

LEARNING AT HOME

Bath Time

Reading

Discuss the steps taken to take a bath. Talk about what the effects might be if a step is skipped.

Math

- What would we use to measure bathwater? (length or volume)
- How long is the bathtub? (repeat the questions with washcloth, soap, shampoo container?)
- Which item is the longest? Shortest?
- Which item is the heaviest? Lightest?

Discussion Topics

- What is the the difference between a bathtub and shower?
- What keeps the water from draining out of the bathtub?
- Why is their steam with water when it is hot?
- On which of the faucet is the hot water on? Cold water?

Vocabulary

- Discuss what a faucet is. Talk about its purpose in the bathtub.
- Help your child define the word tepid.
- What are antonyms for the word tepid? (steamy, hot)
- What are synonyms for the word tepid? (cold, frigid)
