

By the numbers, MISSISSIPPI NEEDS MORE TEACHERS

MISSISSIPPI TEACHER RESIDENCY

A rigorous graduate program granting a master's degree in Elementary and Special Education from an accredited 4-year Mississippi College or University.

PROGRAM OUTLINE

Up to two hundred (200) selected participants will complete their residency in a participating school district through aligned coursework and one-on-one mentorship from a high-quality teacher with collaboration from community, state, and national partners. Participants will then commit to teaching three (3) years in the district where residency is completed.

PARTICIPANT BENEFITS

- Full degree scholarship provided by the Mississippi Department of Education through Elementary and Secondary School Emergency Relief (ESSER) funds
- Eligibility for an educator's license at the completion of Mississippi Teacher Residency (MTR) requirements and passage of required licensure exams
- One-on-one teacher mentoring
- Guided support and test preparation for the Praxis and Foundations of Reading

STAKEHOLDER BENEFITS

- Development of innovative, retention-focused teacher training curricula to be used for years to come
- Highly trained and invested community members working in school districts
- Increased partnership with community, university, state, and national partners
- Leadership opportunity for mentor educators with a monetary stipend
- Long-term research opportunities with applicable lessons for the future of Mississippi's educator workforce

To apply, one must have earned a bachelor's degree.

People of color, males, veterans, and teacher assistants are strongly encouraged to apply.

MISSISSIPPI TEACHER RESIDENCY

P R O G R A M

The MTR program offers selected aspiring educators the opportunity to collaborate with highly-skilled university faculty and school district personnel as a resident teacher. Upon completion of the MTR program and achievement of successful licensure requirements, the resident will be eligible to receive a Mississippi educator's license. To apply, one must have earned a bachelor's degree.
