Note: In order for a student to be included in the proficiency and growth calculations for a school and/or district, the student must have been enrolled for a Full Academic Year (FAY). The dates above represent the beginning and ending dates that will be used in determining the FAY status of students. In order for a student to meet FAY, he/she must have been enrolled (regardless of attendance) for at least 75% ($\geq 75\%$) of the days in the time frames above. Students meeting 74.5% of the time will not be rounded up to 75%. For further details, please see Section 2 of the business rules.
