INTRODUCTION

The Commission on Teacher and Administrator Education, Certification and Licensure and Development was created under the Mississippi Education Reform Act of 1982 and is charged with the responsibility of making recommendations to the State Board of Education regarding standards for the preparation, licensure, and continuing professional development of those who teach or perform tasks of an educational nature in the public schools of the State of Mississippi. In compliance with Miss. Code Ann. §37-3-2, as amended by Mississippi Laws 1997, Ch. 545, the Commission on Teacher and Administrator Education, Certification and Licensure and Development and the State Board of Education have approved guidelines for licensure.

This manual contains information necessary to understand the licensure processes, class levels of licensure, and pathways to licensure. Proper use of this manual should provide answers to most, if not all, general and specific questions related to educator licensure in the State of Mississippi.

The Division of Educator Licensure is the sole program office within the Mississippi Department of Education to issue licenses and to implement Mississippi's laws and policies adopted by the Mississippi State Board of Education relating to the licensing of teachers, instructional support personnel, and administrators for preschool through Grade 12 (P-12). Policies, rules, standards, directives, and memoranda written prior to this version are invalid and shall not be used to determine the application of these guidelines unless otherwise noted herein.

Applicants for educator licensure must meet all requirements for the selected approach in effect on the date the complete application is received in the Division of Educator Licensure.

For example, a standard license issued January 2019, (2018-2019 school year), would be valid from the date the completed packet is received until June 30, 2023. The remainder of the 2018-2019 school year is considered a full year.

Official transcripts must be submitted in sealed envelope(s) or e-Scrip bearing the seal or signature of the registrar. **The license may be renewed for one five-year period beyond the present expiration date. Only credits earned within the renewal cycle indicated on the educator's official Mississippi educator license may be used for licensure renewal.** Renewal requirements referencing content area courses refer to the area of endorsement (e.g., mathematics, science, special education, etc.).

References to job/skill related area include pedagogy and skills for effective teaching and leadership (e.g., computer technology, cooperative learning, learning styles, methodology, etc.). **Only one renewal method may be utilized during a five-year period.** For a list of CEU providers, go to: <https://www.mdek12.org/OTL/OEL/Renewal>.

The Mississippi Department of Education no longer approves programs for CEU credit. School districts, organizations, or individuals wishing to prepare and offer a program for CEU credit must submit an application to an accredited CEU granting agency. Any Continuing Education Office at a college, university, or community/junior college is an accredited CEU granting agency. Once programs are approved, they may be offered and certificates will be issued to successful participants by the approving agency. **Ten contact hours of professional development is equal to one CEU credit. **MISSISSIPPI DEPARTMENT OF EDUCATION
PRE-SERVICE TEACHER LICENSE**

The Pre-Service Teacher License provides a statewide structure to organize procedures related to pre-service teachers once admitted to state-approved teacher preparation programs. Such procedures are designed to:

- (a) Protect the health, safety, and general welfare of students and educators;
- (b) Provide opportunities for pre-service teachers to practice/demonstrate knowledge and skills;
- (c) Standardize the criminal background check process across the state for pre-service teachers eliminating those who are not eligible or suited to the profession;
- (d) Assist pre-service teachers in understanding the Mississippi Educator Code of Ethics, Standards of Conduct and hold them accountable under the Code; and
- (e) Require attainment of the Pre-Service Teacher License for anyone participating in field experiences and student teaching in Mississippi schools (to include candidates in Mississippi and out-of-state educator preparation programs).

Requirements.

To qualify for the Pre-Service Teacher License:

(a) An applicant must be admitted to a teacher preparation program in the state of Mississippi or any other U.S. state which meets the following requirements:

- 1. Leads to licensure in a teaching field; and
- 2. Requires participation in field experiences or clinical practice including student teaching, residency work or any other program requirements in Mississippi schools;

(b) The educator preparation provider (EPP) shall request the Pre-Service Teacher License on behalf of the applicant according to procedures outlined in the Mississippi Educator Licensure Guidelines compendium;

(c) An applicant shall submit appropriate documentation indicating cleared criminal background check;

NOTE: The Pre-service Teacher License is not intended for individuals who hold a valid provisional or standard Mississippi license in a teaching field, or an expired Mississippi renewable standard license in a teaching field.

Validity. The Pre-Service Teacher License is valid for five (5) years, with the following exceptions:

(a) Invalidated upon program completion;

(b) Rescinded if an individual withdraws, transfers or is removed from a program:

- 1. Previously-enrolled candidates who withdraw, transfer, or are removed from an educator preparation program and are subsequently re-admitted to the program or admitted to a different educator preparation program are eligible for the Pre-Service Teacher License:

- (i) Under these circumstances the five (5)-year validity period begins again upon re-admission and issuance of the new license. Requirements (a), (b) and (c), listed above, must be met after re-admission to the educator preparation program in order to reissue the Pre-Service Teacher License; and

(c) May be extended at the request of the EPP.

NOTE: Pre-Service Teacher License holders are in-field to participate in supervised field experience, clinical practice, student teaching, or residency work consistent with the grade levels of certification sought. Individuals holding valid Mississippi Licenses in teaching fields are also in-field to participate in these activities. These experiences provide license holders with an intensive and extensive culminating activity. License holders are immersed in the learning community and provided opportunities to develop and demonstrate competence in the professional roles for which they are preparing. Holding a Pre-Service Teacher License, even upon successful completion of an educator preparation program, does not automatically result in movement to the standard renewable license.

Future Additions to Requirements Section:

Complete the Mississippi Educator Code of Ethics – Module/Assessment, with the following exception:

Applicants who have been continuously enrolled in the same educator preparation program since Month-Day-Year, or earlier are exempt from this requirement. Note: the term “enrolled” is defined as admitted to a program and actively taking coursework.

ADVANCE PLACEMENT (AP) COURSES AND LICENSURE ENDORSEMENT CODES

Advanced Placement (AP) endorsements can only be added as a supplemental endorsement to a standard five (5) year educator license.

To teach any AP course, teachers must first complete the College Board endorsed AP Summer Institute (APSI) for the course and must obtain the AP endorsement through the Mississippi Department of Education's Division of Educator Licensure. Documentation showing completion of the College Board APSI is required.

Documentation from the National Math and Science Initiative (NMSI), a College Board approved professional development provider, will be accepted for initial certification for any AP area in lieu of the College Board AP Summer Institute. In addition, initial AP Computer Science Principles training may be issued by Project Lead The Way or Code.org. These two providers are endorsed by College Board as professional development providers for AP Computer Science Principles only.

Once a teacher has been issued an AP endorsement, the AP endorsement must be renewed every five (5) years with additional MDE approved AP training that earns 3 Continuing Education Units (CEUs) in the appropriate AP endorsement area. Additionally, teachers may continue to renew AP endorsements by attending the College Board APSI, or by serving as an official College Board AP reader in the appropriate endorsement area.
