

# Back to School with Gale Science Resources

Hello!

is partnering with Gale to provide science databases to grades 6-12. Gale is a global leader in online resources to support students in learning and research. This year, your student will have access to the following resources:

**Gale In Context: Science**- Reference articles, multimedia content, interactive experiments, news reports and more focused on key science topics including Biology, Physics, Earth/Space Science, Technology, Chemistry, and Health.

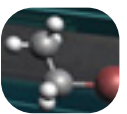

**Gale In Context: Environmental Studies**- Resource specifically focused on environmental topics and issues. Just like Gale In Context: Science, students will have access to multimedia content, reference articles, news reports, and more.

**Gale Interactive: Science**- Interactive 3D models and activities focused in Biology, Chemistry, Earth/Space Science, and basic Anatomy.

**Gale Interactive: Human Anatomy**- Interactive 3D models and activities focused on human anatomy, including organs, body systems, and regions.

**Gale Interactive: Chemistry**- Interactive 3D models and activities focused on key Chemistry topics including the periodic table, chemical reactions, and molecules/compounds.
