72-hour Reporting

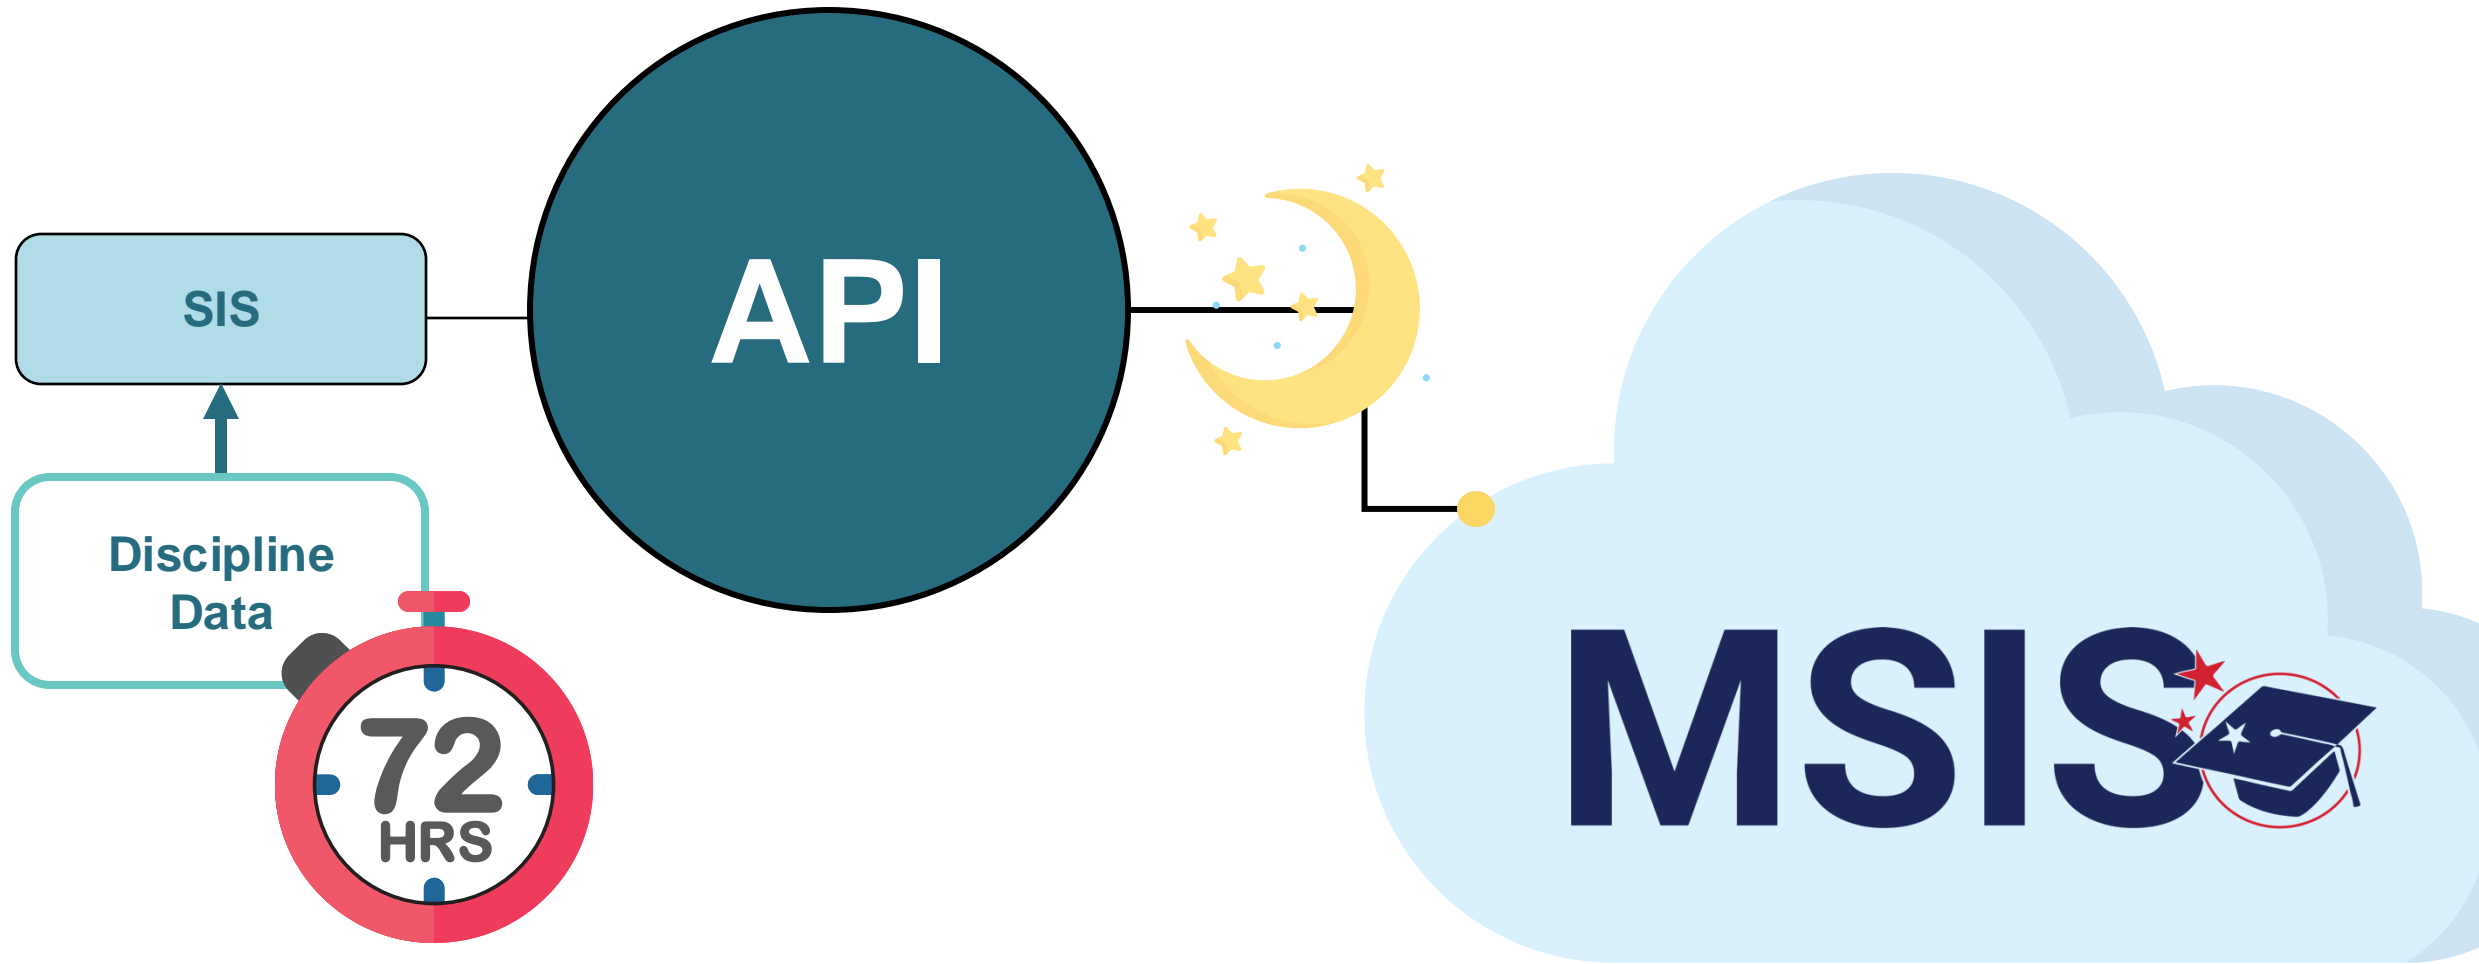

Incident involving specific infractions must be reported within 72 hours.

DSD

MSD

MS Code Ann. 37-15-6 (amended in 2013) references a **central reporting system for expulsions.**

The 72-hour reporting is believed to have been set as a reasonable time frame for reporting the expulsion of a student. If an expelled student from one district tries to transfer to another district, the receiving district could look in the “central reporting system” to know to contact the “exporting” district to see what the reason for the expulsion was related to the safety of the receiving school.

**What should
be reported
within 72-hours?**

Incidents that result in a Disciplinary Action of **EXPULSION**

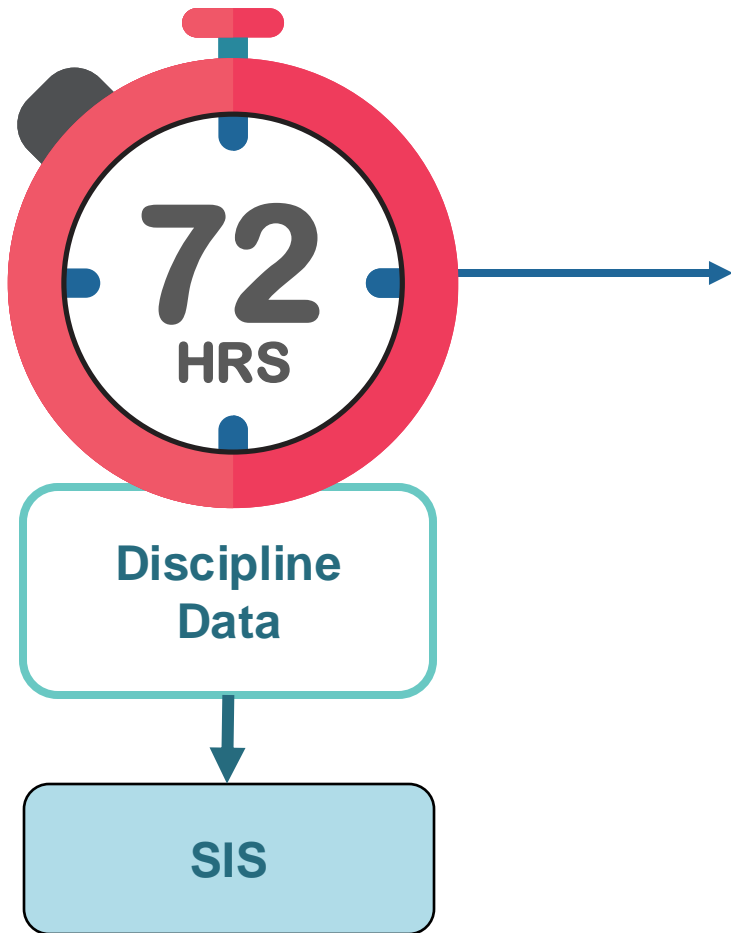

Disciplinary Action Taken

Expulsion with Services

Expulsion without Services

Change of placement (reassignment),
resulting from an expulsion hearing

Change of placement (reassignment),
pending an expulsion hearing

Disciplinary Action Taken

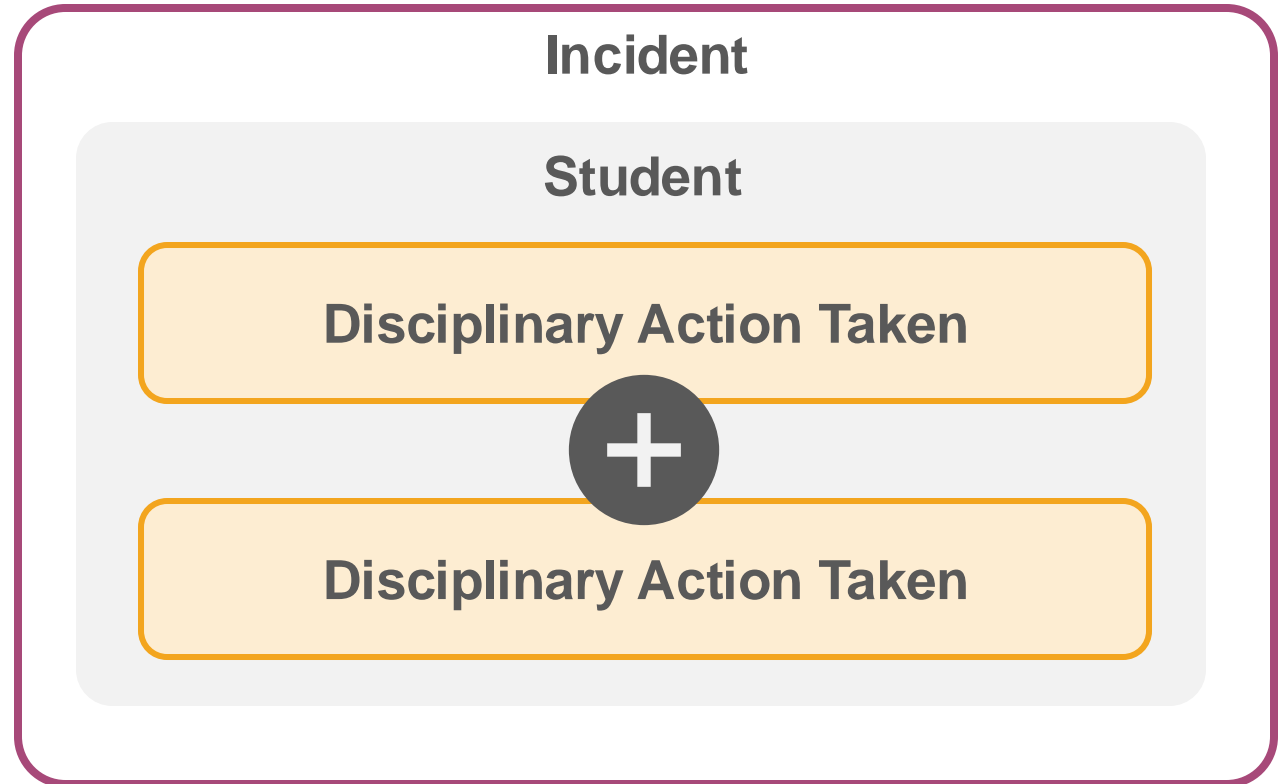

Depending on expulsion placement, this may also include:

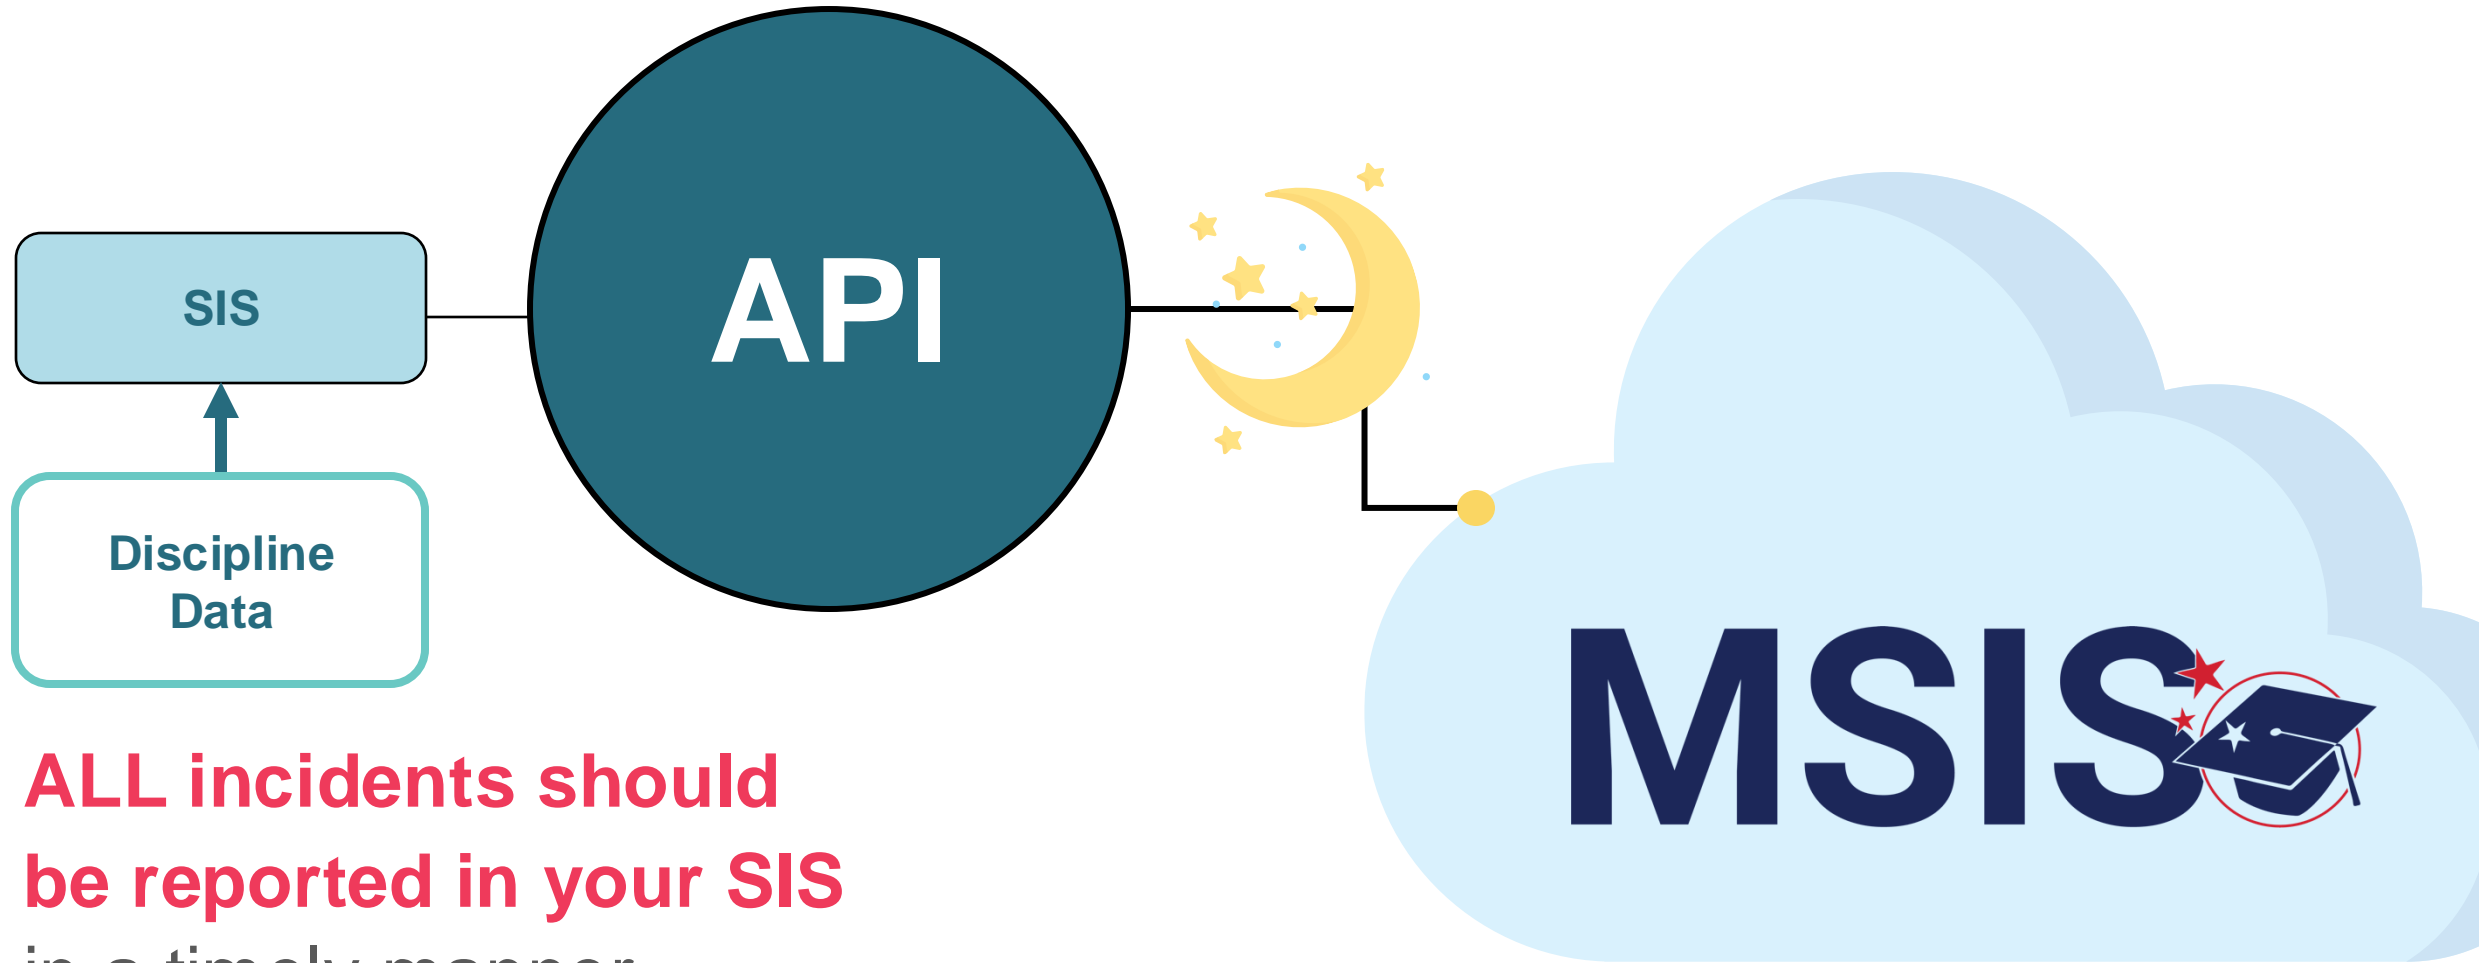

Change of placement (long-term), placement in which the student is placed in the location for greater than 90 days

Change of placement (reassignment), temporary placement in which upon entry there is an expectation the student be placed there less than 90 days

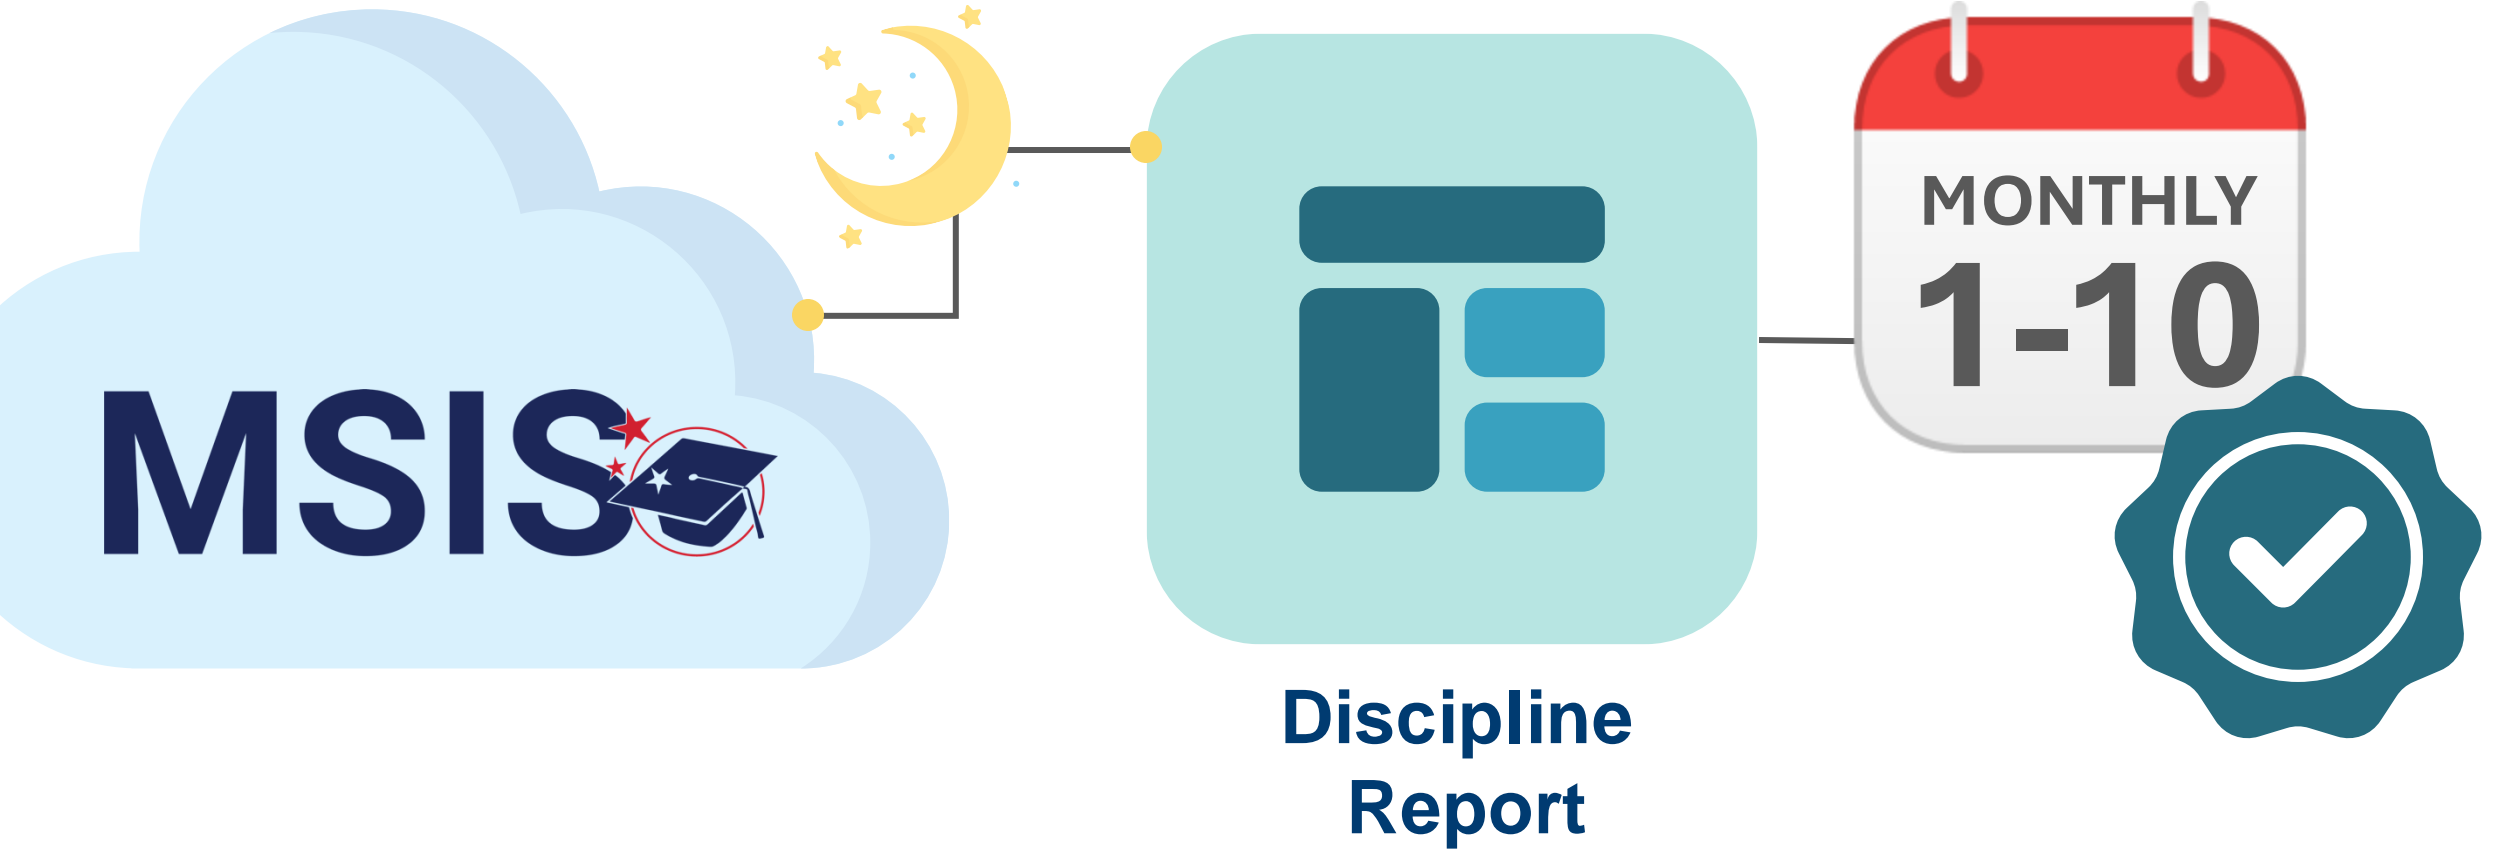

Multiple Disciplinary Actions can be reported for each student in an incident.

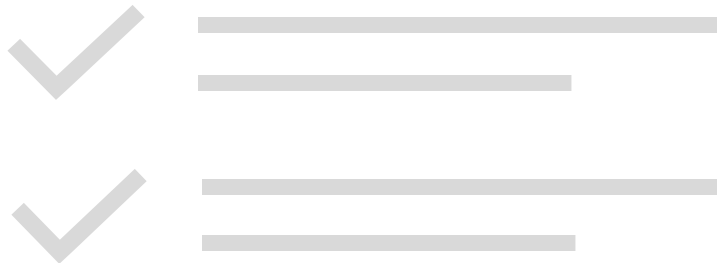

**ALL incidents should
be reported in your SIS**
in a timely manner.
