available to them FAPE, the Secretary *of the U.S. Department of Education* may waive, in whole or in part, the requirements of paragraph (c)(1) *above* if the Secretary concurs with the evidence provided by the State under §300.164 (*Waiver of requirement regarding supplementing and not supplanting with Part B of IDEA funds*).

### **300.163 Maintenance of State financial support**

(2) *As required* in §300.164, the State meets the standard for a waiver to supplement, not to supplant, funds received under Part B of *IDEA*.

(d) *Subsequent years. As mentioned in paragraph (a) above*, if, for any fiscal year, *Mississippi* fails to meet the requirement of paragraph (a) *above*, including any year for which the State is granted a waiver under paragraph (c) *above*, the financial support required of the State in future years under paragraph (a) *above* shall be the amount that would have been required in the absence of that failure and not the reduced level of the State's support.

**300.164 Waiver of requirement regarding supplementing and not supplanting with Part B funds**

(a) Except as provided under §§300.202 through 300.205 (*Use of amounts; Maintenance of Effort; Exception to the Maintenance of Effort; and Adjustment to Local Fiscal Efforts in Certain Fiscal Years*), funds paid to *Mississippi* under Part B of *IDEA* *are* used to supplement and increase the level of *f*ederal, State, and local funds (including funds that are not under the direct control of *the MDE* and LEAs) expended for special education and related services provided to children with disabilities under Part B of *IDEA*

and in no case to supplant those *f*ederal, State, and local funds. *The* State may use funds it retains under §300.704(a) and (b) (*State Administration and other State-level Activities*) without regard to the prohibition on supplanting other funds.

- (b) If *Mississippi* provides clear and convincing evidence that all eligible children with disabilities throughout the State have FAPE available to them, the Secretary *of the U.S. Department of Education* may waive for a period of one year in whole or in part the requirement under §300.162 (regarding State-level nonsupplanting) if the Secretary *of the U.S. Department of Education* concurs with the evidence provided by the State.
- (c) If *Mississippi* wishes to request a waiver, it must submit to the Secretary *of the U.S. Department of Education* a written request that includes—
  - (1) An assurance that FAPE is currently available, and will remain available throughout the period that a waiver would be in effect, to all eligible children with disabilities throughout the State, regardless of the public agency that is responsible for providing FAPE to them. The assurance must be signed by an official who has the authority to provide that assurance as it applies to all eligible children with disabilities in the State;
  - (2) All evidence that the State wishes the Secretary *of the U.S. Department of Education* to consider in determining whether all eligible children with disabilities have FAPE available to them, setting forth in detail—

- (i) The basis on which *the State* has concluded that FAPE is available to all eligible children in the State; and
  - (ii) The procedures that *Mississippi* will implement to ensure that FAPE remains available to all eligible children in the State, which must include—
    - (A) The State’s *Child Find* procedures for ensuring that all eligible children are identified, located and evaluated;
    - (B) The State’s procedures for monitoring public agencies to ensure that they comply with all requirements of *Part B of IDEA*;
    - (C) The State’s *formal* complaint procedures; and
    - (D) The State’s *due process* hearing procedures;
- (3) A summary of all State and *federal* monitoring reports, and *formal* State complaint decisions and *due process* hearing decisions issued within three (3) years prior to the date of the State’s request for a waiver under *Part B of IDEA*, that includes any finding that FAPE has not been available to one or more eligible children, and evidence that FAPE is now available to all children addressed in those reports or decisions; and
- (4) Evidence that the *MDE*, in determining that FAPE is currently available to all eligible children with disabilities in the State, has consulted with the State advisory panel.
- (d) If the Secretary *of the U.S. Department of Education* determines that the request and supporting evidence submitted by the State makes a prima facie

showing that FAPE is, and will remain, available to all eligible children with disabilities in the State, the Secretary *of the U.S. Department of Education*, after notice to the public throughout the State, conducts a public hearing at which all interested persons and organizations may present evidence regarding the following issues—

- (1) Whether FAPE is currently available to all eligible children with disabilities in the State.
  - (2) Whether the *MDE* will be able to ensure that FAPE remains available to all eligible children with disabilities in the State if the Secretary *of the U.S. Department of Education* provides the requested waiver.
- (e) Following the hearing, the Secretary *of the U.S. Department of Education*, based on all submitted evidence, will provide a waiver, in whole or in part, for a period of one year if the Secretary *of the U.S. Department of Education* finds that the *MDE* has provided clear and convincing evidence that FAPE is currently available to all eligible children with disabilities in the State, and the *MDE* will be able to ensure that FAPE remains available to all eligible children with disabilities in the State if the Secretary *of the U.S. Department of Education* provides the requested waiver.
- (f) *Mississippi* may receive a waiver of the requirement of section 612(a)(18)(A) of *IDEA* and §300.164 (*Waiver of Requirement regarding Supplementing and not Supplanting with Part B Funds*) if it satisfies the requirements of paragraphs (b) through (e) *above*.

- (g) The Secretary *of the U.S. Department of Education* may grant subsequent waivers for a period of one year each, if the Secretary determines that the *MDE* has provided clear and convincing evidence that all eligible children with disabilities throughout the State have, and will continue to have throughout the one-year period of the waiver, FAPE available to them.

**300.165 Public participation**

- (a) Prior to the adoption of any policies and procedures needed to comply with *Part B of IDEA* (including any amendments to those policies and procedures), the *MDE* ensures that there are public hearings *and provides* adequate notice of the hearings, and an opportunity for comment available to the general public, including individuals with disabilities and parents of children with disabilities.
- (b) Before submitting a State Plan under *the IDEA 2004 regulations to the U.S. Department of Education*, the *MDE will* comply with the public participation requirements in paragraph (a) of this section and those in 20 U.S.C. 1232d(b)(7).

**300.166 Rule of construction**

In complying with §§300.162 (*Supplementation of State, local, and other federal funds*) and 300.163 (*Maintenance of State Financial Support*), *Mississippi does* not use funds paid to it under *Part B of IDEA* to satisfy State-law mandated funding obligations to LEAs, including funding based on student attendance or enrollment, or inflation.

- (a) *Rulemaking*. By receiving funds under Part B of *IDEA, Mississippi*—
- (1) Ensures that any State rules, regulations, and policies relating to *Part B of IDEA* conform to the purposes of *Part B of IDEA*;
  - (2) Identifies in writing to LEAs located in the State and the Secretary any such rule, regulation, or policy as a State-imposed requirement that is not required by Part B of *IDEA* and *federal* regulations; and
  - (3) Minimizes the number of rules, regulations, and policies to which the LEAs and schools located in the State are subject under Part B of *IDEA*.
- (b) *Support and facilitation*. State rules, regulations, and policies under Part B of *IDEA* support and facilitate LEA and school-level system improvement designed to enable children with disabilities to meet the challenging State student academic achievement standards.

## SUBPART C – LOCAL EDUCATIONAL AGENCY ELIGIBILITY

### Section

#### **300.200 Condition of assistance**

An LEA is eligible for assistance under *Part B of IDEA* for a fiscal year if the agency submits a plan that provides assurances to the *MDE* that the LEA meets each of the conditions in §§300.201 through 300.213 (*LEA Eligibility*).

#### **300.201 Consistency with State policies**

The LEA, in providing for the education of children with disabilities within its jurisdiction, *has* policies, procedures, and programs that are consistent with the *MDE* policies and procedures established under §§300.101 through 300.163 (*FAPE Requirements; Other FAPE Requirements; LRE; Children in Private Schools; Children with Disabilities Enrolled by their Parents in Private Schools; Children with Disabilities in Private Schools Placed or Referred by Public Agencies; Children with Disabilities Enrolled by their Parents in Private Schools when FAPE is at Issue; SEA Responsibility for General Supervision and Implementation of Procedural Safeguards; State Complaint Procedures; Methods of Ensuring Services; and Additional Eligibility*) and §§300.165 through 300.174 (*Public Participation; State Advisory Panel; Other Provisions Required for State Eligibility*).

#### **300.202 Use of amounts**

- (a) *General*. Amounts provided to the LEA under Part B of *IDEA*—

- (1) *Will* be expended in accordance with the applicable provisions;
  - (2) *Will* be used only to pay the excess costs of providing special education and related services to children with disabilities, consistent with paragraph (b) *below* (Excess Cost Requirement); and
  - (3) *Will* be used to supplement State, local, and other *federal* funds and not to supplant those funds.
- (b) *Excess cost requirement—*
- (1) *General.*
    - (i) The excess cost requirement prevents an LEA from using *Part B of IDEA* funds to pay for all of the costs directly attributable to the education of a child with a disability, subject to paragraph (b)(1)(ii) *below*.
    - (ii) The excess cost requirement does not prevent an LEA from using *Part B of IDEA* funds to pay for all of the costs directly attributable to the education of a child with a disability in any of the ages 3, 4, 5, 18, 19, 20, or 21, if no local or State funds are available for nondisabled children of these ages. However, the LEA must comply with the non-supplanting and other requirements of *the IDEA 2004 regulations* in providing the education and services for these children.
  - (2) (i) An LEA meets the excess cost requirement if it has spent at least a minimum average amount for the education of its children with disabilities before *Part B of IDEA* funds are used.

- (ii) The amount described in paragraph (b)(2)(i) *above* is determined in accordance with the definition of excess costs in §300.16. That amount may not include capital outlay or debt service.
- (3) If two (2) or more LEAs jointly establish eligibility, the minimum average amount is the average of the combined minimum average amounts determined in accordance with the definition of excess costs in §300.16 in those agencies for elementary or secondary school students, as the case may be.

**300.203 Maintenance of effort**

- (a) *General.* Except as provided in §§300.204 (Exception to Maintenance of Effort) and 300.205 (Adjustment to Local Efforts in Certain Fiscal Years), *Part B of IDEA* funds provided to an LEA must not be used to reduce the level of expenditures for the education of children with disabilities made by the LEA from local funds below the level of those expenditures for the preceding fiscal year.
- (b) *Standard.*
  - (1) Except as provided in paragraph (b)(2) *below* (Maintenance of Effort, Standard), the *MDE* determines that an LEA complies with the paragraph (a) *above* (Use of Amounts, General) for purposes of establishing the LEA's eligibility for an award for a fiscal year if the LEA budgets, for the education of children with disabilities, at least the same total or per-capita amount from either of the following

sources as the LEA spent for that purpose from the same source for the most recent prior year for which information is available—

- (i) Local funds only.
  - (ii) The combination of State and local funds.
- (2) An LEA that relies on paragraph (b)(1)(i) *above* for any fiscal year, must ensure that the amount of local funds it budgets for the education of children with disabilities in that year is at least the same, either in total or per capita, as the amount it spent for that purpose in the most recent fiscal year for which information is available and the standard in paragraph (b)(1)(i) *above* was used to establish its compliance.
- (3) The *MDE* may not consider any expenditures made from funds provided by the Federal Government for which the *MDE* is required to account to the Federal Government or for which the LEA is required to account to the Federal Government directly or through the *MDE* in determining an LEA's compliance with the requirement in paragraph (a) *above*.

### **300.204      Exception to maintenance of effort**

Notwithstanding the restriction in §300.203(a) (*Maintenance of Effort*), an LEA may reduce the level of expenditures by the LEA under *Part B of IDEA* below the level of those expenditures for the preceding fiscal year if the reduction is attributable to any of the following—

- (a) The voluntary departure, by retirement or otherwise, or departure for just cause, of special education or related services personnel.
- (b) A decrease in the enrollment of children with disabilities.
- (c) The termination of the obligation of the agency, consistent with *IDEA* regulations, to provide a program of special education to a particular child with a disability that is an exceptionally costly program, as determined by the *MDE*, because the child—
  - (1) Has left the jurisdiction of the agency;
  - (2) Has reached the age at which the obligation of the agency to provide FAPE to the child has terminated; or
  - (3) No longer needs the program of special education.
- (d) The termination of costly expenditures for long-term purchases, such as the acquisition of equipment or the construction of school facilities.
- (e) The assumption of cost by the high cost fund operated by the *MDE* under §300.704(c) (State level activities, LEA high cost fund).

**300.205      Adjustment to local fiscal efforts in certain fiscal years**

- (a) *Amounts in excess*. Notwithstanding §300.202(a)(2) (*Use of Amounts, General*) and (b) (*Excess Cost Requirements*) and §300.203(a) (*Maintenance of Effort, General*), and except as provided in paragraph (d) *below* (*Special Rule*) and §300.230(e)(2) (*MDE Flexibility*), for any fiscal year for which the allocation received by an LEA under §300.705 (*Subgrants to LEAs*) exceeds the amount the LEA received for the previous

fiscal year, the LEA may reduce the level of expenditures otherwise required by §300.203(a) (*Maintenance of Effort*) by not more than *fifty* (50) percent of the amount of that excess.

- (b) *Uses of amounts to carry out activities under ESEA.* If an LEA exercises the authority under paragraph (a) *above (Amounts in Excess)*, the LEA must use an amount of local funds equal to the reduction in expenditures under paragraph (a) to carry out activities that could be supported with funds under the ESEA regardless of whether the LEA is using funds under the ESEA for those activities.
- (c) *State prohibition.* Notwithstanding paragraph (a) *above (Amounts in Excess)*, if the *MDE* determines that an LEA is unable to establish and maintain programs of FAPE that meet the requirements of section 613(a) of *IDEA (LEA Eligibility)* and this part or the *MDE* has taken action against the LEA under section 616 of *IDEA (Monitoring and Enforcement)* and subpart F of these regulations, the *MDE* must prohibit the LEA from reducing the level of expenditures under paragraph (a) *above (Amounts in Excess)* for that fiscal year.
- (d) *Special rule.* The amount of funds expended by an LEA for early intervening services under §300.226 must count toward the maximum amount of expenditures that the LEA may reduce under paragraph (a) *above*.

**300.206 Schoolwide programs under Title I of ESEA**

- (a) *General.* Notwithstanding the provisions of §§300.202 (*Use of Amounts*) and 300.203 (*Maintenance of Effort*) or any other provision of Part B of *IDEA*, an LEA may use funds received under Part B of *IDEA* for any fiscal year to carry out a schoolwide program under section 1114 of the ESEA, except that the amount used in any schoolwide program may not exceed—
- (1) (i) The amount received by the LEA under Part B of *IDEA* for that fiscal year; divided by
  - (ii) The number of children with disabilities in the jurisdiction of the LEA; and multiplied by
  - (2) The number of children with disabilities participating in the schoolwide program.
- (b) *Funding conditions.* The funds described in paragraph (a) *above* are subject to the following conditions—
- (1) The funds must be considered as *federal Part B of IDEA* funds for purposes of the calculations required by §300.202(a)(2) and (a)(3) (*Use of Amounts*).
  - (2) The funds may be used without regard to the requirements of §300.202(a)(1) (*Use of Amounts*).
- (c) *Meeting other Part B requirements.* Except as provided in paragraph (b) *above (Funding Conditions)*, all other requirements of Part B of *IDEA* must be met by an LEA using Part B *of IDEA* funds in accordance with

paragraph (a) *above*, including ensuring that children with disabilities in schoolwide program schools—

- (1) Receive services in accordance with a properly developed Individualized Education Program (IEP); and
- (2) Are afforded all of the rights and services guaranteed to children with disabilities under *IDEA*.

### **300.207 Personnel development**

The LEA ensures that all personnel necessary to carry out *Part B of IDEA* are appropriately and adequately prepared, subject to the requirements of §300.156 (related to Personnel Qualifications) and section 2122 of the ESEA.

### **300.208 Permissive use of funds**

- (a) *Uses*. Notwithstanding §§300.202 (*Use of Amounts*) and 300.203(a) (Maintenance of Effort), and §300.162(b) (*Supplementation of State, local, and other federal funds*), funds provided to an LEA under Part B of *IDEA* may be used for the following activities—
  - (1) *Services and aids that also benefit nondisabled children*. For the costs of special education and related services, and supplementary aids and services, provided in a *general education* class or other education-related setting to a child with a disability in accordance with the IEP of the child, even if one or more nondisabled children benefit from these services.

- (2) *Early intervening services.* To develop and implement coordinated, early intervening educational services in accordance with §300.226 (*Early Intervening Services*).
  - (3) *High cost special education and related services.* To establish and implement cost or risk sharing funds, consortia, or cooperatives for the LEA itself, or for LEAs working in a consortium of which the LEA is a part, to pay for high cost special education and related services.
- (b) *Administrative case management.* An LEA may use funds received under Part B of *IDEA* to purchase appropriate technology for recordkeeping, data collection, and related case management activities of teachers and related services personnel providing services described in the IEP of children with disabilities that is needed for the implementation of such case management activities.

**300.209 Treatment of charter schools and their students**

- (a) *Rights of children with disabilities.* Children with disabilities who attend public charter schools and their parents retain all rights under *the IDEA 2004 regulations*.
- (b) *Charter schools that are public schools of the LEA.*
  - (1) In carrying out Part B of *IDEA* and these regulations with respect to charter schools that are public schools of the LEA, the LEA must—
    - (i) Serve children with disabilities attending those charter schools in the same manner as the LEA serves children with disabilities in its

other schools, including providing supplementary and related services on site at the charter school to the same extent to which the LEA has a policy or practice of providing such services on the site to its other public schools; and

(ii) Provide funds under Part B of *IDEA* to those charter schools—

(A) On the same basis as the LEA provides funds to the LEA's other public schools, including proportional distribution based on relative enrollment of children with disabilities; and

(B) At the same time as the LEA distributes other federal funds to the LEA's other public schools, consistent with *Mississippi's* charter school law.

(2) If the public charter school is a school of an LEA, that receives funding under §300.705 (Subgrants to LEAs) and includes other public schools—

(i) The LEA is responsible for ensuring that the Part B of IDEA requirements are met; and

(ii) The LEA must meet the requirements of paragraph (b)(1) *above*.

(c) *Public charter schools that are LEAs*. If the public charter school is an LEA, consistent with §300.28 (*Local Educational Agency*), that receives funding under §300.705 (*Subgrants to LEAs*), that charter school is responsible for ensuring that the requirements of *the IDEA 2004 regulations* are met, unless State law assigns that responsibility to some other entity.

- (d) *Public charter schools that are not an LEA or a school that is part of an LEA.*
- (1) If the public charter school is not an LEA receiving funding under §300.705 (*Subgrants to LEAs*), or a school that is part of an LEA receiving funding under §300.705 (*Subgrants to LEAs*), the *MDE* is responsible for ensuring that the requirements of *the IDEA 2004 regulations* are met.
  - (2) Paragraph (d)(1) *above* does not preclude the *MDE* from assigning initial responsibility for ensuring the requirements of this part are met to another entity. However, the *MDE* shall maintain the ultimate responsibility for ensuring compliance with *the IDEA 2004 regulations*, consistent with §300.149 (*MDE responsibility for General Supervision*).

**300.210 Purchase of instructional materials**

- (a) *General.* Not later than December 3, 2006, an LEA that chooses to coordinate with the National Instructional Materials Access Center (NIMAC), when purchasing print instructional materials, must acquire those instructional materials in the same manner and subject to the same conditions as the *MDE* under §300.172 (*Access to Instructional Materials*).
- (b) *Rights of LEA.*
  - (1) Nothing in this section (*Purchase of Instructional Materials*) shall be construed to require an LEA to coordinate with the NIMAC.

- (2) If an LEA chooses not to coordinate with the NIMAC, the LEA must provide an assurance to the *MDE* that the LEA will provide instructional materials to blind persons or other persons with print disabilities in a timely manner.
- (3) Nothing in this section relieves an LEA of its responsibility to ensure that children with disabilities who need instructional materials in accessible formats but who are not included under the definition of blind or other persons with print disabilities in §300.172(e)(1)(i) or who need materials that cannot be produced by NIMAS files, receive those instructional materials in a timely manner.

**300.211 Information for the *MDE***

The LEA must provide the *MDE* with information necessary to enable the *MDE* to carry out its duties under *Part B of IDEA*, including, with respect to §§300.157 (*Performance Goals and Indicators*) and 300.160, information relating to the performance of children with disabilities participating in programs carried out under *Part B of IDEA*.

**300.212 Public information**

The LEA must make available to parents of children with disabilities and to the general public all documents relating to the eligibility of the agency under *Part B of IDEA*.

### **300.213 Records regarding migratory children with disabilities**

The LEA must cooperate in the Secretary of the U.S. Department of Education's efforts under section 1308 (*the Coordination of Migrant Education Activities*) of the ESEA to ensure the linkage of records pertaining to migratory children with disabilities for the purpose of electronically exchanging health and educational information regarding those children.

### **300.214 - 300.219 (Reserved)**

### **300.220 Exception for prior local plans**

- (a) *General.* If an LEA or a State agency has on file with the *MDE* policies and procedures that demonstrate that the LEA or State agency meets any requirement of LEA Eligibility, including any policies and procedures filed under *Part B of IDEA* as in effect before December 3, 2004, the *MDE* must consider the LEA or State agency to have met that requirement for purposes of receiving assistance under *Part B of IDEA*.
- (b) *Modification made by an LEA or State agency.* Subject to paragraph (c) *below* (Modifications required by the *MDE*), policies and procedures submitted by an LEA or a State agency in accordance with this subpart (*Subpart C - LEA Eligibility of the federal regulations*) remain in effect until the LEA or State agency submits to the *MDE* the modifications that the LEA or the State agency determines are necessary.

- (c) *Modifications required by the MDE.* The *MDE* may require an LEA or a State agency to modify its policies and procedures, but only to the extent necessary to ensure the LEA's or State agency's compliance with *Part B of IDEA* or State law if—
- (1) After December 3, 2004, the effective date of *IDEA* of 2004, the applicable provisions of *IDEA* (or the regulations developed to carry out *IDEA*) are amended;
  - (2) There is a new interpretation of an applicable provision of *IDEA* by federal or State courts; or
  - (3) There is an official finding of noncompliance with federal or State law or regulations.

**300.221 Notification of LEA or State agency in case of ineligibility**

If the *MDE*, determines that an LEA or State agency is not eligible under Part B of *IDEA*, then the *MDE will*—

- (a) Notify the LEA or State agency of the determination; and
- (b) Provide the LEA or State agency with reasonable notice and an opportunity for a hearing.

**300.222 LEA and State agency compliance**

- (a) *General.* If the *MDE*, after reasonable notice and an opportunity for a hearing, finds that an LEA or State agency that has been determined to be eligible is failing to comply with any requirement described in §§300.201

through 300.213 (LEA Eligibility), the *MDE will* reduce or *will* not provide any further payments to the LEA or State agency until the *MDE* is satisfied that the LEA or State agency is complying with that requirement.

- (b) *Notice requirement.* Any State agency or LEA in receipt of a notice described in paragraph (a) *above will*, by means of public notice, take the measures necessary to bring the pendency of an action pursuant to this section to the attention of the public within the jurisdiction of the agency.
- (c) *Consideration.* In carrying out its responsibilities, the *MDE* considers any decision resulting from a hearing held under §§300.511 through 300.533 (Impartial Due Process Hearing through Discipline Requirements) that is adverse to the LEA or State agency involved in the decision.

**300.223      Joint establishment of eligibility**

- (a) *General.* The *MDE* requires an LEA to establish its eligibility jointly with another LEA if the *MDE* determines that the LEA will be ineligible hereunder because the agency will not be able to establish and maintain programs of sufficient size and scope to effectively meet the needs of children with disabilities.
- (b) *Charter school exception.* The *MDE will* not require a charter school that is an LEA to jointly establish its eligibility under paragraph (a) *above* unless the charter school is explicitly permitted to do so under *Mississippi's* charter school statute.

- (c) *Amount of payments.* If the **MDE** requires the joint establishment of eligibility under paragraph (a) *above*, the total amount of funds made available to the affected LEAs must be equal to the sum of the payments that each such LEA would have received under §300.705 (Subgrants to LEAs), if the agencies were eligible for those payments.

**300.224 Requirements for establishing eligibility**

- (a) *Requirements for LEAs in general.* LEAs that establish joint eligibility under *these policies* must—

- (1) Adopt policies and procedures that are consistent with **Mississippi's** policies and procedures; and
- (2) Be jointly responsible for implementing programs that receive assistance under **Part B of IDEA**.

- (b) *Requirements for educational service agencies in general.*

If an educational service agency is required by State law to carry out programs under **Part B of IDEA**, the joint responsibilities given to **LEAs** under Part B of **IDEA**—

- (1) Do not apply to the administration and disbursement of any payments received by that educational service agency; and
  - (2) Must be carried out only by that educational service agency.
- (c) *Additional requirement.* Notwithstanding any other provision of §§300.223 through 300.224 (Joint Establishment of Eligibility and Requirements for Establishing Eligibility), an educational service agency must provide for the

education of children with disabilities in the least restrictive environment, as required by §300.112 (*Individualized Education Programs (IEPs)*).

**300.225 (Reserved)**

**300.226 Early intervening services**

*Purpose. The purpose of coordinated, early intervening services (CEIS) is to reduce the need to label children as disabled in order to address the learning and behavioral needs of such children.*

*Reference citation: IDEA 2004, Congressional Findings(c)(5)(F)*

- (a) *General.* An LEA may not use more than *fifteen* (15) percent of the amount the LEA receives under Part B of *IDEA* for any fiscal year, less any amount reduced by the LEA pursuant to *34 CFR* §300.205 (*Adjustment to Local Fiscal Effort in Certain Fiscal Years*), if any, in combination with other amounts (which may include amounts other than education funds), to develop and implement coordinated, early intervening services, which may include interagency financing structures, for students in kindergarten through grade *twelve* (12) [with a particular emphasis on students in kindergarten through grade three (*3*)] who are not currently identified as needing special education or related services, but who need additional academic and behavioral support to succeed in a general education environment. (See Appendix D of *34 CFR* §300 for examples of how

§300.205(d), regarding local maintenance of effort, and §300.226(a) affect one another.)

(b) *Activities.* In implementing coordinated, early intervening services under [34 CFR §300.226](#), an LEA may carry out activities that include—

- (1) Professional development (which may be provided by entities other than LEAs) for teachers and other school staff to enable such personnel to deliver scientifically based academic and behavioral interventions, including scientifically based literacy instruction, and, where appropriate, instruction on the use of adaptive and instructional software; and
- (2) Providing educational and behavioral evaluations, services and supports, including scientifically based literacy instruction.

(c) *Construction.* Nothing in this section shall be construed to either limit or create a right to FAPE under Part B of [IDEA](#) or to delay appropriate evaluation of a child suspected of having a disability.

(d) *Reporting.* Each LEA that develops and maintains coordinated early intervening services under this section must annually report to the [MDE \(by June 30th of every fiscal year\)](#) on—

- (1) The number of children served under this section who received early intervening services; and
- (2) The number of children served under this section who received early intervening services and subsequently receive special education and

related services under Part B of *IDEA* during the preceding two-year period.

- (e) *Coordination with ESEA*. Funds made available to carry out this section may be used to carry out coordinated, early intervening services aligned with activities funded by, and carried out under the ESEA if those funds are used to supplement, and not supplant, funds made available under the ESEA for the activities and services assisted under this section.

**300.227**      **Direct services by the *MDE***

- (a) *General*.
  - (1) The *MDE will* use the payments that would otherwise have been available to an LEA or to a State agency to provide special education and related services directly to children with disabilities residing in the area served by that LEA, or for whom that State agency is responsible, if the *MDE* determines that the LEA or State agency—
    - (i) Has not provided the information needed to establish the eligibility of the LEA or State agency, or elected not to apply for its Part B allotment, under Part B of *IDEA*;
    - (ii) Is unable to establish and maintain programs of FAPE that meet the requirements of this part;
    - (iii) Is unable or unwilling to be consolidated with one or more LEAs in order to establish and maintain the programs; or

(iv) Has one or more children with disabilities who can best be served by a regional or State program or service delivery system designed to meet the needs of these children.

(2) The *MDE* administrative procedures.

(i) In meeting the requirements in paragraph (a)(1) *above*, the *MDE* may provide special education and related services directly, by contract, or through other arrangements.

(ii) The excess cost requirements of §300.202(b) do not apply to the *MDE*.

(b) *Manner and location of education and services.* The *MDE* may provide special education and related services under paragraph (a) *above* in the manner and at the locations (including regional or State centers) as the *MDE* considers appropriate. The education and services must be provided in accordance with this part.

### **300.228 State agency eligibility**

Any State agency that desires to receive a subgrant for any fiscal year under §300.705 (Subgrants to LEAs) must demonstrate to the satisfaction of the *MDE* that—

- (a) All children with disabilities who are participating in programs and projects funded under Part B of *IDEA* receive FAPE, and that those children and their parents are provided all the rights and procedural safeguards described in this part; and
- (b) The agency meets the other conditions of this subpart that apply to LEAs.

**300.229**      **Disciplinary information**

- (a) A public agency *must* include in the records of a child with a disability a statement of any current or previous disciplinary action that has been taken against the child and transmit the statement to the same extent that the disciplinary information is included in, and transmitted with, the student records of nondisabled children.
- (b) The statement *must* include a description of any behavior engaged in by the child that required disciplinary action, a description of the disciplinary action taken, and any other information that is relevant to the safety of the child and other individuals involved with the child.
- (c) If the child transfers from one school to another, the transmission of any of the child's records must include both the child's current IEP and any statement of current or previous disciplinary action that has been taken against the child.

**300.230**      ***MDE* flexibility**

- (a) *Adjustment to State fiscal effort in certain fiscal years.* For any fiscal year for which the allotment received by *Mississippi* under *34 CFR* §300.703 exceeds the amount the State received for the previous fiscal year and if the State in school year 2003-2004 or any subsequent school year pays or reimburses all LEAs within the State from State revenue 100 percent of the non-*f*-federal share of the costs of special education and related services, the

**MDE**, notwithstanding §§300.162 through 300.163 (related to State-level nonsupplanting and maintenance of effort), and §300.175 (related to direct services by the **MDE**) may reduce the level of expenditures from State sources for the education of children with disabilities by not more than **fifty (50)** percent of the amount of such excess.

- (b) *Prohibition.* Notwithstanding paragraph (a) **above**, if the Secretary determines that the **MDE** is unable to establish, maintain, or oversee programs of FAPE that meet the requirements of this part, or that **Mississippi** needs assistance, intervention, or substantial intervention under **34 CFR** §300.603, the Secretary prohibits the **MDE** from exercising the authority in paragraph (a) **above**.
- (c) *Education activities.* If the **MDE** exercises the authority under paragraph (a) **above**, the agency must use funds from State sources, in an amount equal to the amount of the reduction under paragraph (a) **above**, to support activities authorized under the ESEA, or to support need-based student or teacher higher education programs.
- (d) *Report.* For each fiscal year for which the **MDE** exercises the authority under paragraph (a) **above**, the **MDE** must report to the Secretary—
  - (1) The amount of expenditures reduced pursuant to that paragraph; and
  - (2) The activities that were funded pursuant to paragraph (c) **above**.
- (e) *Limitation.*
  - (1) Notwithstanding paragraph (a) **above**, the **MDE** may not reduce the level of expenditures described in paragraph (a) **above** if any LEA in

the State would, as a result of such reduction, receive less than 100 percent of the amount necessary to ensure that all children with disabilities served by the LEA receive FAPE from combination of federal funds received under Part B of *IDEA* and State funds received from the *MDE*.

- (2) If the *MDE* exercises the authority under paragraph (a) *above*, LEAs in the State may not reduce local effort under §300.205 by more than the reduction in the State funds they receive.

**SUBPART D – EVALUATIONS, ELIGIBILITY DETERMINATIONS,  
INDIVIDUALIZED EDUCATION PROGRAMS, AND  
EDUCATIONAL PLACEMENTS**

**Parental Consent**

**Section**

**300.300 Parental consent**

(a) *Parental consent for initial evaluations.*

- (1) (i) The public agency proposing to conduct an initial evaluation to determine if a child qualifies as a child with a disability under §300.8 must, after providing notice consistent with §§300.503 and 504, obtain informed consent consistent with §300.9, from the parent of the child before conducting the evaluation.  
  
(ii) Parental consent for initial evaluation must not be construed as consent for initial provision of special education and related services.  
  
(iii) The public agency must make reasonable efforts to obtain the informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability.
- (2) For initial evaluations only, if the child is a ward of the State and is not residing with the child’s parent, the public agency is not required to obtain informed consent from the parent for an initial evaluation to determine whether the child is a child with a disability if—

- (i) Despite reasonable efforts to do so, the public agency cannot discover the whereabouts of the parent of the child;
  - (ii) The rights of the parents of the child have been terminated in accordance with State law; or
  - (iii) The rights of the parent to make educational decisions have been subrogated by a judge in accordance with State law and consent for an initial evaluation has been given by an individual appointed by the judge to represent the child.
- (3) (i) If the parent of a child enrolled in public school or seeking to be enrolled in public school does not provide consent for initial evaluation under paragraph (a)(1) *above*, or the parent fails to respond to a request consent, the public agency may, but is not required to, pursue the initial evaluation by utilizing the procedural safeguards in Subpart E of *the IDEA 2004 regulations* (including the mediation procedures under §300.506 or the due process procedures under §§300.507 through 300.516), if appropriate, except to the extent inconsistent with State law relating to such parental consent.
- (ii) The public agency does not violate its obligation under §300.111 (*Child Find*) and §§300.301 through 300.111 (*Evaluations and Reevaluations*) if it declines to pursue the evaluation.
- (b) *Parental consent for services.*
- (1) A public agency that is responsible for making FAPE available to a child with a disability must obtain informed consent from the parent of

the child before the initial provision of special education and related services to the child.

- (2) The public agency must make reasonable efforts to obtain informed consent from the parent for the initial provision of special education and related services to the child.
- (3) If the parent of a child fails to respond to a request for, or refuses to consent to, the initial provision of special education and related services, the public agency—
  - (i) May not use the procedures in subpart E of *the IDEA 2004 regulations* (including the mediation procedures under §300.506 or the due process procedures under §§300.507 through 300.516) in order to obtain agreement or a ruling that the services may be provided to the child;
  - (ii) Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with the special education and related services for which the parent refuses to or fails to provide consent; and
  - (iii) Is not required to convene an IEP *committee* meeting or develop an IEP under §§300.320 and 300.324 for the child.
- (4) If, at any time subsequent to the initial provision of special education and related services, the parent of a child revokes consent in writing for the continued provision of special education and related services, the public agency—

(i) May not continue to provide special education and related services to the child, but must provide prior written notice in accordance with §300.503 before ceasing the provision of special education and related services;

(ii) May not use the procedures in subpart E of *the IDEA 2004 regulations* (including the mediation procedures under §300.506 or the due process procedures under §§300.507 through 300.516) in order to obtain agreement or a ruling that the services may be provided to the child;

(iii) Will not be considered to be in violation of the requirement to make FAPE available to the child because of the failure to provide the child with further special education and related services; and

(iv) Is not required to convene an IEP *committee* meeting or develop an IEP under §§300.320 and 300.324 for the child for further provision of special education and related services.

(c) *Parental consent for reevaluations.*

(1) Subject to paragraph (c)(2) *below (Parental Consent for Reevaluations)*, each public agency—

(i) Must obtain informed parental consent, in accordance with §300.300(a)(1) *above (Parental Consent for Evaluations)*, prior to conducting any reevaluation of a child with a disability.

- (ii) If the parent refuses to consent to the reevaluation, the public agency, may, but is not required to, pursue the reevaluation by using the consent override procedures described in paragraph (a)(3) *above*.
  - (iii) The public agency does not violate its obligation under §300.311 (*Specific Documentation for Eligibility Determination*) and §§300.301 through 300.311 (*Evaluations and Reevaluations and Additional Procedures for Identifying Children with Specific Learning Disabilities*) if it declines to pursue the evaluation or reevaluation.
- (2) The informed parental consent described in paragraph (c)(1) *above* (*Parental Consent for Reevaluations*) need not be obtained if the public agency can demonstrate that—
  - (i) It made reasonable efforts to obtain such consent; and
  - (ii) The child’s parent has failed to respond.
- (d) Other consent requirements.
  - (1) Parental consent is not required before—
    - (i) Reviewing existing data as part of an evaluation or a reevaluation; or
    - (ii) Administering a test or other evaluation that is administered to all children unless, before administration of that test or evaluation, consent is required of parents of all children.
  - (2) In addition to the parental consent requirements described in paragraph (a) of this section, a State may require parental consent for

other services and activities under this part if it ensures that each public agency in the State established and implements effective procedures to ensure that a parent's refusal to consent does not result in a failure to provide the child with FAPE.

- (3) A public agency may not use a parent's refusal to consent to one service or activity under paragraphs (a), (b), and (c) *above* to deny the parent or child any other service, benefit, or activity of the public agency, except as required by this part.
- (4)
  - (i) If a parent of a child who is home schooled or placed in a private school by the parents at their own expense does not provide consent for the initial evaluation or the reevaluation, or the parent fails to respond to a request to provide consent, the public agency may not use the consent override procedures (described in paragraphs (a)(3) and (c)(1) *above*); and
  - (ii) The public agency is not required to consider the child as eligible for services under §§300.132 through 300.144.
- (5) To meet the reasonable efforts requirements in paragraphs (a)(1)(iii), (a)(2)(i), (b)(2), and (c)(2)(i) *above*, the public agency must document its attempts to obtain parental consent using the procedures in §300.322(d).

## Evaluations and Reevaluations

### 300.301 Initial evaluations

- (a) *General.* Each public agency must conduct a full and individual initial evaluation, in accordance with §§300.305 (*Additional Requirements for Evaluations and Reevaluations*) and 300.306 (*Determination of Eligibility*), before the initial provision of special education and related services to a child with a disability under *the IDEA 2004 regulations*.
- (b) *Request for initial evaluations.* Consistent with the consent requirements in §300.300, either a parent of a child or a public agency may initiate a request for an initial evaluation to determine if the child is a child with a disability.
  - (1) When a verbal or written request for an initial evaluation is requested by:
    - (i) a parent, the multidisciplinary evaluation team (MET) must meet within fourteen (14) calendar days to consider the request and to determine if a comprehensive evaluation is necessary.
      - (a) After reviewing the request and other pertinent documentation, Written Prior Notice for Initial Evaluation or Written Prior Notice for Refusal to Evaluate must be given to the parent within seven (7) calendar days of the meeting.
      - (b) Day one would be the day the parent makes the verbal or written request to the LEA (teacher, principal, secretary, special education director, etc.). The MET must

make a decision within fourteen (14) calendar days of the parent's request.

(ii) a public agency, the MET must meet within fourteen (14) calendar days to consider the request and to determine if a comprehensive evaluation is necessary.

(a) After reviewing the request and other pertinent documentation, Written Prior Notice for Initial Evaluation or Written Prior Notice for Refusal to Evaluate must be given to the parent within seven (7) calendar days of the meeting.

(b) Day one would be the day the public makes the verbal or written request to the LEA (teacher, principal, secretary, special education director, etc.). The MET must make a decision within fourteen (14) calendar days of the public agency's request.

(iii) the Teacher Support Team (TST), the MET must meet within fourteen (14) calendar days to consider the request and to determine if a comprehensive evaluation is necessary.

(a) After reviewing the request and other pertinent documentation, Written Prior Notice for Initial Evaluation or Written Prior Notice for Refusal to Evaluate must be given to the parent within seven (7) calendar days of the meeting.

(b) Day one would be the day the TST makes the verbal or written request to the LEA. The MET must make a decision within fourteen (14) calendar days of the TST's recommendation.

(c) *Procedures for initial evaluations.* The initial evaluation —

- (1) Must be conducted within sixty (60) *calendar* days of receiving parental consent for the evaluation; and
- (2) Must consist of procedures—
  - (i) To determine if the child is a child with a disability under §300.8; and
  - (ii) To determine the educational needs of the child.
- 3) *(LEAs must ensure requests for initial evaluation and responses to such requests are not limited by the number per year or the time of year requests are received.)***

(d) *Exception.* The timeframe described in paragraph (c)(1) *above (Procedures for Initial Evaluations)* does not apply to a public agency if—

- (1) The parent of a child repeatedly fails or refuses to produce the child for the evaluation; or
- (2) A child enrolls in a school of another public agency after the relevant timeframe in paragraph (c)(1) *above* has begun, and prior to a determination by the child's previous public agency as to whether the child is a child with a disability.

- (e) The exception in paragraph (d)(2) *above* applies only if the subsequent public agency is making sufficient progress to ensure a prompt completion of the evaluation, and the parent and subsequent public agency agree to a specific time when the evaluation will be completed.

**300.302 Screening for instructional purposes is not evaluation**

The screening of a student by a teacher or specialist to determine appropriate instructional strategies for curriculum implementation shall not be considered to be an evaluation for eligibility for special education and related services.

**300.303 Reevaluations**

- (a) *General.* A public agency must ensure that a reevaluation of each child with a disability is conducted in accordance with §§300.304 through 300.311—
  - (1) If the public agency determines that the educational or related services needs, including improved academic achievement and functional performance, of the child warrant a reevaluation; or
  - (2) If the child’s parent or teacher requests a reevaluation.
- (b) *Limitation.* A reevaluation conducted under paragraph (a) *above*—
  - (1) May occur not more than once a year, unless the parent and the public agency agree otherwise; and
  - (2) Must occur at least once every three (3) years, unless the parent and the public agency agree that a reevaluation is unnecessary. *When the*

*parent and the public agency agree that a reevaluation is unnecessary, the continued eligibility ruling must be documented.*

**300.304 Evaluation Procedures**

- (a) *Notice.* The public agency must provide notice to the parents of a child with a disability, in accordance with §300.503, that describes any evaluation procedures the agency proposes to conduct.
- (b) *Conduct of evaluation.* In conducting the evaluation, the public agency must—
  - (1) Use a variety of assessment tools and strategies to gather relevant functional, developmental, and academic information about the child, including information provided by the parent, that may assist in determining—
    - (i) Whether the child is a child with a disability under §300.8; and
    - (ii) The content of the child’s IEP, including information related to enabling the child to be involved in and progress in the general education curriculum (or for a preschool child, to participate in appropriate activities);
  - (2) Not use any single measure or assessment as the sole criterion for determining whether a child is a child with a disability and for determining an appropriate educational program for the child; and

- (3) Use technically sound instruments that may assess the relative contribution of cognitive and behavioral factors, in addition to physical or developmental factors.
- (c) *Other evaluation procedures.* Each public agency must ensure that—
- (1) Assessments and other evaluation materials used to assess a child under this part—
    - (i) Are selected and administered so as not to be discriminatory on a racial or cultural basis;
    - (ii) Are provided and administered in the child’s native language or other mode of communication and in the form most likely to yield accurate information on what the child knows and can do academically, developmentally, and functionally, unless it is clearly not feasible to so provide or administer;
    - (iii) Are used for the purposes for which the assessments or measures are valid and reliable;
    - (iv) Are administered by trained and knowledgeable personnel; and
    - (v) Are administered in accordance with any instructions provided by the producer of the assessments.
  - (2) Assessments and other evaluation materials include those tailored to assess specific areas of educational need and not merely those that are designed to provide a single general intelligence quotient.
  - (3) Assessments are selected and administered so as best to ensure that if an assessment is administered to a child with impaired sensory,

manual, or speaking skills, the assessment results accurately reflect the child's aptitude or achievement level or whatever other factors the test purports to measure, rather than reflecting the child's impaired sensory, manual, or speaking skills (unless those skills are the factors that the test purports to measure).

- (4) The child is assessed in all areas related to the suspected disability, including, if appropriate, health, vision, hearing, social, and emotional status, general intelligence, academic performance, communicative status, and motor abilities.
- (5) Assessments of children with disabilities who transfer from one public agency to another public agency in the same school year are coordinated with those children's prior and subsequent schools, as necessary and as expeditiously as possible, consistent with §300.301(d)(2) and (e) (*Initial Evaluations, Exception*), to ensure prompt completion of full evaluations.
- (6) In evaluating each child with a disability under §§300.304 through 300.306, the evaluation is sufficiently comprehensive to identify all of the child's special education and related services needs, whether or not commonly linked to the disability category in which the child has been classified.
- (7) Assessment tools and strategies that provide relevant information that directly assists persons in determining the educational needs of the child are provided.

**300.305 Additional requirements for evaluations and reevaluations**

- (a) *Review of existing evaluation data.* As part of an initial evaluation (if appropriate) and as part of any reevaluation, the IEP *committee* and other qualified professionals, as appropriate, must—
- (1) Review existing evaluation data on the child, including—
    - (i) Evaluations and information provided by the parents of the child;
    - (ii) Current classroom-based, local, or State assessments, and classroom-based observations; and
    - (iii) Observations by teachers and related services providers; and
  - (2) On the basis of that review, and input from the child’s parents, identify what additional data, if any, are needed to determine—
    - (i) (A) Whether the child is a child with a disability as defined in §300.8, and the educational needs of the child; or  
(B) In case of a reevaluation of a child, whether the child continues to have such a disability, and the educational needs of the child;
    - (ii) The present levels of academic achievement and related developmental needs of the child;
    - (iii) (A) Whether the child needs special education and related services, or  
(B) In the case of the reevaluation of a child, whether the child continues to need special education and related services;

- (iv) Any observations conducted for a specific student in order to determine eligibility must be written in a report and included in the documentation provided to parents; and
  - (v) Whether any additions or modification to the special education and related services are needed to enable the child to meet the measurable annual goals set out in the IEP of the child and to participate, as appropriate, in the general education curriculum.
- (b) *Conduct of review.* The **IEP committee** described in paragraph (a) *above* may conduct its review without a meeting.
- (c) *Source of data.* The public agency must administer such assessments and other evaluation measures as may be needed to produce the data identified under paragraph (a) (***Review of Existing Evaluation Data Under Additional Requirements for Evaluations and Reevaluations***) of this section.
- (d) *Requirements if additional data are not needed.*
- (1) If the IEP **committee** and other qualified professionals, as appropriate, determine that no additional data are needed to determine whether the child continues to be a child with a disability, and to determine the child's educational needs, the public agency must notify the child's parents of—
    - (i) That determination and the reasons for the determination; and
    - (ii) The right of the parents to request an assessment to determine whether the child continues to be a child with a disability, and to determine the child's educational needs.

- (2) The public agency is not required to conduct the assessment described in paragraph (d)(1)(ii) *above* unless requested to do so by the child's parents.
- (e) *Evaluations before change in eligibility.*
- (1) Except as provided in paragraph (e)(2) (*Additional Requirements for Evaluations and Reevaluations*) *above*, a public agency must evaluate a child with a disability in accordance with §§300.304 through 300.311 before determining that the child is no longer a child with a disability.
  - (2) The evaluation described in paragraph (e)(1) *above* is not required before the termination of a child's eligibility under *Part B of IDEA* due to graduation from secondary school with a *standard high school* diploma, or due to exceeding the age eligibility for FAPE under State law.
  - (3) For a child whose eligibility terminates under circumstances described in paragraph (e)(2) *above* and students with disabilities who exit high school through the District GED Option Program, a public agency must provide the child a summary of the child's academic achievement and functional performance, which shall include recommendations on how to assist the child in meeting postsecondary goals.

**300.306 Determination of eligibility**

- (a) *General.* Within fourteen (14) calendar days, upon completion of the administration of assessments and other evaluation measures
  - (1) A group of qualified professionals and the parent of the child determines whether the child is a child with a disability, as defined by §300.8 in accordance with paragraph (b) of this section and the educational needs of the child; and
  - (2) The public agency provides a copy of the evaluation report and the documentation of determination of eligibility at no cost to the parent. LEAs must provide the parent(s) a copy of the evaluation report at least seven (7) calendar days prior to the eligibility determination meeting, unless the parent elects to waive the seven (7) day timeline in writing.
- (b) *Special rule for eligibility determination.* A child must not be determined to be a child with a disability under ***Part B of IDEA***—
  - (1) If the determinant factor for that determination is—
    - (i) Lack of appropriate instruction in reading, including the essential components of reading instruction (as defined in §1208[3] of the ESEA [*See Reference Guide*]);
    - (ii) Lack of appropriate instruction in math; or
    - (iii) Limited English proficiency; and

- (2) If the child does not otherwise meet the eligibility criteria under §300.8(a).
- (c) *Procedures for determining eligibility and educational need.*
- (1) In interpreting evaluation data for the purposes of determining if a child is a child with a disability under §300.8 and the educational needs of the child, each public agency must—
    - (i) Draw upon information from a variety of sources, including aptitude and achievement tests, parent input, and teacher recommendations, as well as information about the child’s physical condition, social or cultural background, and adaptive behavior; and
    - (ii) Ensure that information obtained from all these sources is documented and carefully considered.
  - (2) If a determination is made that a child has a disability and needs special education and related services, an IEP (*Individualized Education Program*) must be developed for the child in accordance with §§300.320 through 300.324.

# Additional Procedures for Identifying Children with Specific Learning Disabilities

## Section

### 300.307 Specific learning disabilities

- (a) *General.* The *MDE hereby* adopts, consistent with §300.309, *the following* criteria for determining whether a child has a specific learning disability as defined in §300.8(c)(10). *Public agencies*—
  - (1) *May* use a severe discrepancy between intellectual ability and achievement for determining whether a child has a specific learning disability, as defined in §300.8(c)(10);
  - (2) *May* use a process based on the child’s response to scientific, research-based intervention; and/or
  - (3) *May* use other alternative research-based procedures for determining whether a child has a specific learning disability, as defined in §300.8(c)(10).
  
- (b) *Consistency with State criteria.* A public agency must use the State criteria adopted pursuant to paragraph (a) of this section *and the eligibility criteria set forth in the Special Education Eligibility Criteria Guidelines (pages 301-306)* in determining whether a child has a specific learning disability.

**300.308 Additional group members**

The determination of whether a child suspected of having a specific learning disability is a child with a disability as defined in §300.8, must be made by the child's parents and a team of qualified professionals, which must include—

- (a) (1) The child's *general education* teacher; or
  - (2) If the child does not have a *general education* teacher, a *general education* classroom teacher qualified to teach a child of his or her age; or

- (ii) Intellectual disability;
  - (iii) Emotional disturbance;
  - (iv) Cultural factors;
  - (v) Environmental or economic disadvantage; or
  - (vi) Limited English proficiency.
- (b) To ensure that underachievement in a child suspected of having a specific learning disability is not due to a lack of appropriate instruction in reading or math, the group must consider, as part of the evaluation described in §§300.304 through 300.306—
- (1) Data that demonstrate that prior to, or as a part of, the referral process, the child was provided appropriate instruction in *general* education settings, delivered by qualified personnel; and
  - (2) Data-based documentation of repeated assessments of achievement at reasonable intervals, reflecting formal assessment of student progress during instruction, which was provided to the child’s parents.
- (c) The public agency must promptly request parental consent to evaluate the child to determine if the child needs special education and related services, and must adhere to the timeframes described in §§300.301 (*Initial Evaluations*) and 300.303 (*Reevaluations*), unless extended by mutual written agreement of the child’s parents and a group of qualified professionals as described in §300.306(a)(1) (*Determination of Eligibility*)—

- (b) The *multidisciplinary evaluation team*, in determining whether a child has a specific learning disability, must decide to—
  - (1) Use information from an observation in routine classroom instruction and monitoring of the child's performance that was done before the child was referred for an evaluation; or
  - (2) Have at least one member of the *multidisciplinary evaluation team* conduct an observation of the child's academic performance in the *general education* classroom after the child has been referred for an evaluation and parental consent consistent with §300.300(a) is obtained.
- (c) In the case of a child of less than school age or out of school, a group member must observe the child in an environment appropriate for a child of that age.

**300.311 Specific documentation for the eligibility determination**

- (a) For a child suspected of having a specific learning disability, the documentation of the determination of eligibility, as required in §300.306(a)(2) (*Determination of Eligibility*), must contain a statement of—
- (1) Whether the child has a specific learning disability;
  - (2) The basis for making the determination, including an assurance that the determination has been made in accordance with §300.306(c)(1) (*Procedures for Determining Eligibility and Educational Needs*);
  - (3) The relevant behavior, if any, noted during the observation of the child and the relationship of that behavior to the child’s academic functioning;
  - (4) The educationally relevant medical findings, if any;
  - (5) Whether—
    - (i) The child does not achieve adequately for the child’s age or to meet State-approved grade-level standards consistent with §300.309(a)(1) (*Determining the Existence of a Specific Learning Disability*); and
    - (ii) (A) The child does not make sufficient progress to meet age or State-approved grade-level standards consistent with

§300.309(a)(2)(i) (*Determining the Existence of a Specific Learning Disability*); or

(B) The child exhibits a pattern of strengths and weaknesses in performance, achievement, or both, relative to age, State-approved grade-level standards, or intellectual development consistent with §300.309(a)(2)(ii);

- (6) The determination of the group concerning the effects of a visual, hearing, or motor disability, intellectual disability, emotional disturbance, environmental or economic disadvantage, or limited English proficiency on the child's achievement level; and
- (7) If the child has participated in a process that assesses the child's response to scientific, research-based intervention—
  - (i) The instructional strategies used and the student-centered data collected; and
  - (ii) The documentation that the child's parents were notified about—
    - (A) *MDE*'s policies regarding the amount and nature of student performance data that would be collected and the general education services that would be provided;
    - (B) Strategies for increasing the child's rate of learning; and
    - (C) The parents' right to request an evaluation.

- (b) Each group member must certify in writing whether the report reflects the member's conclusions. If it does not reflect the member's conclusions, the

group member must submit a separate statement presenting the member's conclusions.

## **Individualized Education Programs**

  - (ii) For preschool children, as appropriate, how the disability affects the child's participation in appropriate activities;
- (2) (i) A statement of measurable annual goals, including academic and functional goals designed to—
  - (A) Meet the child's needs that result from the child's disability to enable the child to be involved in and make progress in the general education curriculum; and

- (b) *Transition services participants.*
- (1) In accordance with paragraph (a)(7) *above*, the public agency must invite a child with a disability to attend the child's IEP *committee* meeting if a purpose of the meeting will be the consideration of the postsecondary goals for the child and the transition services needed to assist the child in reaching those goals under §300.320(b).
  - (2) If the child does not attend the IEP *committee* meeting, the public agency must take other steps to ensure that the child's preferences and interests are considered.

- (3) To the extent appropriate, with the consent of parents or a child who has reached the age of majority, in implementing the requirements of paragraph (b)(1) *above*, the public agency must invite a representative of any participating agency that is likely to be responsible for providing or paying for transition services.
- (c) *Determination of knowledge and special expertise.* The determination of the knowledge or special expertise of any individual described in paragraph (a)(6) *above* must be made by the party (parents or public agency) who invited the individual to be a member of the IEP *committee*.
- (d) *Designating a public agency representative.* A public agency may designate a public agency member of the IEP *committee* to also serve as the agency representative, if the criteria in paragraph (a)(4) *above* are satisfied.
- (e) *IEP committee attendance.*
  - (1) A member of the IEP *committee* described in paragraphs (a)(2) through (a)(5) *above* is not required to attend an IEP *committee* meeting, in whole or in part, if the parent of a child with a disability and the public agency agree, in writing, that the attendance of the member is not necessary because the member's area of the curriculum or related services is not being modified or discussed in the meeting.
  - (2) A member of the IEP *committee* described in paragraph (e)(1) *above* may be excused from attending an IEP *committee* meeting, in whole or in part, when the meeting involves a modification to or discussion of the member's area of the curriculum or related services, if—

and
  - (ii) The member submits, in writing to the parent and the IEP *committee*, input into the development of the IEP prior to the meeting.
- (f) *Initial IEP committee, meeting for child under Part C of IDEA.* In the case of a child who was previously served under Part C of *IDEA (Infants and Toddlers with Disabilities)*, an invitation to the initial IEP *committee* meeting must, at the request of the parent, be sent to the Part C service coordinator or other representatives of the Part C system to assist with the smooth transition of services.

**300.322 Parent participation**

- (a) *Public agency responsibility – general.* Each public agency must take steps to ensure that one or both of the parents of a child with a disability are present at each IEP *committee* meeting or are afforded the opportunity to participate, including—
  - (1) Notifying parents early enough of the meeting to ensure that they will have an opportunity to attend; and
  - (2) Scheduling the meeting at a mutually agreed on time and place.
- (b) *Information provided to parents.*
  - (1) The notice required under paragraph (a)(1) *above* must—

- (i) Indicate the purpose, time, and location of the meeting and who will be in attendance *by name and position (substitutions by position for persons named to be in attendance are permitted)*; and
  - (ii) Inform the parents of provisions in §300.321(a)(6) and (c) (relating to the participation of other individuals on the IEP *committee* who have knowledge or special expertise about the child), and §300.321(f) (relating to the participation of *Part C* of IDEA service coordinator or other representatives of the Part C system at the initial IEP *committee* meeting for a child previously served under Part C of *IDEA*).
- (2) For a child with a disability beginning not later than the first IEP to be in effect when the child turns *fourteen (14)*, or younger if determined appropriate by the IEP *committee*, the notice also must—
- (i) Indicate—
    - (A) That a purpose of the meeting will be the consideration of the postsecondary goals and transition services for the child, in accordance with §300.320(b); and
    - (B) That the agency will invite the student; and
  - (ii) Identify any other agency that will be invited to send a representative.
- (c) *Other methods to ensure parent participation.* If neither parent can attend an IEP *committee* meeting, the public agency must use other methods to ensure parent participation, including *but not limited to* individual or conference

telephone calls, consistent with §300.328 (related to alternate means of meeting participation).

- (d) *Conducting an IEP **committee** meeting without a parent in attendance.* A meeting may be conducted without a parent in attendance if the public agency is unable to convince the parents that they should attend. In this case, the public agency must keep a record of its attempts to arrange a mutually agreed upon time and place, such as—
  - (1) Detailed records of telephone calls made or attempted and the results of those calls;
  - (2) Copies of correspondence sent to the parents and any responses received; and
  - (3) Detailed records of visits made to the parent’s home or place of employment and the results of those visits.
- (e) *Use of interpreters or other action as appropriate.* The public agency must take whatever action is necessary to ensure that the parent understands the proceedings of the IEP **committee** meeting, including arranging for an interpreter for parents with deafness or whose native language is other than English.
- (f) *Parent copy of child’s IEP.* The public agency must give the parent a copy of the child’s IEP at no cost to the parent.

**300.323 When IEPs must be in effect**

- (a) *General.* At the beginning of each school year, each public agency must have in effect, for each child with a disability within its jurisdiction, an IEP, as defined in §300.320.
- (b) *IEP or IFSP for children aged three (3) through five (5).*
  - (1) In the case of a child with a disability aged three (3) through five (5) *and* a two-year-old child with a disability who will turn age three (3) during the school year, the IEP *committee* must consider an IFSP that contains the IFSP content (including the natural environments statement) described in section 636(d) of *IDEA* and its implementing regulations (including an educational component that promotes school readiness and incorporates pre-literacy, language, and numeracy skills for children with IFSPs under this section who are at least three (3) years of age), and that is developed in accordance with the IEP procedures under this part. The IFSP may serve as the IEP of the child, if using the IFSP as the IEP is—
    - (i) Consistent with State policy; and
    - (ii) Agreed to by the agency and the child's parents.
  - (2) In *developing an IEP or IFSP for a child aged three (3) through five (5)*, the public agency must—
    - (i) Provide to the child's parents a detailed explanation of the differences between an IFSP and an IEP; and

- (ii) If the *agency and* parents choose an IFSP, *the agency must* obtain written informed consent from the parents.
- (c) *Initial IEPs; provision of services.* Each public agency must ensure that—
  - (1) A meeting to develop an IEP for a child is conducted within *thirty (30)* days of a determination that the child needs special education and related services; and
  - (2) Immediately, without delay, following development of the IEP, special education and related services are made available to the child in accordance with the child’s IEP.
- (d) *Accessibility of child’s IEP to teachers and others.* Each public agency must ensure that—
  - (1) The child’s IEP is accessible to each *general* education teacher, special education teacher, related services provider, and any other service provider who is responsible for its implementation; and
  - (2) Each teacher and provider described in paragraph (d)(1) *above* is informed of—
    - (i) His or her specific responsibilities related to implementing the child’s IEP; and
    - (ii) The specific accommodations, modifications and supports that must be provided for the child in accordance with the IEP.
- (e) *IEPs for children who transfer public agencies within Mississippi.* If a child with a disability (who had an IEP that was in effect in a previous public agency in *Mississippi*), transfers to a new public agency in the State and

enrolls in a new school within the same school year, the new public agency (in consultation with the parents) must provide FAPE to the child (including services comparable to those described in the child's IEP from the previous public agency), until the new public agency either—

- (1) Adopts the child's IEP from the previous public agency; or
- (2) Develops, adopts, and implements a new IEP that meets the applicable requirements in §§300.320 through 300.324.

(f) *IEPs for children who transfer from another State.* If a child with a disability (who had an IEP that was in effect in a previous public agency in another State) transfers to a public agency in *the* State, and enrolls in a new school within the same school year, the new public agency (in consultation with the parents) must provide the child with FAPE (including services comparable to those described in the child's IEP from the previous public agency), until the new public agency—

- (1) Conducts an evaluation pursuant to §§300.304 through 300.306 (if determined to be necessary by the new public agency); and
- (2) Develops, adopts, and implements a new IEP, if appropriate, that meets the applicable requirements in §§300.320 through 300.324.

(g) *Transmittal of records.* To facilitate the transition for a child described in paragraphs (e) and (f) *above*—

- (1) The new public agency in which the child enrolls must take reasonable steps to promptly obtain the child's records, including the IEP and supporting documents and any other records relating to the provision

of special education or related services to the child, from the previous public agency in which the child was enrolled, pursuant to 34 CFR section 99.31(a)(2) (*Requirements under FERPA*); and

- (2) The previous public agency in which the child was enrolled must take reasonable steps to promptly respond to the request from the new public agency.

## **Development of IEP**

### **300.324 Development, review, and revision of IEP**

(a) *Development of IEP—*

- (1) *General.* In developing each child's IEP, the IEP *committee* must consider—
  - (i) The strengths of the child;
  - (ii) The concerns of the parents for enhancing the education of their child;
  - (iii) The results of the initial or most recent evaluation of the child; and
  - (iv) The academic, developmental, and functional needs of the child.
- (2) *Consideration of special factors.* The IEP *committee—*
  - (i) In the case of a child whose behavior impedes the child's learning or that of others, *considers* the use of positive behavioral interventions and supports, and other strategies, to address that behavior;

- (ii) In the case of a child with limited English proficiency, considers the language needs of the child as those needs relate to the child's IEP;
  - (iii) In the case of a child who is blind or visually impaired, provides for instruction in Braille and the use of Braille unless the IEP *committee* determines, after an evaluation of the child's reading and writing skills, needs, and appropriate reading and writing media (including an evaluation of the child's future needs for instruction in Braille or the use of Braille), that instruction in Braille or the use of Braille is not appropriate for the child;
  - (iv) Considers the communication needs of the child, and in the case of a child who is deaf or hard of hearing, considers the child's language and communication needs, opportunities for direct communications with peers and professional personnel in the child's language and communication mode, academic level, and full range of needs, including opportunities for direct instruction in the child's language and communication mode; and
  - (v) Considers whether the child needs assistive technology devices and services.
- (3) *Requirement with respect to general education teacher.* A *general education teacher* of a child with a disability, as a member of the IEP *committee*, to the extent appropriate, participates in the development of the IEP of the child, including the determination of—

- (i) Appropriate positive behavioral interventions and supports and other strategies for the child; and
  - (ii) Supplementary aids and services, program modifications, and support for school personnel consistent with §300.320(a)(4).
- (4) *Agreement.*
  - (i) In making changes to a child's IEP after the annual IEP *committee* meeting for a school year, the parent of a child with a disability and the public agency may agree not to convene an IEP *committee* meeting for the purposes of making those changes, and instead may develop a written document to amend or modify the child's current IEP.
  - (ii) If changes are made to the child's IEP in accordance with paragraph (a)(4)(i) *above*, the public agency ensures that the child's IEP *committee* is informed of those changes.
- (5) *Consolidation of IEP committee meetings.* To the extent possible, the public agency *must* encourage the consolidation of reevaluation meetings for the child and other IEP *committee* meetings for the child.
- (6) *Amendments.* Changes to the IEP may be made either by the entire IEP *committee* at an IEP *committee* meeting, or as provided in paragraph (a)(4) *above*, by amending the IEP rather than by redrafting the entire IEP. Upon request, a parent must be provided with a revised copy of the IEP with the amendments incorporated.

(b) *Review and revision of IEPs—*

- (1) *General.* Each public agency ensures that, subject to paragraphs (b)(2), and (b)(3) *below*, the IEP *committee*—
    - (i) Reviews the child's IEP periodically, but not less than annually, to determine whether the annual goals for the child are being achieved; and
    - (ii) Revises the IEP, as appropriate, to address—
      - (A) Any lack of expected progress toward the annual goals described in §300.320(a)(2), and in the general education curriculum, if appropriate;
      - (B) The results of any reevaluation conducted under §300.303;
      - (C) Information about the child provided to, or by, the parents, as described under §300.305(a)(2);
      - (D) The child's anticipated needs; or
      - (E) Other matters.
  - (2) *Consideration of special factors.* In conducting a review of the child's IEP, the IEP *committee* considers the special factors described in paragraph (a)(2) *above*.
  - (3) *Requirement with respect to general education teacher.* A *general* education teacher of the child, as a member of the IEP *committee*, consistent with paragraph (a)(3) *above*, participates in the review and revision of the IEP of the child.
- (c) *Failure to meet transition objectives*—

- (1) *Participating agency failure.* If a participating agency, other than the public agency, fails to provide the transition services described in the IEP in accordance with §300.320(b), the public agency reconvenes the IEP *committee* to identify alternative strategies to meet the transition objectives for the child set out in the IEP.
  - (2) *Construction.* Nothing in this part relieves any participating agency, including a State vocational rehabilitation agency, of the responsibility to provide or pay for any transition service that the agency would otherwise provide to children with disabilities who meet the eligibility criteria of that agency.
- (d) *Children with disabilities in adult prisons—*
- (1) *Requirements that do not apply.* The following requirements do not apply to children with disabilities who are convicted as adults under State law and incarcerated in adult prisons—
    - (i) The requirements contained in section 612(a)(16) of *IDEA* and §300.320(a)(6) (relating to the participation of children with disabilities in general assessments).
    - (ii) The requirements in §300.320(b) (relating to transition planning and transition services) do not apply with respect to the children whose eligibility under Part B of *IDEA* will end, because of their age, before they will be eligible to be released from prison based on consideration of their sentence and eligibility for early release.
  - (2) *Modifications of IEP or placement.*

(i) Subject to paragraph (d)(2)(ii) *below*, the IEP *committee* of a child with a disability who is convicted as an adult under State law and incarcerated in an adult prison may modify the child's IEP or placement if the State has demonstrated a bona fide security or compelling penological interest that cannot otherwise be accommodated.

(ii) The requirements of §§300.320 (relating to IEPs), and 300.112 (relating to LRE), do not apply with respect to the modifications described in paragraph (d)(2)(i) *above*.

**300.325 Private school placements by public agencies**

(a) *Developing IEPs.*

- (1) Before a public agency places a child with a disability in, or refers a child to, a private school or facility, the agency initiates and conducts a meeting to develop an IEP for the child in accordance with §§300.320 and 300.324.
- (2) The agency ensures that a representative of the private school or facility attends the meeting. If the representative cannot attend, the agency must use other methods to ensure participation by the private school or facility, including individual or conference telephone calls.

(b) *Reviewing and revising IEPs.*

- (1) After a child with a disability enters a private school or facility, any meetings to review and revise the child's IEP may be initiated and conducted by the private school or facility at the discretion of the public agency.
  - (2) If the private school or facility initiates and conducts these meetings, the public agency must ensure that the parents and an agency representative—
    - (i) Are involved in any decision about the child's IEP; and
    - (ii) Agree to any proposed changes in the IEP before those changes are implemented.
- (c) *Responsibility.* Even if a private school or facility implements a child's IEP, responsibility for compliance with this part remains with the public agency and the *MDE*.

**300.326 (Reserved)**

**300.327 Educational placements**

Consistent with §300.501(c), each public agency ensures that the parents of each child with a disability are members of any group that makes decisions on the educational placement of their child.

**300.328 Alternative means of meeting participation**

When conducting IEP *committee* meetings and placement meetings pursuant to this subpart, and subpart E of this part, and carrying out administrative matters under section 615 of *IDEA* (such as scheduling, exchange of witness lists, and status conferences), the parent of a child with a disability and a public agency may agree to use alternative means of meeting participation, such as video conferences and conference calls.

## SUBPART E – PROCEDURAL SAFEGUARDS

### Due Process Procedures for Parents of Children

#### Section

#### **300.500 Responsibilities of Public Agencies**

Each public agency *must* establish, maintain, and implement procedural safeguards that meet the requirements of §§300.500 through 300.536.

#### **300.501 Opportunity to examine records; parent participation in meetings**

- (a) *Opportunity to examine records.* The parents of a child with a disability must be afforded, in accordance with the procedures of §§300.613 through 300.621, an opportunity to inspect and review all education records with respect to—
- (1) The identification, evaluation, and educational placement of the child;  
and
  - (2) The provision of FAPE to the child.
- (b) *Parent participation in meetings.*
- (1) The parents of a child with a disability must be afforded an opportunity to participate in meetings with respect to—
    - (i) The identification, evaluation, and educational placement of the child; and
    - (ii) The provision of FAPE to the child.

- (2) Each public agency must provide notice consistent with §300.322(a)(1) and (b)(1) to ensure that parents of children with disabilities have the opportunity to participate in meetings described in paragraph (b)(1) *above*.
- (3) A meeting does not include informal or unscheduled conversations involving public agency personnel and conversations on issues such as teaching methodology, lesson plans, or coordination of service provision. A meeting also does not include preparatory activities that public agency personnel engage in to develop a proposal or response to a parent proposal that will be discussed at a later meeting.

(c) *Parent involvement in placement decisions.*

- (1) Each public agency must ensure that a parent of each child with a disability is a member of any group that makes decisions on the educational placement of the parent's child.
- (2) In implementing the requirements of paragraph (c)(1) *above*, the public agency must use procedures consistent with the procedures described in §§300.322 (a) through (b)(1) (*Parent Participation*).
- (3) If neither parent can participate in a meeting in which a decision is to be made relating to the educational placement of their child, the public agency must use other methods to ensure their participation, including individual or conference telephone calls, or video conferencing.
- (4) A placement decision may be made by a group without the involvement of a parent, if the public agency is unable to obtain the

parent's participation in the decision. In this case, the public agency must have a record of its attempt to ensure their involvement.

### **300.502 Independent educational evaluation**

(a) *General.*

- (1) The parents of a child with a disability have the right under this part to obtain an independent educational evaluation of the child, subject to paragraphs (b) through (e) *below*.
- (2) Each public agency must provide to parents, upon request for an independent educational evaluation, information about where an independent educational evaluation may be obtained, and the agency criteria applicable for independent educational evaluations as set forth in paragraph (e) *below*.
- (3) For the purposes of this subpart—
  - (i) *Independent educational evaluation* means an evaluation conducted by a qualified examiner who is not employed by the public agency responsible for the education of the child in question; and
  - (ii) *Public expense* means that the public agency either pays for the full cost of the evaluation or ensures that the evaluation is otherwise provided at no cost to the parent, consistent with §300.103.

(b) *Parent right to evaluation at public expense.*

- (1) A parent has the right to an independent educational evaluation at public expense if the parent disagrees with an evaluation obtained by

the public agency, subject to the conditions in paragraphs (b)(2) through (4) *below*.

- (2) If a parent requests an independent educational evaluation at public expense, the public agency, without unnecessary delay, either—
  - (i) Files a due process complaint to request a hearing to show that its evaluation is appropriate; or
  - (ii) Ensures that an independent educational evaluation is provided at public expense, unless the agency demonstrates in a hearing pursuant to §§300.507 through 300.513 that the evaluation obtained by the parent did not meet agency criteria.
- (3) If the public agency files a due process complaint notice to request a hearing and the final decision is that the agency’s evaluation is appropriate, the parent still has the right to an independent educational evaluation, but not at public expense.
- (4) If a parent requests an independent educational evaluation, the public agency may ask for the parent’s reason why he or she objects to the public evaluation. However, the public agency may not require the parent to provide an explanation and may not unreasonably delay either providing the independent educational evaluation at public expense or filing a due process complaint to request a due process hearing to defend the public evaluation.

- (5) A parent is entitled to only one independent educational evaluation at public expense each time the public agency conducts an evaluation with which the parent disagrees.

(c) *Parent-initiated evaluations.*

If the parent obtains an independent educational evaluation at public expense or shares with the public agency an evaluation obtained at private expense, the results of the evaluation—

- (1) Must be considered by the public agency, if it meets agency criteria, in any decision made with respect to the provision of FAPE to the child; and
- (2) May be presented by any party as evidence at a hearing on a due process complaint subpart E *of the IDEA 2004 regulations* regarding that child.

(d) *Requests for evaluations by hearing officers.* If a hearing officer requests an independent educational evaluation as part of a hearing on a due process complaint, the cost of the evaluation must be at public expense.

(e) *Agency criteria.*

- (1) If an independent educational evaluation is at public expense, the criteria under which the evaluation is obtained, including the location of the evaluation and the qualifications of the examiner, must be the same as the criteria that the public agency uses when it initiates an evaluation, to the extent those criteria are consistent with the parent's right to an independent educational evaluation.

- (2) Except for the criteria described in paragraph (e)(1) *above*, a public agency may not impose conditions or timelines related to obtaining an independent educational evaluation at public expense.

**300.503 Prior notice by the public agency, content of notice**

- (a) *Notice.* Unless the parent waives the timeline, written notice that meets the requirements of paragraph (b) *below* must be given to parents of a child with a disability seven (7) calendar days before the public agency—
  - (1) Proposes to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child; or
  - (2) Refuses to initiate or change the identification, evaluation, or educational placement of the child or the provision of FAPE to the child.
- (b) *Content of notice.* The notice required under paragraph (a) *above* must include—
  - (1) A description of the action proposed or refused by the agency;
  - (2) An explanation of why the agency proposes or refuses to take the action;
  - (3) A description of each evaluation procedure, assessment, record, or report the agency used as a basis for the proposed or refused action;
  - (4) A statement that the parents of a child with a disability have protection under the procedural safeguards of this part and, if this notice is not an

initial referral for evaluation, the means by which a copy of a description of the procedural safeguards can be obtained;

- (5) Sources for parents to contact to obtain assistance in understanding the provisions of *IDEA and State policies and procedures (procedural safeguards)*;
- (6) A description of other options that the IEP *committee* considered and the reasons why those options were rejected; and
- (7) A description of other factors that are relevant to the agency's proposal or refusal.

(c) *Notice in understandable language.*

- (1) The notice required under paragraph (a) *above* must be—
  - (i) Written in language understandable to the general public; and
  - (ii) Provided in the native language of the parent or other mode of communication used by the parent unless it is clearly not feasible to do so.
- (2) If the native language or other mode of communication of the parent is not a written language, the public agency must take steps to ensure—
  - (i) That the notice is translated orally or by other means to the parent in his or her native language or other mode of communication;
  - (ii) That the parent understands the content of the notice; and
  - (iii) That there is written evidence that the requirements in paragraphs (c)(2)(i) and (ii) *above* have been met.

**300.504 Procedural safeguards notice**

- (a) *General.* A copy of the procedural safeguards available to the parents of a child with a disability must be given to the parents only one time a school year, except that a copy also must be given to the parent—
- (1) Upon initial referral or parent request for evaluation;
  - (2) Upon receipt of the first *formal* State complaint under §§300.151 through 300.153 and upon receipt of the first due process complaint under §300.507 in a school year;
  - (3) In accordance with the discipline procedures in §300.530(h); and
  - (4) Upon request by a parent.
- (b) *Internet Web site.* A public agency may place a current copy of the procedural safeguards notice on its Internet Web site if a Web site exists.
- (c) *Contents.* The procedural safeguards notice must include a full explanation of all of the procedural safeguards *required by the IDEA 2004 regulations as well as those* available under §300.148, §§300.151 through 300.153, §300.300, §§300.502 through 300.503, §§300.505 through 300.518, §300.520, §§300.530 through 300.536 and §§300.611 through 300.625 relating to—
- (1) Independent educational evaluations;
  - (2) Prior written notice;
  - (3) Parental consent;
  - (4) Access to education records;

- (5) Opportunity to present and resolve complaints through the due process complaint and *formal* State complaint procedures, including—
    - (i) The time period in which to file a complaint;
    - (ii) The opportunity for the agency to resolve the complaint; and
    - (iii) The difference between the due process complaint and the *formal* State complaint procedures, including the jurisdiction of each procedure, what issues may be raised, filing and decisional timelines, and relevant procedures;
  - (6) The availability of mediation;
  - (7) The child's placement during the pendency of any due process complaint;
  - (8) Procedures for students who are subject to placement in an interim alternative educational setting;
  - (9) Requirements for unilateral placement by parents of children in private schools at public expense;
  - (10) Hearings on due process complaints, including requirements for disclosure of evaluation results and recommendations;
  - (11) Civil actions, including the time period in which to file those actions; and
  - (12) Attorneys' fees.
- (d) *Notice in understandable language.* The notice required under paragraph (a) *above* must meet the requirements of §300.503(c).

**300.505 Electronic mail**

A parent of a child with a disability may elect to receive notices required by §§300.503, 300.504, and 300.508 by an electronic mail communication, if the public agency makes that option available.

**300.506 Mediation**

- (a) *General.* Each public agency must ensure that procedures are established and implemented to allow parties to disputes involving any matter under this part, including matters arising prior to the filing of a due process complaint, to resolve disputes through a mediation process.
- (b) *Requirements.* The procedures meet the following requirements—
  - (1) The procedures ensure that the mediation process—
    - (i) Is voluntary on the part of the parties;
    - (ii) Is not used to deny or delay a parent’s right to a hearing on the parent’s due process complaint, or to deny any other rights afforded under Part B of *IDEA*; and
    - (iii) Is conducted by a qualified and impartial mediator who is trained in effective mediation techniques.
  - (2) A public agency may establish procedures to offer to parents and schools that choose not to use the mediation process, an opportunity to meet, at a time and location convenient to the parents, with a disinterested party—

- (i) Who is under contract with an appropriate alternative dispute resolution entity, or a parent training and information center or community parent resource center in the State established under section 671 or 672 of *IDEA*; and
  - (ii) Who would explain the benefits of, and encourage the use of, the mediation process to the parents.
- (3)

  - (3) Except where the parties have jointly agreed to waive the resolution process or to use mediation, notwithstanding paragraphs (b)(1) and (2) *above*, the failure of the parent filing a due process complaint to participate in the resolution meeting will delay the timelines for the resolution process and due process hearing until the meeting is held.
  - (4) If the LEA is unable to obtain the participation of the parent in the resolution meeting after reasonable efforts have been made (and documented using the procedures in §300.322(d)), the LEA may, at

the conclusion of the *thirty* (30) day period, request that a hearing officer dismiss the parent's due process complaint.

- (5) If the LEA fails to hold the resolution meeting specified in paragraph (a) *above* within *fifteen* (15) days of receiving notice of a parent's due process complaint or fails to participate in the resolution meeting, the parent may seek the intervention of a hearing officer to begin the due process hearing timeline.

(c) *Additional authority for disciplinary changes of placement.* For disciplinary changes in placement that would exceed **ten (10)** consecutive school days, if the behavior that gave rise to the violation of the school code is determined not to be a manifestation of the child's disability pursuant to paragraph (e) **below**, school personnel may apply the relevant disciplinary procedures to children with disabilities in the same manner and for the same duration as the procedures would be applied to children without disabilities, except as provided in paragraph (d) **below**.

(d) *Services.*

- (1) A child with a disability who is removed from the child's current placement, pursuant to paragraphs (c) **above** or (g) **below** must—
- (i) Continue to receive educational services, as provided in §300.101(a), so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP; and
  - (ii) Receive, as appropriate, a functional behavioral assessment (FBA), and behavioral intervention services, and modifications, that are designed to address the behavior violation **to prevent said behavior from recurring**.

*a. An FBA is an assessment utilized to evaluate a child's behavior and determine the purpose or function of that behavior. The result of an FBA must lead to the development/modification and implementation of a behavior intervention plan.*

*The FBA must include all of the following:*

- 1. Clear description of the problematic behavior;*
- 2. Identification of the antecedent events, times, and situations that predict when the problem behavior will and will not occur;*
- 3. Identification of the consequences of the problem behavior;*
- 4. Development of hypotheses and summary statements that describe the problem behavior and its functions; and*
- 5. Collection of data from a variety of sources: interviews, direct observation data, etc.*

*b. A behavior intervention plan (BIP) must use the information gathered from the FBA to develop a concrete plan of action for improving a student's behavior. A BIP focuses on redesigning the environment and building new skills that make the problem behavior irrelevant, inefficient, and ineffective in the environment. The BIP is not to control the student but to enable the student to be successful in his/her environment. All of the following must be included in a BIP:*

- 1. Observable and measurable description of the problem behavior;*
- 2. Identified purpose of the problem behavior as a result of the FBA;*

*3. General strategy or combination of strategies for changing the problem behavior;*

*4. Written description of when, where, and how often the strategy will be implemented; and*

*5. Consistent system for monitoring and evaluating the effectiveness of the plan.*

- (2) The services required by paragraph (d)(1) *above*, (d)(3), (d)(4), and (d)(5) *below* may be provided in an interim alternative educational setting.
- (3) A public agency is only required to provide services during periods of removal to a child with a disability who has been removed from his or her current placement for *ten (10)* school days or less in that school year, if it provides services to a child without disabilities who is similarly removed.
- (4) After a child with a disability has been removed from his or her current placement for *ten (10)* school days in the same school year, if the current removal is not for more than *ten (10)* consecutive school days and is not a change of placement under §300.536, school personnel, in consultation with at least one of the child's teachers, determine the extent to which services are needed, as provided in §300.101(a), so as to enable the child to continue to participate in the general education curriculum, although in another setting, and to progress toward meeting the goals set out in the child's IEP.

(5) If the removal is a change of placement under §300.536, the child's IEP *committee* determines appropriate services under paragraph (d)(1) *above*.

(e) *Manifestation determination.*

(1) Within *ten* (10) school days of any decision to change the placement of a child with a disability because of a violation of a code of student conduct, the LEA, the parent, and relevant members of the child's IEP *committee* (as determined by the parent and the LEA) must review all relevant information in the student's file, including the child's IEP, any teacher observations, and any relevant information provided by the parents to determine—

(i) If the conduct in question was caused by, or had a direct and substantial relationship to, the child's disability; or

(ii) If the conduct in question was the direct result of the LEA's failure to implement the IEP.

(2) The conduct must be determined to be a manifestation of the child's disability if the LEA, the parent, and relevant members of the child's IEP *committee* determine that a condition in either paragraph (e)(1)(i) or (1)(ii) *above* was met.

(3) If the LEA, the parent, and relevant members of the child's IEP *committee* determine the condition described in paragraph (e)(1)(ii) *above* was met, the LEA must take immediate steps to remedy those deficiencies.

- (f) *Determination that behavior was a manifestation.* If the LEA, the parent, and relevant members of the IEP *committee* make the determination that the conduct was a manifestation of the child's disability, the IEP *committee* must—
- (1) Either—
    - (i) Conduct a functional behavioral assessment, unless the LEA had conducted a functional behavior assessment before the behavior that resulted in the change of placement occurred, and implement a behavioral intervention plan for the child as required by paragraph (d)(1)(a) and (b) *above*; or
    - (ii) If a behavioral intervention plan already has been developed, review the behavioral intervention plan, and modify it, as necessary, to address the behavior; and
  - (2) Except as provided in paragraph (g) *below*, return the child to the placement from which the child was removed, unless the parent and the LEA agree to a change of placement as part of the modification of the behavioral intervention plan.
- (g) *Special circumstances.* School personnel may remove a student to an interim alternative educational setting for not more than *forty-five (45)* school days without regard to whether the behavior is determined to be a manifestation of the child's disability, if the child—

- (1) Carries a weapon to or possesses a weapon at school, on school premises, or to or at a school function under the jurisdiction of *the* LEA;
  - (2) Knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of *the* LEA; or
  - (3) Has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of *the* LEA.
- (h) *Notification.* On the date on which the decision is made to make a removal that constitutes a change of placement of a child with a disability because of a violation of a code of student conduct, the LEA must notify the parents of that decision, and provide the parents the procedural safeguards notice described in §300.504.
- (i) *Definitions.* For the purposes of this section, the following definitions apply—
- (1) *Controlled substance* means a drug or other substance identified under schedules I, II, III, IV, or V in section 202(c) of the Controlled Substances Act [21 U.S.C. 812(c)].
  - (2) *Illegal drug* means a controlled substance; but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-care professional or that is legally

possessed or used under any other authority under *the Controlled Substances* Act or under any other provision of federal law.

- (3) *Serious bodily injury is defined in* paragraph (3) of subsection (h) of section 1365 of title 18, United States Code.
- (4) *Weapon is defined in* paragraph (2) of the first subsection (g) of section 930 of title 18, United States Code.

### **300.531 Determination of setting**

The child's IEP *committee* determines the interim alternative educational setting for services under §300.530(c), (d)(5), and (g).

### **300.532 Appeal**

- (a) *General.* The parent of a child with a disability who disagrees with any decision regarding placement under §§300.530 and 300.531, or the manifestation determination under §300.530(e), or an LEA that believes that maintaining the current placement of the child is substantially likely to result in injury to the child or others, may appeal the decision by requesting a hearing. The hearing is requested by filing a complaint pursuant to §§300.507 and 300.508(a) and (b).
- (b) *Authority of hearing officer.*
  - (1) A hearing officer under §300.511 hears, and makes a determination regarding an appeal under paragraph (a) *above*.

- (2) In making the determination under paragraph (b)(1) *above*, the hearing officer may—
    - (i) Return the child with a disability to the placement from which the child was removed if the hearing officer determines that the removal was a violation of §300.530 or that the child’s behavior was a manifestation of the child’s disability; or
    - (ii) Order a change of placement of the child with a disability to an appropriate interim alternative educational setting for not more than *forty-five* (45) school days if the hearing officer determines that maintaining the current placement of the child is substantially likely to result in injury to the child or to others.
  - (3) The procedures under paragraphs (a) and (b)(1) and (2) *above* may be repeated, if the LEA believes that returning the child to the original placement is substantially likely to result in injury to the child or to others.
- (c) *Expedited due process hearing.*
- (1) Whenever a hearing is requested under paragraph (a) *above*, the parents or the LEA involved in the dispute must have an opportunity for an impartial due process hearing, consistent with the requirements of §§300.507 and 300.508(a) through (c) and §§300.510 through 300.514, except as provided in paragraph (c)(2) through (4) *below*.
  - (2) The *MDE* is responsible for arranging the expedited due process hearing, which must occur within *twenty* (20) school days of the date

the complaint requesting the hearing is filed. The hearing officer must make a determination within *ten (10)* school days after the hearing.

- (3) Unless the parents and LEA agree in writing to waive the resolution meeting described in paragraph (c)(3)(i) *below*, or agree to use the mediation process described in §300.506—

- (i) A resolution meeting must occur within seven (*7*) days of receiving notice of the due process complaint; and

- (ii) The due process hearing may proceed unless the matter has been resolved to the satisfaction of both parties within *fifteen (15)* days of the receipt of the due process complaint.

- (4) (*Omitted*)

- (5) The decisions on expedited due process hearings are appealable consistent with §300.514.

### **300.533 Placement during appeals**

When an appeal under §300.532 has been made by either the parent or the LEA, the child must remain in the interim alternative educational setting pending the decision of the hearing officer or until the expiration of the time period specified in §300.530(c) or (g), whichever occurs first, unless the parent and the *MDE* or LEA agree otherwise.

**300.534 Protections for children not determined eligible for special education and related services**

- (a) *General.* A child who has not been determined to be eligible for special education and related services under this part and who has engaged in behavior that violated a code of student conduct, may assert any of the protections provided for in this part if the public agency had knowledge (as determined in accordance with paragraph (b) *below*) that the child was a child with a disability before the behavior that precipitated the disciplinary action occurred.
- (b) *Basis of knowledge.* A public agency must be deemed to have knowledge that a child is a child with a disability if before the behavior that precipitated the disciplinary action occurred—
- (1) The parent of the child expressed concern in writing to supervisory or administrative personnel of the appropriate educational agency, or a teacher of the child, that the child is in need of special education and related services;
  - (2) The parent of the child requested an evaluation of the child pursuant to §§300.300 through 300.311; or
  - (3) The teacher of the child, or other personnel of the LEA, expressed specific concerns about a pattern of behavior demonstrated by the child directly to the director of special education of the agency or to other supervisory personnel of the agency.

(c) *Exception.* A public agency would not be deemed to have knowledge under paragraph (b) *above* if—

- (1) The parent of the child—
  - (i) Has not allowed an evaluation of the child pursuant to §§300.300 through 300.311; or
  - (ii) Has refused services under this part; or
- (2) The child has been evaluated in accordance with §§300.300 through 300.311 and determined to not be a child with a disability under this part.

(d) *Conditions that apply if no basis of knowledge.*

- (1) If a public agency does not have knowledge that a child is a child with a disability (in accordance with paragraphs (b) and (c) *above*) prior to taking disciplinary measures against the child, the child may be subjected to the disciplinary measures applied to children without disabilities who engage in comparable behaviors consistent with paragraph (d)(2) *below*.
- (2)
  - (i) If a request is made for an evaluation of a child during the time period in which the child is subjected to disciplinary measures under §300.530, the evaluation must be conducted in an expedited manner.
  - (ii) Until the evaluation is completed, the child remains in the educational placement determined by school authorities, which can include suspension or expulsion without educational services.

(iii) If the child is determined to be a child with a disability, taking into consideration information from the evaluation conducted by the agency and information provided by the parents, the agency must provide special education and related services in accordance with this part, including the requirements of §§300.530 through 300.536 and section 612(a)(1)(A) of *IDEA*.

**300.535 Referral to and action by law enforcement and judicial authorities**

- (a) *Rule of construction.* Nothing in this part prohibits an agency from reporting a crime committed by a child with a disability to appropriate authorities or prevents State law enforcement and judicial authorities from exercising their responsibilities with regard to the application of federal and State law to crimes committed by a child with a disability.
- (b) *Transmittal of records.*
- (1) An agency reporting a crime committed by a child with a disability must ensure that copies of the special education and disciplinary records of the child are transmitted for consideration by the appropriate authorities to whom the agency reports the crime.
  - (2) An agency reporting a crime under this section may transmit copies of the child's special education and disciplinary records only to the extent that such transmission is permitted by the Family Educational Rights and Privacy Act.

**300.536 Change of placement because of disciplinary removals**

- (a) For purposes of removals of a child with a disability from the child's current educational placement, under §§300.530 through 300.535, a change of placement occurs if—
- (1) The removal is for more than *ten* (10) consecutive school days; or
  - (2) The child has been subjected to a series of removals that constitute a pattern—
    - (i) Because the series of removals total more than *ten* (10) school days in a school year;
    - (ii) Because the child's behavior is substantially similar to the child's behavior in previous incidents that resulted in the series of removals; and
    - (iii) Because of such additional factors as the length of each removal, the total amount of time the child has been removed, and the proximity of the removals to one another.
- (b) (1) The public agency determines on a case-by-case basis whether a pattern of removals constitutes a change of placement.
- (2) This determination is subject to review through due process and judicial proceedings.

  - (1) *The MDE* collects valid and reliable information as needed to report annually to the Secretary on the indicators established by the Secretary for the *SPP*.
  - (2) If the Secretary permits States to collect data on specific indicators through State monitoring or sampling, and the State collects the data

through State monitoring or sampling, the *MDE will* collect data on those indicators for each LEA at least once during the period of the *SPP*.

- (3) Nothing in Part B of *IDEA* must be construed to authorize the development of a nationwide database of personally identifiable information on individuals involved in studies or other collections of data under Part B of *IDEA*.

### **300.602 State use of targets and reporting**

- (a) *General.* *The MDE* uses the targets established in *the SPP* under §300.601 and the priority areas described in §300.600(d) to analyze the performance of each LEA.
- (b) *Public reporting and privacy—*
  - (1) *Public report.*
    - (i) Subject to paragraph (b)(1)(ii) *below*, the *MDE—*
      - (A) Reports annually to the public on the performance of each LEA located in *Mississippi* on the targets in the State performance plan as soon as practicable but no later than 120 days following *Mississippi's* submission of its annual performance report to the Secretary under paragraph (b)(2) of this section; and
      - (B) Makes each of the following items available through public means: *Mississippi's* performance plan, under §300.601(a); annual performance reports, under paragraph (b)(2) of this section; and

*Mississippi's* annual reports on the performance of each LEA located in the State, under paragraph (b)(1)(i)(A) of this section. In doing so, *Mississippi* posts the plan and reports on *MDE's* website, and distributes the plan and reports to the media and through public agencies.

(ii) If the *MDE*, in meeting the requirements of paragraph (b)(1)(i) *above*, collects performance data through State monitoring or sampling, the *MDE will* include in its report under paragraph (b)(1)(i)(A) *above* the most recently available performance data on each LEA, and the date the data were obtained.

- (2) *State performance report.* *The MDE* must report annually to the Secretary on the performance of the State under the *SPP*.
- (3) *Privacy.* *The MDE* must not report to the public or the Secretary any information on performance that would result in the disclosure of personally identifiable information about individual children or where the available data are insufficient to yield statistically reliable information.

**300.603** (Omitted)

**300.604 (Omitted)** **300.605** (Omitted)

**300.606** **Public Attention**

Whenever *Mississippi* receives notice that the Secretary is proposing to take or is taking an enforcement action pursuant to *34 CFR* §300.604, *the MDE will*, by means of a public notice, take such actions as may be necessary to notify the public within *Mississippi* of the pendency of an action pursuant to *34 CFR* §300.604, including, at a minimum, by posting the notice on the *MDE's* website and distributing the notice to the media and through public agencies.

- (c) *LEA high cost fund.*
- (1) In general—
- (i) For the purpose of assisting LEAs (including a charter school that is an LEA or a consortium of LEAs) in addressing the needs of high need children with disabilities, *the* State has the option to reserve for each fiscal year *ten* (10) percent of the amount of funds the *MDE* reserves for other State-level activities under paragraph (b)(1) *above*—
- (A) To finance and make disbursements from the high cost fund to LEAs in accordance with paragraph (c) during the first and succeeding fiscal years of the high cost fund; and
- (B) To support innovative and effective ways of cost sharing by the *MDE*, by an LEA, or among a consortium of LEAs, as determined by the *MDE* in coordination with representatives from LEAs, subject to paragraph (c)(2)(ii) *below*.
- (ii) For purposes of paragraph (c), *LEA* includes a charter school that is an LEA, or a consortium of LEAs.
- (2) (i) *The MDE* must not use any of the funds reserved pursuant to paragraph (c)(1)(i) *above*, which are solely for disbursement to LEAs, for costs associated with establishing, supporting, and otherwise administering the fund. The *MDE* may use funds reserved under paragraph (a) *above* for those administrative costs.
- (ii) *The MDE* must not use more than *five* (5) percent of the funds reserved pursuant to paragraph (c)(1)(i) *above* for each fiscal year to

support innovative and effective ways of cost sharing among consortia of LEAs.

- (3) (i) The *MDE* must develop, not later than *ninety (90)* days after reserved funds under paragraph (c)(1)(i) *above*, annually review, and amend as necessary, *the State's* plan for the high cost fund. *The* State plan must—
  - (A) Establish, in consultation and coordination with representatives from LEAs, a definition of a high need child with a disability that, at a minimum—
    - (1) Addresses the financial impact a high need child with a disability has on the budget of the child's LEA; and
    - (2) Ensures that the cost of the high need child with a disability is greater than *three (3)* times the average per pupil expenditure (as defined in section 9101 of the ESEA) in *the* State;
  - (B) Establish eligibility criteria for the participation of an LEA that, at a minimum, take into account the number and percentage of high need children with disabilities served by an LEA;
  - (C) Establish criteria to ensure that placements supported by the fund are consistent with the requirements of §§300.114 through 300.118;
  - (D) Develop a funding mechanism that provides distributions each fiscal year to LEAs that meet the criteria developed by the *MDE* under paragraph(c)(3)(i)(B) *above*;

- (E) Establish an annual schedule by which the *MDE* must make its distributions from the high cost fund each fiscal year; and
- (F) If the *MDE* elects to reserve funds for supporting innovative and effective ways of cost sharing under paragraph (c)(1)(i)(B) *above*, describe how these funds will be used.
- (ii) The *MDE* must make its final State plan available to the public not less than *thirty* (30) days before the beginning of the school year, including dissemination of such information on *MDE's* website.
- (4) (i) *The MDE* must make all annual disbursements from the high cost fund established under paragraph (c)(1)(i) *above* in accordance with the State plan published pursuant to paragraph (c)(3) *above*.
- (ii) The costs associated with educating a high need child with a disability, as defined under paragraph (c)(3)(i)(A) *above*, are only those costs associated with providing direct special education and related services to the child that are identified in that child's IEP, including the cost of room and board for a residential placement determined necessary, consistent with §300.114, to implement a child's IEP.
- (iii) The funds in the high cost fund remain under the control of the *MDE* until disbursed to an LEA to support a specific child who qualifies under the State plan for the high cost funds or distributed to LEAs, consistent with paragraph (c)(9) *below*.

- (5) The disbursements under paragraph (c)(4) *above* must not be used to support legal fees, court costs, or other costs associated with a cause of action brought on behalf of a child with a disability to ensure FAPE for such child.
- (6) Nothing in paragraph (c) of this section —
  - (i) Limits or conditions the right of a child with a disability who is assisted under Part B of *IDEA* to receive FAPE pursuant to section 612(a)(1) of *IDEA* in the least restrictive environment pursuant to section 612(a)(5) of *IDEA*; or
  - (ii) Authorizes *the MDE* or LEA to establish a limit on what may be spent on the education of a child with a disability.
- (7) Notwithstanding the provisions of paragraphs (c)(1) through (6) *above*, *the MDE* may use funds reserved pursuant to paragraph (c)(1)(i) *above* for implementing a placement neutral cost sharing and reimbursement program of high need, low incidence, catastrophic, or extraordinary aid to LEAs that provides services to high need children based on eligibility criteria for such programs that were created not later than January 1, 2004, and are currently in operation, if such program serves children that meet the requirement of the definition of a high need child with a disability as described in paragraph (c)(3)(i)(A) *above*.
- (8) Disbursements provided under paragraph (c) must not be used to pay costs that otherwise would be reimbursed as medical assistance for a

child with a disability under the State Medicaid program under Title XIX of the Social Security Act.

- (9) Funds reserved under paragraph (c)(1)(i) *above* from the appropriation for any fiscal year, but not expended pursuant to paragraph (c)(4) *above* before the beginning of their last year of availability for obligation, must be allocated to LEAs in the same manner as other funds from the appropriation for that fiscal year are allocated to LEAs under §300.705 during their final year of availability.
- (d) Inapplicability of certain prohibitions. *The MDE* may use funds reserved under paragraphs (a) and (b) *above* without regard to—
  - (1) The prohibition on commingling of funds in §300.162(b).
  - (2) The prohibition on supplanting other funds in §300.162(c).
- (e) Special rule for increasing funds. *The MDE* may use funds reserved under paragraph (a)(1) *above* as a result of inflationary increases under paragraph (a)(2) *above* to carry out activities authorized under paragraph(b)(4)(i), (iii), (vii), or (viii) *above*.
- (f) Flexibility in using funds for Part C. *As a* State eligible to receive a grant under section 619 of *IDEA, the MDE* may use funds made available under paragraph (a)(1) *above*, §300.705(c), or §300.814(e) to develop and implement a State policy jointly with the lead agency under Part C of *IDEA* and the *MDE* to provide early intervention services (which must include an educational component that promotes school readiness and incorporates preliteracy, language, and numeracy skills) in accordance with Part C of

*IDEA* to children with disabilities who are eligible for services under section 619 of *IDEA* and who previously received services under Part C of *IDEA* until the children enter, or are eligible under State law to enter, kindergarten, or elementary school as appropriate.

**300.705 Subgrants to LEAs**

- (a) *Subgrants required.* *When Mississippi* receives a grant under section 611 of *IDEA* for any fiscal year, *the MDE* distributes any funds not reserved under §300.704 to LEAs (including public charter schools that operate as LEAs) in the State that have established their eligibility under section 613 of *IDEA* for use in accordance with Part B of *IDEA*. Effective with funds that become available on July 1, 2009, *Mississippi will* distribute funds to eligible LEAs, including public charter schools that operate as LEAs, even if the LEA is not serving any children with disabilities.
- (b) *Allocations to LEAs.* For each fiscal year for which funds are allocated to the State under *34 CFR* §300.703, the *MDE* allocates the funds as follows—
- (1) *Base payments.* The *MDE* first awards each LEA, described in paragraph (a) *above* the amount the LEA would have received under section 611 of *IDEA* for fiscal year 1999, *since* the *MDE* distributed *seventy-five (75)* percent of its grant for that year under section 611(d) of *IDEA* as that section was then in effect.
  - (2) *Base payment adjustments.* For any fiscal year after 1999—

- (i) If a new LEA is created, the *MDE* divides the base allocation determined under paragraph (b)(1) *above* for the LEAs that would have been responsible for serving children with disabilities now being served by the new LEA, among the new LEA and affected LEAs based on the relative numbers of children with disabilities ages *three (3)* through *twenty (20)*, or ages *six (6)* through *twenty (20)* if *Mississippi* has had its payment reduced under *34 CFR* §300.703(b), currently provided special education by each of the LEAs;
- (ii) If one or more LEAs are combined into a single new LEA, the *MDE will* combine the base allocations of the merged LEAs; and
- (iii) If, for two *(2)* or more LEAs, geographic boundaries or administrative responsibility for providing services to children with disabilities ages *three (3)* through *twenty (20)* change, the base allocations of affected LEAs must be redistributed among affected LEAs based on the relative numbers of children with disabilities ages *three (3)* through *twenty (20)*, or ages *six (6)* through *twenty (20)* if *Mississippi* has had its payment reduced under *34 CFR* §300.703(b), currently provided special education by each affected LEA.
- (iv) If an LEA received a base payment of zero in its first year of operation, the *MDE* adjusts the base payment for the first fiscal year after the first annual child count in which the LEA reports that it is serving any children with disabilities. The *MDE will* divide the base allocation determined under paragraph (b)(1) of this section for the

LEAs that would have been responsible for serving children with disabilities now being served by the LEA, among the LEA and affected LEAs based on the relative number of children with disabilities ages *three* (3) through *twenty* (20), or *six* (6) through *twenty* (20) currently provided special education by each of the LEAs. This requirement takes effect with funds that become available on July 1, 2009.

- (3) *Allocation of remaining funds.* After making allocations under paragraph (b)(1) *above*, as adjusted by paragraph (b)(2) *above*, *MDE*—
- (i) Allocates *eighty-five* (85) percent of any remaining funds to those LEAs on the basis of the relative numbers of children enrolled in public and private elementary and secondary schools within the LEA’s jurisdiction; and
  - (ii) Allocates *fifteen* (15) percent of those remaining funds to LEAs in accordance with their relative numbers of children living in poverty, as determined by *MDE*.

(c) *Reallocation of LEA funds.*

- (1) If *the MDE* determines that an LEA is adequately providing FAPE to all children with disabilities residing in the area served by that agency with State and local funds, the *MDE* may reallocate any portion of the funds under this part that are not needed by that LEA to provide FAPE to other LEAs in *Mississippi* that are not adequately

providing special education and related services to all children with disabilities residing in the areas served by those other LEAs. The *MDE* may also retain those funds for use at the State level to the extent the State has not reserved the maximum amount of funds it is permitted to reserve for State-level activities pursuant to §300.704.

- (2) After *the MDE* distributes funds under this part to an eligible LEA that is not serving any children with disabilities, as provided in paragraph (a) of this section, the *MDE* may reallocate any of those funds not obligated by the LEA to other LEAs in *Mississippi* that are not adequately providing special education and related services to all children with disabilities residing in the areas served by those other LEAs. The *MDE* may also retain those funds for use at the State level to the extent the State has not reserved the maximum amount of funds it is permitted to reserve for State-level activities pursuant to §300.704.

**300.810        Decrease in funds**

If the amount available for allocations to States under §300.807 for a fiscal year is less than the amount allocated to the States under section 619 of *IDEA* for the preceding fiscal year, those allocations are calculated as follows—

- (a) If the amount available for allocations is greater than the amount allocated to the States for fiscal year 1997, each State is allocated the sum of—
  - (1) The amount the State received under section 619 of *IDEA* for fiscal year 1997; and
  - (2) An amount that bears the same relation to any remaining funds as the increase the State received under section 619 of *IDEA* for the preceding fiscal year over fiscal year 1997 bears to the total of all such increases for all States.
  
- (b) If the amount available for allocations is equal to or less than the amount allocated to the States for fiscal year 1997, each State is allocated the amount the State received for fiscal year 1997, ratably reduced, if necessary.

**300. 811        (Reserved)**

**300.812        Reservation for State activities**

- (a) *Mississippi* may reserve not more than the amount described in paragraph
- (b) of this section for administration and other State-level activities in accordance with §§300.813 and 300.814.

- (b) For each fiscal year, the Secretary determines and reports to the *MDE* an amount that is *twenty-five (25)* percent of the amount the State received under section 619 of *IDEA* for fiscal year 1997, cumulatively adjusted by the Secretary for each succeeding fiscal year by the lesser of—
- (1) The percentage increase, if any, from the preceding fiscal year in the State's allocation under section 619 of *IDEA*; or
  - (2) The rate of inflation, as measured by the percentage increase, if any, from the preceding fiscal year in the Consumer Price Index For All Urban Consumers, published by the Bureau of Labor Statistics of the Department of Labor.

**300.813 State Administration**

- (a) For the purposes of administering section 619 of *IDEA* (including the coordination of activities under Part B of *IDEA* with, and providing technical assistance to, other programs that provide services to children with disabilities), *the* State may use not more than *twenty (20)* percent of the maximum amount the State may reserve under §300.812 for any fiscal year.
- (b) Funds described in paragraph (a) of this section may also be used for the administration of Part C of *IDEA*.

**300.814 Other State-level activities**

*Mississippi* must use any funds the State reserves under §300.812 and does not use for administration under §300.813—

- (a) For support services (including establishing and implementing the mediation process required by section 615(e) of *IDEA*), which may benefit children with disabilities younger than three (3) or older than five (5) as long as those services also benefit children with disabilities aged three (3) through five (5);
- (b) For direct services for children eligible for services under section 619 of *IDEA*;
- (c) For activities at the State and local levels to meet the performance goals established by the State under section 612(a)(15) of *IDEA*;
- (d) To supplement other funds used to develop and implement a statewide coordinated services system designed to improve results for children and families, including children with disabilities and their families, but not more than one (1) percent of the amount received by the State under section 619 of *IDEA* for a fiscal year;
- (e) To provide early intervention services (which must include an educational component that promotes school readiness and incorporates preliteracy, language, and numeracy skills) in accordance with Part C of *IDEA* to children with disabilities who are eligible for services under section 619 of

*IDEA* and who previously received services under Part C of *IDEA* until such children enter, or are eligible under State law to enter, kindergarten; or

- (f) At the State's discretion, to continue service coordination or case management for families who receive services under Part C of *IDEA* consistent with §300.814(e).

### **300.815 Subgrants to LEAs**

Each State that receives a grant under section 619 of the Act for any fiscal year must distribute all of the grant funds the State does not reserve under § 300.812 to LEAs (including public charter schools that operate as LEAs) in the State that have established their eligibility under section 613 of the Act. Effective with funds that become available on July 1, 2009, each State must distribute funds to eligible LEAs that are responsible for providing education to children aged three through five years, including public charter schools that operate as LEAs, even if the LEA is not serving any preschool children with disabilities.

### **300.816 Allocations to LEAs**

- (a) *Base payments.* The State must first award each LEA described in §300.815 the amount that agency would have received under section 619 of *IDEA* for fiscal year 1997 if the State had distributed *seventy-five (75)* percent of its grant for that year under section 619(c)(3), as such section was then in effect.

- (b) *Base payment adjustments.* For fiscal year 1998 and beyond—
- (1) If a new LEA is created, the State must divide the base allocation determined under paragraph (a) of this section for the LEAs that would have been responsible for serving children with disabilities now being served by the new LEA, among the new LEA and affected LEAs based on the relative numbers of children with disabilities ages three (3) through five (5) currently provided special education by each of the LEAs;
  - (2) If one or more LEAs are combined into a single a new LEA, the State must combine the base allocations of the merged LEAs; and
  - (3) If for two or more LEAs, geographic boundaries or administrative responsibility for providing services to children with disabilities ages three (3) through five (5) changes, the base allocations of affected LEAs must be redistributed among affected LEAs based on the relative numbers of children with disabilities ages three (3) through five (5) currently provided special education by each affected LEA.
  - (4) If an LEA received a base payment of zero in its first year of operation, the SEA must adjust the base payment for the first fiscal year after the first annual child count in which the LEA reports that it is serving any children with disabilities aged three through five years. The State must divide the base allocation determined under paragraph (a) of this section for the LEAs that would have been responsible for serving

children with disabilities aged three through five years now being served by the LEA, among the LEA and affected LEAs based on the relative numbers of children with disabilities aged three (3) through five (5) years currently provided special education by each of the LEAs. This requirement takes effect with funds that become available on July 1, 2009.

- (c) *Allocation of remaining funds.* After making allocations under paragraph (a) of this section, the State must—
- (1) Allocate *eighty-five* (85) percent of any remaining funds to those LEAs on the basis of the relative numbers of children enrolled in public and private elementary schools and secondary schools within the LEA's jurisdiction; and
  - (2) Allocate *fifteen* (15) percent of those remaining funds to those LEAs in accordance with their relative numbers of children living in poverty as determined by the *MDE*.
- (d) *Use of best data.* For the purpose of making grants under this section, States must apply on a uniform basis across all LEAs the best data that are available to them on the numbers of children enrolled in public and private elementary and secondary schools and the numbers of children living in poverty.

**300.817 Reallocation of LEA funds**

If *the MDE* determines that an LEA is adequately providing FAPE to all children with disabilities aged three (3) through five (5) residing in the area served by the LEA with State and local funds, the *MDE* may reallocate any portion of the funds under section 619 of *IDEA* that are not needed by that LEA to provide FAPE to other LEAs in the State that are not adequately providing special education and related services to all children with disabilities aged three (3) through five (5) residing in the areas the other LEAs serve.

**300.818 Part of IDEA inapplicable**

Part C of *IDEA* does not apply to any child with a disability receiving FAPE, in accordance with Part B of *IDEA*, with funds received under section 619 of *IDEA*.

# **SPECIAL EDUCATION**

## **ELIGIBILITY DETERMINATION**

### **GUIDELINES**

*It is necessary to adhere to federal regulations and corresponding State Policies when evaluating children suspected of having disabilities and when making eligibility determinations for special education. The applicable federal regulations and corresponding State policies include: §§300.8, 300.39, and 300.304 through 300.311.*

*LEAs, State Board governed schools, and special State agency schools are allowed to make special education eligibility determinations for children. University based programs, local and regional juvenile detention centers and private school programs are required to work with the LEA responsible for Child Find to determine special education eligibility for children.*

## **GENERAL INFORMATION**

*The information outlined in this section applies to all eligibility determinations.*

*A. A comprehensive evaluation to determine special education eligibility must:*

- 1. Assure that lack of appropriate instruction in math or reading, including the essential components of reading instruction as defined in section 1208(3) of ESEA, is not the determinant factor; and*
- 2. Assure that limited English proficiency or social or cultural differences are not the determinant factors; and*
- 3. Indicate the child needs special education and related services; and*
- 4. Identify all educational needs to be addressed in development of the IEP, regardless of whether those needs are typically linked to the disability category; and*
- 5. Consistently support the presence of a disability.*

*NOTE: If data appear to represent inconsistencies but the team agrees the preponderance of the data supports the presence of a disability and need for special education and related services, the perceived inconsistencies must be documented and explained.*

*B. To gather information about the student, personnel must consider a variety of assessment tools and strategies which must include, but not be limited to:*

- 1. The Teacher Narrative and/or Developmental History;*

2. *Documentation about the student's functioning in the home, classroom and/or in an early childhood setting through interview, observation, assessment, or other means;*
3. *Information contained in the student's cumulative record, including results of statewide assessments;*
4. *Information about the child's physical condition, including fine and gross motor skills, general physical condition, hearing, vision, and orofacial examination, if necessary;*
5. *Information about the child's social, behavioral, emotional, and adaptive functioning;*
6. *Information about pre-academic and/or academic performance;*
7. *Information about how the student communicates;*
8. *Indicators of cognitive abilities;*
9. *Evaluations and other information provided by the parent;*
10. *Evidence that the child has received appropriate instruction in reading and math (for kindergarten and preschool children, information regarding development and preschool experiences);*
11. *Information about the impact of social and cultural background and limited English proficiency on educational performance; and*
12. *For children age fourteen (14) and above, appropriate and ongoing assessment of the student's needs, preferences, and interests related to the demands of current and future working, educational, living, personal and social environments.*

*14. For reevaluations, information from IEPs.*

*NOTE: A professional who meets the qualifications found on page 286 must be a member of the multidisciplinary team making the eligibility determination when significant emotional and/or behavioral issues adversely impacting the educational process have been identified and evaluated, regardless of the eligibility category being considered.*

*Unless otherwise indicated, the MDE does not dictate which test instruments to use or which areas to test. It is the responsibility of the multidisciplinary evaluation team to determine appropriate ways to measure each area and which instruments are necessary to obtain information sufficient to determine the presence of a disability, eligibility for special education, and programming needs. Teams are directed to carefully consider whether administration of a test is necessary to determine existence of a disability, need for special education or related services, and/or all educational needs of the student.*

*C. Data required for determining the presence of a disability, eligibility for special education, and IEP development must be current according to the definitions below. The team may determine more recent information is needed. Historical data must be considered along with current required information. On or after the date the parent signs consent for evaluation or reevaluation, the following*

*information, if required by MDE policy or determined necessary by the team, may not be more than:*

*1. One (1) year old:*

- i. Intelligence measures*
- ii. Hearing screening and follow-up evaluations*
- iii. Vision screening and follow-up evaluations*
- iv. Physical examinations*

*2. Three (3) months old:*

- i. Updated Developmental History*
- ii. Developmental Instruments*

*3. Six (6) months old:*

- i. Teacher Narrative*
- ii. Achievement measures*
- iii. Social, behavioral, adaptive, and emotional measures*
- iv. Language/Speech assessments*
- v. Motor Assessments*
- vi. Curriculum-based assessments.*

*D. The multidisciplinary evaluation team has the discretion to allow evaluation team members to submit individual reports or to compile all evaluation information in a single comprehensive report. A separate eligibility determination report must be used to document decisions made in the eligibility meeting. A copy of the*

*evaluation report(s) and the eligibility determination report must be provided to the parents.*

*E. The eligibility determination report must indicate the conclusion of the team regarding the eligibility category for which the criteria are met, or a statement of that the student does not meet the eligibility criteria. Each member of the multidisciplinary evaluation team must certify in writing whether the eligibility determination report reflects the member's conclusions. If it does not reflect the member's conclusions, the multidisciplinary evaluation team member must submit a separate statement presenting the member's conclusions.*

*F. The evaluation report(s) must include the following information:*

- 1. Date(s) of assessment(s);*
- 2. Name, title, and qualifications of examiner(s), informants, and/or observers;*
- 3. Testing conditions;*
- 4. Behaviors noted during testing and observations;*
- 5. Results of assessments;*
- 6. Interpretations of assessments;*
- 7. Explanations of any deviations from standardized testing procedures; and*
- 8. Justifications for use of instruments that are not age appropriate.*

*G. Generally, a diagnosis from a psychologist, psychiatrist, nurse practitioner, physician or other health care professional using criteria from the Diagnostic and*

*Statistical Manual of Mental Disorders (DSM) and/or International Statistical Classification of Diseases and Related Health Problems (ICD-9 Codes)* is not required to determine special education eligibility, nor is such diagnosis alone sufficient to determine eligibility for special education. When a diagnosis, evaluation, or statement by qualified professionals is required for a particular special education disability category, the requirement is listed as part of the eligibility criteria. When diagnostic or prescriptive information from a health care professional or psychologist is available to the public agency, the team must consider the information when making an eligibility determination for special education.

*H. Because language needs are inherent for the following primary disability categories, a secondary ruling for language is not required. The IEP Committee may decide a Speech/Language therapist is an appropriate provider of language as a related service for children who have been identified in any of these categories:*

- 1. Hearing Impairment,*
- 2. Autism,*
- 3. Traumatic Brain Injury,*
- 4. Specific Learning Disability (Oral Expression and Listening Comprehension),*  
*or*
- 5. Developmentally Delayed, when Communication is one of the areas of delay.*

*I. Adverse educational impact applies to academic, social, behavioral, and vocational performance . Each evaluation must be sufficient to substantiate adverse educational impact. The report(s) must clearly document adverse educational impact for all eligibility determinations, including language/speech.*

**DISABILITY**

**CATEGORIES**

# *AUTISM*

*(AU)*

## *DEFINITION*

*Autism (also commonly referred to as Autism Spectrum Disorder) means a developmental disability significantly affecting verbal and nonverbal communication and social interaction, generally evident before age three (3), that adversely affects a child's educational performance. Additional characteristics often associated with Autism are engagement in repetitive activities and stereotyped movements, resistance to environmental change or change in daily routines, and unusual responses to sensory experiences. It is not necessary for the student to exhibit all of these additional characteristics to meet the criteria.*

*Included in the Autism category are the Pervasive Developmental Disorders, including Autistic Disorder, Asperger Disorder, Pervasive Developmental Disorder-Not Otherwise Specified, Rett's Disorder, and Childhood Disintegrative Disorder. Autism does not apply if a child's educational performance is adversely affected primarily because the child has an emotional disability. A child who manifests the characteristics of Autism after age three (3) could be identified as having Autism if the definition is satisfied and data consistently support an eligibility ruling of Autism.*

## EVALUATION REQUIREMENTS

*Personnel must gather, document and carefully consider:*

*A. Results of instruments, observations and/or other data which address:*

- 1. Receptive and expressive language skills, including language semantics and pragmatics; prosody (linguistics including intonation, rhythm and focus in speech); and the need for assisted communication; and*
- 2. Social interactions; and*
- 3. Responses to sensory experiences; and*
- 4. Engagement in repetitive activities and stereotyped movements; and*
- 5. Resistance to environmental change or change in daily routines.*

*B. A developmental history and/or other documentation which serves to determine the age of onset of autistic characteristics.*

*C. A statement by a qualified professional supporting the multidisciplinary evaluation team's conclusion that the student meets the eligibility criteria for Autism as defined by federal regulations and State policy. A qualified professional is defined as one of the following:*

- 1. School psychologist currently licensed by MDE,*
- 2. Psychometrist currently licensed by MDE,*
- 3. Board-licensed psychologist,*
- 4. Nurse Practitioner, or*
- 5. Physician.*

## ***DEAF-BLIND***

***(DB)***

### **DEFINITION**

*Deaf-Blindness means concomitant hearing and visual impairments that adversely affect a child's educational performance, the combination of which causes such severe communication and other developmental and educational needs that they cannot be accommodated in special education programs solely for children with deafness or children with blindness.*

### **EVALUATION REQUIREMENTS**

*When the evaluation team is considering eligibility under the Deaf-Blind category:*

- A. A statement that the child cannot properly function in a special education program designed solely for children with hearing impairments or visual impairments must be included in the comprehensive evaluation and/or eligibility determination report, and*
- B. Procedures for assessing both Hearing Impairment and Visual Impairment must be followed.*

## ***DEVELOPMENTALLY DELAYED***

## **(DD)**

### **DEFINITION**

*A child in the age range of birth through nine (9) who is experiencing significant delays in two or more of the five developmental areas (cognitive, fine/gross motor, communication, social/emotional/behavioral, and adaptive behavior) meets the eligibility criteria for Developmentally Delayed if, by reason of the developmental delays, they need special education and related services due to a disability that adversely affects a child's pre-academic or educational performance. For preschool age children, the results of the evaluation must indicate an adverse impact of the child's ability to participate in developmentally appropriate activities. The criteria for DD could also be met if the child has a diagnosed disorder of known etiology which affects development in a negative fashion and has a high probability of resulting in a developmental delay. For diagnosed disorders, a diagnosis from a physician and research that supports the predicted developmental delays are required.*

### **EVALUATION REQUIREMENTS**

*Developmentally Delayed is for non-categorical identification when the child has a disability and needs special education and related services, but does not clearly fit one of eleven (11)\* eligibility categories (not including language/speech). If the eligibility criteria are clearly met for one or more of the eleven (11) (AU, DB, EmD, HI, ID, MD, OI, OHI, SLD, TBI, VI)*

eligibility categories (not including language/speech) , DD should not be used.

Mississippi has determined that DD applies to the age range birth through nine (9) years. A new eligibility determination must occur before the child's tenth (10<sup>th</sup>) birthday. The DD eligibility ruling cannot be maintained beyond the child's tenth (10<sup>th</sup>) birthday.

The following requirements apply to the DD category:

- A. Standard scores must be used when the instrument(s) yields standard scores.
- B. A significant delay is defined as 1.5 standard deviations below the mean of the test or subtest when the instrument yields standard scores.
- C. If the instrument yields only age equivalents, then significant delay is defined as a developmental age 25% below the child's chronological age or corrected age on the test or subtest.
- D. Follow guidelines in the test manual for calculating corrected age for children who were born pre-term. If the manual does not address corrected age calculation, the following guidelines should be considered:
  - 1. Calculate corrected age for children born prior to thirty-eight (38) weeks gestation, and
  - 2. Calculate corrected age up to twenty-four (24) months chronological age.

*A variety of instruments should be considered and selected to yield information about the full range of the child's functioning in all five (5) developmental areas. When informants are used to gather information, they must have sufficient knowledge of the child's functioning in the areas for which the informant provides input. A description of all methods and informants used must be included in the report and must meet the administration guidelines and standardized procedures for each instrument.*

## ***EMOTIONAL DISABILITY***

***(EmD)***

### **DEFINITION**

*Emotional Disability (EmD) exists when a student exhibits one (1) or more of the following characteristics over a long period of time and/or to a marked degree, adversely affecting educational performance:*

- A. An inability to learn that cannot be explained by intellectual, sensory or health factors;*
- B. An inability to build or maintain satisfactory interpersonal relationships with peers and teachers;*
- C. Inappropriate types of behavior or feelings under normal circumstances;*
- D. A general pervasive mood of unhappiness or depression; and/or*
- E. A tendency to develop physical symptoms or fears associated with personal or school problems.*

*Emotional Disability includes schizophrenia. The term does not refer to children who are socially maladjusted, unless it is determined that they have an Emotional Disability.*

### **EVALUATION REQUIREMENTS**

*When the evaluation team is considering eligibility under the Emotional Disability category, the multidisciplinary team evaluation report and/or eligibility determination report must include:*

*A. Narrative descriptions of:*

- 1. the student's behaviors, and*
- 2. situations in which the behaviors occur and situations in which the behaviors do not occur, and*
- 3. antecedents leading to the behaviors, and*
- 4. consequences immediately following the behaviors;*

*B. Functional assessments of the student's behavior, if conducted;*

*C. Attempts to address the behaviors and the results, including:*

- 1. Behavior Intervention Plans, if developed and implemented during the pre-referral process; and*
- 2. office discipline referrals; and*
- 3. disciplinary actions;*

*D. Documentation to support the behaviors have been exhibited for a long period of time and/or to a marked degree;*

*E. A description of how the behaviors adversely affect educational performance;*

*F. A statement as to whether the behaviors are typical for the student's age, setting, circumstances, and peer group, and if not, how the behaviors are different;*

*G. The association between documented patterns of behavior and results of emotional and behavioral assessments;*

*H. A statement by a qualified professional supporting the team's conclusion that the student meets the eligibility criteria for EmD. Prior to eligibility determination, the qualified professional making the statement must:*

- 1. observe the child,*
- 2. review all information gathered during the comprehensive evaluation,*
- 3. be qualified to interpret the test instruments administered according to the user qualifications for each measure, and*
- 4. review the eligibility criteria for EmD.*

*Qualified personnel for this purpose include at least one of the following:*

- 1. School psychologist currently licensed by MDE,*

2. *Board-licensed psychologist, or*
3. *Psychiatrist.*

*I. If the team concludes the child does not meet the criteria for EmD because all behavior patterns appear to be the result of social maladjustment, the eligibility determination report must indicate this conclusion. Documentation must be included to support the team's conclusion that the behaviors are indicative of social maladjustment.* **HEARING IMPAIRMENT**

**(HI)**

**DEFINITION**

*Hearing Impairment (HI) means an impairment in hearing, whether permanent or fluctuating, that adversely affects a child's educational performance. Deafness means a hearing impairment that is so severe that the child is impaired in processing linguistic information through hearing with or without amplification that adversely affects a child's educational performance.*

**EVALUATION REQUIREMENTS**

*When the evaluation team is considering eligibility under the Hearing Impairment category, which includes Deafness, the multidisciplinary team evaluation report and/or eligibility determination report must include:*

- A. *An audiometric evaluation explaining each of the following items:*
  1. *type of loss;*

2. *age of onset, if known;*
3. *severity of loss;*
4. *speech reception or speech awareness thresholds, if obtainable;*
5. *speech discrimination scores, if applicable;*
6. *recommendations regarding amplification; and*
7. *other recommended interventions, if any, including the need for assistive technology.*

*B. A description of the follow-up examination and results, including:*

1. *how the conditions noted during the examination might interfere with educational testing and performance; and*
2. *recommendations for accommodations, modifications, and educational programming.*

*C. Acoustic Immitance measures;*

*D. An audiogram and/or measures of auditory evoked potential, such as Auditory Brainstem Response (ABR), Auditory Steady State Response (ASSR), and Otoacoustic Emissions (OAE) that would define the hearing loss;*

*E. How the hearing loss impacts educational performance; and*

*F. Communication abilities and needs, including the need for assisted communication.*

*NOTE: The audiological examination must be conducted by one of the following:*

- i. an audiologist who holds MDE licensure in audiology,*
- ii. an audiologist who holds ASHA--CCC certification,*
- iii. a physician with expertise in conducting audiological evaluations using appropriate audiological equipment,*
- iv. a qualified audiologist who holds certification from the American Academy of Audiology (AAA), or*
- v. a qualified audiologist who is appropriately licensed through the designated licensure authority for the State of Mississippi.*

## ***INTELLECTUAL DISABILITY***

***(ID)***

### ***DEFINITION***

*Intellectual Disability means significantly subaverage general intellectual functioning, existing concurrently with deficits in adaptive behavior and manifested during the developmental period that adversely affects a child's educational performance. Significantly subaverage general intellectual functioning is defined as two (2) standard deviations or more below the mean, including a standard score of 70, on a measure of cognitive ability.*

*A child with an eligibility ruling of Intellectual Disability exhibits learning*

*problems which vary in degree from mild to severe. Delays in cognitive abilities, adaptive behavior, and developmental milestones must have been evidenced during a child's developmental period and, upon entering school, such delays must have adversely affected a child's educational performance.*

## ***EVALUATION REQUIREMENTS***

***When the evaluation team is considering eligibility under the Intellectual Disability category, the multidisciplinary team evaluation report and/or eligibility determination report must include results of:***

- A. An individual standardized achievement test;***
- B. An individual standardized measure of cognitive abilities;***
- C. A norm-referenced measure of adaptive behavior, which must include the home version of the measure if it is a component of the measure; completed by the primary caregiver(s). If the adaptive behavior measure allows for an informant other than the primary caregiver, the informant must be knowledgeable of how the child functions outside the school environment.***

## ***LANGUAGE OR SPEECH IMPAIRMENT***

***(LS)***

### **DEFINITION**

*Language or Speech Impairment (LS) means a communication disorder, such as stuttering, impaired articulation, a language impairment, or a voice impairment, that adversely affects a child's educational performance. Speech disorders include impairments in articulation, fluency and/or voice. Language disorders include developmental or acquired impairments in the ability to receive, send, process, and comprehend concepts or verbal, nonverbal, and graphic symbol systems. A communication disorder may range in severity from mild to profound and may appear in combination with other communication disorders. A communication disorder may be the primary disability or secondary to other disabilities.*

*The American Speech Language and Hearing Association recognizes four (4) communication disorders described in A-D below:*

*A. An articulation/phonological processing disorder is the atypical production of speech sounds characterized by substitutions, omissions, additions or distortions that may interfere with intelligibility. Phonological processing includes the rules governing the addition or substitution of a phoneme, including but not limited to:*

1. *voicing processes;*
2. *deletion processes;*
3. *fronting processes;*
4. *syllable processes; and*
5. *phoneme processes.*

*B. A fluency disorder is an interruption in the flow of speaking characterized by:*

1. *atypical rate,*
2. *atypical rhythm, and*
3. *repetitions in sounds, syllables, words, and phrases.*

*These characteristics might also be accompanied by excessive tension, struggle behavior, and secondary mannerisms.*

*C. A voice disorder is characterized by the abnormal production and/or absences of:*

1. *vocal quality,*
2. *pitch,*
3. *loudness,*
4. *resonance, and/or*
5. *duration, which are inappropriate for an individual's age and/or sex.*

*D. A language disorder is impaired comprehension and/or use of spoken, written and/or other symbol systems including:*

1. *the form of language (phonology, morphology, syntax),*
2. *the content of language (semantics), and/or*
3. *the function of language in communication (pragmatics).*

### **EVALUATION REQUIREMENTS**

*When the evaluation team is considering eligibility under the Language or Speech Impairment category, the multidisciplinary team evaluation report and/or eligibility determination report must include:*

- A. *Results of hearing screening;*
- B. *Results of an orofacial examination, which is required for suspected articulation disorders, and, if necessary, a statement from a medical specialist noting physical problems which would interfere with speech production;*
- C. *A physician's statement of release and recommendation(s) for services when a voice evaluation has been conducted;*
- D. *The number, types, and severity of disruptions, and a description of secondary characteristics in various settings (e.g., reading, monologue, conversation) when a fluency evaluation has been conducted;*

*E. Results of a standardized measure(s) of language, when a language evaluation has been conducted;*

*NOTE: The score(s) must be at least 1.5 standard deviations below the mean of the test in the areas of expressive language and/or receptive language, including morphology, syntax, semantics and/or pragmatics for an eligibility ruling in Language.*

*F. When an articulation evaluation has been completed for children ages 30 months and older, evidence that the child's articulation skills are below age-appropriate peers based on normative data, including a measure of stimulability;*

*G. Documentation that the child's communication impairment adversely affects educational performance including the child's ability to communicate in academic, social and vocational settings; and*

*H. Documentation of the child's speech/language skills in conversational speech.*

## ***MULTIPLE DISABILITIES***

***(MD)***

### **DEFINITION**

*Multiple Disabilities (MD) means concomitant impairments (such as intellectual disability-blindness or intellectual disability-orthopedic impairment ), the combination of which causes such severe educational needs that children cannot be accommodated in special education programs solely for one of the impairments. Multiple Disabilities do not include Although disabilities in two (2) or more areas may exist in the following categories, Deaf-Blindness, Specific Learning Disability, Developmental Delay or Language or Speech Impairment, these categories do not constitute Multiple Disabilities, in and of themselves. Language/speech, along with another disability, is generally viewed as a secondary condition, not MD.*

### **EVALUATION REQUIREMENTS**

*When the multidisciplinary evaluation team is considering eligibility under the Multiple Disabilities category, the categories that are evidenced by the data and a statement that the child cannot be appropriately served in a special education program designed solely for one of the disabilities must be included in the eligibility determination report.*

# ***ORTHOPEDIC IMPAIRMENT***

## ***(OI)***

### ***DEFINITION***

*Orthopedic Impairment (OI) means a severe orthopedic impairment that adversely affects a child's educational performance. The term includes impairments caused by a congenital anomaly (e.g., clubfoot or absence of one or more members), impairments caused by disease (e.g., poliomyelitis or bone tuberculosis), and impairments resulting from other causes (e.g., cerebral palsy, amputations, and fractures or burns causing contractures).*

### ***EVALUATION REQUIREMENTS***

*When the multidisciplinary evaluation team is considering eligibility under the Orthopedic Impairment category, the evaluation report and/or the eligibility determination report must include a diagnostic report from a physician or a nurse practitioner that provides information regarding:*

- A. The nature of the student's congenital or acquired Orthopedic Impairment, and*
- B. Limitations and precautions to be considered, and*
- C. Recommendations for educational programming.*

## ***OTHER HEALTH IMPAIRMENT (OHI)***

### **DEFINITION**

*Mississippi Department of Education*  
*Office of Special Education*  
*Program Improvement Monitoring*  
*Results-Driven Accountability (RDA)*

*Introduction*

*The Mississippi Department of Education (MDE) is authorized under §37-23-5 of Mississippi Code 1972, to “foster, inspect, approve, and administer a program of education for exceptional children.” It is the responsibility of the MDE, Office of Special Education (OSE) to ensure implementation of the mandates of Federal and State laws and regulations regarding the provision of programs, services, and protections to all Mississippi children and youth with disabilities.*

*The Individuals with Disabilities Education Act Amendments of 2004 (IDEA 2004) built on the 1997 reauthorization, which introduced significant revisions in the special education system, specifically on improving educational results for children with disabilities by addressing the importance of 1) access to the general curriculum in regular education classrooms, 2) higher expectations, 3) strengthening the role of parents, 4) high quality intensive professional development, 5) incentives for whole-school approaches, and 6) focusing resources on teaching and learning.*

*Under 300.600(b), the IDEA requires that the primary focus of IDEA monitoring be on (1) improving educational results and functional outcomes for children with disabilities, and (2) ensuring that the states and LEAs meet the IDEA program requirements. With a heightened focus on accountability and effectiveness for students with disabilities, the Office of Special Education Programs (OSEP) will implement a process for Results-Driven Accountability (RDA) to support LEA improvement effort that is designed to improve the educational results and functional outcomes of Mississippi's students with disabilities. RDA will align all components of accountability in a manner that best supports LEAs in improving results for infants, toddlers, children and youth with disabilities, and their families.*

*The Results-Driven Accountability process, a data-driven process, will focus on areas of compliance that impact results for children and youth with disabilities and support a more balanced approach to determining program effectiveness in special education.*

### *Major Components of the Results-Driven Accountability System*

#### *A. Annual Performance Report (APR)*

*The IDEA requires states to submit annual reports that include data relative to specific areas addressed in IDEA. APR indicators will be designed to measure the State's outcomes that are most closely aligned with improving results. The State's determination will reflect the LEA's effectiveness in improving outcomes for children with disabilities.*

## ***B. Annual LEA Status Determinations***

*The OSE is required to make annual determinations of each LEA's performance status. Determinations under RDA will be based upon an LEA's overall performance on a set of priority indicators and other relevant data. The following State determinations will be used:*

- 1. Meets Requirements*
- 2. Needs Assistance*
- 3. Needs Intervention*
- 4. Needs Substantial Intervention*

## ***C. Monitoring and Technical Assistance***

*A differentiated system of monitoring and technical assistance (TA) will be implemented to support LEAs with the most significant needs for improvement. Performance of each LEA will be used to determine the appropriate level of monitoring and technical assistance.*

### ***Results-Driven Accountability (RDA)***

#### ***A Data-Driven Process***

*Data from the Annual Performance Report (APR) Indicators will be collected and analyzed on an on-going basis to determine LEA program performance and compliance, select LEAs for monitoring and/or technical assistance, which may include site visits and desk audits.*

*The OSE, through its general supervisory authority, will conduct monitoring activities as a result of the following:*

- 1) Receipt of a Formal State Complaint;*
- 2) Request by the Office of Accreditation, Commission on School Accreditation or the State Superintendent of Education;*
- 3) Selection by the Office of Accreditation for a Nonpublic School On-site Evaluations;*
- 4) Fiscal Audits; and*
- 5) Educable Child Program Reviews.*

*Since the primary focus of IDEA monitoring is on improving educational results and functional outcomes for children with disabilities and ensuring LEAs meet the IDEA program requirements, technical assistance is a critical component and a high priority for the OSE. Components of technical assistance include developing corrective action plans, improvement plans, professional development, identification and dissemination of technical information and strategies, and assignment of staff and/or consultants at MDE expense to assist the LEA.*

#### *D. Rewards and Sanctions*

*LEAs achieving the Meets Requirements determination will receive recognition after validation by the OSE. LEAs failing to submit and/or to implement an Improvement*

*Plan, failing to show progress on selected indicators, or failing to correct all identified areas of noncompliance within the 12-month timeline will enter a system of sanctions.*

#### *Rewards*

*LEAs achieving the highest designation, “Meets Requirements,” may receive one or more of the following rewards:*

- 1) Letter to the LEA’s Superintendent and School Board Chair;*
- 2) Certificate of recognition presented at annual State-wide Conference;*
- 3) Press release to local and State newspapers; and*
- 4) Commendations on MDE web site and in publications.*

#### *Sanctions*

*LEAs with identified noncompliance will result in immediate notification to the Office of Accreditation by the OSE that the LEA has findings of noncompliance on record.*

*The LEA is required to:*

- 1) Develop an Improvement Plan that is designed to address all identified areas of noncompliance;*
- 2) Submit the Improvement Plan within thirty (30) days to the OSE and address all finding; and*
- 3) Implement the necessary corrective actions to resolve the identified noncompliance as soon as possible, but in no case later than 12 months from the date of notification of noncompliance.*

*Additional sanctions may be utilized when (a) an LEA refuses to implement corrective actions to resolve identified noncompliance or (b) the LEA has not corrected all identified areas of noncompliance within the 12-month timeline. These sanctions may include:*

- 1) The development and submission of a Corrective Action Plan (CAP) under Accreditation Policy 2.8; which has been approved by the LEA's local school board and the State Board of Education (SBE);*
- 2) Appointment by MDE of a Special Education Consultant or Technical Advisor to assist with implementation of the CAP at LEA expense;*
- 3) Submission of a request to the Commission on School Accreditation to take immediate action concerning the noncompliance; and*
- 4) Directing the use of and/or withholding of all or part of IDEA Part B funds until all identified areas of noncompliance have been corrected.*

*The OSE will utilize all available sanctions necessary to address LEAs with evidence of on-going and continuing noncompliance (§300.600).*
