This *District Test Coordinator’s Manual* (DTCM) serves to guide District Test Coordinators (DTCs) through test administration activities specific to DTCs for the MAAP End-of-Course (EOC) Assessments. Instructions for test administration in the classroom are provided in the *Test Administrator’s Manual* (TAM), and instructions for general test administration activities for School Test Coordinators are provided in the *School Test Coordinator’s Manual* (STCM). The TAM, STCM, and additional information can be accessed from the *Help* page in Nextera® Admin located at:

- [https://ms.nextera.questarai.com](https://ms.nextera.questarai.com)

All devices intended for use in the administration of the tests must be set up and configured using the Nextera® Test Delivery System as outlined in the *Setup & Installation Guide*, available on the Nextera Help page. Contact Questar or the Mississippi Department of Education (MDE) with any questions.

The MAAP *Setup & Installation Guide* provides the following information regarding the Nextera Test Delivery System:

- A high-level overview of the Nextera Assessment System
- Checklists for Technology Coordinators
- Guidelines for installation and deployment of the Questar Secure Browser
- Network and system specification requirements

**Contact Information**

**Questar Customer Support:**

- [mscustomersupport@questarai.com](mailto:mscustomersupport@questarai.com)
- 1-800-644-4054
- Chat available on the Nextera Help page

**MDE:**

- Office of Student Assessment: 601-359-3052
MS Roles and Responsibilities

State Level User (SLU)
- Acts as the MDE point of contact for all District Test Coordinators (DTCs)
- Receives access to all districts in the state

District Test Coordinator (DTC) or District Level User (DLU)
- Communicates with the MDE
- Coordinates with the MDE, Questar, and the district
- Ensures all student data is correct in Nextera Admin and the MSIS system
- Orders, receives, and distributes shipped items appropriately
- DTC serves as the materials and notification point of contact for the MDE and Questar
- Enters and updates student information in Nextera Admin as needed
- Returns secure materials to Questar
- Views district-level information in Nextera Admin
- Only one DTC per district, but multiple DLUs are allowed

Superintendent (SUP)
- Views district-level reports
- Views district data files
- Views documentation on the Help page
- Only one SUP per district

District Information Technology Coordinator (DITC)
- Acts as the information technology point of contact for all schools in the district
- Ensures student devices are set up for testing

School Test Coordinator (STC) or Building Level User (BLU)
- Coordinates the assignment of Test Administrators, Proctors, and Hall Monitors with the DTC and Principals
- Documents the Test Administrator and Proctor in each room
- Organizes student login credentials into groups
- Checks student login credentials in and out
- Monitors student login credentials
- Enters new student information and updates student information in Nextera Admin
- Collaborates with District Test Coordinator on schedules and managing students
- Only one STC per school, but multiple BLUs are allowed
Principal (PRN)
- Views school-level reports
- Views documentation on the Help page
- Only one PRN per school

Test Administrator (TA) or Teacher
- Leads the test administration
- Reads the directions from the TAM and monitors students
- Holds a current teaching license
- Takes attendance during test administration
- Creates or approves the seating chart that is provided by the School Test Coordinator
- Views information of students assigned to his or her class(es) in Nextera Admin if the TA has been provided access by the district

Proctor
- Provides support as the secondary adult in the classroom during testing
- Monitors students and answers allowable questions*
- Receives LIMITED access to testing devices and secure materials
- Approves seating chart provided by the Test Administrator or School Test Coordinator
- Not a role that can be assigned to an account in Nextera Admin

*See the Testing Guidelines section of the TAM.
MAAP Overview

The MAAP EOC Assessments are used to evaluate student performance relative to the Mississippi College- and Career-Readiness Standards.

The MAAP EOC Assessment for Algebra I consists of one online session, and English II consists of two online sessions. Schools should set aside blocks of uninterrupted time for the administration of each session.

More information on each assessment can be found on the MDE website at http://www.mdek12.org/osa/MAAP.

District Test Coordinator’s Checklist

Before Testing

- District Test Coordinators (DTCs) will carefully read the District Test Coordinator Manual (DTCM) to become familiar with general test administration activities. The DTCM and additional information can be accessed on the Help page in Nextera Admin. Contact Questar Customer Support at 1-800-644-4054 with any questions.
- If a DTC has not received their Nextera Admin User ID and temporary Password from Questar, he or she should contact Questar Customer Support.
- DTCs will communicate the dates of the testing window to all School Test Coordinators (STCs) within the district, assist schools with providing test training and preparation activities for students, and schedule test windows.
- DTCs will create a school testing schedule, identifying students who will be tested each session during the testing window. Be sure to consider the number of students participating in online testing and the number of available devices. Make sure students with special accommodations are accounted for in the schedule.
- DTCs will train STCs and Technology Coordinators for their specific roles in testing. DTCs may want to attend, assist, or monitor the Test Administrator training at each school.
- DTCs will add or edit users to allow specific individuals the rights they need for accessing their student information. Only one individual can be listed as the DTC, and only one STC can be active per school. However, multiple District and Building Level Users, as well as multiple TAs, can be added.
- During the registration window, DTCs will order accommodated testing materials.
- **DTCs must ensure appropriate implementation of accommodations and address any special needs and supplies regarding test accommodations. Make sure that the appropriate accommodations are assigned to students in Nextera Admin.**
- DTCs must ensure that STCs understand the policy for Read-Aloud administrations.
- DTCs must ensure that STCs understand how to print student login credentials, access the Proctor Password, add or edit a Test Administrator, add or edit a student, and mark accommodations for students.
- DTCs must ensure that students not present in Nextera Admin are added (either manually or via the Pre-ID portal) and assigned to a test.
- DTCs must ensure that all eligible students have been assigned to a test.
- DTCs must ensure that STCs understand how to troubleshoot common online testing issues.
- DTCs must ensure proper spacing between workstations is available.
- DTCs must ensure that systems are properly set up and ready for online testing.
- DTCs will distribute test materials to the schools and verify that each school has received the necessary test materials.
- DTCs will notify Questar of any missing materials and order additional materials as necessary.
- DTCs will provide approved rosters for Test Administrators to ensure accurate student placement.
- DTCs will save the boxes in which materials were received in order to return the materials to Questar after testing is complete.
During Testing

- DTCs will be available during schools’ testing sessions to answer questions and help resolve issues as needed.
- DTCs will assist STCs in identifying and resolving any testing incidents.
- DTCs will provide schools with additional materials as necessary.
- DTCs will monitor schools to ensure that test administration and test security policies and procedures are followed.
- DTCs will communicate with the MDE, as needed, in cases of testing incidents and security breaches or for guidance when test invalidation is being considered.
- DTCs will submit invalidation requests per the MDE guidelines.
- DTCs will adjust testing schedules if inclement weather or other unforeseen events threaten or force school closures, network interruption, etc.
- DTCs will ensure that each school has only one designated computer technician that can use a cell phone during testing to provide technology support.

After Testing

- **DTCs will verify that all online tests have been submitted using the Testing Status Details page in Nextera.**
- DTCs will collect and inventory all secure test materials, and DTCs will return them to Questar per the instructions found in the District Return Kit.
- DTCs will shred the appropriate materials, then complete and upload the appropriate shredding documentation to the Office of Student Assessment as outlined in the Test Security Plan using the Test Security Certification Form.
- DTCs will collect all paperwork required to be filed according to the District/School Test Security Plan.
- DTCs will notify the MDE of any missing materials.
Test Irregularities

Schools must not schedule an interruption to the school day, such as a fire drill, that will affect students in any way during the assessment. If an interruption in testing occurs due to severe weather, a fire alarm, or any other natural or man-made occurrence, the Test Administrator must immediately notify the STC and note the circumstances/time of the occurrence. As soon as circumstances allow, the STC must notify the DTC, and the DTC must then notify the MDE. Test administration must resume as soon as possible after the interruption, and students must be allowed the full amount of time remaining when the interruption occurred. If testing cannot continue the same day, contact the MDE prior to rescheduling.

Following an interrupted test administration, the MDE staff will review the incident to provide guidance as to whether the students’ work will be counted as a valid attempt. The determination of a “valid attempt” will be based on whether the students had a significant opportunity to discuss test content during the interruption.

In a situation where students have strong emotional reactions (such as an actual fire or another situation that creates a real or perceived threat or causes damage to property or injury to a person), the appropriate course of action will be determined following a review of the circumstances.

If any occurrence raises questions or concerns about correct test administration, contact the MDE immediately. The MDE State Board of Education testing irregularity policies, as stated in the current edition of the Mississippi Public School Accountability Standards, must be followed.
STCs who cannot locate their Nextera Admin login information should contact the DTC, and DTCs without login information should contact Questar Customer Support.

Once you have your User ID and Password, access Nextera Admin at the following site: https://ms.nextera.questarai.com.

1. Enter your User ID and Password. Then select Sign In.

2. The first time you sign in, you will be asked to change your password.

3. You will also be asked to acknowledge and agree to the Security Compliance statement the first time you sign in. You will be presented with a paraphrased version of the statement. From this screen, you may choose to read the full version.

4. You must exit out of the full version and select I Agree on the original screen in order to agree to the terms.
The *HOME* page contains a variety of online administrative resources.

1. Test Coordinators will see their user information on the left side of the screen.

2. Select the **HELP** tab at any time for additional support.

3. The gray bar at the top of the screen shows the selected administration, district, school, and subject.
User Accounts

Multiple user levels exist within Nextera Admin. Some examples include District Test Coordinator (DTC), School Test Coordinator (STC), and Teacher. A complete list of user account types can be found in the MS Roles and Responsibilities section of this manual.

Test coordinators can add or edit users as needed to allow specific individuals the rights they need for accessing their student information.

Note: If creating a Teacher account, refer to the Add or Edit a Teacher section of the STCM.

1 To add a user account, select Accounts under the ACCOUNTS tab. Then select New Account.

On the Add New Account page, fill in the First Name, Last Name, and Email.

Make sure the box next to “This account is currently active” is checked.

Select the Role Type, District, and School from the drop-downs as required. Select Add Role, and then select Create an Account.

Once you select Create an Account, an auto-generated email will be sent to the user’s email address instructing him/her how to access Nextera Admin, including login information.

2 On the Accounts page, you may sort accounts by User ID, Last Name, First Name, or Email Address by selecting the up/down arrows next to the column headers.

To edit a user account, select the View link next to the user’s account. Then select the Edit button on the View Account page. Edit the information as needed and select Save.
A DTC can merge multiple accounts for a user by going to the Accounts page. Only two accounts can be merged at a time. Repeat the following process if more than two accounts need to be merged.

1. To merge user accounts, select Merge Accounts on the Accounts page. On the Merge Accounts page, select the Select button for the two accounts you would like to merge. Then select Merge Accounts.

2. Select the Make Primary button for the primary account. Then select Merge Accounts.

3. A pop-up window will appear confirming the merge was successful.

**Note:** Only one individual can be listed as the DTC, and only one STC can be active per school. However, multiple District Level Users and Building Level Users can be added. Additionally, Teachers will be pre-populated into Nextera Admin after student Pre-ID files from the state are loaded by Questar prior to each administration.
Updating a Student’s School of Record and Testing School

There will be times throughout the test administration window when students have switched schools within your district and will need their School of record updated within the Nextera Admin site. During this time, DTCs must also update the student’s Testing school/class for each subject in which the student is testing. This section will give you step-by-step instructions on ensuring that a student’s School of record and Testing school data match.

To Update a Student’s School of Record and Testing School:

1. Select the STUDENTS tab, then select Students again from the drop-down menu.
2. Select the View button on the student needing their school of record changed, then select Edit.
3. From the School of record drop-down menu, select the correct school for the student.
4. Scroll down until you can see the subjects that the student will be testing in. Select the Testing school drop-down menu and ensure that the School of record and Testing school are the same. The image below shows the School of record and Testing school not matching and in need of correction. Updating the School of record alone will NOT update the Testing school. This must be done for each subject the student is testing in.
Select Save at the bottom of the *Edit Student Record* page. The student’s information has now been updated correctly.

**Note:** If a student needs to be moved from a school in another district to a school in your district, you must contact Questar Customer Support to request this change.
Registration

During the Registration window, DTCs will order accommodated materials (test books) for each school in the district. This section walks DTCs through this process.

If Registration is not completed during the Registration window, accommodated materials will need to be ordered by the DTC during the Additional Material Order (AMO) window instead by following the steps outlined in the Additional Material Orders section in this manual. Refer to the Important Dates page under the TEST ADMINISTRATIONS tab in Nextera Admin to view the dates for both the Registration window and AMO window.

Note: For information on assigning student accommodations in Nextera, such as Large Print or Braille, consult the School Test Coordinator’s Manual (STCM), available on the Nextera Admin Help page.

To Begin Registration:

Before you begin, ensure the gray bar at the top of the screen displays the test window for which you would like to order accommodated materials.

1. Select the Change link in the gray bar at the top of the Nextera Admin site. Then select the appropriate test window from the Window drop-down and select Change.

2. From the ACCOUNTS tab, select Registration.

The Registration page will display.
3 Select the applicable school from the *School* drop-down.

![Registration Form](image)

**To Update the District Shipping Address:**

Before completing registration, it is important to first verify the district shipping address and contact information. Follow the steps below to both verify and update this information, if needed.

1. Under *DTC Contact Information and Shipping Address*, select **change** if you need to update the shipping address or DTC/DLU contact information.

![DTC Contact Information](image)

The *Update District* page will display if you select **change** next to the shipping address.

2. On this page, make the necessary changes, and then select **Submit** to save your changes.

![Update District](image)
You will be taken to the Districts page and must navigate back to the Registration page. Before continuing, ensure the correct school is selected from the School drop-down on the Registration page.

**To Enter and Submit Accommodated Material Counts:**

1. Enter accommodated material counts for each row of the table as needed. Each row is specific to a particular content area/grade.

   **Note:** The student counts entered in the Testing Online column will not be used by Questar, so these fields are optional.

   ![Accommodated Materials Table]

When you are finished and/or would like to save the counts entered, select **Save and Calculate**. After doing so, if you navigate away from the Registration page, your counts will still be saved but NOT submitted.

2. Once you have verified all the counts entered are correct, select **Submit Material Order**.

   **Note:** Fields in the table will turn gray to indicate that submission has been completed.

   ![Accommodated Materials Table with Submit Material Order highlighted]
3 Select **Print Summary** to print a summary of your order for your records.

4 Repeat all the previous steps for each school in your district that requires accommodated materials for testing.

**To Verify School Registration Status:**

1. Select the **Change** link in the gray bar at the top of the Nextera Admin site. Select the appropriate test window from the **Window** drop-down.

   To view the registration summary for all schools in the district, select —**make a selection**— from the **School** drop-down. To view the registration summary for just a specific school, select that school from the drop-down. Then select **Change**.

2. From the **ACCOUNTS** tab, select **Registration Status**.
The Registration Status page will display.

3 Select whether you would like to view all content areas or a specific content area using the Select a Content Area drop-down.

4 You can use the Select an Order Complete status drop-down to filter the results on whether a school’s order has been submitted.

5 To generate a Microsoft Excel file containing the registration summary data displayed on the screen, select the Download Data File (Excel) link.
Pre-ID File Upload Overview

This section contains step-by-step instructions for DTCs and District Level Users (DLUs) on using the Pre-ID portal to upload students, as well as update student records, class details, and teacher information in Nextera Admin. This does not replace the requirement for districts to update student information in the Mississippi Student Information System (MSIS). This process only applies to uploading supplementary information into Nextera Admin.

The Pre-ID upload process in Nextera Admin allows DTCs/DLUs the ability to mass upload re-testers and other students instead of having to manually enter each student. When utilizing this process, DTCs/DLUs will be able to enter the student(s), place them in a class, and assign the teacher all at once. Please note that any MAAP accommodation(s) information will need to be manually selected in the individual student record(s) once they have been uploaded into Nextera Admin. Uploading student information through a Pre-ID file requires processing time. Allow 24 hours between upload and printing of student logins.

Below is a high-level description of the Pre-ID upload process, and detailed instructions can be found on the subsequent pages.

High-Level Process

**Prepare the file**

- Use the Pre-ID file template.
- Follow the file type and line item formatting rules as listed in the *Pre-ID File Formatting Rules* section.

**Upload the file in Nextera Admin**

- Select *Pre-ID Uploads* from the STUDENTS tab.
- Select *Upload a new Pre-ID file*.
- Select the test administration.
- Select the file to upload.
- Select *Upload file for processing* to check for errors and to proceed with the data upload.
Downloading the Pre-ID File Template

Users can download the template by completing the following steps:

1. Sign in to Nextera Admin.
   
The *HOME* page displays.

   ![Image of Home page](image)

2. Select **Pre-ID Uploads** from the **STUDENTS** tab.

   ![Image of Pre-ID Uploads tab](image)

   The *Student Pre-ID Uploads* page displays.

3. Select **Upload a new Pre-ID file.**

   ![Image of Pre-ID Uploads table](image)
The *Student Pre-ID file upload* page displays.

![Student Pre-ID file upload page](image)

4. Select **Download template**.

![Download template button](image)

See the *Pre-ID File Formatting Rules* section for details on the file type and item line formatting rules for Pre-ID files.

**Converting a Pre-ID File to .tsv Format**

A Pre-ID file must be saved as a .tsv file type before uploading it in Nextera Admin. Users can follow this process to save a Microsoft Excel file as a .tsv file:

1. Download and open the Pre-ID file template.

2. Enter or paste the data into the corresponding columns.

3. Select **File > Save As**. Then select the applicable location to save the file.

4. Change the *Save as type* to **Text (Tab delimited)**.

5. Enter a file name and select **Save**.
A pop-up message displays stating “Some features in your workbook might be lost if you save it as Text (Tab delimited). Do you want to keep using that format?” Select Yes.

When you select to close the file, a pop-up message displays stating “Want to save your changes to `<filename>.txt`?” Select Don’t Save.

Navigate to the location of the saved file. It will have a .txt extension that must be changed to .tsv instead.

Note: If you do not see the file extension in the name, ensure your operating system is set to view file extensions.

Select the file name to edit the name.

Change the .txt file extension to .tsv instead.

When asked “Are you sure you want to change it?” select Yes.
Uploading a Pre-ID File

Once the student Pre-ID file is prepared, complete the following steps to upload the student data in Nextera Admin.

1. Use the drop-down menu to select the appropriate admin. Test windows that are in a “testing not started” or a “testing in progress” status are active.

Note: Test windows that are in a “testing finished” status are grayed out and are not selectable.

2. Drag and drop the file or use the Click to browse link to search for the file.

If the file type is not in the proper format, one of the following messages will display:

If the file type is in the proper format, the file name will display:
3 Select **Upload file for processing**.

4 If you or another user has already uploaded a student Pre-ID file for the testing window, the following message displays:

If the newer file has duplicated records from the prior file, the new file will override the prior file.

- Select **Upload anyway** to continue the upload and proceed to the next step.
- Or
- Select **Cancel** to cancel the upload.

The following image displays as the system checks for errors in the file formatting. If errors exist, you will receive a notification at the email address associated with your Nextera user account.

5 The time needed to complete this process depends on the file size, internet connectivity, and network speed. Once the process is completed, you will receive a confirmation at the email address associated with your Nextera user account.
Viewing the Status of a Pre-ID File

1. Select **Pre-ID Uploads** from the **STUDENTS** tab.

   ![Pre-ID Uploads Page](image)

   The **Student Pre-ID Uploads** page displays.

2. Use the search field, filter, or sort functionalities to locate the Pre-ID file you wish to view.
   - You can search results by the uploader’s name.
   - You can filter results by administration window, district, school, and upload status.
   - You can sort results by the administration window, uploader, upload date, and status by selecting the icon in each column.

3. Select **View** for the Pre-ID file you wish to view.

   ![Viewing Pre-ID File](image)

   If the file is complete, an image similar to the following displays:

   **Student Pre-ID job details**
   
   Window: Example Administration
   
   Record(s) were successfully processed.
If the file is in progress, an image similar to the following displays:

![Student Pre-ID job details](image1.png)

If the file has errors, an image similar to the following displays with the reason(s) for the errors and a link to an error file that details the records having errors:

![Student Pre-ID job details](image2.png)

Before the upload process completes, you will need to correct the file. (See the Pre-ID File Troubleshooting section for details.) You can view details of the error(s) by selecting Download error file or Download bulk error file (in case of bulk errors). Update the applicable fields in the Pre-ID file and complete the upload process again.
Pre-ID File Troubleshooting

Here are a few warning and error messages that may display for a Pre-ID file upload:

**Peak Hours Message**
Records cannot be loaded during peak hours from 5:00 a.m. to 4:00 p.m. CT. The following warning will display, and an email will be received once the file is processed according to the priority in the queue.

Your file is in the queue to be processed. Records cannot be loaded during peak hours.

We have queued your file and it will be automatically be processed once peak hours end and we have processed any other files ahead of it in the queue. You will be notified by email once processing is completed. You may also check the status of your upload from the Student Pre-ID Uploads page at any time.

If there are any records with errors you will need to correct and re-upload them, while any valid records will be processed.

**Errors relating to the class identifier in the Pre-ID file**
Class identifier errors can be resolved by comparing the class identifier fields in the Pre-ID file to the list of classes in Nextera Admin and making the necessary updates.

**Errors relating to line item formatting**
Line item formatting errors can be resolved by updating the applicable fields in the Pre-ID file to match the Pre-ID File Formatting Rules section.

Sample error messages of this type include the following:

- “The [field name] is required. Please provide [field name].”
- “The value(s) entered for the following column(s) are invalid: [field name]. Please correct [field name] to match the acceptable value provided in the help documentation.”
Errors relating to the district and/or school ID in the Pre-ID file

Errors relating to the district and/or school ID in the Pre-ID file can be resolved by updating the applicable district and/or school ID in the Pre-ID file.

To locate the district and/or school ID in Nextera Admin, complete the following steps:

1. Sign in to Nextera Admin.

   The HOME page displays with the district and/or school ID in parentheses at the top of the window.

2. To locate the ID for a different district or school, select Change.

   The “What would you like to work on next?” window displays.

3. Use the drop-down arrows to locate the applicable district and/or school. The district and/or school ID display in the parentheses.
Pre-ID File Formatting Rules

This section provides the line item formatting rules for the Pre-ID files DTCs and DLUs will upload in Nextera Admin. For the Pre-ID file to upload without error, ensure you format the values entered in the .xlsx file according to the rules in this section.

**Line Item Formatting Rules**

Columns that are indicated as optional only need to include values if there are valid values that should be assigned to students. If an optional value needs to be changed to blank, include the column and leave the appropriate cell blank.

**Note:** The columns do not have to be in the order provided in the template.

**Disability - Specific Learning Disability**
Specific Learning Disability is a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken or written, that may manifest itself in the imperfect ability to listen, think, speak, read, write, spell, or to do mathematical calculations. The term includes such conditions as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. The term does not include learning problems that are primarily the result of visual, hearing, or motor disabilities; of intellectual disability; of emotional disturbance; or of environmental, cultural, or economic disadvantage.

This is an indicator associated with the student.

- **Teacher First Name**
  - Required
  - Field Description: First name of the teacher associated with the student. The teacher's full legal first name given to a person at birth, baptism, or through legal change.
  - Valid Values: 0–9, A–Z, a–z, space, quote, period, hyphen, apostrophe
  - Validation: Error if not populated
  - Data Type: Alpha Numeric
  - Field Length: 35

- **Teacher Email Address**
  - Optional
  - Field Description: Email address of the teacher associated with the student. The numbers, letters, and symbols used to identify an electronic mail (e-mail) user within the network to which the person or organization belongs. This field will be used to send out login credentials to the test administrator for the online admin site.
  - Role with Nextera access: Teacher's ACTUAL email address
  - Role without access: Leave blank (Nextera will generate a placeholder email address)
  - Valid Values: 0–9, A–Z, a–z, hyphen, underscore, @, period
  - Validation: The format will be verified to ensure it is in proper email format (user@example.com) and that it is not duplicated with other email addresses from the state.
  - Data Type: Alpha Numeric
  - Field Length: 254
Handling Secure Materials

Receiving Materials

Accommodated materials will be packed in boxes by school but will be shipped to the District Test Coordinator. The DTC MUST store materials in a secure location until distributing them to schools. It is recommended that secure materials leave the district office no more than three school days before the start of testing. The MDE will provide individual guidance to districts with special configurations, as needed. In the shipment, DTCs will receive a District Return Kit to use after testing. Included in the District Return Kit are a blank Secure Material Transmittal Form, Box Labels, and UPS Return Labels. If the contents do not match the box content list, the DTC must contact Questar Customer Support. If additional materials are needed, the DTC must place the order as described in the Additional Material Orders section of this manual.

Managing Materials

The Secure Materials Sign Out Form should be used to track secure printed materials (Paper/Pencil, Large Print, and Braille test books) at all times. Please use this form to inventory and document the receipt and return of secure materials. This form may be copied for district and school records and does NOT need to be returned to Questar.
Additional Material Orders

Additional Material Orders (AMOs) will be available according to the individual program schedules listed on the Important Dates page found under the TEST ADMINISTRATIONS tab in Nextera Admin or in the Important Dates section of the STCM.

To Order Additional Materials:

Before you begin, ensure the bar at the top of the screen in Nextera Admin reflects the test administration for which you would like to order additional materials.

1. On the Nextera Admin Home page, navigate to the HELP tab, and then select Order Materials.

2. On the Order Materials page, select Order.

ServicePoint will open in a new internet browser tab or window.
3 Select the **ORDERS** tab, and then select **Orders**.

4 On the **Materials: Orders** page, select **Add**.

5 Verify the pre-populated information is correct, and then select **Next**.
Select the **District Shipping** option from the *Order By District Contact Address* drop-down, and then select **Next**.

On the *Materials: Order Summary* page, verify the information, and then scroll down to select **Save Then Enter Order Lines**.
8 On the *Materials: Order Details Multi Add* page, enter counts for each material item needed.

9 If you would like an email confirmation of your order, enter your email address in the *My email address is* field. To complete your order, scroll down to select *Save*.

Please note the following when requesting your additional material order:

- A student’s IEP or 504 Plan must indicate the need for any accommodated materials being ordered.
- One Braille Kit will be sent for each student count entered and will include all materials needed for a single student: an Accommodated Instruction Sheet, Braille Test Book, Standard Test Book, and a Braille Reference Sheet (for Algebra I only).
- Questar offers a Braille Practice Test for all subjects and grade levels. Since there is no AMO window specific to the practice tests, you will need to contact Questar Customer Support if Braille practice materials are needed.
- One District Return Kit will automatically be sent with every AMO.

Additional materials are ordered at the district level and shipped to the District Test Coordinator.
If you need to change your order quantities, you may go back to the *Materials: Orders* page, select your order using the radio button, and then select **Edit** at the bottom of the screen. This will take you back through the process and allow you to make changes.

Once an order number is assigned to your order, it has been scheduled to ship and no further changes are allowed. Please allow 3–4 business days to receive your materials.
Reviewing and Tracking Material Orders

Before you begin, ensure the bar at the top of the screen in Nextera Admin reflects the test administration for which you would like to review or track your material orders.

To Review Material Orders:

1. On the Order Materials page (accessible from the HELP tab), select Review.

ServicePoint will open in a new internet browser tab or window.

2. Select the radio button to the left of the order you would like to review, and then select Review.
To Track Material Orders:

1. On the Order Materials page (accessible from the HELP tab), select Track.

ServicePoint will open in a new internet browser tab or window.

2. To the right of the order, you will see shipment tracking information. Select the link in the Shipment Tracking column and it will take you to the UPS website where the shipment tracking information is available.

Note: The Order Number column and Shipment Tracking column will show “Pending...” until the order has been physically shipped out of the Questar operations center.

The tracking information will provide you with the time and date of delivery, along with the name of the person who signed for the shipment. If the shipment has not been delivered, package progress details—including expected delivery date and time—will be available.
Checking Student Accessibility Features and Accommodations

Downloading a Student List
Check if student accessibility features/accommodations are set correctly by downloading a student list.

1. At the top of the screen, select the Change button in order to select the Content Area you would like to use view. Selecting a Content Area will filter the students that you see by assigned subject. If you leave the Content Area as Make a Selection, students assigned to all subjects will populate.

2. Select the STUDENTS tab, then select Students again from the drop-down menu.

3. At the bottom of the Students page, select Student Download (Excel).

4. Open the spreadsheet to confirm student accommodations are set correctly. Each student will have their own row, with the accommodations visible per student beneath the Accommodation and Accommodation Option columns.
Downloading a Class List

Check if the students in a specific class have the correctly set accessibility features/accommodations by downloading a class list. Additionally, this list can be used to verify that the necessary students are listed in the correct class.

1. Select the **CLASSES** tab.

2. Select **View** for the class list you wish to download.

3. At the bottom of the **Class Details** page, select **Download Students in this Class (Excel CSV)**.

4. Open the spreadsheet to confirm student accommodations are set correctly.
Nextera Accommodations Guide

These tables will assist you in selecting the proper accommodations in Nextera Admin, in alignment with the Mississippi Testing Accommodations Manual, based on a student’s IEP, 504 Plan, or LSP.

Applying Text-to-Speech Accommodations to Nextera

What (53) Directions Only Text-to-Speech (TTS) Will Read:

<table>
<thead>
<tr>
<th>Grade and Subject</th>
<th>Directions</th>
<th>Questions</th>
<th>Answer Choices</th>
<th>Writing Prompt (ELA Session 2)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Math (All Grades)*</td>
<td>✔</td>
<td></td>
<td></td>
<td>N/A</td>
</tr>
<tr>
<td>ELA (All Grades) †</td>
<td>✔</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

What (55) TTS Will Read:

<table>
<thead>
<tr>
<th>Grade and Subject</th>
<th>Directions</th>
<th>Questions</th>
<th>Answer Choices</th>
<th>Writing Prompt (ELA Session 2)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Math (All Grades)</td>
<td>✔</td>
<td>✔</td>
<td>✔</td>
<td>N/A</td>
</tr>
<tr>
<td>ELA (Grades 4+)</td>
<td>✔</td>
<td>✔</td>
<td>✔</td>
<td>✔</td>
</tr>
<tr>
<td>ELA (Grade 3) †</td>
<td>✔</td>
<td></td>
<td></td>
<td>✔</td>
</tr>
</tbody>
</table>

**Note:** For both versions of TTS, when no allowable content for TTS to read is present, the TTS player will say “Nothing Playable” and the TTS buttons will be un-selectable. This applies to both Math and ELA.

* For (53) Directions Only TTS, only the last eight items will be read in Algebra I for the Fall 2021 administration. Starting with the Spring 2022 administration, nothing will be read in Math for any grade since the questions themselves contain the directions.

† If an ELA Grade 3 student has Accommodation 53 for Reading but Accommodation 55 for Writing, the student should be assigned (55) TTS, since only the directions will be read during the Reading session. An accommodation cannot be set for one session and not the other.
# Applying MDE Accommodations to Nextera

Printing Student Login Credentials

To Print Student Login Credentials:

1. Select **Test Administrations** under the **TEST ADMINISTRATIONS** tab.

2. Find the appropriate Teacher/Class and select **View**.

3. In the **Registered Students** table, you will see the student MSIS/User IDs and Passwords for the Teacher/Class. To print student login credentials, select the **Print Labels** button. Choose how you would like to print the credentials, and then select **OK**. Refer to the **Test Administrator’s Manual** for information regarding the security of test materials (e.g., labels with student login credentials). The options for printing labels include: Avery 5160, Avery 5163, Student Roster, and Download CSV file.

**Note:** To ensure accurate label alignment when printing using either of the Avery formats, it is recommended to open the labels in Google Chrome. If the PDF does not automatically launch in a Chrome browser, locate the file in the **Downloads** folder, right-click, and select **Open with > Google Chrome**. With the PDF open in Chrome, select the **printer icon** in the upper right-hand corner. When the **Print** dialog box opens, make sure the **Destination** printer is NOT set to “Save as PDF.” Select **More Settings** and then ensure **Scale** is set to **Default**. Then select **Print**.
Any test that is paused for 24 hours will require a Proctor Password for the student to sign back in to the test. Test Administrators will contact their STC or DTC to obtain the Proctor Password, if needed.

To access the Proctor Password in Nextera Admin, make sure you are on the HOME page:

1. At the top of the screen, select Change to confirm or select the applicable school.

2. In the School Information section, you will see the Proctor Password for the selected school below the School and STC information. Note: The Proctor Password will be the same for all Test Administrators within the same school, but each school will have a unique Proctor Password.
Internet Connectivity Troubleshooting

IMPORTANT: In all scenarios outlined below, if the student has not completed the test session, instruct the student to continue testing. (Student responses are stored in the device’s local cache.)

Note: Text-to-Speech functionality will cease until connection is restored.

While testing, you can determine if a device is currently connected to the Internet by the ☑️ or ❌ icons located in the upper-left corner of the screen.

Scenario #1: Non-writing session for an individual student

After completion of a non-writing test session, an individual student device does not have internet connectivity.

If the device does not reconnect automatically after at least 30 seconds:

Instruct the student to pause/sign out of the test (NOT submit). Note what question number the student last finished and how much time is remaining.

Turn the device wifi off and back on again, or unplug and reconnect the ethernet cable, to attempt to reestablish connection.

If successful, instruct the student to log in to continue/submit his or her test.

If unsuccessful, continue with the instructions in the Continued Support section.
Scenario #2: Writing session for an individual student

After completion of a Writing test session, an individual student device does not have internet connectivity.

If the device does not reconnect automatically:

- Instruct the student to wait 2 minutes* after they finish typing, then pause/sign out of the test (NOT submit).

- Turn the device wifi off and back on again, or unplug and reconnect the ethernet cable, to attempt to reestablish connection.

- If successful, instruct the student to log in to continue/submit his or her test.

- If unsuccessful, the DTC/STC should call MDE immediately for instructions.

Note: For Writing prompts, student responses are cached to the local device every 2 minutes. It is imperative that you try to get Writing students finished that day.
Scenario #3: Non-writing session for an entire class or school

After completion of a non-writing test session, an entire classroom or school does not have internet connectivity.

If the devices do not reconnect automatically after at least 30 seconds:

Instruct the students to pause/sign out of the test (NOT submit). Note what question number the student last finished and how much time is remaining.

Contact the District Technology Coordinator for assistance with restoring connectivity.

If successful, instruct the students to log in to continue/submit their tests.

If unsuccessful, continue with the instructions in the Continued Support section.
Scenario #4: Writing session for an entire class or school

After completion of a Writing test session, an entire classroom or school does not have internet connectivity.

If the devices do not reconnect automatically:

- Instruct the students to wait 2 minutes* after they finish typing, then pause/sign out of the test (NOT submit).
- Contact the District Technology Coordinator for assistance with restoring connectivity.

If successful, instruct the students to log in to continue/submit their tests.

If unsuccessful, the DTC/STC should call MDE immediately for instructions.

Note: For Writing prompts, student responses are cached to the local device every 2 minutes.
Scenario #5: Extensive school outage with hard-wired devices (e.g., infrastructure network cable cut)

During testing, the school experiences a power outage when students are testing on hard-wired devices.

1. Do NOT have the students move to new devices.

2. Quarantine and label the devices with the students' names (include MSIS number if multiple students have the same name), if necessary. For computer labs, utilize seating charts to make sure the same student returns to the same device to resume testing.

3. If the students need to leave the testing area to resume testing another time, the class may be dismissed. Notify the MDE for next steps.

4. Call the school's maintenance team for assistance with restoring power.

5. Keep the devices powered on and plugged in to a power source.

6. Once power is restored, have the students log back in to their test. Students should wait at least two minutes for responses to populate.

7. Call Questar Customer Support at 1-800-644-4054 for assistance in recovering student responses if responses do not populate.
Scenario #6: Outage with individual/one-to-one devices

During testing, the school experiences a power outage when students are testing on individual/one-to-one devices.

1. Do NOT have the students move to new devices.

2. Call the school’s maintenance team for assistance with restoring power. Work with the District Technology Coordinator to determine an approximate timeline for students to resume testing.

3. Contact Customer Support to document the number of students and classes impacted; make note of the case number to be entered onto an Irregularity Report (see step 5 below).

4. Whenever possible, quarantine and label student devices with the students’ names (include MSIS number if multiple students have the same name). If quarantining is not possible, the access codes must be changed for all affected Test Administrations via the "View Test Administration" page in Nextera Admin. If assistance is needed to change the access codes, contact Customer Support.

5. If students need to leave the testing area to resume testing another time, the DTC must submit an Irregularity Report through Caveon Core for documentation purposes.

6. Once power is restored, have the students log back in to their test. Students should wait at least two minutes for responses to populate.

Note: If Internet connectivity is lost for any reason prior to the submission of a test session, the device cache stores the responses locally until connectivity is restored. Please do NOT clear cache before connectivity is restored.
Continued Support

Do NOT have the student(s) move to a new device or allow any other student(s) to test on the device(s).

Do NOT restart or reboot the device(s).

Quarantine and label the device(s) with the students’ name(s) and/or MSIS number(s). Then if the student(s) need to leave the testing area to resume testing another time, the student(s) may be dismissed. Contact the MDE for guidance regarding rescheduling the test session and upload a testing schedule addendum in Caveon Core.

Contact the District Technology Coordinator to ensure there are not any software or policy settings that would clear out the devices’ local cache or temporary files.

Keep the device(s) powered on and plugged in to a power source.

If still unable to reestablish connection, or at any point during the above steps, call Questar Customer Support at 1-800-644-4054.

If there are time or accommodation questions associated with the outage or if you need additional guidance when students are unable to finish testing the day of the outage, contact the MDE.
Transcribing Accommodated Responses into Nextera

For students requiring a Paper/Pencil, Large Print, or Braille test book, all responses must be transcribed into the online Nextera Test Delivery System (TDS).

After a student completes testing, the transcriber will copy the student responses from the accommodated paper test book into the Nextera TDS. **All responses must be transcribed into the online system.** Ensure that all accommodated materials are collected and returned to Questar as soon as testing/transcription is complete. (See the *Handling Secure Materials* section of this manual.)

**Transcription Instructions**

Test Administrators should follow the steps below to transcribe a student’s responses into Nextera:

**Step 1**  Log in to the Nextera Admin site. Navigate to the student record and ensure the correct *Print Variations* accommodation option is selected for the applicable content area(s).

**Step 2**  Obtain the student’s login credentials from the *Test Administrations* page in Nextera Admin. **Note:** If the student is not assigned to a class in Nextera, the STC can manually add the student if needed and assign the student to a class. You will then be able to obtain the student’s login credentials from the *Test Administrations* page for the class to which he or she is assigned.

**Step 3**  After signing in as the student in the Secure Browser, ensure that all student data fields are accurate and complete.

**Step 4**  Transcribe all student responses from the test book into Nextera. If a student response does not fit the Nextera field requirement, go back to the student and ask him/her to adjust his/her response in the test book in a secure testing environment. Do not modify the student’s response in any way other than what the student provides.

**Step 5**  Enlist a second staff member to verify that the student’s responses were entered correctly before submitting the test. Then submit the test.

If you have any questions, please contact Questar Customer Support by calling 1-800-644-4054 or via email at mscustomersupport@questarai.com.
Invalidations and Not Testing Codes

If a student’s test session needs to be invalidated, complete the following steps:

1. The Test Administrator must immediately notify the STC.

2. The STC must notify the DTC.

3. The DTC must enter the invalidation in Nextera Admin and submit a District Request Form to the MDE via Caveon Core. **This must be completed prior to the close of the test window.**

Marking an Invalidation or Not Testing Code in Nextera:

1. Select **Test Administrations** under the **TEST ADMINISTRATIONS** tab. Then select **View** for the appropriate class.

2. In the **Registered Students** section, find the student’s name and select **Set** in the **Status Code** column. A new window will pop up with options to select **Not Testing** or **Invalidate Test**.

3. Select the appropriate invalidation or not testing code from the **Reason** drop-down. Then select **Submit**.

**Checking Not Testing or Invalidate Test for a student’s test session is not reversible without state approval.**
Returning Secure Materials

After testing, all test books must be returned to Questar.

**Note:** The MDE will receive a Missing Materials Report from Questar listing any securing materials that were not returned.

Using the instructions below, organize and prepare all test materials for return.

1. Complete final verification checks and the Secure Material Transmittal Form provided in the District Return Kit.

2. Seal all boxes with shipping tape (on the TOP and BOTTOM of each box).

3. Place an IVORY return label on each box of materials.

4. Indicate Box _ of _ for the entire district on each IVORY return label.

5. Place one UPS shipping label on top of each box.

6. Arrange for UPS pick-up. If a daily pick-up or regular deliveries from UPS are available, simply give the package(s) to the UPS driver. If UPS does not come to your location on a daily basis, call 877-536-2697 to schedule a pick-up, indicating you are a Questar customer.
Accessing District Data Files

To Access District Data Files:

1. Log in to ms.nextera.questarai.com with the appropriate User ID and Password.

2. From the menu bar, select the REPORTS tab, and then select Data Files & Other Reports.
3 On the Data Files & Other Reports page, select District under Data file level and the applicable Testing Window. Then select View files.

ServicePoint will display in a new internet browser tab or window.

4 Select the REPORTS tab, and then select District Reports.
A list of the available data files for your district will display. Select the link in the Title column to download the desired data file in a .csv file format.

Note: Most versions of Microsoft Excel will open .csv files automatically, but if you are using a version that will not, refer to the instructions for importing .csv files found on Microsoft’s website: https://support.microsoft.com/en-us/office/import-or-export-text-txt-or-csv-files-5250ac4c-663c-47ce-937b-339e391393ba#ID0EAAGAAA=Office_2016-2010
