

2024 Early Childhood Self-Paced Online (PreK) Boot Camp

July 15-25, 2024

This self-paced on-line boot camp will be conducted in two-parts. Part one includes a two-week self-pace online course. Part two consist of two online Canvas courses (one in the fall of 2024 and one in the spring of 2025). Completion of both parts of the Self-Paced Online Prekindergarten Boot Camp will allow teachers and assistant teachers, general education and special education, lacking an emphasis in early childhood to acquire the equivalent of twelve hours of approved early childhood coursework to instruct in PreK classrooms.

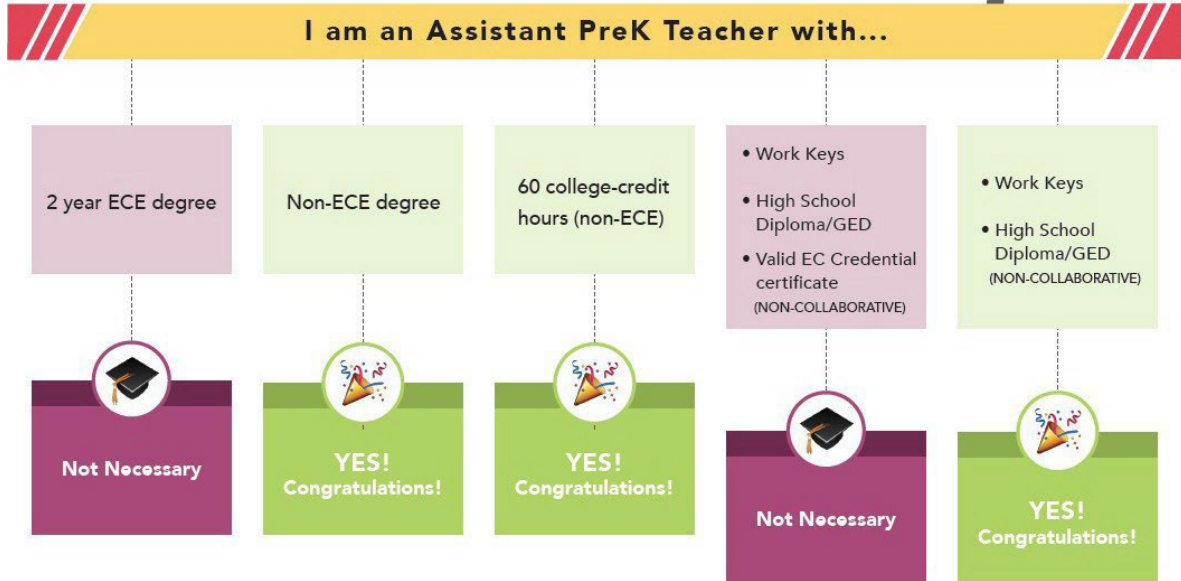

Completion of part one of this training program includes all online modules, including all assessments, and submission of assignments through the Learning Management System (LMS). Part two consists of two online courses through Canvas.

The self-paced training course will allow teachers, assistants, and administrators to earn professional development hours: CEU's (1.9), SEMI's (15), OSL's (1), and Contact Hours (19) upon successful completion, and obtaining a passing score on the online assessments. This program does NOT allow participants an opportunity to earn an educator's license.
