Vision

To create a world-class educational system that gives students the knowledge and skills to be successful in college and the workforce, and to flourish as parents and citizens

Mission

To provide leadership through the development of policy and accountability systems so that all students are prepared to compete in the global community

State Board of Education Goals 5-Year Strategic Plan for 2016-2020

- ✓ All Students Proficient and Showing Growth in All Assessed Areas
- ✓ Every Student Graduates High School and is Ready for College and Career
- ✓ Every Child Has Access to a High-Quality Early Childhood Program
- ✓ Every School Has Effective Teachers and Leaders
- ✓ Every Community Effectively Using a World-Class Data System to Improve Student Outcomes
- ✓ **Every School and District is Rated “C” or Higher**

State Board of Education Goals 5-Year Strategic Plan for 2016-2020

6th Goal

- ✓ Every School and District is Rated “C” or Higher

Outcomes Metrics (4 out of 6)

- ✓ Increase the growth of “D” and “F” **districts** along the “A-F” Spectrum by improving the letter grade and/or increasing the number of points within a letter grade
- ✓ Increase the growth of “D” and “F” **schools** along the “A-F” Spectrum by improving the letter grade and/or increasing the number of points within a letter grade
- ✓ Increase the percentage of **districts** rated “C” or higher*
- ✓ Increase the percentage of **schools** rated “C” or higher*

**Grades reported for 2014-15 are non-waiver grades*

Evidence-Based Expectations

Evidence-Based Expectations

By state law we are to categorize all programs and activities based on evidence of effectiveness (MS Code 27-103-159).

By federal law we are required to select and implement evidence-based programs when using federal funds (Every Student Succeeds Act).

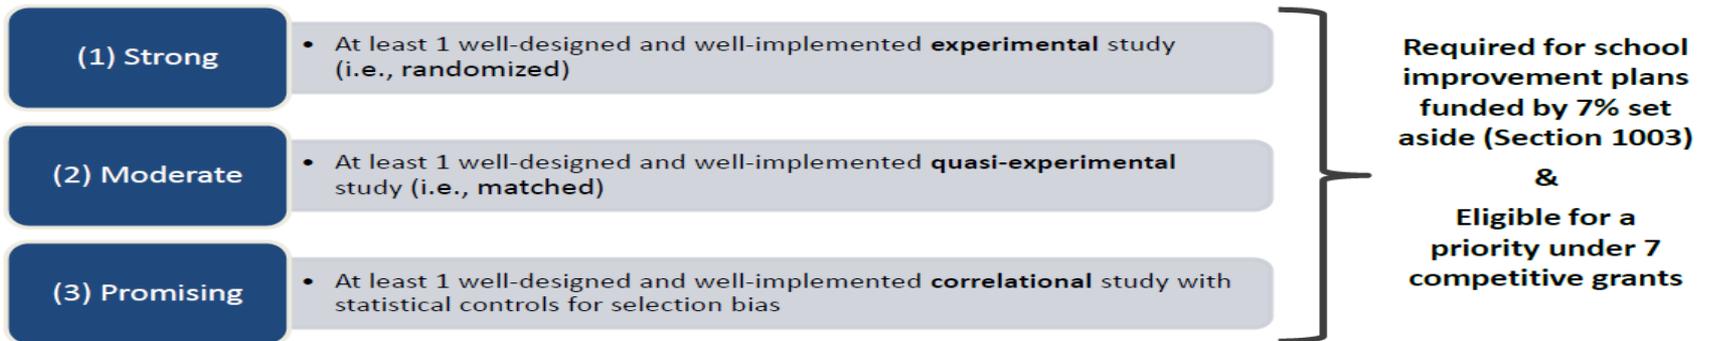

By State Board of Education expectations, we are to create a world-class educational system that gives students the knowledge and skills to be successful in college and the workforce. To obtain this vision, we must use evidence-based practices/programs with a proven track record of success.

Importance of Evidence-Based Decision Making

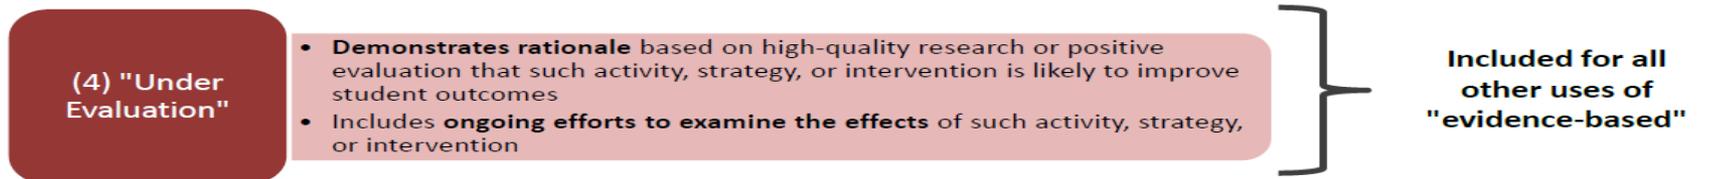

- The more we use proven approaches, the more we can improve student outcomes
- State and local leaders can increase the return on their investments of limited public funds
- Investing in robust evaluations and transparency in sharing results help increase stakeholder buy-in
- Leaders are more likely to sustain a strategy if they can point to strong evidence of impact
- Evidence-based practices promote continuous improvement, build bodies of evidence and develop learning systems.

Definition of "Evidence-Based" in the Every Student Succeeds Act (ESSA)

ESSA's definition of "evidence-based" includes 4 levels of evidence. The top 3 levels require findings of a **statistically significant effect** on improving student outcomes or other relevant outcomes based on:

The 4th level is designed for ideas that do not yet have an evidence base qualifying for the top 3 levels above. Given the requirement in the second bullet below to examine the effects of these ideas, this evidence-*building* level can be referred to as "under evaluation."

Points of Convergence

How do district and school leaders ensure that **all** federal resources are:

- evidence-based;
- used efficiently;
- used effectively; and
- positively impacting student achievement?

The Big Question....

How does this decision improve the
quality of instruction and outcomes for
ALL students?

Schools At-Risk

Federal and State Expectations

By state law we are required to conduct an evaluation, provide assistance and report on those schools that are in need of improvement (MS Code 37-18-3 and 37-18-5).

By federal law we are required to continue to provide support for interventions in schools that are identified as Priority or Focus. This list was frozen for the 2016-17 school year.

By State Board of Education goals we are required to support every school and district so that they can improve to an accountability rating of “C” or higher.

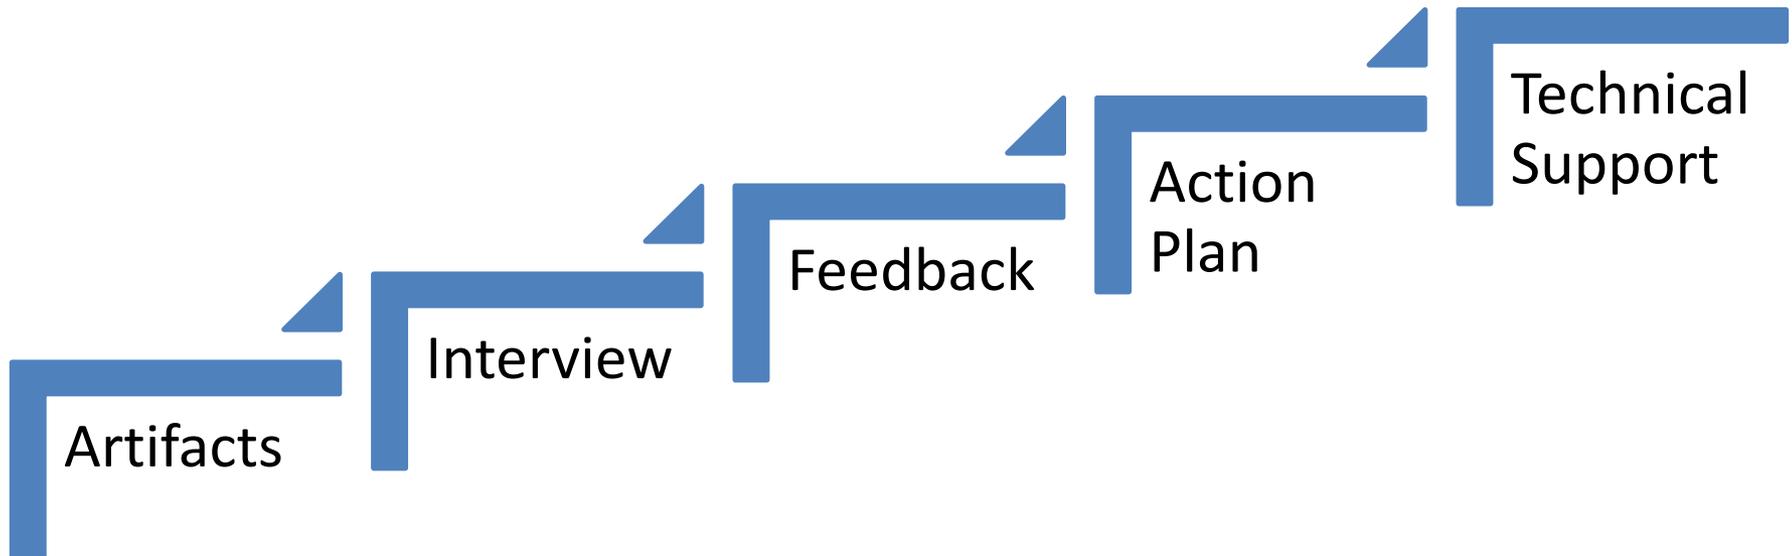

Purpose

To support the focus on improving low-performing schools based on performance toward:

- Proficiency – ELA, Mathematics, Science, History
- Growth - All Students and Bottom 25%
- College and Career Readiness
- Acceleration
- Graduation Rate
- Participation Rate

The Mississippi Department of Education (MDE) implements a process wherein districts/schools will develop and present a plan of action to address areas of deficiency, challenges, and next steps for improving student outcomes.

Process for Supporting Schools At-Risk

Requirements for Schools At-Risk

- ⌘ Develop a PowerPoint presentation using MDE designed template
- ⌘ Submit specific artifacts prior to interview
 - Master Schedule
 - School Staff List (position, endorsement, license type, years experience)
 - Intervention Programs and Interim Assessments
 - External Providers (scope of work and outcomes)
 - Dropout Prevention Plans for High Schools
 - Professional Development Plans
 - Instructional Management Plan
- ⌘ Interview between MDE team and the district team that is comprised of school board member, superintendent, school principal, teacher representative, and parent/community member (optional)
- ⌘ Submit plan of action to improve academic achievement in the school
- ⌘ Technical support from MDE (e.g. professional development, resources)

How Do the Pieces Fit?

TAP/DOMAIN ALIGNMENT:

Domain 1: Turnaround Leadership

TAP 1: Providing Strong Leadership	
	Principal establishes a sense of urgency and shared accountability for meeting school improvement objectives. (4603)
	LEA has developed and implemented a plan to establish a pipeline of potential turnaround leaders. (4594)
	LEA has developed and implemented policies and practices to support full and effective implementation of school improvement efforts, as necessary. (4595)
	LEA and school have established active leadership teams to support implementation of the school improvement plan.

TAP 5: Using data to inform instruction and for continuous improvement, including by providing time for collaboration on the use of data	
	LEA and school collect, monitor, and respond to benchmark/interim data. (4600)
	LEA and school align curriculum, instruction, and assessment with state standards. (4605)

TAP/DOMAIN ALIGNMENT:

Domain 2: Talent Development

TAP 2: Ensuring that teachers are effective and able to improve instruction

LEA and school have structured support systems for recruitment, placement, induction, and retention of teachers and leaders who have the skills needed for school transformation. (4596)

LEA and school align professional development and evaluation systems to improve instructional and leadership practices. (4604)

TAP 8: Ensure that the school receives ongoing, intensive technical assistance and related support from the LEA, the SEA, or a designated external lead partner organization

LEA and school recruit, screen, select, and evaluate external providers. (4597)

School aligns allocation of resources (money, time, personnel, etc.) to school improvement goals. (4598)

TAP/DOMAIN ALIGNMENT:

Domain 3: Instructional Transformation

TAP 3: Redesigning the school day, week, or year to include additional time for student learning and teacher collaboration	
	Principal ensures teachers maximize the time available for instruction. (4601)
TAP 4: Strengthening the school's instructional program based on student needs and ensuring that the instructional program is research-based, rigorous, and aligned with State academic content standards	
	Principal continuously monitors and teachers continuously evaluate the effectiveness of curriculum, instruction, and assessment to ensure that all students engage in the learning process. (4606)
TAP 5: Using data to inform instruction and for continuous improvement, including by providing time for collaboration on the use of data	
	LEA and school collect, monitor, and respond to benchmark/interim data. (4600)
	LEA and school align curriculum, instruction, and assessment with state standards. (4605)

TAP/DOMAIN ALIGNMENT:

Domain 4: Cultural Shift

TAP 6: Establishing a school environment that improves school safety and discipline and addressing other nonacademic factors that impact student achievement, such as student's social, emotional, and health needs

School implements strategies and practices to improve school culture and climate. (4635)

TAP 7: Provide ongoing mechanisms for family and community engagement

School and teachers engage families and communities about children's learning and provide opportunities for input. (4607)

P16 Community Engagement Council Implementation

2016 MS Public School Accountability Standards

Process Standard 12

12: There is an organized system to encourage community involvement, parental communication, and business partnerships in school district decision-making. {Miss. Code Ann. § 37-7-337} (Districts Meeting the Highest Levels of Performance are exempted.)

- **12.1**: A school district that has been designated as Failing (F) as defined by the State Board of Education shall establish a community-based pre-kindergarten through higher education (P-16) council. {Miss. Code Ann. § 37-18-5(4)}
- **12.2**: A district and/or a school designated as a D or F shall establish a community-based pre-kindergarten through higher education (P-16) council.

P16 Community Engagement Council Implementation

- All schools and districts that were identified as “D” or “F” **prior to the release** of the 2015-16 accountability ratings are **required** to implement the P16 Community Engagement Council requirements as outlined in the 2016 MS Public School Accountability Standards (Process Standard 12, 12.1 and 12.2) for establishing a P16 Community Engagement Council. **{MS Code § 37-7-337} and {MS Code § 37-18-5(4)}**

P16 Community Engagement Council Implementation

Each District will be required to submit to the Office of School Improvement by ***December 1, 2017***:

- A current list of each P16 community engagement council in operation within the district containing the name, constituent group, role, and email address of each member (*a template will be provided*)
- A current schedule of meetings for each P16 community engagement council in operation within the district

Every Student Succeeds Act (ESSA)

What is the Every Student Succeeds Act?

The federal Every Student Succeeds Act (ESSA) is the latest version of the nation's main K-12 law that has a longstanding commitment to equal opportunity for all students.

ESSA aims to scale back the hands-on federal role in elementary and secondary education found in No Child Left Behind (NCLB) legislation.

In Mississippi, ESSA is essentially the refinement of activities supporting the Mississippi Board of Education's Strategic Plan.

Mississippi Succeeds Executive Summary and State Plan Overview

Executive Summary

- Provides a high-level overview of state efforts related to instruction, assessment, and accountability
- Shapes context for Mississippi's response to the required components of the ESSA Consolidated State Plan

ESSA Consolidated State Plan

- Built on framework provided by the United States Department of Education
- Addresses state plan for standards, assessments, accountability, effective educators, and supports for struggling schools and students

Current Status

- Academic standards prepare students for college and careers
- Statewide online assessment is aligned to college and career readiness standards for English language arts and Math for all grades (3-8, HS)
- A-F accountability system considers student growth and achievement, graduation rates, and advanced coursework participation and outcomes

Standards, Assessments, Accountability

Changes and Additions

- Mississippi will provide students who take Algebra I in 8th grade with an Algebra II assessment in high school to eliminate current double-testing of these students
- English learner (EL) growth to proficiency on the English Language Proficiency Assessment (currently LAS Links) will be added as a new +/- accountability indicator beginning in 2017-18
- State assessment scores for recently-arrived EL students will be phased in over time (Year 1: report; Year 2: growth; Year 3: growth and proficiency)
- An accountability task force will be reviewing the accountability model to make adjustments after the 2017-18 school year

Accountability: 700 Point Schools

Reading	Mathematics	Other Subjects
Proficiency (100 points)	Proficiency (100 points)	Science Proficiency (100 points)
Growth All Students (100 points)	Growth All Students (100 points)	
Growth Lowest Performing Students (100 points)	Growth Lowest Performing Students (100 points)	

- Green boxes – academic achievement
- Blue boxes – another academic indicator
- Red boxes – other measure of student success
- Accountability model will also include a +/- indicator to reflect English Language Proficiency Assessment progress toward proficiency

Accountability: Districts and 1000 Point Schools

Reading	Mathematics	Other Subjects	Graduation	College and Career Readiness	Acceleration (IB, AP, Industry Certification, Dual Credit)
Proficiency (100 points)	Proficiency (100 points)	Science Proficiency (50 points)	Graduation Rate (High School Only) (200 points)	ACT Algebra (50%) ACT Reading/English (50%) (50 points)	Participation (70%) Performance (30%) (50 Points)
Growth All Students (100 points)	Growth All Students (100 points)	U.S. History Proficiency (High School) (50 points)			70/30 Y1 60/40 Y2 50/50 Y3
Growth Lowest Performing Students (100 points)	Growth Lowest Performing Students (100 points)				

- Green boxes – academic achievement
- Blue boxes – another academic indicator
- Red boxes – other measure of student success
- Accountability model will also include a +/- indicator to reflect English Language Proficiency Assessment progress toward proficiency

Long Term Goals: Student Achievement, Graduation Rate, and ELs

- As a long-term goal, Mississippi aims to eliminate the proficiency gap between Black students and All students entirely, as the All students proficiency rate increases to 70% by 2025.
- As a long-term goal, Mississippi aims to close the graduation rate gap between Special Education students and All students. This gap will be reduced to 20%, as the All students graduation rate increases to 90% by 2025.
- As a long-term goal, Mississippi aims to have 70% of EL students making expected progress toward English language proficiency by 2025.

Comprehensive Support and Improvement

SCHOOL IDENTIFICATION METHOD for CSI:

- Bottom 5% of Title I A schools (identification in 2018-19 based on 2017-18 data; subsequent identification every 3rd year); OR
- Graduation rate less than or equal to 67% (identification in 2018-19 based on 2017-18 data; subsequent identification every 3rd year); OR
- Previously identified Title I A Targeted Support and Improvement school with 3 consecutive years of subgroup proficiency performance (ELA or math) at or below that of all students in the bottom 5% of Title I A schools (identification for this group to begin in 2021-22)

Comprehensive Support and Improvement

SUPPORTS for CSI:

- CSI Support Level 1: [bottom 30% (at a minimum)]: face-to-face embedded coaching support; access to formula grants; priority access to professional development (literacy, leadership, blended learning concepts, other content areas); quarterly regional leadership team meetings (3-4 people per school); quarterly regional leadership webinars
- CSI Support Level 2: virtual coaching support; access to formula grants; priority access to professional development (literacy, leadership, blended learning concepts, other content areas); quarterly regional leadership team meetings (3-4 people per school); quarterly regional leadership webinars

SCHOOL IDENTIFICATION **METHOD #1** and EXIT for TSI:

- Bottom 5% of Title I A schools not identified for CSI in which 3-year average growth in school subgroup proficiency is less than the target proficiency growth rate projected for the same statewide subgroup; AND
- School subgroup proficiency rate is less than statewide target proficiency rate for the same statewide subgroup in any of the 3 years being calculated (identification in 2018-19 based on 2015-16, 2016-17, and 2017-18 data; subsequent annual identification based on most recent 3-year data trend)
- EXIT: 3-year average growth in subgroup proficiency exceeds target proficiency growth rate projected for the same statewide subgroup

SCHOOL IDENTIFICATION **METHOD #2** and EXIT for TSI:

- 3-year average subgroup performance is at or below that of all students in the lowest performing schools (bottom 5% of Title I A schools) (identification in 2018-19 based on 2015-16, 2016-17, and 2017-18 data; subsequent annual identification based on most recent 3-year data trend)
- EXIT: subgroup performance above that of all students in the lowest performing schools (bottom 5% of Title I A schools), based on identification year data

SUPPORTS for TSI (METHOD #1 AND #2)

Evidence-based interventions as outlined in TSI plan approved by the local school board and implemented by the school district; if funding is available once CSI schools are served, TSI schools will have access to formula or competitive grants; training on utilizing data to build capacity and improve instruction

High Quality Instructional Materials and Professional Development Network

- Seven state network (Mississippi, Wisconsin, Delaware, New Mexico, Rhode Island, Massachusetts and Nebraska)
- Mississippi will receive support to:
 - Increase the percent of districts in which new instructional material adoptions and procurements are high-quality and aligned with state's standards
 - Increase the percent of teacher professional development and teacher preparation programs that include training in the use of high-quality, standards-aligned curricula.

High School Turnaround Network

- Collaboration with Johns Hopkins University's *Every Student Graduates Center*
- Seven state network (Illinois, Louisiana, Massachusetts, Mississippi, New Mexico, New York and Ohio)
- Multi-year effort to improve low-performing high schools customized to each state's school improvement strategy and ESSA plan
- Links participating schools in a multiple states network with common challenges and provides the opportunity for them to see schools in similar situations that are making significant progress

Leveraging Federal Funds

- Collaboration with Federal Group, Kellogg, and CCSSO for 2 years
- Supports the development of guidance for LEA's on using ESSA funds to:
 - Expand PK by using multiple funding sources to support early learning
 - Promote equitable access to highly-effective teachers
 - Support English Learners
 - Support Career Readiness
