**Principle 2**

**Understands how children learn and develop:**

The teacher understands how children learn and develop and can provide learning opportunities that support their intellectual, social, and personal development.

**Looks like, Feels like, and Sounds like:**

Uses developmentally appropriate expectations; determines students’ readiness to learn by accounting for visual, auditory, kinesthetic learning styles; incorporates and honors multiple ways of demonstrating understanding through all of the multiple intelligences; uses questioning techniques to probe for understanding, rather than simply asking ‘do you understand?’; takes time to discuss ‘misperceptions’ or incorrect responses; allows students to learn from each other.
# Learning Styles

This chart helps you determine your learning style; read the word in the left column and then answer the questions in the successive three columns to see how you respond to each situation. Your answers may fall into three columns, but one column will likely contain the most answers. The dominant column indicates your primary learning style.

<table>
<thead>
<tr>
<th>When you…</th>
<th>Visual</th>
<th>Auditory</th>
<th>Kinesthetic &amp; Tactile</th>
</tr>
</thead>
<tbody>
<tr>
<td>Spell</td>
<td>Do you try to see the word?</td>
<td>Do you sound out the word or use a phonetic approach?</td>
<td>Do you write the word down to find if it feels right?</td>
</tr>
<tr>
<td>Talk</td>
<td>Do you sparingly but dislike listening for too long? Do you favor words such as see, picture, and imagine?</td>
<td>Do you enjoy listening but are impatient to talk? Do you use words such as hear, tune, and think?</td>
<td>Do you gesture and use expressive movements? Do you use words such as feel, tough, and hold?</td>
</tr>
<tr>
<td>Concentrate</td>
<td>Do you become distracted by untidiness or movement?</td>
<td>Do you become distracted by sounds or noises?</td>
<td>Do you become distracted by activity around you?</td>
</tr>
<tr>
<td>Meet someone again</td>
<td>Do you forget names but remember faces or remember where you met?</td>
<td>Do you forget faces but remember names or remember what you talked about?</td>
<td>Do you remember best what you did together?</td>
</tr>
<tr>
<td>Contact people on business</td>
<td>Do you prefer direct, face-to-face, personal meetings?</td>
<td>Do you prefer the telephone?</td>
<td>Do you talk with them while walking or participating in an activity?</td>
</tr>
<tr>
<td>Read</td>
<td>Do you like descriptive scenes or pause to imagine the actions?</td>
<td>Do you enjoy dialog and conversation or hear the characters talk?</td>
<td>Do you prefer action stories or are not a keen reader?</td>
</tr>
<tr>
<td>Do something new at work</td>
<td>Do you like to see demonstrations, diagrams, slides, or posters?</td>
<td>Do you prefer verbal instructions or talking about it with someone else?</td>
<td>Do you prefer to jump right in and try it?</td>
</tr>
<tr>
<td>Put something together</td>
<td>Do you look at the directions and the picture?</td>
<td>Do you have someone else read the directions to you as you work?</td>
<td>Do you ignore the directions and figure it out as you go along?</td>
</tr>
<tr>
<td>Need help with a computer application</td>
<td>Do you seek out pictures or diagrams?</td>
<td>Do you call the help desk, ask a neighbor, or growl at the computer?</td>
<td>Do you keep trying to do it or try it on another computer?</td>
</tr>

From the 2007 MS Arts Commission Whole Schools Summer Institute; *Creating the WSI Classroom: It Takes Courage*
THE MULTIPLE INTELLIGENCES

I am BODILY-KINESTHETIC.
I am body smart. I learn by doing. I use body language to express myself.
I like physical movements and hands-on activities.

I am EXISTENTIAL.
I am spirit smart. I am a realist. I ponder about life and death.
I believe in being responsible for the consequences of one’s actions.

I am INTERPERSONAL.
I am people smart. I enjoy time with friends. I like to share.
I work cooperatively in a group.

I am INTRAPERSONAL.
I am self-smart. I like to spend time by myself. I am in touch with my moods and feelings. I
learn through observing.

I am LOGICAL-MATHEMATICAL.
I am logic smart. I like working with numbers. I like to know how things work.
I enjoy asking questions, analyzing situations, arranging and sequencing facts.

I am MUSCIAL-RHYTHMIC.
I am sound smart. I enjoy singing, dancing, listening to and playing music. I create and
replicate tunes. I match my feelings to music and rhythm.

I am NATURALIST.
I am nature smart. I like to spend time outdoors. I enjoy observing wildlife and sea life. I like
to study how plants and animals grow.

I am VERBAL-LINGUISTIC.
I am word smart. I like to read, write, and describe events. I like teaching and learning.
I like to immerse myself in study of diverse languages.

I am VISUAL-SPATIAL.
I am image smart. I like to paint, draw, and work with clay. I enjoy looking at maps.
I like to play with puzzles and complete mazes.

Compiled by Dr. Cole 07/06
MULTIPLE INTELLIGENCES SURVEY

Part I

Complete each section by placing a “1” next to each statement you feel accurately describes you. If you do not identify with a statement, leave the space provided blank. Then total the column in each section.

Section 1

_____ I enjoy categorizing things by common traits
_____ Ecological issues are important to me
_____ Classification helps me make sense of new data
_____ I enjoy working in a garden
_____ I believe preserving our National Parks is important
_____ Putting things in hierarchies makes sense to me
_____ Animals are important in my life
_____ My home has a recycling system in place
_____ I enjoy studying biology, botany and/or zoology
_____ I pick up on subtle differences in meaning

_____ TOTAL for Section 1

Section 2

_____ I easily pick up on patterns
_____ I focus in on noise and sounds
_____ Moving to a beat is easy for me
_____ I enjoy making music
_____ I respond to the cadence of poetry
_____ I remember things by putting them in a rhyme
_____ Concentration is difficult for me if there is background noise
_____ Listening to sounds in nature can be very relaxing
_____ Musicals are more engaging to me than dramatic plays
_____ Remembering song lyrics is easy for me

_____ TOTAL for Section 2

Section 3

_____ I am known for being neat and orderly
_____ Step-by-step directions are a big help
_____ Problem solving comes easily to me
_____ I get easily frustrated with disorganized people
I can complete calculations quickly in my head
Logic puzzles are fun
I can't begin an assignment until I have all my "ducks in a row"
Structure is a good thing
I enjoy troubleshooting something that isn't working properly
Things have to make sense to me or I am dissatisfied

TOTAL for Section 3

Section 4

It is important to see my role in the “big picture” of things
I enjoy discussing questions about life
Religion is important to me
I enjoy viewing art work
Relaxation and meditation exercises are rewarding to me
I like traveling to visit inspiring places
I enjoy reading philosophers
Learning new things is easier when I see their real world application
I wonder if there are other forms of intelligent life in the universe
It is important for me to feel connected to people, ideas and beliefs

TOTAL for Section 4

Section 5

I learn best interacting with others
I enjoy informal chat and serious discussion
The more the merrier
I often serve as a leader among peers and colleagues
I value relationships more than ideas or accomplishments
Study groups are very productive for me
I am a “team player”
Friends are important to me
I belong to more than three clubs or organizations
I dislike working alone

TOTAL for Section 5
### Section 6

|   | I learn by doing          | I enjoy making things with my hands | Sports are a part of my life | I use gestures and non-verbal cues when I communicate | Demonstrating is better than explaining | I love to dance | I like working with tools | Inactivity can make me more tired than being very busy | Hands-on activities are fun | I live an active lifestyle |

|   |   |   |   |   |   |   |   |   |   |   |

|   | TOTAL for Section 6 |

### Section 7

|   | Foreign languages interest me | I enjoy reading books, magazines and web sites | I keep a journal | Word puzzles like crosswords or jumbles are enjoyable | Taking notes helps me remember and understand | I faithfully contact friends through letters and/or e-mail | It is easy for me to explain my ideas to others | I write for pleasure | Puns, anagrams and spoonerisms are fun | I enjoy public speaking and participating in debates |

|   |   |   |   |   |   |   |   |   |   |   |

|   | TOTAL for Section 7 |

### Section 8

|   | My attitude effects how I learn | I like to be involved in causes that help others | I am keenly aware of my moral beliefs | I learn best when I have an emotional attachment to the subject | Fairness is important to me | Social justice issues interest me | Working alone can be just as productive as working in a group | I need to know why I should do something before I agree to do it | When I believe in something I give more effort towards it | I am willing to protest or sign a petition to right a wrong |

|   |   |   |   |   |   |   |   |   |   |   |

|   | TOTAL for Section 8 |
Section 9

_____ Rearranging a room and redecorating are fun for me
_____ I enjoy creating my own works of art
_____ I remember better using graphic organizers
_____ I enjoy all kinds of entertainment media
_____ Charts, graphs and tables help me interpret data
_____ A music video can make me more interested in a song
_____ I can recall things as mental pictures
_____ I am good at reading maps and blueprints
_____ Three dimensional puzzles are fun
_____ I can visualize ideas in my mind

_____ TOTAL for Section 9

Part II

Now carry forward your total from each section and multiply by 10 below:

Key:

Section 1 – This reflects your Naturalist strength
Section 2 – This suggests your Musical strength
Section 3 – This indicates your Logical strength
Section 4 – This illustrates your Existential strength
Section 5 – This shows your Interpersonal strength
Section 6 – This tells your Kinesthetic strength
Section 7 – This indicates your Verbal strength
Section 8 – This reflects your Intrapersonal strength
Section 9 – This suggests your Visual strength

Remember:

- Everyone has all the intelligences!
- You can strengthen each intelligence!
- This inventory is meant as a snapshot in time - it can change!

MI is meant to empower, not label learners!

Copyright 1999-2014 Walter McKenzie, The One and Only Surfaquarium

What is the theory of multiple intelligences (M.I.)?

www.thirteen.org/edonline

“An intelligence is the ability to solve problems or to create products that are valued within one or more critical settings.”

- Howard Gardner, FRAMES OF MIND (1983)

Howard Gardner claims that all human beings have multiple intelligences. These multiple intelligences can be nurtured and strengthened, or ignored and weakened. He believes each individual has nine intelligences:

1. Verbal-Linguistic Intelligence – well-developed verbal skills and sensitivity to the sounds, meanings and rhythms of words
2. Mathematical-Logical Intelligence – ability to think conceptually and abstractly, and capacity to discern logical or numerical patterns
3. Musical Intelligence – ability to produce and appreciate rhythm, pitch and timber
4. Visual-Spatial Intelligence – capacity to think in images and pictures, to visualize accurately and abstractly
5. Bodily-Kinesthetic Intelligence – ability to control one’s body movements and to handle objects skillfully
6. Interpersonal Intelligence – capacity to detect and respond appropriately to the moods, motivations and desires of others
7. Intrapersonal Intelligence – capacity to be self-aware and in tune with inner feelings, values, beliefs and thinking processes
8. Naturalist Intelligence – ability to recognize and categorize plants, animals and other objects in nature
9. Existential Intelligence – sensitivity and capacity to tackle deep questions about human existence, such as the meaning of life, why do we dies, and how did we get here.

According to Gardner,

- All human beings possess all nine intelligences in varying amounts.
- Each person has a difference intellectual composition.
- We can improve education by addressing the multiple intelligences of our students.
- These intelligences are located in different areas of the brain and can either work independently or together.
- These intelligences may define the human species.
MULTIPLE INTELLIGENCES THEORY: CLASSROOM APPLICATIONS

There are many different ways to apply multiple intelligences theory in the classroom. You probably employ a variety of intelligences already. At all levels of education, teachers are transforming subject-specific lessons and curriculum units into meaningful M.I. experiences.

- History courses study periods associated with music and art.
- Science units incorporate visual, musical and kinesthetic experiences.
- Language arts classes reading Civil War literature visit reenactments and build a topographical map.

As educators explore more effective methods of assessment, they frequently encourage their students to demonstrate understanding through M.I. activities.

- Elementary school students compose and perform songs about math concepts which satisfy the rubrics they and their teachers have developed.
- Middle school students create multimedia presentations combining animations, MIDI compositions, and writing to satisfy interdisciplinary unit requirements.
- High school students demonstrate mastery of self-formulated research questions through art, writing portfolios, and giving speeches before panels of local citizens.

<table>
<thead>
<tr>
<th>Multiple Intelligence Type</th>
<th>Incorporated into subject matter</th>
<th>Way of demonstrating understanding</th>
</tr>
</thead>

<td>Existential</td>
<td>Working on causes, charity work, astrology charts</td>
<td>Community service</td>
</tr>
</tbody>
</table>
The ultimate goal of M.I. theory – to increase student understanding – is something for which good teachers have long striven. Excellent educators have always addressed the needs of their variously intelligent students. In this sense the real values of M.I. theory are:

- To legitimize the powerful and wide-reaching curricula many teachers have always delivered.
- To systematize and broadcast the theory and methodology of an enriched curriculum.

Classroom activities frequently activate and utilize more than one of the multiple intelligences. Now consider how you would add to and interpret the items on the following list:

- **Group discussion** – Verbal-Linguistic; Interpersonal
- **Journal writing** – Intrapersonal; Verbal/Linguistic
- **Choreography** – Musical-Rhythmic; Verbal-Linguistic; Interpersonal
- **Constructing timelines** – Logical-Mathematical; Visual-Spatial
- **Putting on a play** – Musical-Rhythmic; Verbal/Linguistic; Interpersonal; Visual-Spatial
- **Making a video** – Logical-Mathematical; Musical-Rhythmic; Verbal/Linguistic; Interpersonal; Visual-Spatial
- **Writing a report or essay** – Verbal-Linguistic
- **Making graphs** – Logical-Mathematical; Visual-Spatial
- **Designing posters** – Verbal-Linguistic; Visual-Spatial
- **Communicating with peers or experts online** – Verbal-Linguistic; Interpersonal
- **Hands-on experimentation** – Kinesthetic; Logical/Mathematical
- **Composing a song** – Musical/Rhythmic; Verbal-Linguistic
- **Building a model or 3-D displays** – Kinesthetic; Logical-Mathematical
