In order to be eligible for such program, each local school board desiring to participate shall apply to the State Department of Education by May 31 before the beginning of the applicable fiscal year on forms provided by the department, and shall be required to establish a local School Safety Task Force to involve members of the community in the school safety effort. The State Department of Education shall determine by July 1 of each succeeding year which local school districts have submitted approved applications for school safety grants.

- (c)** Enable teachers to review teaching performance and receive diagnostic feedback for developmental purposes.
- (6)** Any local school district may use audio/visual-monitoring equipment in classrooms, hallways, buildings, grounds and buses for the purpose of monitoring school disciplinary problems.
- (7)** As a component of the comprehensive local school district school safety plan required under subsection (2) of this section, the school board of a school district may adopt and implement a policy addressing sexual abuse of children, to be known as "Erin's Law Awareness." Any policy adopted under this subsection may include or address, but need not be limited to, the following:

The Mississippi Department of Mental Health shall be responsible for the selection of the content of the evidence-based curriculum. The results of this pilot program shall be measured and reported, and such results shall be used in consideration of the implementation of this curriculum statewide.
- (9)** As a component of the comprehensive local school district safety plan required under subsection (2) of this section, beginning in the 2019-2020 school year, the State Department of Education shall require local school districts to conduct, every two (2) years, refresher training on mental health and suicide prevention for all school employees and personnel, including all cafeteria workers, custodians, teachers and administrators.
