- Click the **SIGN IN** link in the upper left corner of the screen
- Click the **FOLDER** link and your folder contents display, with a menu located on the left-hand column
- Click **JOURNAL ALERTS** and mark the checkbox for each alert you would like to delete
- Click the **DELETE ITEMS** button and the selected items are removed from the folder

ABSTRACTS VS FULL TEXT

EBSCO provides both bibliographic records (abstracts) and full text periodicals and journals for librarians, administrators, teachers, and other school community members to use to promote professional development. *Educational Administration Abstracts* and *Teacher Reference Center* provide only indexing and abstracts of educational journals and periodicals. These databases do not provide full text articles.

Professional Development Collection provides a high-quality collection of educational journals and periodicals on everything from children's health and development to pedagogical theory and practice. The following are resources that would benefit school librarians and can be selected to create a professional journal alert.
