

**MDE Revision to Concordance Tables
Effective 2021-2022**

Concordance tables, effective beginning with the 2014-2015 school year, provide opportunities for students who do not obtain a passing score on an EOC assessment to utilize a different graduation option, using a combination of the assessment scores with the final course grade. The tables provide the final course grade required to use with the scale score obtained on the EOC assessment. Remember, students must be enrolled in school to utilize the concordance table option.

The Mississippi Department of Education (MDE) has worked with the Technical Advisory Committee (TAC) to develop one universal concordance table that shall be used for each of the four EOC subject area assessments. The concordance tables were developed during each of the EOC test administrations, and the universal concordance table concept will alleviate confusion in determining which concordance table to apply for each test administration.
