07	Calculations of Chronic Absenteeism
08	Chronic Absenteeism Rates by Grades
09	Lowest Chronic Absenteeism Rates
10	Chronic Absenteeism Rates by Districts
15	Chronic Absenteeism by Schools

INTRODUCTION

Chronic absenteeism is defined as missing 10% or more (18 days) of a school year for any reason. Chronic absenteeism differs from Average Daily Attendance (ADA), which is the average number of enrolled students who attend school each day. A school's ADA often masks issues surrounding the number of chronically absent students. A school can potentially have an ADA of 95% or higher while having a chronic absenteeism rate greater than 10%.

During the 2023-2024 school year, 107,266 Mississippi public school students were chronically absent compared to 108,310 students in 2022-2023. Mississippi's chronic absenteeism rate for 2023-24 is 24.44%, which has increased since last year. The Mississippi Department of Education (MDE) started reporting the rates in 2016. The attendance campaign was first launched in September 2018 to challenge students and school districts to strive to reduce individual absences to no more than five absences over the course of the entire school year. A statewide attendance awareness campaign was relaunched in June 2023 to encourage regular school attendance. Mississippi's campaign continues to be part of a national movement to reduce chronic absenteeism.

MDE formed a partnership with the National Dropout Prevention Center (NDPC), to address chronic absenteeism in the state beginning in January 2024. MDE OCSAE & DOP held twelve regional training two-day training for individuals who will serve in support roles for district teams. This two-day working event acquainted participants with the National Dropout Prevention Center (NDPC) Strategic Process that will be used to guide district and school teams to develop the highest-impact local plans for attendance improvement. Participants analyzed attendance data to determine the root causes of truancy, including an analysis of how the pandemic adversely impacted school attendance. Participants became familiar with and learned to help others use the most current research-based approaches to attendance improvement. NDPC provided participants with support documents, practice guides, and assessment instruments on both attendance and student engagement. The training focused on building statewide capacity to address chronic student absenteeism. Each participant received tools to train others to use identified curriculum modules in training and how to empower educators to transform classrooms to illuminate a path for students' success.

To further encourage and support school districts, MDE OCSAE & DOP collaborated with the National Dropout Prevention Center to host the Statewide Chronic Absenteeism and Dropout Prevention Conference, a two-day event that delved into this pressing challenge in K12 education. The Conference featured a series of presentations and breakout sessions led by experts in the field, and local school districts offering insights into innovative strategies and practical approaches for enhancing students and decreasing the dropout rate. The Conference served as a platform for

sharing best practices and experiences, fostering a deeper understanding of how to address chronic absenteeism effectively. Moving forward MDE will continue to provide training to school districts and work with Community partners to address chronic absenteeism within the state.

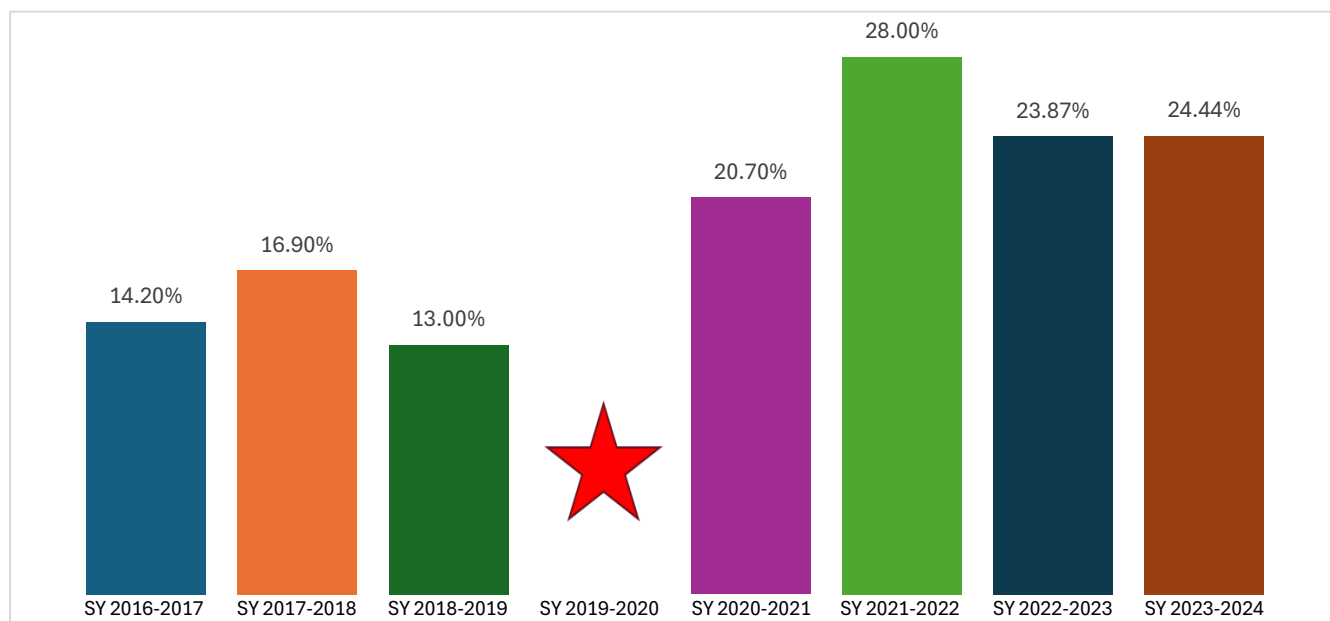

Here are a few actions that districts and schools can take to address chronic absenteeism:

- Reduce Student Tardiness to Reduce Chronic Absenteeism
- Use Positive Reinforcement to Improve Student Attendance
- Promotion of school attendance at school sporting events.
- Connect attendance to the school “brand” (mascots, slogans, cheers).
- Create a mentor program.
- Consider an alternative to suspension.
- Engage Students and Parents
- Recognize Good and Improved Attendance
- Develop Programmatic Response to Barriers
- Provide Personalized Early Outreach
- Monitor Attendance Data and Practice
- Review [statewide policies for virtual learning](#) to be sure district policies align with state requirements.
- Work with your school and district data clerks to ensure accurate attendance data are entered.
- Encourage teachers and staff to make personal contact with families when students are absent. We know the power of personal relationships and how they foster a sense of belonging.
- Work with School Attendance Officers to identify and engage students who are at risk of becoming chronically absent.
- Review your health and safety protocols for minimizing the spread of infectious illnesses.
- Take advantage of resources to promote regular student attendance:
- [Home - Attendance Awareness Campaign 2023 \(attendanceworks.org\)](#)
- [Handouts for Families - Attendance Works](#)

The State's Chronic Absenteeism Rate

The figure below represents the state's chronic absenteeism rates for the school years 2016-2017 to 2023-2024. The current rate of 24.44% shows a slight increase from the previous school year by 0.57%.

STATE CHRONIC ABSENTEEISM RATES

Note: School Year 2019-2020 was the year of the COVID-19 Pandemic. Attendance was not recorded in the same manner as in the other school years.

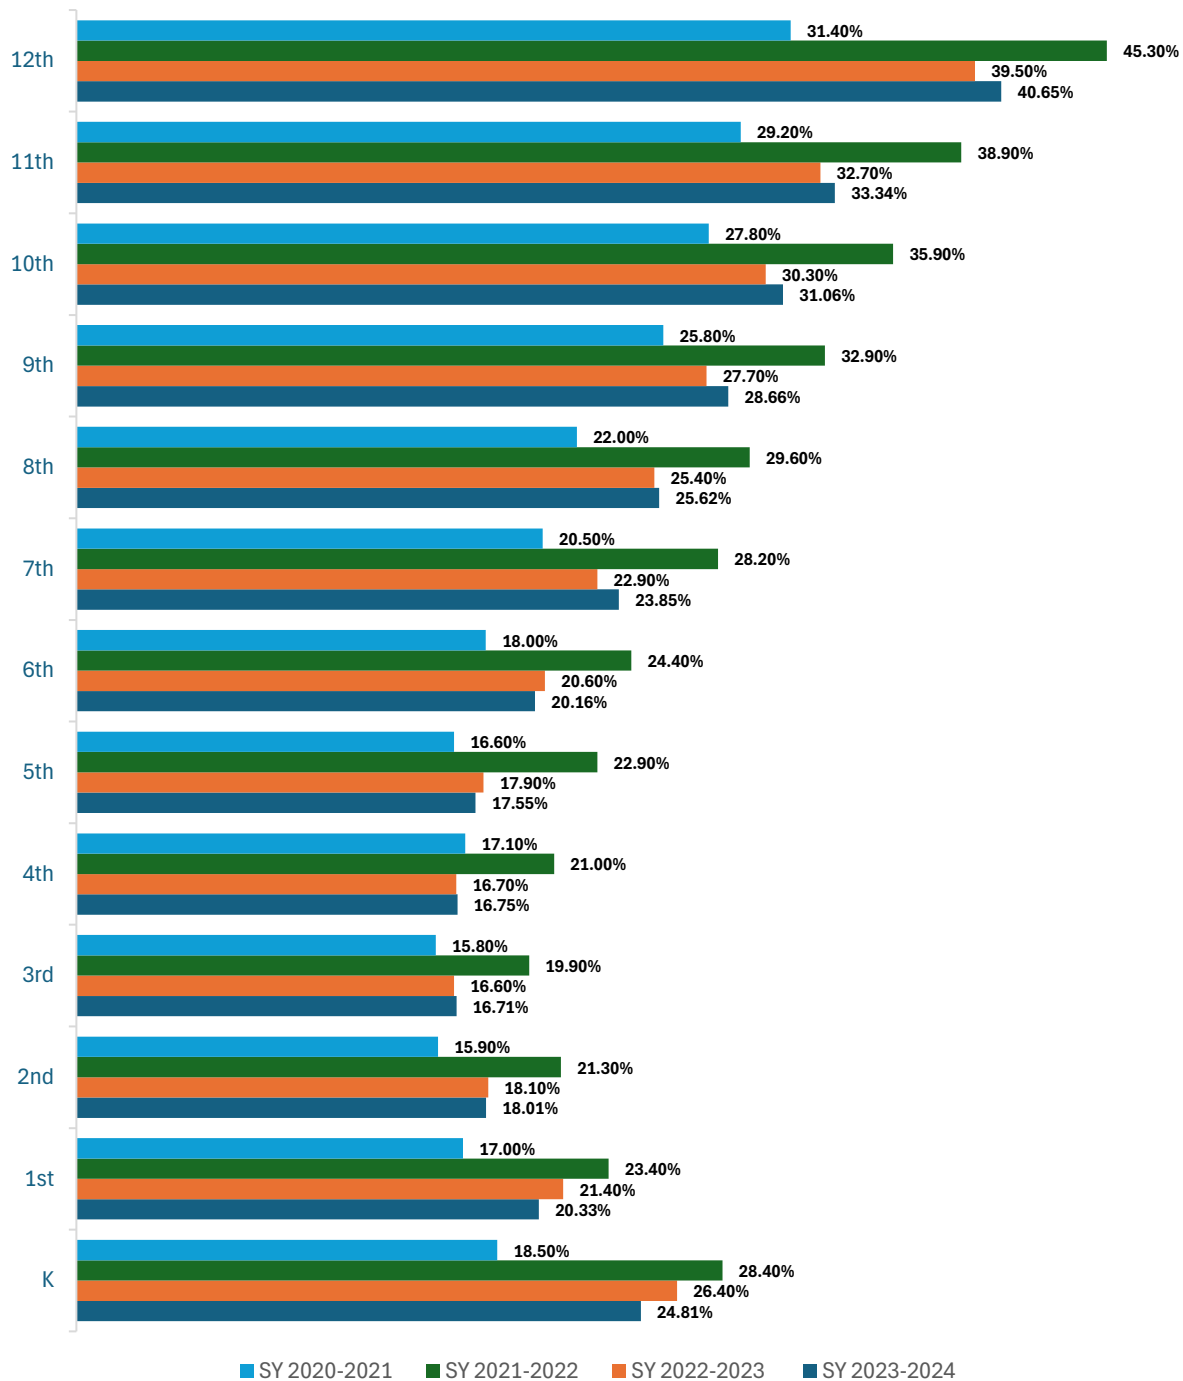

CALCULATIONS OF CHRONIC ABSENTEEISM

Students enrolled in more than one school are included in the report. Any student enrolled in school for at least 10 days must be included in the calculation. Chronic absenteeism includes any student absent 10% or more of the time that he/she was enrolled in any school. Any student who misses 50% or more of a school day is considered absent.
