THE HISTORY OF ACCREDITATION IN MISSISSIPPI

Since the early 1900s, accreditation has sought to improve schools through the requirements of the accrediting agency. In Mississippi, the roots of school accreditation are found in the institutions of higher learning and state teachers' associations. It began in 1896 when the University of Mississippi published a program of studies for an approved high school. The schools that met the University's prescribed program of studies were officially listed as affiliated high schools, and the graduates of those schools were admitted to the University on the basis of their records (certificates), without examination. The list included white high schools in Arkansas, Mississippi, and Tennessee, and it was soon recognized as the approved list by the other colleges in the state.

In 1918, the effort to regulate the program of studies in secondary schools was strengthened when the University requested the Mississippi Education Association to appoint a committee to classify the affiliated high schools. The Association appointed five (5) members to a High School Classifying Committee and required this group to establish standards of classification, to devise a system for grouping high schools, and to assign each high school to its appropriate group. The responsibilities and workload of this subsidiary committee of the Mississippi Education Association continued to grow, and the need for full-time statewide supervision of high schools soon became apparent. This need was met in 1919 when the position of state supervisor of secondary schools was created in the Mississippi Department of Education (MDE). In May of 1920, the High School Classifying Committee became the State High School Accrediting Commission, a standing committee of the Mississippi Education Association. The State Supervisor of Secondary Schools chaired the first Commission, whose membership consisted of representatives from two (2) high schools, the A and M College, Millsaps College, Mississippi College, the Mississippi State College for Women, and the University of Mississippi. This Commission required high schools to meet eleven (11) minimum standards before being accredited and defined an accredited high school as one that meets all requirements and, after inspection, has been approved by the Commission.

Accreditation of elementary schools was not addressed until 1926. During that year, the Mississippi Education Association created the Elementary School Accrediting Commission to perform the same duties in regulating programs for elementary schools that the High School Accrediting Commission did for secondary schools. The Elementary Commission consisted of ten (10) members, with the newly appointed State Elementary School Supervisor serving as executive secretary of the group.

Operating as separate entities, these two (2) Commissions regulated the elementary and secondary programs in white schools until 1949 when they were discontinued by the Mississippi Education Association, and the Mississippi Accrediting Commission was formed.

The first efforts to accredit colored schools began in 1935 when the Mississippi Association for Teachers in Colored Schools organized the Negro Accrediting Commission. In 1947, the Mississippi Association for Teachers in Colored Schools became the Mississippi Teachers Association, and the Commission continued to operate under the renamed Teachers' association until 1959. During that year, the name was changed to the State Accrediting Commission, and one (1) of the first official actions of this group was to adopt the existing rules and regulations of the Mississippi Accrediting Commission.

1960-1980

The sixties found these two (2) Commissions sharing responsibilities for accrediting black and white schools; and, in carrying out their duties, both groups made extensive use of officials in the SBE. The director of the Division of Instruction and his staff served as liaison personnel in distributing, collecting, and processing accreditation information. This practice of "separate but equal" accreditation terminated in the Summer of 1970 when the State

Board of Education (SBE) assumed the responsibility, thus adding a legal dimension to a voluntary process designed to improve schools.

The accreditation law of 1970 gave the SBE the power and authority to prescribe the standards and procedures for the accreditation of schools and placed the responsibility for enforcement in the MDE. The law further mandated the SBE to appoint a Commission on School Accreditation (CSA), whose membership would consist of three (3) representatives from each of the five (5) Congressional districts and whose primary purpose would be to continually review the accreditation system. Contrary to the general perception of the public, the law did not make accreditation compulsory for any school. The process continued to be voluntary and open to any elementary, secondary, or special school in the state.

In the decade following the passage of the accreditation law of 1970, the accreditation system continued to emphasize quantitative factors (specific resources and personnel) to accomplish as school improvement. The provision of adequate resources and personnel was assumed to be a sufficient indicator of the quality of the school program, but, as accreditation information was evaluated, it was found that the quality of the school program was not a direct correlate of the required quantitative factors. However, the system was successful in assuring the presence of adequate resources and in standardizing the organization and operation of school programs. These assurances were not enough to soothe a growing disgruntled public, which was constantly evaluating the products of accredited schools – its students.

1980-PRESENT

As the eighties approached, the state was set for reform in education and in school accreditation. The public wanted the emphasis in accrediting schools shifted from measures of quantity to those of quality. A series of significant legislative mandates passed during the past 20 years have been instrumental in not only creating the current public school accreditation model and accountability system, but also establishing Mississippi as a nationally recognized leader in the school improvement and accountability movement.

Governor William Winter recognized the need for education reform and initiated the accountability movement in Mississippi beginning with the Education Reform Act of 1982. This landmark legislation established a task force to study and propose a plan to establish guidelines and criteria for a permanent performance-based system of school accreditation for all public elementary and secondary schools. The legislation created and authorized the CSA to establish a system for assuring the quality of school programs in Mississippi. This new system, appropriately deemed performance-based school accreditation, was based upon measures that focus on the extent to which schools help students master defined content and objectives. The law shifted the emphasis in school accreditation to the outcomes of education, specifically those related to student achievement, and changed the accreditation process from voluntary to compulsory for all public elementary and secondary schools.

Legislation enacted in 1994 maintained the emphasis on student achievement and mandated that the SBE strengthen and expand the performance-based accreditation system. The 1994 legislation required the system to include: rigorous minimum standards levels above the minimum that demand High Performing performance and strict accountability measures for districts that fail to meet minimum standards.

During the 1999 Legislative Session, the legislature passed the Mississippi Student Achievement Improvement Act of 1999 requiring the SBE to create a state-of-the-art school evaluation and improvement system. The act required the SBE to implement a performance-based accreditation system for both individual schools and school districts. This legislation also required the SBE to set annual performance standards for each of the schools in the state and to measure the performance of each school against itself, using student growth and performance measures. Before new standards and tests were developed, hundreds of teachers helped to re-write the curriculum for mathematics and language arts.

Legislation passed in 2000 clarified requirements for establishing new accountability standards, making accreditation levels reflective of student performance at the school level rather than the district level. This 2000 legislation required individual school performance accreditation levels to be based on two (2) criteria: (1) meeting an annual growth expectation in student achievement and (2) the percentage of students scoring at the basic and proficient level. These were identified as the Achievement Model and the Growth Model. This legislation also established an intensive assistance program for schools not meeting the accreditation standards. Support and training for teachers, administrators, and school board members have been and will continue to be offered to local school districts.

In this accountability system, public school accreditation was two-fold: Each school district was awarded an accreditation status based on compliance with process standards, and individual schools were assigned a school performance classification based on student achievement. District accreditation statuses were awarded under the new accreditation model in October 2001, and individual school performance classifications were assigned in September 2003. For the first time, all components of a school— students, teachers, principals, superintendents, and school board members – were held accountable for student learning.

In 2007, an Accountability Task Force began working on what a new accountability system should look like considering the new curriculum framework in Language Arts, Mathematics and corresponding assessments that were being implemented. Furthermore, the SBE had established three (3) Bold Goals:

- (1) Reduce the dropout rate to 13% by 2013,
- (2) Reach the national average on national assessments by 2013, and
- (3) Ensure that all students exit 3rd grade reading on grade level by 2020.

Based on this commitment, the Accountability Task Force and the CSA shaped an accountability system aimed at moving Mississippi schools toward national performance standards.

In the Fall of 2008, the Accountability Task Force began developing recommendations to present to the CSA for the revised accountability system. The CSA finished these recommendations and submitted for approval to the SBE. This accountability system received SBE approval on March 20, 2009.

This accountability system focused on several key issues. First, a performance classification designation would be issued to both schools and districts. In addition to an achievement component and a growth component, a graduation/dropout component was included for high schools and school districts. Another key point for consideration in this accountability system was that the performance classification issued to schools and districts should differ from the previous labeling system so there could be no comparisons between the two (2) models. A final consideration was that the district performance classification should be based on the performance of all students in the district, treating the district as one (1) K-12 school.

The SBE set a very bold goal of reaching the national average on national assessments by 2013. When the SBE passed this accountability rating system on March 20, 2009, they took an important step toward reaching that goal and made a tremendous commitment to prepare Mississippi children to compete on a national and international level. This system placed Mississippi standards on par with standards in other states and allowed greater transparency in school, district, and state performance.

The Legislature enacted the *Children First Act of 2009* to create a task force to study and report the status of underperforming schools and school districts, enhancement of accountability, and sanctions imposed on those schools and school districts. As a result of the task force study and recommendation, Governor Haley Barbour approved the *Children First Act (CFA)* on April 8, 2009.

During a session of public meetings and workshops held in the Summer of 2012 through the Fall of 2013 the MDE Accountability Task Force developed many recommendations. The recommendations of the Accountability Task Force are directly aligned with the vision and mission of the SBE. The SBE set forth the following vision:

- To create a world-class education system that gives students the knowledge and skills to be successful in college and the workforce and flourish as parents and citizens. To do so, the state must provide leadership through the development of policy and accountability systems so that all students are prepared to compete in the global community.

The following Accountability Task Force recommendations support the three (3) SBE goals:

- Goal 1: To mobilize resources and supplies to help ensure that all students exit third grade reading on grade level.
- Goal 2: To reduce the dropout rate to 13% by 2015.
- Goal 3: To have 60% of students scoring proficient and advanced on assessments of the Common Core State Standards by 2016 with incremental increases of 3% each year thereafter.

The authority for Mississippi's system of school accountability is addressed in Mississippi statutes and rules. The Mississippi Statewide Accountability System was based on Federal laws as required under the Elementary and Secondary Education Act Flexibility Waiver, Miss. Code Ann. § 37-17-6, and the recommendations from the Accountability Task Force and Technical Review Committee which was formed in the Fall of 2013. A new Accountability Task Force is created annually to continue to review and make recommendations to revise the business rules of the Mississippi Statewide Accountability System.

In 2013, the Educational Principles and Practices Task Force was created through a mandate from the SBE to review and revise the *Mississippi Public School Accountability Standards, 2012*. The task force members consisted of 9 (nine) District Superintendents, 1 (one) SBE member, and 1 (one) MDE Representative. Through the assistance of SEDL's Southeast Comprehensive Center (SECC), the final version of the updated Accountability Standards was approved by the SBE in April 2014 and became official July 1, 2014, for the 2014-2015 School Year.

In October of 2014 the SBE approved accreditation audit procedures that may lead to the declaration of a State of Emergency in accordance with Miss. Code Ann. §§ 37-17-6 (12)(a) and (b) and Accreditation Policy 5.0. Accreditation Policy 5.0 gives the SBE and CSA the authority to call an on-site audit or investigation of a school district at any time. Accreditation Policy 5.2 also authorizes public school district audits to be conducted in response to formal complaints being received by the MDE.

In December of 2014 the SBE unveiled a 5-year Strategic Plan for 2016-2020, which sets the roadmap for changing the trajectory of public education in Mississippi. The plan detailed five (5) goals to improve educational outcomes for every public school student in the state. The five (5) goals are:

1. All Students Proficient and Showing Growth in All Assessed Areas
2. Every Student Graduates from High School and is Ready for College and Career
3. Every Child Has Access to a High-Quality Early Childhood Program
4. Every School Has Effective Teachers and Leaders
5. Every Community Effectively Using a World-Class Data System to Improve Student Outcomes

In August of 2016, the SBE updated the plan with a sixth goal. The sixth goal is:

6. Every School and District is Rated "C" or Higher

The 5-year plan builds upon the Board's existing priorities of improving literacy, particularly among K-3 students, reducing the dropout rate and improving overall student proficiency. Embedded in the plan is the Board's full commitment to maintaining Mississippi's College- and Career-Readiness Standards.

In the Spring of 2017, a Task Force was established to review and update Process Standards 29, 30, and 31 as well as their related checklists and monitoring forms. Editorial changes were made to the Process Standards while the monitoring forms, checklists, and related documents were updated with a scheduled release date for the 2017/2018 school year.

In June of 2017 the SBE approved Mississippi's Every Student Succeeds Act (ESSA) plan, the federal law that reauthorizes and modifies the Elementary Education and Secondary Education Act (ESEA). The SBE adopted the ESEA plan to improve transparency, provide support for underperforming schools and districts, increase accountability for results, and focus professional training for better quality teachers and school leaders to positively impact public education in Mississippi.

ACCREDITATION POLICIES OF THE STATE BOARD OF EDUCATION

1.0 ADMINISTRATIVE POLICY

The Education Reform Act of 1982 created the Commission on School Accreditation (CSA) to continuously review the standards on accreditation and the enforcement thereof and to make recommendations thereon to the SBE. Miss. Code Ann. § 37-17-3

1.1 MEMBERSHIP OF THE COMMISSION ON SCHOOL ACCREDITATION

The CSA shall be composed of fifteen (15) members, as prescribed in Miss. Code Ann. § 37-17-3 and shall consist of two (2) classroom teachers, two (2) principals of schools, two (2) school district superintendents, two (2) local school board members, and seven (7) individuals who are not actively engaged in the education profession.

No local school district shall be permitted to have more than one (1)-member representative on the CSA.

1.2 APPOINTMENT

Each member of the CSA is appointed by the SBE upon recommendation of the State Superintendent of Public Education.

1.3 TERMS OF OFFICE

The length of a regular term is four (4) years. Upon acceptance of appointment, each member is eligible to serve for two (2) consecutive terms. If a member changes employment or accepts a position that is no longer reflective of the category for which he or she was appointed, or if a member moves out of the Congressional district he or she was appointed to represent, that member must resign, and a new member will be appointed to fill the unexpired term. A member of the CSA who is appointed to fill an unexpired term is eligible for appointment to his or her own term(s) of office.

1.4 GENERAL DUTIES OF COMMISSION ON SCHOOL ACCREDITATION

The SBE, acting through the CSA, shall establish and implement a permanent performance-based accreditation system, and all public elementary and secondary schools shall be accredited under this system. It shall be the purpose of the CSA to continually review and enforce the standards on accreditation and to make recommendations to the SBE.

1.5 OFFICERS

The CSA annually elects a chairperson and vice-chairperson. The CSA may designate a member to serve as presiding officer in the event the chairperson and vice-chairperson are unable to preside.

1.6 MEETINGS

The CSA meets on call of the State Superintendent of Public Education. Any official action taken by the CSA requires the presence of a quorum, which is defined as a majority of the membership. The CSA shall provide notice of the meetings, which notice shall include the date, time, place, and purpose of each CSA meeting. Any member of the CSA may participate in an official meeting by teleconference or video means.

1.6.1 Agenda

The Executive Secretary, in consultation with the Chairperson, shall prepare the agenda which is to be considered by the CSA.

All requests to be placed on the agenda shall be received in writing by the Executive Secretary no later than ten (10) days before a scheduled meeting. Agenda items received after this deadline may only be added if approved by a majority vote of the CSA.

The Executive Secretary shall provide the proposed agenda, with supporting documents, to each CSA member, no later than seven (7) days prior to a scheduled meeting.

Further distribution of the agenda shall be made to all interested parties, all persons appearing before the CSA, and to the media.

1.6.2 Minutes

The Executive Secretary shall prepare the minutes of the CSA. The Executive Secretary may secure such assistance as is necessary for the preparation of the minutes.

All proposed minutes shall be provided to each CSA member within seven (7) days prior to any scheduled meeting.

All proposed minutes shall become the official minutes, after adoption by the CSA.

1.7 EXPENSES

In accordance with Miss. Code Ann. §§ 25-3-41 and 25-3-69, each member of the CSA is reimbursed for per diem, travel, and other allowable expenses that are incurred when attending meetings of the CSA.

1.8 STAFF

Staff assigned to the CSA consists of personnel in the MDE. An appropriate staff member of the MDE shall be designated and assigned by the State Superintendent of Public Education to serve as Executive Secretary and coordinator for the CSA.

2.0 DISTRICT ACCREDITATION POLICY

The SBE, acting through the CSA, is required to establish and implement a process for accountability at the public school district level. School districts are held accountable for Accreditation Policies and Process Standards and receive an annual accreditation status. Standards of the performance-based accreditation system recommended by the CSA and adopted by the SBE are contained in the current edition of the *Mississippi Public School Accountability Standards*.

2.1 ASSIGNMENT OF DISTRICT ACCREDITATION STATUSES

In the fall of each year, the CSA determines the annual accreditation status of all public school districts based on verified accreditation data from the previous school year. An annual district accreditation status is assigned based on compliance with Process Standards. Information concerning district compliance with Process Standards is reported to the CSA on an annual basis. See Policy 2.2.

The district superintendent and school principals are responsible for ensuring that all data reported to the MDE are true and accurate as verified by supporting documentation on file in the school district. Reporting false information is a violation of the accreditation requirements set forth by the SBE and may result in the downgrading of the district's accreditation status.

After the CSA acts on accreditation records presented, during the fall, the district superintendent and the chairperson of the local school board are notified of the assigned status. The decision of the CSA is final unless appealed by the school board of the school district to the SBE in accordance with the appeal procedures in Policy 6.0 of this document. If a school board of the school district does not request a hearing before the CSA, they waive their right to any appeal of the CSA's decision.

2.2 PROCESS STANDARDS

Process (input) Standards address accepted educational principles and practices that promote educational quality. Any verified violation of a Process Standard is noted on the record summary of a school district at the time of discovery within any school year; however, it does not affect the current accreditation status of the district. See Policy 2.5 for the exceptions. If a noted violation of a Process Standard has not been corrected by

the following school year when accreditation statuses are assigned, the violation is reported to the CSA for appropriate action.

The SBE, acting through the CSA, reserves the right to suspend school district compliance of any Process Standard that is not mandated by state or federal law. See Policy 4.2 for Rewards.

2.3 ACCREDITATION STATUSES DEFINED

Districts are assigned an annual accreditation status based on compliance with Process Standards and Accreditation Policies.

ACCREDITED is assigned to a district that complies with Accreditation Policies and 100% of the Process Standards. (See exceptions in Appendices F and H.)

PROBATION is assigned to a district that fails to comply with 100% of the Accreditation Policies and Process Standards. The district will be required to develop and implement a Corrective Action Plan (CAP) with defined timelines to address the deficiencies. See Policy 2.8.

WITHDRAWN is assigned to a district that has previously been assigned a PROBATION status and has failed to comply with its CAP within the approved timelines. It may also be assigned to a district found in violation of any Process Standards contained in Policy 2.5.2. Any school district placed in a District of Transformation may have its accreditation withdrawn. The district will be required to develop and implement a CAP with defined timelines to address the deficiencies. See Policy 2.8.

2.4 NOTIFICATION OF DEFICIENCIES AFTER ASSIGNMENT OF STATUS

After the annual assignment of a district's accreditation status in the fall, the process of determining statuses for the following school year begins. Whenever information on file with the MDE indicates that a school district may be in violation of a standard, the superintendent and the school board of the district are notified in writing by appropriate MDE staff responsible for monitoring compliance with the standard. School district officials are given forty-five (45) calendar days from the date of receipt of notification to provide a written response verifying accuracy or inaccuracy of the notice of possible noncompliance with the standard.

If the written response includes sufficient evidence to correct or refute the alleged violation, the superintendent of the district is notified by appropriate MDE staff responsible for monitoring compliance with the standard. Any verified violation of a standard is reported in writing to the Office of Accreditation, where it is noted on the current Accreditation Record Summary of the district. The Office of Accreditation notifies the superintendent of the district in writing of the verified violation.

2.5 FACTORS THAT MAY AFFECT AN IMMEDIATE CHANGE IN ACCREDITATION STATUS

An assigned accreditation status may remain unchanged during that school year except in those cases where verified noncompliance of accreditation standards may downgrade an accreditation status immediately, in accordance with Policy 2.5.1 or 2.5.2.

2.5.1 Recommended Accreditation Status – PROBATION

Districts in violation of any of the following standards may be presented to the CSA for action, that may include downgrading the district's accreditation status to Probation:

- Accreditation Policy 2.1, reporting false information,
- Standard 1.1 and 1.3, failure to implement appropriate standards of governance,
- Standard 1.2, failure to comply with school board policies that meet state and federal statutes, rules, and regulations,
- Standards 4 and 5, failure to comply with financial accountability requirements,
- Standard 14, failure to comply with graduation requirements,

- Standard 16, failure to comply with test security procedures required by the Mississippi Statewide Assessment System,
- Standards 17.1-17.8, failure to comply with state/federal regulations,
- Standard 20, failure to comply with Instructional Practices, or
- Standards 29, 30, and 31, failure to comply with standards that sustain a safe school climate.

2.5.2 Recommended Accreditation Status – WITHDRAWN

Districts in violation of any of the following standards may be presented to the CSA for action, that may include withdrawal of the district's accreditation:

- Accreditation Policy 2.1, reporting false information,
- Standard 1.1 and 1.3, failure to implement appropriate standards of governance,
- Standard 1.2, failure to comply with school board policies that meet state and federal statutes, rules, and regulations,
- Standards 4 and 5, failure to comply with financial accountability requirements of a serious nature,
- Standard 14, failure to comply with graduation requirements specified in Standards 14.1, 14.2, and 14.5,
- Standard 16, failure to comply with test security procedures required by the Mississippi Statewide Assessment System in Appendix F, numbers 8 and 9,
- Standards 17.4-17.6, federal programs whose regulations call for strong sanctions for continued patterns of noncompliance,
- Standard 20, failure to comply with Instructional Practices, or
- Standards 29, 30, and 31, failure to comply with standards that pose life-threatening conditions for students and staff.

2.6 RESOLVING ACCREDITATION CONTROVERSIES

All controversies involving the accreditation statuses of school districts are initially heard by a duly authorized representative of the CSA in accordance with Miss. Code Ann. § 37-17-5, and Policy 6.0, unless a recommendation is made regarding a State of Emergency under Miss. Code Ann. §37-17-6(12)(b). See Policy 2.9.

2.7 CONSOLIDATION OF SCHOOL DISTRICTS OR RECONFIGURATIONS OF SCHOOLS

2.7.1 When two (2) or more school districts consolidate, the affected school district(s) may, depending on the nature and applicability, have any current citations applied to the consolidated district until the consolidated district has provided evidence of compliance of the violation and the Office of Accreditation has verified compliance.

2.7.2 When a local school board approves the reconfiguration of a school within the same district the school district may be allowed to maintain its accreditation status.

See Section 20 of the Business Rules of the Mississippi Statewide Accountability System for additional explanation of how performance classifications (grades) are assigned to reconfigured schools/districts.

2.8 CORRECTIVE ACTION PLAN (CAP) AND WITHDRAWAL OF ACCREDITATION

2.8.1 Corrective Action Plan (CAP) with Definitive Timelines

When a school district has been assigned a PROBATION or WITHDRAWN accreditation status, the school district shall develop a Corrective Action Plan (CAP) with defined timelines in which to correct the district's deficiencies.

The school district is required to submit a CAP within sixty (60) calendar days of notification. The plan shall stipulate what will be done to remove the deficiencies and the timeline required in accordance with Miss. Code Ann. § 37-17-6(11)(b). The plan shall be approved by the local school board as documented by official minutes and bear the signatures of the school board chairperson/president and district superintendent. The SBE has final approval on the CAP and the timelines. When corrective action has been implemented to remove a citation, the school district shall submit documentary evidence confirming such to the Office of Accreditation. Assigned MDE staff may conduct follow-up visits as necessary to verify corrective action and compliance.

2.8.2 Withdrawal of Accreditation

If the district fails to correct the deficiencies during the time specified in the CAP, the school district may have its accreditation withdrawn by the CSA in accordance with Miss. Code Ann. § 37-17-6(12)(a). The status of the district will be listed as WITHDRAWN NOT ACCREDITED, and the record of that district will continue to be maintained.

2.8.2.1 Hearings

Before requesting approval from the SBE to withdraw the accredited status of a district, the CSA shall conduct a hearing to allow the officials of the affected district to present evidence or other reasons why its accreditation should not be withdrawn. See Miss. Code Ann. § 37-17-6(12)(a) and Policy 6.0.

2.8.2.2 Results of Hearings

Upon consideration of the transcribed record and recommendation of the CSA's representative, the CSA shall meet, make a decision, and notify all parties in writing by certified mail. Within forty-five (45) calendar days of the conclusion of the hearing and after consideration of the results of the hearing, the CSA shall be authorized, with the approval of the SBE, to withdraw the accreditation of the district and may issue a request to the Governor that a state of emergency be declared in that district in accordance with Miss. Code Ann. § 37-17-6(12)(a). If the decision is made not to withdraw the accredited status of the district, a new timeline is established in the district's Corrective Action Plan (CAP).

2.8.2.3 Public Notice

If a state of emergency has been declared, the CSA files a public notice at least once a week for at least three (3) consecutive weeks in a newspaper published within the immediate or general vicinity of the affected school district in accordance with Miss. Code Ann. § 37-17-6(13).

2.8.2.4 Access to School District Records

School districts are required to produce necessary reports, correspondence, financial statements, and any other documents necessary for the CSA to implement this section on withdrawal of accreditation and District of Transformation.

2.8.2.5 Reinstatement of an Accredited Status

Based on the recommendation from the Office of Accreditation or the State Superintendent of Public Education, the superintendent and school board chairperson/president of a school district whose accreditation has been withdrawn may file a petition with the CSA on School Accreditation for reinstatement of accreditation to be effective on January 1 or July 1. The CSA shall require all school districts that petition for reinstatement of accreditation to appear before the CSA to furnish evidence

satisfactory to the CSA that the school district is compliant with all accreditation standards prior to the reinstatement of accreditation.

2.9 CONDITIONS OF EMERGENCY STATUS AND WITHDRAWAL OF ACCREDITATION

2.9.1 Declaration of State of Emergency

The SBE may request the Governor to declare a state of emergency in any school district in accordance with Miss. Code Ann. § 37-17-6. Upon the declaration of the state of emergency by the Governor, the SBE may take all such action for dealing with the school districts as authorized under Miss. Code Ann. § (12) or (15), including the withdrawal of the district's accreditation.

2.9.2 State of Emergency Hearing Procedures

Pursuant to Miss. Code Ann. § 37-17-6(12), there are several avenues for the SBE to make a request to the Governor to declare a state of emergency.

2.9.2.1 Withdrawal of Accreditation Hearing and Subsequent State of Emergency

In accordance with Miss. Code Ann. § 37-17-6(12)(a), the CSA shall conduct a hearing to determine whether a school district's accreditation should be withdrawn based on failure to comply with their CAP or violations of accreditation standards that may require immediate action. Based on the CSA's consideration, if the CSA, with the approval of the SBE, withdraws the accreditation of a school district, the SBE shall be authorized to request to the Governor that a state of emergency be declared in the district. See Miss. Code Ann. § 37-17-5, Policy 2.8.2, and Policy 6.0 for hearing procedure.

2.9.2.2 Extreme Emergency Situation Hearing

In accordance with Miss. Code Ann. § 37-17-6(12)(b), the MDE's Office of Accreditation shall present evidence to the CSA to support the existence of an extreme emergency situation in the school district that jeopardizes the safety, security, and educational interests of the children and the belief that the emergency situation is related to a serious violation or violations of accreditation standards or state or federal law or failure to meet academic standards as evidenced by a continued pattern of poor student performance. This presentation shall not exceed forty (40) minutes.

Following the MDE's Office of Accreditation's presentation, district representative(s) which shall include, the superintendent and school board chairperson/president, will address the CSA. While the district may have legal representation, *only* district employees and/or school board members may address the CSA during the forty (40) minutes allowed for the district to present evidence pertinent to this matter.

Following the presentations, the CSA will be allowed to address MDE staff and local district representatives to ask any clarifying questions.

Once all questions have been asked by the CSA, the attorney for the district (if applicable), and the attorney for the MDE, will be allowed ten (10) minutes each to provide closing arguments.

Based on the evidence presented, the CSA acts in one of the following manners:

- Accepts the recommendation of MDE and determines that an extreme emergency exists. The CSA submits the resolution to the State Superintendent of Public Education and the State Board of Education; or
- Rejects the recommendation of MDE.

In accordance with the resolution from the CSA that an extreme emergency exists, the SBE meets

to:

- Accept the CSA's determination that an extreme emergency exists, and requests the Governor to declare a state of emergency; or
- Reject the CSA's determination that an extreme emergency exists.

Any request made to the Governor shall contain an expiration date, which automatically rescinds the request to the Governor if the Governor fails to declare a state of emergency after a specified time period. This expiration date shall be set by the SBE.

2.9.2.3 Failing District

The MDE Office of Accreditation may present evidence to the SBE that the school district meets the SBE's definition of a failing school district ("F" designation) for two (2) consecutive years. No prior action by the CSA is necessary.

The SBE may request the Governor to declare a state of emergency in that school district.

2.9.2.4 More than 50% of the schools are Schools At-Risk

The MDE Office of Accreditation may present evidence to the SBE that more than 50% of the schools within the school district are "schools at-risk" (i.e., failing schools identified as "F") in any one (1) year. No prior action by the CSA is necessary.

The SBE may request the Governor to declare a state of emergency in that school district.

2.9.3 Achievement School District

In the alternative, the SBE may consider a school district for inclusion in the Achievement School District (ASD), in accordance with Miss. Code Ann. § 37-17-17 if it meets the definition of Failing District or More than 50% of the schools are Schools At Risk, as found in Policy 2.9.2.3 and 2.9.2.4, and meets the following criteria established by the State Board of Education:

- The Mississippi Achievement School District shall only take over the number of districts for which it has the capacity to serve; and
- District must have been identified as an "F" district for two (2) consecutive years or two (2) of three (3) consecutive years; and
- 50% or more of the schools are rated as an "F" school; and/or
- 50% or more of the students in the district are in an "F" school.

2.9.4 Penalty for the Withdrawal of Accreditation

Policy 2.9.3 is effective one (1) calendar year following the Withdrawal of Accreditation by the CSA and the SBE.

The withdrawal of a school district's accreditation by the CSA will result in the following:

- A school or schools within a district shall be limited to participation in no more than fifty percent (50%) of the regular season of any interscholastic activity, which shall include division/district/regional games,
- The interscholastic season schedule for a school or schools within a district shall not include the opening day of season or any type of post season participation, as determined by the Office of Accreditation, and
- Cheerleading, drill and dance squads, speech and debate, choral music, and band may participate in district or state contest, but shall not be eligible to receive ratings.

All schedule requests must be submitted in writing to the MDE's, Office of Accreditation, at least thirty (30) days prior to the beginning of the season. The Office of Accreditation shall pre-approve all schedules and participation in interscholastic activities. In addition to the suspension of all post

season activities, the school district shall not be allowed to participate in jamborees, special games, parades, tournaments, holiday tournaments, or competitions of any nature.

Failure to comply with section 2.9.3 will result in the suspension of ALL interscholastic activities.

Failure of a district to have its accreditation reinstated by the CSA after a period of two (2) calendar years from the date of the withdrawal of accreditation shall result in the immediate suspension of ALL interscholastic activities until the district's accreditation status is reinstated.

Note: Interscholastic activities include, but are not limited to, football, basketball, baseball, track and field, cross country, tennis, golf, volleyball, softball (fast pitch and slow pitch), soccer, wrestling, swimming, power lifting, bowling, archery, cheerleading, drill, and dance squads, speech and debate, choral music, and band.

3.0 PERFORMANCE CLASSIFICATION POLICY

The SBE, acting through the CSA, is required to establish and implement a process for accountability at the individual public school level and district level in accordance with Miss. Code Ann. § 37-17-6. Individual schools and districts are held accountable for: 1) student proficiency, 2) student growth, and 3) graduation, 4) acceleration, 5) college- and career-readiness, and 6) participation, if applicable, and receive an annual School Performance Classification and District Performance Classification.

When the district establishes a new school and/or the district reconfigures the specific grades or students assigned to an existing school(s) within the district, the student proficiency data used to assign school performance classifications will follow the guidelines established in the School Performance Standards and the Mississippi Statewide Accountability System.

3.1 ASSIGNMENT OF PERFORMANCE CLASSIFICATIONS

3.1.1 School Performance Classification

Information concerning school performance is reported to the CSA on an annual basis, and performance classifications are assigned in the fall of each school year. In accordance with Miss. Code Ann. § 37-17- 6(5), each public school will be assigned an annual performance classification. In addition, the graduation rate will be included in determining the performance classification of schools with a Grade 12. See Miss. Admin. Code 7-3: 7.1 and 7.2, State Board Policy Chapter 7, Rules 7.1 and 7.2 and the Glossary for definition of alternative school. Note: Refer to the Business Rules of the Mississippi Statewide Accountability System for exceptions.

3.1.2 District Performance Classification

Information concerning district performance is reported to the CSA on an annual basis, and performance classifications are assigned in the fall of each school year. Each public school district will be assigned an annual performance classification based on proficiency, growth, graduation rate, acceleration, college- and career- readiness, and participation. A district performance level is assigned based on the performance of all students in the district [i.e., the district will be treated as one (1) K-12 school].

3.1.3 Internal Review of Preliminary Accountability Results

If the school district has reason to believe the preliminary results of the statewide accountability system applied to a district or school are incorrect due to a calculation or data error, the school district may submit written evidence to the Office of District and School Performance, to support the position of the school district. All requests for review shall be submitted in writing based on the

timeline published each year by the Office of District and School Performance. Any requests not submitted based upon the published timeline shall not be considered after the deadline for submission.

The Office of District and School Performance will review these requests and present them to an Internal Review Committee for consideration. The Internal Review Committee will consist of, at a minimum, four (4) MDE staff, and one (1) external chairperson.

The Office of District and School Performance shall present the decision(s) of the Internal Review Committee to the CSA for consideration.

3.1.4 Review or Appeal of Final Accountability Results

If the school district disagrees with the decision of the SBE, the school district may submit written evidence to appeal the final results of the statewide accountability system approved by the SBE. Only appeals based on results believed to be incorrect due to a calculation or data error, shall be considered. The appeal shall be submitted to the Executive Secretary of the SBE within ten (10) calendar days of the SBE's approval. Only school districts that have contested preliminary results may seek an appeal of the decision of the SBE. Any school districts that have not contested preliminary results will have waived their rights to appeal the final results of the statewide accountability system.

For those applicable appeals to the final results, the same process shall be followed as a request for review (i.e., Internal Review Committee, CSA, and SBE); however, during the appeal of the final results, school districts will receive notification of the Internal Review Committee's decision prior to presentation to the CSA. The district superintendent may request to address the CSA regarding the appeal of the results. The district superintendent shall be allotted thirty (30) minutes to address the CSA. The MDE shall also be allotted thirty (30) minutes to address the CSA. The CSA may ask questions of either the District or the MDE following their presentation. The CSA shall not consider any new factual evidence, not previously provided to the Internal Review Committee. The CSA will make a recommendation to the SBE for approval. At the SBE meeting, the district superintendent shall be allotted ten (10) minutes to address the SBE. The MDE shall also be allotted ten (10) minutes to address the SBE. The SBE may question either the district superintendent or the MDE following their presentation. The SBE shall not consider any new factual evidence. The SBE may either affirm or deny a school district's appeal. The SBE makes the final determination of the appeal's disposition.

3.2 PERFORMANCE STANDARDS

Performance (output standards) address selected components of the statewide assessment program and other outcome measures related to the performance of a school and/or district. The SBE also considers factors such as proficiency and growth, graduation rates, dropout rates, college- and career- readiness, acceleration, participation, and any other factors the SBE deems appropriate.

3.3 PERFORMANCE CLASSIFICATIONS

The performance classification assigned to a school or district will be determined by performance indicators as defined in the Mississippi Statewide Accountability System. These indicators are scored and combined to assign performance classifications of **A, B, C, D, and F**. See Performance Standards.

A school may not receive a school performance classification if test data have been invalidated, and the school performance classification will be noted as Test Data Invalidated. (See Section 18 of the Business Rules of the Mississippi Statewide Accountability System for exceptions.) See Appendix F.

3.4 SCHOOLS AT-RISK

Following an analysis of school data each year, the MDE shall identify those schools that are deficient in educating students and need improvement in accordance with Miss. Code Ann. §§ 37-18-3 and 37-18-5. This analysis shall indicate individual school performance based on the annual performance classifications (grades).

3.4.1 Designation

A school shall be identified as a School At-Risk and in need of assistance if the school is designated as an F as identified by the SBE. A school that is failing and that is identified as Comprehensive Support and Improvement (CSI), Target Support and Improvement (TSI), or Additional Target Support and Improvement (ATSI), as outlined in the Mississippi Consolidated State Plan (Mississippi Succeeds), shall be recognized as a School At-Risk.

3.4.1.1 Comprehensive Support and Improvement (CSI) Identification

- **METHOD 1:** graduation rate less than or equal to 67% (identification in 2018-19 based on 2017-18 data; subsequent identification every 3rd year); or
- **METHOD 2:** bottom 5% of Title I A schools (identification in 2018-19 based on 2017-18 data; subsequent identification every 3rd year)
- **METHOD 3:** previously identified Additional Targeted Support and Improvement school with 3 consecutive years of subgroup proficiency performance (ELA or math) at or below that of all students in the bottom 5% of Title I A schools (identification for this group to begin in 2021-2022)

3.4.1.2 Target Support and Improvement (TSI) Identification

- Subgroup in the lowest 50% of overall accountability index; and
- Subgroup in lowest quartile of 3-year average gap-to-goal; and
- Subgroup scores in lowest quartile of 3-year improvement toward gap-to-goal closure; then
- Schools with a subgroup meeting all three (3) of the above criteria will be rank ordered annually, using overall accountability index, and the bottom 5% of all schools not identified for CSI will be identified for TSI.

3.4.1.3 Additional Target Support and Improvement (ATSI) Identification

For all schools, 3-year average subgroup performance is at or below that of all students in the lowest performing schools (bottom 5% of Title I A schools) (for example: identification in 2018- 2019 based on 2015-2016, 2016-2017, and 2017-2018 data; subsequent annual identification based on most recent 3-year data trend).

3.4.2 Notification

Within fifteen (15) days after a School At-Risk has been identified, written notice shall be sent by the MDE, on behalf of the SBE, by e-mail and mail to the school principal, local superintendent, and the local board of education.

For All Schools At-Risk and CSI schools, the district shall create a team, consisting of the superintendent, a board member, the principal, specified district level staff, a content area teacher, and a parent or community member representative from the identified school, to participate in a cross-agency interview with MDE personnel to address the school's performance. The school team shall lead a presentation from a template provided by the MDE, addressing topics, including but not limited to, leading and lagging data, equitable access, leadership, instructional transformation,

talent development, and culture shift. Following the interview, the superintendent shall receive verbal and written feedback on the presentation prepared by the interview team and shall utilize this feedback to inform decision-making and plan for school improvement.

3.4.3 Plan of Improvement

The school shall complete a plan for improvement, which shall be approved by the local board of education as documented by official minutes and bear the signatures of the school board chairperson/president and district superintendent. The MDE shall provide final approval for school improvement plans of schools with a CSI designation. The MDE will monitor the plan implementation of failing schools that are identified as CSI. The local school district shall monitor the plan implementation of Schools At-Risk that are not identified as CSI.

The principal or designee shall provide an update addressing progress toward the plan's action steps each month to the community during the monthly local school board meetings. The update and a copy of the school board meeting agenda shall be submitted to the MDE. The school will continue to implement the approved plan until the release of the accountability performance ratings in the subsequent year.

4.0 RECOGNITION AND EXEMPTIONS

The SBE shall provide special recognition to individual schools or school districts meeting the highest level of performance as defined as a school or district with a performance classification of an "A."

The SBE may provide certain exemptions to individual schools or school districts assigned the performance classifications of an "A" or "B."

4.1 RECOGNITION

Special recognition shall be provided to all schools meeting the highest level of performance. Examples of recognition include, but are not limited to, public and/or media announcements and events.

4.2 EXEMPTIONS

4.2.1 Exemptions for Schools Assigned a Performance Classification of "A" or "B"

Schools assigned a performance classification of "A" or "B" may be exempt from citations of noncompliance with the Process Standards listed below:

- Library Media/Organized Collection (Standard 18.1)
- Library Media Program of Service (Standard 18.2)
- Limit on Course Preparations (Standard 25)
- Student Teacher Ratios in Grades 1-4 (Standard 28.2)
- Limit of 150 Students Per Teacher in Academic Core Subjects (Standard 28.5)

4.2.2 Exemptions for Districts Assigned a Performance Classification of "A" or "B"

School districts assigned a performance classification of "A" or "B" may be exempt from citations of noncompliance with the Process Standards listed below:

- Community Involvement, Parental Communication, and Business Partnerships (Standard 12)
- Senior Preparation for Graduation Ceremonies (Standard 13.4)
- Summer School Program Requirements (Standard 13.5)
- Professional Development Plan/Program (Standard 15)
- Early Childhood Programs (kindergarten and teacher assistant) (Standard 17.1)
- Instructional Management System (Standard 20)
- Suggested Teaching Strategies, Resources, and Assessment Strategies (Standard 2)

4.2.3 Financial Rewards

See Miss. Code Ann. § 37-19-10 for information regarding the School Recognition Program.

5.0 ACCREDITATION MONITORING PROCEDURES

The MDE continuously monitors school districts to verify compliance with applicable accreditation requirements and state and federal laws.

5.1 ON-SITE EVALUATIONS

The SBE, the State Superintendent of Public Education, or the CSA has the authority to call for an on-site evaluation or investigation of a school district at any time. If deficiencies are found in meeting accreditation standards or state and/or federal laws, the district superintendent shall be notified in writing and given forty-five (45) calendar days from the receipt of notification to provide a written response. The report of findings is filed in the current accreditation records in the Office of Accreditation.

5.2 INVESTIGATIVE AUDITS (COMPLAINTS AGAINST DISTRICTS)

All formal complaints made against schools or districts must be submitted to the Office of Accreditation in writing and include the name and contact information (valid phone number or valid e-mail address) of the individual(s) filing the complaint. The written complaint shall contain specific details concerning alleged violations. While the Office of Accreditation may receive anonymous complaints, these complaints are not considered formal. Additionally, the Office of Accreditation shall not provide any details regarding the status of a complaint and/or investigation.

5.2.1 Areas Over Which the Commission on School Accreditation Has No Authority

If the complaint addresses an area over which the CSA has no authority, receipt of the complaint is acknowledged with instructions of where to direct the complaint, and the complaint is filed in the Office of Accreditation. The CSA does not have authority to overturn decisions made by local school boards, nor does it have jurisdiction to investigate allegations of discrimination, harassment, and hostile work environment, or violations of the Public Records Act. The Equal Employment Opportunity Commission (EEOC) and/or Office of Civil Rights and the Mississippi Ethics Commission have jurisdiction over these matters. The MS Ethics Commission also has authority to enforce the provisions of the Open Meetings Act and issue civil penalties for violations.

5.2.2 Areas Over Which the Commission on School Accreditation Does Have Authority

If the complaint addresses an area over which the CSA has authority, the superintendent may be notified in writing of the nature of the complaint and given forty-five (45) calendar days to provide a written response to the allegations and to present documentation of compliance. The district superintendent may also be notified that the district is subject to an unannounced investigative audit.

5.2.3 Unannounced On-Site Investigative Audits

The SBE, the State Superintendent of Public Education, or the CSA has the authority to call for an on-site investigation of a school district at any time. Procedures for conducting investigative audits are as follows:

5.2.3.1 The auditor(s) may arrive in the district without prior notification. The number of auditors involved will depend on the nature and seriousness of the allegations.

5.2.3.2 The auditor(s) inform the district superintendent of the purpose of the audit and of the procedures to be followed. The auditor(s) will provide the district superintendent with a letter of notice from the State Superintendent of Public Education.

5.2.3.3 The auditor(s) may use various methods to collect the data needed to verify or discredit the complaint, including, but not limited to, examination of official records, anonymous surveys, interviews with school personnel, and observations.

5.2.3.4 The auditor(s) may attend all regularly scheduled and special-called board meetings of the district. The district superintendent and board chair shall notify the auditor(s) in advance of the date and time of all regularly scheduled and special-called board meetings.

5.2.3.5 Near the completion of the on-site investigation, the auditor(s) will schedule a time to meet with the superintendent and school board chair to conduct an exit conference.

5.2.3.6 Upon completion of the investigation, the auditor(s) compile a written report in accordance with Policy 5.8 that shall be provided to the district superintendent and the chairman of the school board, and depending on the recommendation of the MDE, may be addressed with the CSA.

5.3 SPECIAL TEST AUDITS

Reports regarding potential testing irregularities or test security violations are referred to the Office of Student Assessment. Such reports shall include, but are not limited to, statistical analyses of test data conducted after each test administration, self-reported incidents, third-party allegations regarding violations of testing requirements, and irregularities noted during test security audits. Regular test security audits may be conducted prior to, during, and following each test administration to promote the integrity and security of the Mississippi Assessment System. The Office of Student Assessment will report to the Office of Accreditation each testing irregularity that has been verified as a violation of a testing requirement.

5.3.1 Self-reports or third-party allegations regarding testing irregularities may be either formal written reports (signed or unsigned) or verbal reports or complaints that may be made officially or anonymously and with or without documentary evidence.

5.3.2 If a third-party allegation addresses an area over which the SBE has no authority, the individual filing the allegation will be notified.

5.3.3 A self-report or allegation shall identify specific details concerning alleged violations of test security and/or testing irregularities to warrant an investigative audit.

5.3.4 Any statistical analysis that indicates a potential testing irregularity or test security violation will be reviewed and evaluated by staff in the Office of Student Assessment. If the review and evaluation of the statistical analysis indicate that further information is required to resolve or confirm the testing irregularity, the Office of Student Assessment may require that a school district investigate the potential irregularity and report its findings to the Office of Student Assessment. Any verified testing irregularity is reported to the Office of Accreditation for appropriate action.

5.3.5 Procedures for test security audits are as follows:

5.3.5.1 The auditor may arrive at the school without prior notification.

5.3.5.2 The auditor informs the school administrator of the purpose of the audit and of

the procedures to be followed.

5.3.5.3 The auditor requests that the district superintendent be notified that a test audit is in progress.

5.3.5.4 The auditor uses the same methods to collect data as described in Appendix F.

5.3.5.5 The auditor reports the audit findings to the Office of Student Assessment. If the audit findings indicate that a testing irregularity has occurred, the Office of Student Assessment will notify the district superintendent. If the response from the district superintendent does not resolve the irregularity, the irregularity is reported to the Office of Accreditation for appropriate action.

5.4 SUMMER PROGRAM AUDITS

Each school district providing educational programs during the summer is required to report summer program data, including types of instructional programs provided, staffing, and enrollment. School districts offering summer programs may be audited to verify information contained in the annual Summer School/Extended Year Report.

5.5 UNANNOUNCED AUDITS

Unannounced audits are conducted by MDE staff or MDE-trained auditors under contract with the MDE. A limited number of accreditation standards are audited, and depending on the size of the district, this audit may include only a sample review of schools.

5.6 OTHER STATE/FEDERAL PROGRAM AUDITS

When audits or evaluations of other state or federal programs reveal verified noncompliance with state or federal program regulations, the areas of noncompliance are filed with the Office of Accreditation and placed on the district's Accreditation Record.

5.7 ANALYSIS AND VERIFICATION OF ACCREDITATION INFORMATION

Accreditation staff in the MDE review annual personnel/accreditation information and other annual reports submitted by school districts. Staff will analyze and compare this information with any other accreditation data on record and notify responsible officials of any inconsistency in reporting or any apparent deficiency in meeting standards. Any information submitted by a school district may be verified through on-site visits. Upon request, the school district shall provide documentation necessary to validate compliance with accreditation requirements.

5.8 COMPILATION OF THE AUDIT REPORT

Procedures followed when reporting, interpreting, and responding to on-site audit findings are outlined in Policy 5.8.

5.8.1 A report of the on-site audit findings, including corrective actions with timelines, is compiled within forty-five (45) calendar days from the close of the audit. If additional time is needed for the compilation of the report, MDE will provide written notice of this timeline. The report, along with a cover letter stating the process standard(s) that the district failed to comply with will be mailed, e- mailed, or hand-delivered to the district. The cover letter will also provide MDE's recommendation to the CSA. Copies of the report shall be provided to the superintendent and the school board chair/president, and the CSA/SBE, if applicable.

5.8.2 If the MDE's recommendation to the CSA is to downgrade the district's accreditation status to Probation, the MDE shall inform the superintendent and the school board of the district in writing that the district's accreditation status may be downgraded in accordance with Policy 2.5.1. Upon receipt of the notification from the MDE, the school board of a school district may

request a hearing in accordance with Policy 6.0.

5.8.3 If the MDE's recommendation to the CSA is to withdraw the district's Accreditation, the MDE shall inform the superintendent and the school board of the district in writing that the district's accreditation status may be withdrawn in accordance with Policy 2.5.2. and Policy 6.0. The MDE's recommendation is only related to the withdrawal of the district's Accreditation status and not related to declaring a state of emergency.

5.8.4 If the MDE's recommendation to the CSA is to determine whether a state of emergency exists, then the MDE will follow the procedure prescribed in Policy 2.9.2.

6.0 HEARING AND APPEAL PROCEDURES

All controversies involving the accreditation of schools or school districts are initially heard by a duly authorized representative of the CSA before whom a complete record is made in accordance with Miss Code Ann. § 37-17-5 unless a recommendation is being made to declare a state of emergency under Miss. Code Ann § 37-17-6(120(b)). See Policy. 2.9.2. This does not apply to appeals of the Mississippi Statewide Accountability System.

6.1 REQUEST FOR HEARING

The school board of a school district may request a hearing by filing written notice with the executive secretary of the CSA within ten (10) calendar days of the written notification of the recommended CSA action.

6.2 AUTHORIZED REPRESENTATIVE OF THE COMMISSION

Upon receipt of the written request for hearing from the school board, the chairman of the CSA assigns, in writing, a duly authorized representative previously appointed by the CSA to hear the controversy.

6.3 HEARING PROCEDURES

6.3.1 The CSA's representative sets the time, place, and date for a hearing and notifies all parties of the time, place, and date of the hearing by certified mail, return receipt requested. All parties may be represented by counsel at the expense of the party. The hearing is conducted in such a manner as to afford all parties a fair and reasonable opportunity to present witnesses and other evidence pertinent to the issues and to cross-examine witnesses presented by the opposing party. The CSA's representative may permit any portion of the evidence to be submitted in the form of depositions or affidavits; and in case affidavits are received, an opportunity to present counter-affidavits is provided.

6.3.2 It is the responsibility of each party at the hearing to secure the attendance of such witness or witnesses as the party deems necessary or appropriate, and any expense connected with the attendance of such witnesses is borne by the party responsible for the attendance of the witness.

6.3.3 At least fourteen (14) calendar days prior to the hearing, parties represented by counsel and/or producing witness will provide a list containing the name, address, and telephone number of counsel and/or witnesses, and copies of all exhibits that will be produced at the hearing, to the other party or parties, and the CSA.

6.3.4 In conducting the hearing, the CSA's representative is not bound by common law or by statutory rules of evidence or by technical or formal rules of procedure, provided, however, hearsay evidence, if admitted, is not the sole basis for the determination of facts by the CSA's representative.

6.3.5 After presentation by the MDE regarding recommended action and policy in support thereof, the party filing the written notice of hearing has the burden of going forward with the evidence, and at the conclusion of the hearing, the CSA's representative grants any party the opportunity to present a statement in such party's own behalf, either in person or by such party's attorney.

6.3.6 All hearings held before the CSA's representative are recorded and transcribed by a court reporter whose fees and costs of transcription are paid by the school district involved within forty-five (45) calendar days after having been notified of such costs and fees by the CSA. Within thirty (30) calendar days of receipt of the transcribed record of the hearing, the CSA's representative files a written recommendation to the CSA as to the resolution of the controversies. Upon consideration of the transcribed record and recommendation of its representative, the CSA shall meet, make its decision and notifies all parties in writing by certified mail, return receipt requested. The decision of the CSA is final unless the school board of the school district involved elects to appeal to the SBE.

6.4 APPEAL PROCEDURES

6.4.1 The school board of the school district may appeal the SBE by filing a written notice of appeal with the State Superintendent of Public Education within fifteen (15) calendar days or receipt of the decision on the CSA.

6.4.2 The notice of appeal should state with particularity the matters which, in the opinion of the school district, have been overlooked or mistakenly conceived in the decision of the CSA. An appeal to the SBE is on the record previously made before the CSA's representative and the CSA and is not intended as an opportunity for rearguing the entire case. No new factual evidence will be considered.

6.4.3. Upon receipt of the transcript, the SBE, through the State Superintendent of Public Education, notifies the parties involved that the transcript has been filed and that the appealing party has fifteen (15) calendar days to file any written argument not to exceed twenty-five (25) pages. The CSA is allowed fifteen (15) calendar days from the filing of the appealing party's filed written argument to file a responsive written argument not to exceed twenty-five (25) pages. Any written argument in rebuttal by the appealing party must be filed ten (10) calendar days of the filing of the CSA's response. The appealing party may not exceed ten (10) pages in its rebuttal. An original and nine (9) copies of the written argument must be provided. The SBE considers all appeals within thirty (30) calendar days of the last written argument filed. There will be no oral argument before the SBE. The written decision of the SBE is transmitted to the parties involved within fifteen (15) calendar days of its decision.

6.4.4 School districts that appeal a final decision of the SBE shall be on the record and shall be filed in accordance with the state law and local rules of procedures.

7.0 ANNUAL REPORT

By November 1 of each year, each local school district shall be required to develop and publish an annual report as prescribed by the SBE. The report shall be published in a newspaper having general circulation in the county and posted on the school district's website in a printable format. The public notice shall include information on the report's availability on the district's website, with the website address, and the location(s) in the school district where a copy of the report can be obtained. Miss. Code Ann. § 37-3-53 (1) (c), Miss. Admin. Code 7-3:18.1, State Board Policy Chapter 18, Rule 18.1.

PROCESS STANDARDS

ADMINISTRATION AND PERSONNEL

1. The local school board and the superintendent of schools shall exercise due diligence in performing the respective duties of each office in accordance with applicable law. The local school board's responsibilities shall pertain to matters of setting policy and shall not interfere in the day-to-day operations of the school district that include, but are not limited to, such duties as those relating to personnel and management decisions. Failure to comply shall result in the immediate downgrade of the district's accreditation status to Probation or Withdrawn as indicated in Accreditation Policy 2.5. Miss. Code Ann. §§ 25-41-1 et al.; § 25-61-1 through 17; § 37-3-4(5); §§ 37-6-7, 9, 11, and 15; §37-7-306(1-4); §§ 37-9-1 through 75; §§ 37-9-101 through 113; §37-7-301(p)(w); § 37-6-3(3-4); § 37-9-7, 13, 14; § 37-61-9; § 37-151-5(h); and *Federal Civil Rights Act of 1964*.
 - 1.1 The school board assigns all executive and administrative duties to the superintendent, who is properly licensed and chosen in the manner prescribed by law. Miss. Code Ann. § 37-6-3(3-4); § 37-9-7, 13, 14; § 37-61-9; and § 37-151-5(h).
 - 1.2 School board policies that comply with state and federal statutes, rules, and regulations serve as the basis of operation for the district, and current copies (print or electronic) of school board policies are published and available for public review. Miss. Code Ann. § 25-41-7; §§ 25-61-1 through 17; §§ 37-9-1 through 75; §§ 37-9-101 through 113; § 37-7-301(p)(w); and *Federal Civil Rights Act of 1964*.
 - 1.3 School board members complete required basic and continuing education programs in order to effectively perform their duties in the manner prescribed by law. Miss. Code Ann. §§ 25-41-1 et al.; §§ 25-61-1 through 17; § 37-3-4(5); § 37-6-7, 9, 11, and 15; and § 37-7-306(1-4).
2. All district professional positions requiring licensed staff are filled by staff that are properly licensed and endorsed as required by state law and federal requirements of the *Elementary and Secondary Education Act* (ESEA). Miss. Code Ann. § 37-9-77, Miss. Admin. Code 7-3: 80.1 and 80.2. State Board Policy Chapter 80, Rules 80.1 and 80.2, and ESEA, and Federal Code.
 - 2.1 The school district employs an appropriately licensed full-time principal at each school. The principal may not have any other job duties assigned in areas that require a specific work area code unless a waiver is granted by the Commission on School Accreditation. This standard does not apply to assistant principals. Miss. Code Ann. § 37-9-7, § 37-9-15, and § 37-151-5(g).
 - 2.2 The professional (certified) staff in each school shall not have more than 5% of Full Time Equivalent (FTE) units working outside of the area(s) of endorsement. This exception does not apply to:
 - course codes that fall within the academic core content areas (English/Language Arts, Mathematics, Social Studies, Science, World Languages, and the Arts),
 - Health and Physical Education teachers teaching subjects where a Carnegie Unit Credit is being awarded (See *Miss. Admin. Code 7-3: 38.12, State Board Policy Chapter 38, Rule 38.12*),
 - Career and Technical Education courses (See *Miss. Admin. Code 7-3: 92.1 State Board Policy Chapter 92, Rule 92.1*),

 - Federally funded special education teachers,
 - alternative school teachers (See *Miss. Admin. Code 7-3: 7.1, State Board Policy Chapter 7, Rule 7.1*), or

- other subjects that require a specific endorsement as determined by the federal and state statute.

An appropriate license is required for superintendents, principals, librarians, guidance counselors, and speech language pathologists. Assistant principals and administrative interns who are not properly endorsed may be included in the 5% FTE working outside their area of endorsement, provided they do not act in the place of the principal.

- 2.3** The school district employs in each school a licensed librarian or media specialist who devotes no more than one-fourth ($\frac{1}{4}$) of the workday to library/media administrative activities. Miss. Code Ann. § 37-17-6(3) (a-e).
 - 2.3.1** If the student enrollment is 499 or less, a half-time licensed librarian or media specialist is required.
 - 2.3.2** If the student enrollment is 500 or more, a full-time licensed librarian or media specialist is required.
- 2.4** Student support services (appraisal, academic, and/or personal advisement, and educational and/or career planning and referral) are provided in each school by qualified student support personnel. Student support personnel may include professional school counselors and/or other appropriately licensed student support staff, including nurses, social workers, psychometrists, psychologists, etc. Other student support personnel may only provide those services and activities in the area(s) he/she specifically qualified, trained, and certified to provide. All student support services personnel shall use an appropriate job title that reflects the area of training, expertise, and licenses.
 - 2.4.1** If a professional school counselor is employed to provide student support services, the professional school counselor shall provide services in accordance with Miss. Code Ann. § 37-9-79. A professional school counselor shall not assume any non-counseling duties (e.g., administrator, teacher, test coordinator, interventionist, etc.).
- 2.5** The school district employs a school business officer/administrator whose qualifications meet the criteria established by the Mississippi Department of Education and whose primary job responsibilities are conducting, supervising, and/or directing the financial affairs and operations of the school district. (Miss. Admin. Code 7-3: 71.1 and 71.2, State Board Policy Chapter 71, Rules 71.1 and 71.2.)
- 3.** The school district implements an annual, formal personnel appraisal system for licensed staff that includes assessment of employee on-the-job performance. Miss. Code Ann. § 37-3-46(b)
 - 3.1** Superintendent Evaluation using the assessment benchmarks established by the Mississippi School Boards Association (MSBA) and consistent with assessment components defined in Miss. Code Ann. § 37-7-301.
 - 3.2** Principal and Assistant Principal Effectiveness using the Professional Growth System (PGS) for Administrators.
 - 3.3** Teacher Effectiveness using the Professional Growth System (PGS) for Teachers.
 - 3.4** Counselor Effectiveness using the Professional Growth System (PGS) for Counselors.
 - 3.5** Annual employee performance data shall be submitted to the MDE following the guidelines in the MDE Educator and Administrator Professional Growth System Guidelines. Districts shall adhere to revision dates as determined by the MDE and implement only the current version.

- 3.6 Administrators who rate school-level administrators, counselors, librarians, and teachers, and teacher- observers shall complete an MDE-approved Professional Growth System (PGS) training.
 - 3.7 Other, non-licensed, district staff evaluations as determined by local school board policy.
4. The local school board obtains an annual financial audit of the school district, as conducted under the guidelines of the Office of the State Auditor, no later than nine months after the end of the district’s fiscal year. Miss. Code Ann. § 7-7-211(e) (Miss. Admin. Code 7- 3: 10.1, State Board Policy Chapter 10, Rule 10.1., 2 C.F.R. Part 200.
- 4.1 The most recent annual financial audit report of the school district, as conducted under the guidelines of the Office of the State Auditor, indicates a fixed asset system of accountability that provides verification of fixed assets and fixed assets records. Miss. Code Ann. § 37-17-6(18).
 - 4.2 The most recent annual financial audit report of the school district, as conducted under the guidelines of the Office of the State Auditor, indicates no less than a zero fund balance (as defined by generally accepted accounting principles) for all funds of the school district. Miss. Code Ann. § 37-61-19.
 - 4.3 The most recent annual financial audit report of the school district, as conducted under the guidelines of the Office of the State Auditor, verifies the process for distributing Educational Enhancement Fund procurement cards to all eligible teachers. Miss. Code Ann. § 37-61-33(3)(iii), Miss. Admin. Code 7-3: 32.1, State Board Policy Chapter 32, Rule 32.1.
 - 4.4 The most recent annual financial audit report of the school district, as conducted under the guidelines of the Office of the State Auditor, indicates an unqualified opinion (as defined by generally accepted auditing standards) on the financial statements of the school district. Miss. Code Ann. § 37-9-18(2) and § 37-61-29.
 - 4.5 The most recent annual financial audit report of the school district, as conducted under the guidelines of the Office of the State Auditor, verifies the local school board has received, reviewed, and discussed, as reflected in official minutes of the regularly scheduled monthly meeting, the financial reports required by state law and/or the State Board of Education. Miss. Code Ann. § 37-9-18(1), § 37-37- 7(2)(e), § 37-37-13, Miss. Admin. Code 7-3: 71.3, State Board Policy Chapter 71, Rule 71.3.
 - 4.6 The most recent annual financial audit report of the school district, as conducted under the guidelines of the Office of the State Auditor, verifies the accuracy and timely compilation and reporting of all financial data, including the year-end data provided through the Financial Exchange Transfer System (FETS), required for submission to the MS Department of Education by the fifteenth day of October, each year, in accordance with state law and/or the State Board of Education. Miss. Code Ann. § 37-37- 7(2)(e), § 37-61-21(2), and § 37-37-13.
 - 4.7 The most recent annual financial data of the school district, as submitted to the MS Department of Education, verifies a 7% fund balance of the district maintenance fund. Miss. Code Ann. § 37-61-8.
5. The most recent annual financial audit report of the school district, as conducted under the guidelines of the Office of the State Auditor, verifies the following:
- 5.1 The local school board submits the annual budget to the levying authority and the prescribed budgetary information to the MS Department of Education by the fifteenth day of August, each

year, in accordance with state law and/or the State Board of Education. Miss. Code Ann. § 37-61-9(1) through (3).

- 5.2** The local school board budgets and expends funds under the Public School Health Insurance Plan as required by state law and State Board policy. Failure to remit premiums, interest penalties, and/or late charges in a timely manner may result in withholding a school district's adequate education program funds Miss. Code Ann. § 37-151-95, Miss. Admin. Code 7-3: 48.4, State Board Policy Chapter 48, Rule 48.4.

Code Ann. § 37-13-92 and the guidelines established by the State Board of Education. Miss. Admin. Code 7-3:7.1, State Board Policy, Chapter 7, Rule 7.1. See guidelines for Alternative/GED School Programs.
- 23.** The school district, in its discretion, may provide access to a GED Option program that meets the program guidelines outlined in Miss. Code Ann. § 37-13-92(4) and Miss. Admin Code 7-3: 7.2, State Board Policy Chapter 7, Rule 7. See guidelines for Alternative/GED Programs.
- 24.** Each full-time classroom teacher has an unencumbered period during the teaching day/week to be used for individual or departmental planning.
 - 24.1** If the school utilizes a traditional six-period or seven-period day schedule, the instructional planning time provided for secondary teachers is a minimum of 225 minutes per week, exclusive of lunch period. If the school utilizes any form of a modular/block schedule, the instructional planning time provided is a minimum of either 225 minutes per week or an average of 225 minutes per week per instructional cycle, exclusive of lunch period.

- 24.2** Instructional planning time for the elementary school teacher is no less than 150 minutes per week, exclusive of lunch period.
- 25.** Individual teachers (grades 9-12) are limited to three (3) course preparations per scheduling cycle or five (5) in the same subject/content area. Any request for an exception must be submitted in writing to the Commission on School Accreditation for review and action.
- 26.** The curriculum of each high school at a minimum consists of required and approved courses that generate at least 33½ Carnegie units annually. Any request for an exemption from teaching the courses listed in Appendix B must be submitted in writing to the Commission on School Accreditation for review and action. (See Appendix B), Miss. Code Ann. § 37-1-3(2), and Miss. Admin. Code 7-3: 28.2 and 28.3, State Board Policy Chapter 28, Rules 28.2 and 28.3.
- 27.** The curriculum of each elementary or middle school (any configuration of grades K-8) at a minimum consists of reading/language arts, mathematics, science, social studies, the arts, health education, elementary computer science and physical education (which may be taught by the classroom teacher). Miss. Code Ann. §§ 37-1-3(2), 37-13-134, and 37-13-201.
- 27.1** In any configuration of grades K-8, the curriculum must include 150 minutes of activity-based instruction per week and 45 minutes of instruction in health education per week.
- 27.2** Implementation of the activity-based instruction must meet or exceed the standards as approved by the State Board of Education.
- 27.3** A general education classroom teacher may provide instruction in the arts, health education, and physical education in a self-contained classroom setting.
- 27.4** In any elementary configuration of grades K-6, the curriculum must include 60 minutes of computer science instruction per week. Miss. Code Ann. §37-13-201.
- 28.** Student teacher ratios do not exceed the following:
- 28.1** Student teacher ratios do not exceed 22 to 1 in kindergarten, except in instances in which a full-time assistant teacher is in the classroom. If a full-time assistant teacher is employed, 27 may be enrolled. Miss. Code Ann. § 37-151-77, See Mississippi Kindergarten Guidelines, Miss. Admin. Code 7-3: 19.1, State Board Policy Chapter 19, Rule 19.1.
- 28.2** Student teacher ratios do not exceed 27 to 1 in classrooms serving grades 1 through 4 unless approved by the State Board of Education. Schools Meeting the Highest Levels of Performance are exempted. Miss. Code Ann. § 37-151-77, Miss. Admin. Code 7-3: 19.1, State Board Policy Chapter 19, Rule 19.1.
- 28.3** Student teacher ratios do not exceed 30 to 1 in self-contained classes serving grades 5-8. Miss. Code Ann. § 37-151-77. A one-year waiver may be requested for classes that do not exceed more than two (2) students beyond the allowable student teacher ratio.
- 28.4** Student teacher ratios do not exceed 33 to 1 in departmentalized academic core classes serving grades 5-12. Miss. Code Ann. § 37-151-77. A one-year waiver may be requested for classes that do not exceed more than two (2) students beyond the allowable student teacher ratio.
- 28.5** The total number of students taught by an individual teacher in academic core subjects at any time

during the school year shall not exceed 150. A teacher who provides instruction through intra-district or inter-district distance learning or supervises students taking virtual courses will be exempt from the 150-student limitation. A lab facilitator or principal designee will be responsible for the assignment of grades and related activities at the receiving school. Schools Meeting the Highest Levels of Performance are exempted.

SAFE AND HEALTHY SCHOOLS

- 29.** The school district complies with the applicable policies of the State Board of Education and state and federal laws in the operation of its transportation program. The school district implements Nathan’s Law as a priority for promoting school bus safety. Miss. Code Ann. §§ 37-41-53, 63-3-615, 63-1-73, 97-3-7, and 63-1-33, Miss. Admin. Code 7-3: 81.3, 81.4, 81.6, 81.7, 81.9, State Board Policy Chapter 81, Rules 81.3, 81.4, 81.6, 81.7, and 81.9.
 - 29.1** All buses are inspected on a quarterly basis and are well-maintained and clean. Miss. Admin. Code 7- 3: 81.9, State Board Policy Chapter 81, Rule 81.9.
 - 29.2** Each bus driver has a valid bus driver certificate and a commercial driver's license and operates the bus according to all specified safety procedures. The school district has on file a yearly motor vehicle report on each driver and evidence that each driver has received two (2) hours of in-service training per semester. Miss. Code Ann. § 63-3-615, Miss. Admin. Code 7-3: 81.3 and 81.6, State Board Policy Chapter 81, Rules 81.3 and 81.6.
 - 29.3** Bus schedules ensure arrival of all buses at their designated school sites prior to the start of the instructional day.
 - 29.4** Emergency bus evacuation drills are conducted at least two (2) times each year. Miss. Admin. Code 7-3: 81.4, State Board Policy Chapter 81, Rule 81.4.
- 30.** The school district provides clean and sanitary facilities in a safe and secure environment. All classrooms in each school will be air conditioned. Miss. Code Ann. §§ 37-7-301(c) (d) and (j), 37-11-5, 37-11-49; and 45-11-101.
- 31.** The school district complies with State Board Policies and State and Federal laws to provide Safe Schools. Each school has a comprehensive School Safety Plan on file that has been approved annually by the local school board. Miss. Code Ann. §§ 37-3-81, 37-3-82, 37-3-83, 37-7-321, 37-11-5, 37-11-29, 37-11-53, 37-11-67, and 37-11-69, and the *Mississippi School Safety Manual*.
- 32.** The school district complies with state statute and State Board of Education policy for education of juveniles in youth detention centers.
 - 32.1** Educational requirements. Miss. Code Ann. § 42-21-321, Miss. Admin. Code 7-3: 30.6, State Board Policy Chapter 30, Rule 30.6.
 - 32.2** Financial reimbursement requirement. Miss. Admin. Code 7-3: 30.6, State Board Policy Chapter 30, Rule 30.6. See the current edition of the *Guidebook for Educating Juveniles in Detention Centers*.

PERFORMANCE STANDARDS

INTRODUCTION

The Mississippi Statewide Accountability System is designed to improve student achievement and increase the level of accountability for both school districts and individual schools. The accountability system focuses on student performance at each school and at the district level. Performance standards have been established, and student data from established performance metrics are used to determine individual school performance classifications and district level performance classifications.

The following specifications for establishing school and district performance standards and accountability requirements are addressed in Miss. Code Ann. §37-17-6(5), §§ 37-18-1 through 37-18-7.

The SBE shall establish, design, and implement a program for identifying and rewarding public schools that improve. The SBE shall apply an "A," "B," "C," "D," and "F" designation to the school and school district statewide accountability performance classifications outlined in Miss. Code Ann. §37-17-6(5).

A school shall be identified as a School At-Risk and in need of assistance if the school is designated as an "F," as identified by the SBE. *See Accreditation Policy 3.4*

INCLUSION OF STUDENTS WITH DISABILITIES AND ENGLISH LEARNERS (EL)

The Mississippi Statewide Assessment System provides procedures to ensure the inclusion of all students in the assessment programs, including a wide range of testing accommodations, instructional level testing on statewide assessments and alternate assessments. The data for students using testing accommodations are treated no differently from any other test data. The scores for students with disabilities taking alternate assessments are included in the achievement and growth components. The weighting procedures in the achievement component ensure that those students count equally within the achievement level assigned to the school.

School districts are allowed to exclude the academic achievement results only for first-year English Learners (EL) students (on a case-by-case basis) from determinations of Mississippi Statewide Accountability System results, consistent with the requirements of the *Elementary and Secondary Education Act* (ESEA), as reauthorized by the *Every Student Succeeds Act* (ESSA).

MISSISSIPPI STATEWIDE ACCOUNTABILITY SYSTEM, EFFECTIVE 2013-2014

Beginning with the 2013-2014 school year, performance classifications will be assigned based on the following school grading assignments:

Schools (and Districts) with no 12th grade will have seven (7) components, each worth 100 points, totaling 700 possible points:

1. Reading Proficiency
2. Reading Growth – All Students
3. Reading Growth – Lowest Performing Twenty-Five Percent Student Subgroup
4. Math Proficiency
5. Math Growth – All Students
6. Math Growth – Lowest Performing Twenty-Five Percent Student Subgroup
7. Science Proficiency

For schools (and districts) with 12th grade, the following schedule will be used:

During the 2013-2014 school year, schools (and districts) with 12th grade will have nine (9) components, totaling 900 possible points:

1. Reading Proficiency (100 points)
2. Reading Growth – All Students (100 points)
3. Reading Growth – Lowest Performing Twenty-Five Percent Student Subgroup (100 points)
4. Math Proficiency (100 points)
5. Math Growth – All Students (100 points)
6. Math Growth – Lowest Performing Twenty-Five Percent Student Subgroup (100 points)
7. Science Proficiency (50 points)
8. U.S. History Proficiency (50 points)
9. Graduation Rate – All Students (200 points)

During the 2014-2015 school year, schools (and districts) with 12th grade will have nine (9) components, totaling 900 possible points:

1. Reading Proficiency (100 points)
2. Reading Growth – All Students (100 points)
3. Reading Growth – Lowest Performing Twenty-Five Percent Student Subgroup (100 points)
4. Math Proficiency (100 points)
5. Math Growth – All Students (100 points)
6. Math Growth – Lowest Performing Twenty-Five Percent Student Subgroup (100 points)
7. Science Proficiency (50 points)
8. U.S. History Proficiency (50 points)
9. Graduation Rate – All Students (200 points)

Beginning with the 2015-2016 school year, schools (and districts) with 12th grade will have 11 components, totaling 1000 possible points:

1. Reading Proficiency (100 points)
2. Reading Growth – All Students (100 points)
3. Reading Growth – Lowest Performing Twenty-Five Percent Student Subgroup (100 points)
4. Math Proficiency (100 points)
5. Math Growth – All Students (100 points)

6. Math Growth – Lowest Performing Twenty-Five Percent Student Subgroup (100 points)
7. Science Proficiency (50 points)
8. U.S. History Proficiency (50 points)
9. Graduation Rate – All Students (200 points)
10. College- and Career-Readiness (Math 50% and English/Reading 50%) (50 points)
11. Acceleration (Participation and Performance Combined) on the following sliding scale:
 - a. Year 1 (2015-2016): Participation - 70%/Performance - 30% (50 points)
 - b. Year 2 (2016-2017): Participation - 60%/Performance - 40% (50 points)
 - c. Year 3 (2017-2018) and beyond: Participation - 50%/Performance - 50% (50 points)

1. Assignment of Performance Classifications

1.1 Standards for student, school, and school district performance will be increased when student proficiency is at a 75% and/or when 65% of schools and/or districts are earning a grade of “B” or higher, in order to raise the standard on performance after targets are met. See Miss. Code Ann. § 37-17-6.

1.1.1 When performance classification cut-points are established, the following percentiles shall apply:

		A	≥	90th Percentile
63rd Percentile	≤	B	<	90th Percentile
38th Percentile	≤	C	<	63rd Percentile
14th Percentile	≤	D	<	38th Percentile
		F	<	14th Percentile

1.2 Grades for schools (and districts) with no 12th grade (elementary/middle schools) shall be determined based on the following cut-points effective with the 2016 - 2017 school year:

		A	≥	442
377	≤	B	<	442
328	≤	C	<	377
269	≤	D	<	328
		F	<	269

1.3 Grades for schools with a 12th grade will be determined based on the following cut-points effective with the 2017 - 2018 school year:

		A	≥	754
648	≤	B	<	754
584	≤	C	<	648
510	≤	D	<	584
		F	<	510

1.4 Grades for districts shall be determined based on the following cut-points effective with the 2016-2017 school year:

		A	≥	668
599	≤	B	<	668
536	≤	C	<	599
489	≤	D	<	536
		F	<	489

1.5 Assignment of district performance classifications shall be calculated by treating the district as one (1) large school based on the same performance classifications used for schools.

1.6 Cut-points for schools/districts shall be reviewed following the implementation of a new assessment.

1.7 Schools with grade configurations that include both 12th grade and grades below 9th grade shall have a performance classification assigned consistent with Section 1.3, but the composite score shall be adjusted to account for the inclusion of performance measures for students below 9th grade. The following process shall apply:

1. Compute a composite score separately for students in grades below 9th grade and for students in 9th through 12th grades.
 2. Transform the composite score for students in grades below 9th grade to the scale consistent with Section 1.3.
 3. Weight each composite score by the percentage of students represented in the calculation and add the two (2) weighted scores together to obtain the adjusted composite score.
- 1.7.1** The adjustment provided for in this section shall not be applied in the calculation of cut- points for districts and schools.
- 1.7.2** The adjustment provided for in this section shall only apply in the assignment of the performance classification and shall not apply to federally required school identification measures.

2. Full Academic Year (FAY)

- 2.1** In order for a student to meet Full Academic Year (FAY) and be included in the proficiency and growth calculations, he/she must have been enrolled (regardless of attendance) for at least 75% ($\geq 75\%$) of the days from September 1 (of school year) to the first day of testing. This date will be published yearly by the MDE and will be the same for all schools, students, and assessments. For schools on a traditional school calendar, the date will be in the spring.
- Note:** 74.5% will not be rounded up to 75%.
- 2.1.1** Enrollment is defined as enrollment at the school/district level except for students in 4x4 block scheduled courses.
- 2.2** For students in 4x4 block scheduled courses, FAY for the Fall semester will be calculated from September 1 of the school year to the first day of Fall primary test administration. The specific date will be published yearly by MDE. FAY for the Spring semester will be calculated from February 1 to the first day of Spring testing, the same day as schools using a traditional school calendar. These dates will be published yearly by MDE.
- 2.3** The beginning and ending dates will be included in the calculation of FAY. Calculations will be based on calendar days, not instructional days. Weekends and holidays will be included in the calculations.
- 2.4** If a student meets FAY at a school other than the school where he/she is enrolled at the time of testing, his/her scores will count at the school where he/she met FAY.
- 2.5** This definition of FAY will not be applied to students for previous years where a previous definition of FAY was applied. If no FAY was calculated for a student in a previous year, this method will be applied.
- 2.6** FAY will be calculated at the school level as well as at the district level. Therefore, it is possible for a student who transfers within a district to meet FAY for a district and be included in the calculations for the performance classification for the district but not be included in the calculations for a school. Scores of all students will be included in the state level calculations regardless of FAY status.
- 2.7** If a student enrolls and withdraws in the same or different school on the same day, the student will be considered as having been enrolled for one (1) day in the receiving school.
- 2.8** (Deleted) Rule 2.9 supersedes.
- 2.9** If FAY cannot be calculated or discerned because of incorrect MSIS coding, the student will be forced to meet FAY at the school/district if the movement of the student appears to be within the same school/district.
- 2.10** If a student drops out of school and re-enrolls within the same school year, the re-entry date of the student will be included as the next enrollment date for the student.
- 2.11** If a student has concurrent enrollment in more than one (1) school/district, the period of concurrent enrollment will be included in FAY calculations at both locations.

3. N-Count Minimums

3.1 School Totals

3.1.1 In order for a school to earn a performance classification, the school must have a minimum of ten (10) valid test scores in each of the required components. Schools that do not have the minimum of ten (10) valid test scores for each of the components will have data from prior years combined with the current year [up to three (3) years of data] in order to achieve the minimum N-count. See Sections 15, 22, and 24 for exceptions to this rule.

3.2 N-Count Minimums for the Lowest Performing Twenty-Five Percent Student Subgroup

3.2.1 This subgroup must have a minimum of ten (10) valid test scores. If there are less than ten (<10) students in the Lowest Performing Twenty-Five Percent Student subgroup, the subgroup will consist of all students except for the students scoring at the highest achievement level. If this calculation still results in a number less than ten (<10), then all students will be included in the calculation of the Lowest Performing Twenty-Five Percent Student subgroup.

3.2.2 At the grade-level, a minimum of four (4) students with valid scale scores are required to identify the Lowest Performing Twenty-Five Percent Students subgroup. If a grade has less than four (<4) students with valid scale scores for the subject, there will be no students identified as being in the subgroup for that grade level for that subject.

3.2.3 In order to ensure the inclusion of students with disabilities in the Lowest Performing Twenty-Five Percent Student subgroup, no N-Count minimum will apply in the identification of the Lowest Performing Twenty-Five Percent Student subgroup for students taking the alternate assessment.

Note: See Section 7 for more information on the Lowest Performing Twenty-Five Percent Student subgroup.

4. Participation Rates

4.1 If a school/district does not meet an overall 95% participation rate, the school/district will automatically be dropped one (1) performance classification and will have 95% of its enrollment included in proficiency calculations, as required by federal regulation. Participation rates are not rounded.

4.2 Elementary schools with no assessments (K, 1, and 2) will not be assigned a participation rate. Therefore, these schools will not be impacted by the participation rate minimum requirements.

4.3 Students may be removed from the denominator of testing participation calculations if he/she meets the criteria set forth by the Office of Student Assessment as having a Significant Medical Emergency which made participation in the state testing impossible. For details regarding the definition of Significant Medical Emergency and the process of requesting a student be removed from the calculations, please contact the Office of Student Assessment.

4.4 High School participation rates will be calculated based on the Senior Snapshot. Data from all statewide end-of-course, subject area assessments, and the ACT will be used in the participation calculations. Students enrolled in grades 3-8 with any month 8 enrollment will be included in participation calculation for each required assessment in the school/district of final enrollment in month 8.

4.5 Students with significant cognitive disabilities (SCD) with no U.S. History assessment scores will be removed from the denominator for the participation rate calculation for U.S. History.

4.6 Deleted

4.7 If a student is expelled but is still enrolled in MSIS for the school/district during the testing window, he/she will be included in the denominator. If the student does not test, the student will count as “not tested.”

5. Proficiency

5.1 Proficiency will be determined by the percentage of students who achieve a performance/proficiency of Proficient and above. No additional credit will be given for students

scoring in a performance/proficiency level above proficient (e.g., “Advanced”). No partial credit will be given for students scoring in any performance level below proficient.

5.1.1 For proficiency components worth 50 points, the weighted percentage of students proficient will be multiplied times 0.5 to determine the points applied to the component.

5.1.2 The science proficiency component for schools with a 12th grade will be based on all science assessments administered at that school. Therefore, for schools with a 12th grade that also have a 5th and/or 8th grade, the science component for that school will still be worth 50 points.

5.2 Assessments included in the proficiency calculations will consist of all federally required statewide assessments in Reading/Language Arts/English, Mathematics and Science, and any additional end-of-course, subject area assessments. This includes all Alternate Assessments based on Alternate Achievement Standards (AA-AAS) for SCD students. Note: This rule will need to be reviewed with the implementation of any new statewide assessments.

6. Growth

6.1 Growth is determined by whether or not a student increases in performance/proficiency levels from one (1) year to the next based on the following criteria:

- An increase of ANY performance/proficiency level
- Staying at Proficient from one (1) year to the next
- An increase within the lowest three (3) performance/proficiency levels that crosses over the mid-point of the level. Example: Bottom half of Basic to top half of Basic.

Following the implementation of new assessments, a linking/equating process will be used to establish comparable scales across the new and old assessments and to determine the criteria for meeting growth as defined above.

6.2 Additional weight in the numerator is given for the following increases:

- Staying at Advanced from one (1) year to the next will be given a weight = 1.25.
- Any increase of two (2) or more performance/proficiency levels will be given a weight = 1.25.
- Any increase to the highest performance/proficiency level will be given a weight = 1.25.

Note: Although this section allows for additional weight in the student growth calculation, no accountability component may exceed the maximum allocated points for the component.

6.3 Any decrease in performance/proficiency levels = 0.

6.4 The lowest three (3) performance/proficiency levels will be split into half at the mid-point of the range. If the range is an odd number and cannot be split into two (2) equal halves, the lower half of the performance/proficiency level will be one (1) point larger than the upper half. (Example: If the range of the performance/proficiency level is thirteen (13) scale score points, the bottom half of the range will be seven (7) scale score points and the upper half of the range will be six (6) scale score points.)

The splitting of the lowest three (3) performance/proficiency levels into half at the mid-point range is not intended to create three (3) new separate performance/proficiency levels. Therefore, students who move from the bottom half of the lowest performance/proficiency level to the bottom half of the second lowest performance/proficiency level will not be given additional weight for increasing two (2) performance/proficiency levels. That student will be considered to have increased one (1) performance/proficiency level.

Note: Rules regarding the splitting of the lowest three (3) performance/proficiency levels are subject to review and change with the implementation of any new assessments.

6.5 Assessments used for calculation of growth will include:

- Grade-level (3-8) assessments in English Language Arts;

- Grade-level (3-8) assessments in Mathematics;
 - High School level assessments in English Language Arts;
 - High School level assessments in Mathematics;
 - Alternate Assessments (3-8 and High School) in English Language Arts; and
 - Alternate Assessments (3-8 and High School) in Mathematics. Note: Growth will not be calculated for Science or U.S. History.
- 6.6** Students taking Algebra I, in 7th or 8th grade, are required by federal regulation to also take the grade-level assessment in mathematics. Therefore, these students will have two (2) growth calculations: grade-level to grade-level and grade-level to Algebra I. The grade-level to grade-level growth calculation will be applied to the current school. The grade-level to Algebra I growth calculation will be banked until the student's 10th grade year.
- 6.7** To calculate growth for the high schools for Math-All Students, Math-Lowest Performing Students, Reading-All Students and Reading-Lowest Performing Students, the 8th grade grade-level assessments will be used as the baseline. The exceptions to this are as follows:
- If a student takes Algebra I during his/her 8th grade year, his/her 7th grade grade-level assessments will be used as the baseline and banked until the student is in the 10th grade.
 - If a student takes Algebra I in the 7th grade, his/her 6th grade grade-level math assessment will be used as the baseline and banked until the student is in the 10th grade.
- 6.8** If a student does not have the previous year's grade-level assessment, the student will be excluded from the growth calculation(s) except in the cases of the end-of-course, subject area assessments.
- 6.9** For students taking end-of-course, subject area assessments in grades lower than 10th grade, growth will be banked until the student's 10th grade year and then applied.
- 6.10** If a student does not take the end-of-course, subject area assessments until 11th or 12th grade year, growth will be calculated and applied in the first year he/she has a valid score. The exception to this will be for students taking the alternate assessment. For students taking the alternate assessment, a cap of two (2) years will be applied to the growth calculations. Therefore, if a student takes the alternate assessment in 8th grade and does not take the high school level alternate assessment until 11th or 12th grade, he/she will not be included in the growth calculations.
- 6.11** Students who are retained in 3rd through 8th grades will have a growth calculation based on the retained grade from the previous year. (Example: A 4th grade student who was retained will have growth calculated based on his/her previous year's 4th grade assessment scores.)
- 6.12** For K-3 schools, growth of 4th grade students in the district will be used for the growth calculations of the K-3 school in which they met FAY. Growth of the 3rd grade students who are retained will be included with the 4th grade student growth calculations.
- 6.13** The student must meet FAY for the current year in order to be included in the growth calculations but is not required to meet FAY for the previous year.
- 6.14** Growth will not be calculated for students who take the Alternate Assessment in the current year but took the grade-level general education assessment the previous year or vice versa.
- 6.15** The denominator for the growth calculation includes any FAY student with two (2) valid assessment scores (as defined above). The numerator will include any student included in the denominator who has demonstrated growth as defined above and weighted accordingly.

7. *Lowest Performing Students*

- 7.1** Calculation methodology for students whose baseline assessment score is 3rd through 7th grade:
- 7.1.1** The Lowest Performing Twenty-Five Percent Student subgroup in reading and the Lowest Performing Twenty-Five Percent Student subgroup in mathematics are determined using the same method but applied separately to reading data and to mathematics data. The procedure used to identify the lowest performing students in a school is applied separately by grade, and the identified students are combined across

all grades to comprise the Lowest Performing Twenty-Five Percent Student subgroup and to determine learning gains.

Note: The Lowest Performing Twenty-Five Percent Student subgroup will be determined by identifying the percentage of students, as defined by Miss. Code Ann. § 37-17-6, who are the lowest performing students in a given subject area.

The process:

1. Beginning with the 2014-2015 school year, the scores of all students participating in the general education and alternate assessments will be standardized by subject area, grade level, assessment type, and school year.
2. Sort the standardized scores of all FAY students in a grade from highest to lowest based on their prior year standardized scores. Students without an eligible score from the previous year are not included. See Section 6 and Rule 7.1.3 for additional clarification.
3. Divide the number of students in the list by four (4). If the result is not a whole number, then automatically round up to meet the 25% minimum.
4. Count, from the lowest score up, the number of students identified in step 3. Then identify the standardized score that corresponds to that student. This standardized score becomes the boundary score.
5. Identify all students with the boundary score determined in step 4. All students with the same boundary score or lower standardized score will be included in the Lowest Performing Twenty-Five Percent Student subgroup for that subject/grade.
6. Repeat the process for each grade for the subject then combine students to form the Lowest Performing Twenty-Five Percent Student subgroup for the school for the subject.

Note: The number of students in the Lowest Performing Twenty-Five Percent Student subgroup must meet the minimum N-count as defined in Section 3.2. If the minimum N-count is not met, the rules outlined in Section 3.2 will be applied. See Section 3. It is possible for the Lowest Performing Twenty-Five Percent Student subgroup to be more than 25% when steps 5 and 6 are applied.

7.1.2 Deleted

7.1.3 The Lowest Performing Twenty-Five Percent Students subgroup for schools whose highest grade is lower than 4th grade will be identified based on the students who attended the school, not based on their 4th grade school's Lowest Performing Twenty-Five Percent Student subgroup. Therefore, a student may be identified in the Lowest subgroup in one (1) school, but not the other.

7.1.4 In order to ensure the inclusion of students with disabilities, the Lowest Performing Twenty-Five Percent Student subgroup for students taking the alternate assessment will be identified by subject but not by each grade level.

7.2 The Lowest Performing Twenty-Five Percent Student subgroup for a district will be identified using the same method described above [i.e., the district will be calculated as if it were one (1) school]. Therefore, it is possible that some students may be identified as members of the Lowest Performing Students subgroup for their school but not for their district, or for their district but not their school.

7.3 The Lowest Performing Twenty-Five Percent Student subgroup for the state will be identified using the same method [i.e., the state will be calculated as if it were one (1) school].

- 7.4 Because students may take end-of-course assessments prior to the 9th grade, any assessment scores used in the identification of the Lowest Performing Twenty-Five Percent Student subgroup for grades 10 through 12 will be standardized to the 8th grade-level assessment for the identification process.

8. **Graduation Rate**

- 8.1 The federally approved four-year graduation rate will be used. Miss. Code Ann. § 37-17-6
Definition: The number of students who graduate in four (4) years from a school and LEA with a regular high school diploma or state-defined alternate diploma divided by the number of students who entered four (4) years earlier as first-time 9th graders, with adjustments for deaths, emigration, and transfers in and out. Ninth (9th) grade students who repeat 9th grade will stay in their original cohort.
Definition: A “regular high school diploma” is the standard high school diploma that is fully aligned with the state’s academic content standards.
- 8.2 Ungraded students will be assigned to their peer-age cohort, based on the year in which the student obtains the age of 14 prior to September 1.
- 8.3 The schools/district graduation rate will be multiplied by 2.0 to calculate the points applied to the graduation component for schools/districts.
- 8.4 In the calculation of graduation rates, students are assigned to the school and district of longest enrollment during the federally defined, four-year adjusted cohort window. In the event a student has equal enrollment in one (1) or more schools or districts, the student will be assigned to the school and district of final enrollment.
- 8.5 The school/district graduation rate applied in the graduation component is lagged one (1) year.

9. **Acceleration**

- 9.1 Beginning in school year 2015-2016, high schools will have an Acceleration component in their calculations.
- 9.2 The Acceleration component refers to the percentage of students taking and passing the assessment associated with accelerated courses which include Advanced Placement (AP), International Baccalaureate (IB), Advanced International Certificate of Education (AICE), dual credit or SBE-approved industry certification courses and associated assessments administered through the MDE. For students taking dual credit courses, passing refers to students who are passing the course with an unweighted “C” or above. For AP courses, the student must score at least three (3) on the AP exam. For IB courses, the student must score at least four (4) on the IB exam. For AICE courses, the student must obtain a passing score on the exam. (Passing scores of “A”, “B”, “C”, “D”, and “E” on the AICE exams are not based on the American “A-F” grading scale.) For industry certification courses, the student must pass the exam.
- 9.2.1 Dual credit courses must be credit-bearing courses at both the high school and postsecondary institution with a minimum of three (3) semester hours credit, and beginning in school year 2019 - 2020, shall be limited to the list of articulated courses found in Appendix V of the current *Procedures Manual for the State of Mississippi Dual Enrollment and Accelerated Programs* document. Refer to the current edition of the *Approved Courses for Secondary Education* for approved Career and Technical Education (CTE) courses.
- 9.2.2 Beginning in school year 2020 – 2021, schools must enter non-weighted course grades for dual credit courses in MSIS. These non-weighted grades will be used in the performance measure for dual credit courses.
- 9.3 The Acceleration component will consist of a Participation and a Performance component. Each of these components will have a score calculated by dividing the numerator by the denominator and multiplying the resulting value by 50. These two (2) components-scores will then be added together and reported as one (1) score worth a maximum of fifty (50) points.
- 9.4 Calculation of Participation

- 9.4.1 The numerator for the Participation component calculation will be the number of students taking accelerated courses and/or related exams as defined in Section 9.2.
- 9.4.2 The denominator for the Participation component calculation shall include all students whose Mississippi Student Information System (MSIS) grade or peer-grade equivalent is 11th or 12th grade plus any 9th or 10th grade students who take and pass accelerated assessments and associated courses where applicable.
- 9.4.3 Students participating in multiple accelerated courses during the same school year will be given additional weighting in the numerator as follows:
 - 2 courses: 1.1
 - 3 courses: 1.2
 - 4 courses: 1.3
 - 5 courses: 1.4
- 9.5 Calculation of Performance
 - 9.5.1 The numerator for the Performance component calculation will be the number of students taking and passing accelerated assessments/courses such as AP, IB, AICE, dual credit, dual enrollment, or industry certification courses based on the definition above.
 - 9.5.2 The denominator for the Performance component calculation will consist of all students participating in the courses and/or tests identified in the participation calculations.
 - 9.5.3 Students who are enrolled in accelerated courses but do not take the required assessment will be considered as “not proficient” in the performance calculations.
- 9.6 For students taking and passing multiple accelerated courses, additional weighting will be applied to the numerator consistent with Section 9.4.3 in the participation calculation.
- 9.7 In the calculation of participation, students who take an accelerated course during their 11th grade year but do not take an accelerated course during their 12th grade year will be counted in the denominator both years, but in the numerator during their 11th grade year only.
- 9.8 Students enrolled in a block schedule must meet FAY either in the fall or spring to be included in the acceleration component. Students enrolled in a traditional schedule must meet FAY for the traditional schedule to be included in the acceleration component.
- 9.9 Deleted
- 9.10 For students in 9th through 12th grade that participate in IB courses as described in Section 9.2 that are designed with a two (2) year curriculum and do not have an associated assessment in the first year, the student will be included in participation calculations but will be excluded from performance measures in the first year and will be included in both participation and performance measures in year two (2).
- 9.11 In the event that accelerated credential, as defined in Section 9.2, is reported for a student that is not associated with a course, the credential will be included in the calculation for the final school in which the student meets FAY.
- 9.12 Ungraded SCD students, as defined in 16.4 and 16.5, will not be included in participation or performance measures once the student has reached age 18 as of September 1st of the school year.

10. Banking Scores: End-of-course, subject area assessments taken before 10th grade

- 10.1 Scores of students taking Algebra I, Biology, English II, or U.S. History end-of-course, subject area tests assessments in a grade below 10th grade will be “banked” for proficiency/achievement and growth calculations until the student is in the 10th grade and then applied to the student’s 10th grade school (if the student met FAY requirements the year he/she was assessed and met traditional schedule FAY during his/her 10th grade year). See Section 6 for additional clarification on Growth.
- 10.2 If a student transfers out of the district before or during their 10th grade year, his/her scores (achievement and growth) will not be applied to the school of origin or receiving school in the new district. Note: See Section 4 (Participation) and 6 (Growth) for additional information.

- 10.3** If a student matriculates from the 9th grade to the 11th grade without enrolling in the 10th grade, banked scores will be included in accountability measures when the student is enrolled in the 11th grade.

Note: For the 2021-2022 School year only, accountability measures in proficiency and growth will not include banked scores from prior years but will include all high school, end-of-course, subject area assessments taken during the 2021-2022 school year, regardless of grade level. For any schools with end-of-course assessments that do not contain 12th grade, scores will be assigned to the high school that the current school feeds to. Scores will also be banked in accordance with Rule 10.1 for use in future school years; therefore, some students' scores will be included in accountability measures twice.

For 10th grade students taking end-of-course assessments included in accountability calculations during the 2021-2022 school year that do not have a prior-year score due to the suspension of assessments during the 2019-2020 school year, growth will be measured using the 2018-2019 school year as the baseline year.

Districts with ten (10) or more 7th grade students enrolled in Algebra I during the spring of the 2019- 2020 school year, will have scores from 7th grade Algebra I students testing during the 2022-2023 school year included in accountability measures in 2022-2023. For any schools with end-of-course assessments that do not contain 12th grade, scores will be assigned to the high school that the current school feeds to. Scores will also be banked in accordance with Rule 10.1 for use in future school years; therefore, some students' scores will be included in accountability measures twice.

11. *Comprehensive Support and Improvement Schools (CSI)*

- 11.1** High Schools with a graduation rate less than or equal to 67 percent shall be identified as a Comprehensive Support and Improvement school. This identification will occur on a three (3) year cycle.

Note: For the 2022-2023 Academic School Year Only, the identification cycle is reduced to one (1) year.

- 11.2** Title IA schools with a three (3) year average composite accountability score in the bottom five (5) percent of overall accountability index will be identified as a Comprehensive Support and Improvement school. This identification will occur on a three (3) year cycle.

Note: For the 2022-2023 school year, the identification cycle is reduced to one (1) year.

- 11.3** Beginning with the 2023-2024 academic year, a school previously identified as an Additional Targeted Support and Improvement school that fails to exit after 3 years and has three (3) consecutive years of subgroup score in ELA or math at or below that of all students in the bottom five (5) percent of Title IA schools shall be identified as a Comprehensive Support and Improvement school. This identification will occur on a three-year cycle.

Note: Performance data from the 2019-2020 and 2020-2021 school years will not be used in the identification described in Section 11.3.

For the 2022-2023 school year, the identification cycle is reduced to one (1) year.

12. *Targeted Support and Improvement Schools (TSI)*

- 12.1** A school with a subgroup composite score that is in the lowest 50 percent and in the lowest quartile of the three (3) year average gap-to-goal, and in the lowest quartile of the three (3) year improvement toward gap-to-goal closure shall be eligible to be identified as a Targeted Support and Improvement school.

Note: Performance data from the 2019-2020 and 2020-2021 school years will not be used in the three (3) year average.

- 12.2** Schools meeting the requirements in Section 12.1 will be rank-ordered, using the composite

accountability score, and the bottom five (5) percent of all schools not identified for Comprehensive Support and Improvement will be identified as a Targeted Support and Improvement school. This identification will occur on an annual cycle.

13. Additional Targeted Support and Improvement Schools (ATSI)

13.1 A school with a three (3) year average subgroup performance score at or below that of all students in the lowest performing five (5) percent of Title IA schools shall be identified as an Additional Targeted Support and Improvement school.

Note: Performance data from the 2019-2022 and 2020-2021 school years will not be used in the three (3) year average. This identification will occur on a three-year cycle.

14. Deleted

15. English Learners (EL)

15.1 The scores of English learners who have attended a U.S. school for less than 12 months will only be included in participation calculations in the first (1st) year. In the second (2nd) year, growth will be included, and in the third (3rd) year, growth and proficiency will be included in accountability measures.

15.1.1 Local Education Agencies (LEA) shall identify English learner students, who have attended a U.S. school for less than 12 months, to be designated for exclusion on or before February 1, annually. Note: For more information, contact the Office of Federal Programs.

15.2 An EL performance component will be calculated for each school and district beginning with the 2017 - 2018 school year and will be included in the calculation of accountability grades beginning in the 2018 - 2019 school year. The EL performance component will be equal to the average EL progress rate of students as defined in Section 15.4, multiplied by the total points assigned to the EL component for that school/district.

15.2.1 Each school or district must meet the minimum N-count for EL students in order to have an EL performance measure calculated.

15.2.2 The performance measure will be equal to 5% of total available points in the accountability system. All other components will be reduced by a total of 5% when the EL performance measure is included.

15.2.3 The component score for districts and schools will be adjusted such that an average student rate of 0.9 or higher shall receive the maximum score for this component. This adjustment will be applied uniformly to all other averages below 0.9, effectively increasing each value by 10 percent.

15.3 Progress toward proficiency will be calculated for all EL students using the state English Language Proficiency Test (ELPT). An annual progress goal will be calculated for each student based on reaching overall proficiency on the ELPT within five (5) years of entry into an EL program. The annual progress goal will be equal to the minimum overall scale score needed to achieve proficiency at year five (5), minus the prior year overall scale score, divided by the number of years the student had remaining to exit the EL program in the prior year.

15.3.1 In year five (5) and beyond, the annual progress goal is equal to the minimum scale score needed to achieve overall proficiency, minus the prior year overall scale score.

15.4 EL performance will be measured by the annual progress achieved by EL students. Each student will have a rate ranging between zero (0) and one (1) based on the student's current year ELPT overall scale score, minus the prior year overall scale score, divided by the annual progress goal as defined in 15.3. Any student who does not demonstrate progress will have a rate of zero (0). No student will receive a rate higher than one (1).

15.4.1 The student must meet FAY requirements in the current year but is not required to meet FAY requirements in the prior year.

15.4.2 The student must have a prior year score to be included in the calculation.

- 15.4.3** EL students who have reached overall proficiency on the ELPT shall not be included in the EL Performance component in subsequent years.

16. *Students with Disabilities*

- 16.1** United States Department of Education (USDE) regulations limit the number of scores of children taking alternate assessments for SCD students scoring proficient or above to one percent (1%) of the students at the state and district level. This rule does not apply at the school level because these regulations recognize that some schools offer specialized services or are near specialized medical facilities that attract higher numbers of students with significant special needs. Therefore, if a district has greater than one percent (1%) of their total population scoring proficient or above on an alternate assessment, the percent above one percent (1%) will count as not proficient in accountability calculations.
- 16.2** All eligible SCD students will be expected to participate in statewide assessments per the schedule provided by the Office of Student Assessment. Note: This rule will need to be updated and revised with the implementation of any new alternate assessment.
- 16.3** Non-SCD students are not allowed to participate in alternate assessments. If any such students have alternate assessment data, the test data shall be considered invalid.
- 16.4** Students with disabilities will be those students whose SPED indicator in MSIS is "Y" (Yes) at the end of month eight (8) (closest approximation to the test administration dates).
- 16.4.1** In order for a student to be counted as SCD, his/her SCD indicator and SPED indicator must be set to "Y" (Yes) in MSIS.
- 16.5** Students with disabilities who are coded as "ungraded" (56 or 58) in MSIS will be assigned a peer-grade calculation based on his/her age on September 1 of the current school year.

17. *Duplicate Test Scores*

- 17.1** If a student takes the general education (grade-level) assessment AND the alternate assessment, the scores from the general education assessment will be used in the school/district accountability calculations.
- 17.2** If MSIS records indicate two (2) valid assessment scores for the same assessment in the same year, the score from the first administration date will be used. If MSIS records indicate two (2) valid assessment scores for the same assessment on the same date, the higher of the two (2) scores will be used in the school/district accountability calculations.

18. *Invalid Test Scores*

- 18.1** Students with invalid test scores will be counted as "not tested" for participation calculations.
- 18.1.1** Following an invalidated score, when a student retests, the first valid test score will be used in the proficiency, growth, and participation calculations.
- 18.2** If an invalid score is validated after the accountability calculations are performed and final school/district performance classifications have been assigned, the school/district's performance classifications will not be recalculated and adjusted to reflect the validated score. If during the next year, the student tests again and has a valid test score, that test score, although it was not the student's first test score, will be used during the next year's calculations. Please refer to the Office of Student Assessment regarding deadlines for appealing invalid test scores.
- 18.3** For students in 3rd grade through eighth 8th grade, if a student's MSIS grade level (or peer grade level for ungraded students) does not match his/her assessment grade level, the student's scores will not be included in the numerator for participation, growth, or proficiency calculations, and the student will count as not proficient, not meeting growth, and not tested. Likewise, the student's scores will not be used the following year in growth calculations.
- Note:** This rule does not apply to end-of-course, subject area assessments or high school alternate assessments.

19. *Rounding*

- 19.1** In the calculation of each of the components in the statewide accountability system, the final value of each component will be rounded to one (1) decimal place (tenths place). Any weighting of components is then applied to the rounded value. After the weighted components are summed, the total value will be rounded to a whole number and reported for the final performance classification calculation.

Note: Other rounding rules are embedded in the explanations of the specific components.

20. *School Reconfigurations or Redrawing of District Lines*

- 20.1** A school's accountability calculations will be based on the grade configuration of the school (and the students in that school) on the date that corresponds with the FAY at the time of testing. See Section 2 for details on FAY. The calculations are applied to the school the following year, regardless of any reconfigurations or redistricting that takes place during the summer after testing or during the school year before testing.
- 20.2** Consolidated districts/schools who maintain the same grade configuration and/or student population as existing in the previous school district will receive the eligible scores or statuses of students who previously attended the school in the previous school district.

21. *Alternative, Career, Technical, and Child Development Centers*

- 21.1** Effective before and with the 2017 – 2018 academic year, no performance classifications will be assigned to alternative, career and/or technical programs, or child development centers authorized in Miss Code Ann. §37-23-91. Scores of students attending these programs will be included in the accountability calculations of the student's official MSIS home school of residence.
- 21.2** Performance data on available indicators will be reported for students enrolled in child development centers.

22. *Schools without Tested Subjects or Grades*

22.1 Elementary/Middle Schools

- 22.1.1** For any elementary/middle school that does not have reading or math scores because the school does not have the required grade level, the scores from the students in the next higher grade in the tested subject within the same district will be applied back to the student's lower elementary school of origin. In order for the scores to be applied, the student must meet FAY at the lower grade school, the current school and if there is a gap in years, anywhere in the district for the years in between.

Example 1, Pre-K through 2nd grade School:

- Reading and Math Proficiency - The reading and math scores from students in 3rd grade who attended the Pre-K through 2nd grade school and are still in the same district will be used to calculate the math and reading proficiency for Pre-K through 2nd grade school.
- Science Proficiency - An equating process will be used to adjust the scores for this component.
- Growth - The reading and math scores from students in 4th grade who attended the Pre-K through 2nd grade school and are still in the same district will be used to calculate the growth for Reading-All Students, Math-All Students, Reading-Lowest Performing Students, and Math-Lowest Performing Students for that Pre-K through 2nd grade school. The students would have to have met FAY in
 - the Pre-K through 2nd grade school during 2nd grade,
 - the 4th grade school in the same district, and
 - any school within the same district during 3rd grade.

Example 2, Pre-K through 3rd Grade:

- Reading and Math Proficiency - The reading and math scores from students in the 3rd grade will be used to calculate the math and reading proficiency for that school.
- Science Proficiency - An equating process will be used to adjust the scores for this component.
- Growth - The reading and math scores from students in 4th grade who attended the Pre-K through 3rd grade and are still in the same district will be used to calculate the growth for Reading-All Students, Math-All Students, Reading-Lowest Performing Students, and Math-Lowest Performing Students for Pre-K through 3rd grade.
- All applicable FAY rules will apply.

Example 3, Pre-K through 4th Grade:

- Reading and Math Proficiency - The reading and math scores from students in 3rd and 4th grades at the school will be used to calculate the math and reading proficiency for Pre-K through 4th grade.
- Science Proficiency - An equating process will be used to adjust the scores for this component.
- Growth - The reading and math scores from students in 3rd and 4th grades at the school will be used to calculate the growth for Reading-All Students, Math-All Students, Reading-Lowest Performing Students, and Math-Lowest Performing Students for Pre-K through 3rd grade.
- All applicable FAY rules will apply.

Example 4, 6th and 7th grade:

- Reading and Math Proficiency - The reading and math scores from students in 6th and 7th grade at the school will be used to calculate the math and reading proficiency for that school.
- Science Proficiency - An equating process will be used to adjust the scores for this component.
- Growth - The reading and math scores from students in 6th and 7th grade at the school will be used to calculate the growth for Reading-All Students, Math-All Students, Reading-Lowest Performing Students, and Math-Lowest Performing Students for 6th and 7th grade.
- All applicable FAY rules will apply.

22.1.2 An equating process to adjust the points required will be used for elementary/middle schools that do not have science scores because the school does not have a 5th or 8th grade.

22.1.3 Beginning with the 2014-2015 and ending with the 2017-2018 school year, the cut-points established for elementary/middle schools that do not have science scores will remain static in succeeding years. In subsequent years, the cut-points shall be reviewed following the administration of a new assessment.

22.2 High Schools

22.2.1 Schools with missing data for components specific to high schools will have available proxy data applied in the following order of availability; three (3) year historical school average, two (2) year historical school average, prior year school score, current year district score, prior year district score. If no proxy data is available, an equating process will be used to adjust for the missing components.

22.3 Schools with only Pre-Kindergarten and/or Kindergarten will be assigned the school performance classification of the next level school to which that school feeds. If the school feeds to multiple schools, the performance classification will be assigned from a weighted average of the composite scores of the schools to which it feeds.

22.4 Charter Schools

For any charter school that does not have reading or math scores because the school does not have the required grade level, the scores from the students in the next higher grade in the tested subject within the same served area (within the geographic boundaries of the traditional local education agency or agencies in which the charter school operates) will be applied back to the student's school of origin. In order for the scores to be applied, the student must meet FAY at the lower grade school, the current school and if there is a gap in years, anywhere in the served area for the years in between.

23. State and Other Special Schools

- 23.1** Mississippi School of the Arts (MSA) and Mississippi School for Math and Science (MSMS)
 - 23.1.1** The Mississippi School of the Arts and Mississippi School for Math and Science will not be assigned performance classifications but will have performance on available indicators reported consistent with other schools/districts.
 - 23.1.2** If a student takes an end-of-course, subject area assessment for the first time while at MSA or MSMS, his/her scores will be sent back to their school/district of origin and rolled into the state totals.
 - 23.1.3** Students enrolled at MSA and/or MSMS during the time of the Senior Snapshot will have their ACT scores sent to their high school of origin.
 - 23.1.4** For students enrolled at MSMS or MSA, the school/district of origin is defined as the school/district where the student was enrolled and met FAY requirements in the school year immediately prior to enrollment at MSMS or MSA.
- 23.2** Mississippi School for the Blind (MSB) and the Mississippi School for the Deaf (MSD)
 - 23.2.1** The MSB and MSD will not be assigned performance classifications but will have performance on available indicators reported consistent with other schools/districts.
 - 23.2.2** Students enrolled in the MSB and MSD will have performance measures included in the performance classification of the school/district of residence.
- 23.3** Other State/Special Schools
 - 23.3.1** State agencies (i.e., Hudspeth, Ellisville State School, etc.) will not be assigned performance classifications.
 - 23.3.2** Students placed in non-public schools (special private schools; i.e., Millcreek, CARES, etc.) but are enrolled in regular Mississippi public schools will have their performance measures included in the calculations of the school/district in which he/she is enrolled in MSIS.
 - 23.3.3** Students enrolled in special/non-public schools with codes 200 and 500 have no enrollment and are not used for any of the usual statistical and reporting purposes. If a student is enrolled in a public school during the testing window, he/she would have to be tested (and counted in the testing participation rates) and his/her score (if FAY) would be used for accountability purposes.
 - 23.3.4** University-based schools will not receive performance classifications.
- 23.4** Students in Correctional Facilities/Juvenile Justice System
 - 23.4.1** According to the USDE, these facilities are considered "programs" not schools and would not be assigned performance classifications.
 - 23.4.2** If a student, who is still enrolled in MSIS, is in such a program and is not tested, the student will count as "not tested" in the participation rate calculations of the school/district. If the student is tested, his/her scores will count at his/her MSIS resident school.
- 23.5** Virtual Public Schools
 - 23.5.1** Only schools classified under the USDE's Education Data Exchange Network (EDEN) reporting requirements as a separate school entity will receive a performance classification.
- 23.6** Early College High Schools

- 23.6.1** Students enrolled in an Early College High School will have their performance measures included in the performance classification of the school/district of residence.
- 23.6.2** Early College High Schools will not be assigned performance classifications but will have performance on available indicators reported consistent with other high schools.

24. 9th Grade Only Schools

- 24.1** Scores of a 9th grade only school will be combined with the high school to which that school feeds and calculated as one (1) school but reported as two (2) separate schools. In other words, both schools will earn the same performance classification because it will be based on the same data calculations.

25. College- and Career-Readiness Indicator

The following rules will apply only if the state legislature mandates statewide ACT testing and appropriates funding for such testing.

- 25.1** The ACT or ACT WorkKeys assessment will be used in the College- and Career-Readiness Indicator.
- 25.2** The College- and Career-Readiness component will be comprised of a Mathematics and an English/Reading component. These two (2) components will be equally weighted and combined for one (1) score worth 50 points: $(\text{Math} + \text{English/Reading}) \div 2$.
- 25.3** A student will be included in the numerator for Mathematics if he/she is considered College- and Career-Ready in Mathematics by having a score on the Mathematics component of the ACT at or above the ACT College Readiness Benchmark for the Mathematics component at the time of the student's assessment.
- 25.4** A student will be included in the numerator for English/Reading if he/she is considered College- and Career-Ready in English/Reading by having a score on the English component of the ACT at or above the ACT College Readiness Benchmark OR if his/her score on the Reading component of the ACT is at or above the ACT College-Readiness Benchmark at the time of the student's assessment.
- 25.5** Science ACT sub-scores will not be included in the College- and Career-Readiness component.
- 25.6** ACT Composite scores will not be included in the College- and Career-Readiness component. (Rationale: ACT does not designate a composite score to indicate college readiness.)
- 25.7** The highest available sub-score or WorkKeys Certification for each student at the end of month nine (9) in Mathematics and English/Reading, as described above, will be used in the College- and Career-Readiness Indicator accountability calculations.
- 25.8** Contingent upon legislative funding, the state will pay for one (1) statewide ACT administration to be held in the spring for students classified in MSIS as 11th graders. Ungraded students whose birthdates link them to the cohort of students identified as 11th graders will also be included. Students may take the ACT as many additional times as they choose, at their own expense.
- 25.9** If the IEP committee deems it appropriate, an SCD student may participate in the administration of the ACT.
- 25.10** Deleted.
- 25.11** A student's score will be applied to the school in which the student is enrolled in MSIS at the time of the Senior Snapshot.
- 25.12** In lieu of the performance requirements established in Sections 25.3, and 25.4, a student may obtain a Silver level or higher National Career Readiness Certificate administered through the ACT WorkKeys assessment and successfully complete an industry certification or career pathway recognized by the Mississippi Department of Education. A student who achieves a Gold or Platinum level National Career Readiness Certificate administered through the ACT WorkKeys does not have to meet the additional requirement of successful completion of an industry certification or career pathway.
- 25.13** The participation rate numerator will include the state administration or non-state administration of the ACT. The denominator will include all students in the Senior Snapshot.
- 25.14** The denominator for the College- and Career-Readiness component calculation will consist of all

students participating in the ACT as identified in the participation calculation.

- 25.15** ACT WorkKeys is not included in participation calculations and does not replace the ACT participation requirement defined in 25.14.

26. Senior Snapshot

Senior Snapshot is a method of identifying high school students for the high school assessment participation rate calculation and College- and Career- measures. Senior Snapshot captures ALL students who have been enrolled in a Mississippi public school starting in month one (1) of the 10th grade and continuing without interruption until either the end of month 9 of the 12th grade or until a completion status is entered, whichever comes first. If the student does not meet the enrollment criteria, he/she will not be included in the denominator for participation rate calculations or College- and Career -Readiness measures.

27. Other

27.1 Deceased Students

27.1.1 Students indicated in MSIS as deceased will not be included in any accountability calculations.

27.2 Foreign Exchange Students

27.2.1 Beginning in school year 2013-2014, foreign exchange students will automatically be included in accountability calculations just as any other students. However, if a district wishes to have a foreign exchange student excluded from the accountability calculations, the request should be made through the Internal Review Process and documentation of the student's participation in the foreign exchange program must be provided in the request.

**ADDITIONAL OPTIONS IN LIEU OF PASSING THE END-OF-COURSE ASSESSMENT
MISS. ADMIN. CODE 7-3: 36.5, STATE BOARD POLICY CHAPTER 36, RULE 36.5
(EFFECTIVE 2013 - 2014 SCHOOL YEAR AND THEREAFTER)**

Mississippi Admin. Code 7-3: 36.5, State Board Policy Chapter 36, Rule 36.5 provides approved options for students to meet high school end-of-course (EOC) assessment requirements for graduation through approved alternate measures. Mississippi Admin. Code 7-3: 36.5, State Board Policy Chapter 36, Rule 36.5, applies to past, current, and future graduates and allows a student to meet the graduation requirements once he or she has failed to pass any required end-of-course (EOC) assessment one (1) time.

The following graduation options provide opportunities for students to obtain a certain score or level on the ACT, ASVAB, ACT WorkKeys, MS-CPAS, or other state-approved industry certifications. Students also may obtain a grade of “C” or higher in a dual credit/dual enrollment course, corresponding to the EOC assessment that was not passed.

Notes:

- ACT sub-scores resulting from non-college reportable accommodations **can** be used for graduation options, but the scores are non-college reportable.
- ACT sub-scores resulting from Residual ACT Testing **cannot** be used for graduation options.
- This option is available regardless of when the student took the SATP2, PARCC, or MAP/MAAP assessments.
- The college credit option is only applicable if the student is enrolled in high school and college at the same time. Student must meet the dual enrollment/dual credit admissions requirements of the community college partnering with the school district.
- The Graduation Options listed below are applicable to any EOC assessment.

Assessment Options	Math	Science	English	Social Studies
ACT	17	17	17	17
Dual Credit/ Enrollment	C or higher in College Algebra	C or higher in College Biology & corresponding lab	C or higher in College English Comp I	C or higher in College American History II
ASVAB + MS-CPAS OR Industry Certification	ASVAB (PICAT prescreen scores are not allowable) score of 36 plus one (1) of the following: 1. *CPAS score that meets the attainment level assigned by Federal Perkins requirements OR 2. Earn approved Industry Certification specified in the Career Pathway's Assessment Blueprint.			
ACT Work Keys + MS-CPAS OR Industry Certification	WorkKeys Silver Level plus one (1) of the following: 1. *CPAS score that meets the attainment level assigned by Federal Perkins requirements OR 2. Earn approved Industry Certification specified in the Career Pathway's Assessment Blueprint. * Beginning in School Year 2022-2023, the MS-CPAS will no longer be administered.			

UNIVERSAL CONCORDANCE TABLE EFFECTIVE 2021 – 2022 SCHOOL YEAR

Concordance tables, effective beginning with the 2014-2015 school year, provide opportunities for students who do not obtain a passing score on an EOC assessment to utilize a different graduation option, using a combination of the assessment scores with the final course grade. The tables provide the final course grade required to use with the scale score obtained on the EOC assessment. Students shall be enrolled in school to utilize the concordance table option.

The Mississippi Department of Education (MDE) and the Technical Advisory Committee (TAC) developed one universal concordance table that shall be used for each of the four EOC assessments. The concordance tables were developed during each of the EOC test administrations, and the universal concordance table concept will alleviate confusion in determining which concordance table to apply for each test administration.

UNIVERSAL CONCORDANCE TABLE

Concordance Table	Scale Score			
Grade in Course	1049-1048	1047-1046	1045-1044	1043-1042
A	Pass	Pass	Pass	Pass
B	Pass	Pass	Pass	Fail
C	Pass	Pass	Fail	Fail
D	Pass	Fail	Fail	Fail

Composite (Combined) Score
MISS. ADMIN. CODE 7-3: 36.4(3) State Board Policy Chapter 36, Rule 36.4(3)
(EFFECTIVE 2022-2023 SCHOOL YEAR)

Composite (Combined) Score Calculations provide opportunities for students who do not obtain a passing score on one or more EOC assessments. Students may utilize an additional graduation option by taking the average of all EOC assessments and achieving a minimal combined score of 1050. The student must have four scores (Algebra I, English II, Biology, and U.S. History). These four scores are added together and divided by 4. The student must have a 1049.5 or above. If a student has a COVID-related waiver from the 2019-2020 or 2020-2021 school year(s) for any required EOC assessment, the student is not eligible to use this option. Students shall be enrolled in school to utilize the composite score option.

Example

Calculate the student's composite (combined) score by determining the average score across all four assessments.

Assessment	Scale
Algebra (EOC)	1039
English II (EOC)	1048
Biology (EOC)	1055
US History (EOC)	1056

$$\text{Average Composite (Combined) Score} = \frac{1039+1048+1055+1056}{4} = \frac{4,198}{4} = 1049.5 = 1050$$

In the example above, the student can use the Composite Combined Score for Algebra I and English II.

GRADUATION REQUIREMENTS
STANDARD 14
TRADITIONAL DIPLOMA
(Entering ninth graders in 2018-2019 and thereafter)

Each student graduating from a secondary school in an accredited school district will have earned the required Carnegie units as specified in the following table. Contents of each required and elective course must include the core objectives identified in the *Mississippi College- and Career-Readiness Standards*. Course titles and identification numbers must appear in the current edition of the *Approved Courses for Secondary Schools of Mississippi*. (See Miss. Admin. Code 7- 3:28.2 and 28.3, State Board Policy, Chapter 28, Rules 28.2 and 28.3.) Students enrolled in grades 7 – 12 may be awarded a Carnegie unit credit provided the course content is a Carnegie unit bearing course in the current edition of the *Approved Courses for the Secondary Schools of Mississippi*. Enrollment in online courses listed in this document must have prior approval granted by the principal.

Any student who completes the minimum graduation requirements as specified below and has met the requirements for each of the required high school assessments is eligible to receive a high school diploma. The local school district may establish additional local requirements approved by the local school board as authorized under Miss. Code Ann. § 37-16-7.

Beginning school year 2018-2019 and thereafter, all entering ninth graders will be required to have a minimum of 24 Carnegie units as specified below. Student may earn the following endorsements to be added to the traditional diploma: Career and Technical Endorsement, Academic Endorsement, and/or Distinguished Academic Endorsement. The local school district may establish additional local requirements approved by the local school board as authorized under Miss. Code Ann. § 37-16-7.

¹Carnegie units earned for Compensatory English courses cannot be included as any of the four (4) English Carnegie units required for graduation; however, Carnegie units earned for these courses may be included in the general elective graduation requirements. Compensatory English may be taken only if a credit-bearing English course is taken in the same school year. Accelerated English 9 can be accepted in lieu of English I. Accelerated English 10 can be accepted in lieu of English I. English I is a required prerequisite course for English II. English I may not be taken after a student completes English II.

²Carnegie units earned for Compensatory Mathematics courses cannot be included as any of the four (4) Math Carnegie units required for graduation; however, Carnegie units earned for these courses may be included in the general elective graduation requirements. Compensatory Mathematics may be taken only if a credit-bearing Math course is taken in the same school year. CCR Mathematics Grade 8, Ready for High School Mathematics, and Foundations of Algebra cannot be taken after a student has received a Carnegie unit in the CCR Algebra I course. The Ready for High School Mathematics course shall only be available for 8th grade or 9th grade students. Foundations of Algebra shall only be available for 9th grade students. MYP Geometry, MYP Algebra II, IB-DP Mathematics I, IB-DP Mathematics II, IB-DP Mathematical Studies II, and IB-DP Mathematical Studies I are allowable mathematics courses higher than Algebra I for IB students. Cambridge IGCSE Mathematics I may be accepted in lieu of Algebra I. One (1) of the four (4) required Carnegie units for mathematics may be in AP Computer Science Principles. If used for a mathematics unit, AP Computer Science Principles cannot then also be used for a science or computer science unit. For approved Career and Technical course substitutions see Appendix A-12.

³One (1) of the three (3) required Carnegie units for science may be in AP Computer Science Principles. If used for a science unit, AP Computer Science Principles cannot then also be used for a mathematics or computer science unit. For approved Career and Technical course substitutions see Appendix A-12. Coordinated Science I or Cambridge IGCSE Biology may be accepted in lieu of Biology. The following courses may be accepted for a science credit above Biology: any AP, Cambridge, or IB-DP science course, any approved dual credit natural or physical science course, any MDE-approved Special Topics in Science course, Botany, Chemistry, Earth and Space Science, Environmental Science, Genetics, Human Anatomy and Physiology, Marine and Aquatic Science I and II, Physical Science, Physics, Zoology I and II, PLTW Principles of Engineering, PLTW Engineering Design and Development, PLTW Human Body Systems, PLTW Medical Interventions.

⁴Based on the *2022 Mississippi College- and Career-Readiness Standards for Social Studies*, AP World History, DC World Civilization I, AP European History, or DC Western Civilization I may be accepted in lieu of the required World History from the Age of Enlightenment to Present course. AP United States History or DC United States History II may be accepted in lieu of the required U.S. History from Post-reconstruction to Present course. A student taking an AP or DC course in lieu of a course with a required end-of-course state test shall take the requisite MAAP test. AP Government and Politics: United States and DC American National may be accepted in lieu of the required United States Government course. IB-DP History of the Americas I may be accepted in lieu of the required U.S. History course for students enrolled in the IB program. IB-DP History of the Americas II may be accepted in lieu of the required Mississippi Studies, Economics, and/or U.S. Government courses for students enrolled in the IB program. MYP U.S. Government may be accepted in lieu of the required Government course for students enrolled in the IB program. Cambridge IGCSE American History or Cambridge International AS level history may be accepted in lieu of the required U.S. History from Post-reconstruction to Present course.

⁵A.P. Macroeconomics, A.P. Microeconomics, DC Macroeconomics, or DC Microeconomics can be taken in lieu of the required Economics course. For approved Career and Technical course substitutions see Appendix A-12.

⁶The Carnegie credit earned for a State/Local Government course in any other state by an out-of-state transfer student can stand in lieu of Mississippi Studies or Mississippi State and Local Government. If a transfer enters without a State/Local Government course, then any other one-half (½) unit social studies course (e.g., Civics, Law Related Education, Participation in American Democracy, Law and Policy, Contemporary Issues, etc.) may be accepted excluding U.S. Government and Economics. IB-DP History of the Americas II is accepted in lieu of the required Mississippi Studies,

Economics, and/or U.S. Government courses for students enrolled in the IB program.

⁷The graduation requirement for one-half (½) unit in physical education may include participation in interscholastic athletic activities, choral performance courses for show choir (i.e., Choral, Music-Choral-Ensembles), instrumental performance courses (i.e., Band, Music Instrumental Ensembles, Strings), dance courses or JROTC that meet the instructional requirements specified in the *Fitness through Physical Education Framework* and that are sanctioned by the Mississippi High School Activities Association. Only one (1) elective unit in physical education including participation in interscholastic athletic activities, choral performance courses for show choir (i.e., Choral, Music-Choral-Ensembles), instrumental performance courses (i.e., Band, Music Instrumental Ensembles, Strings), dance courses or JROTC that meet the instructional requirements specified in the *Fitness through Physical Education Framework* and that are sanctioned by the Mississippi High School Activities Association may be applied each year to the minimum 24 required Carnegie units. If a local district has graduation requirements above the state requirements, the district may award additional units as outlined in the local school board policy.

⁸Successful completion of JROTC I and JROTC II shall be accepted as requirement met for Contemporary Health to meet the graduation requirement for one-half (½) Carnegie unit in Health. Dual credit Personal and Community Health may be accepted in lieu of the graduation requirement for one-half (½) Carnegie unit in Health. For approved Career and Technical course substitutions see Appendix A-12.

⁹For approved course substitutions see Appendices A-12 and A-13.

¹⁰The Arts refers to Dance, Media Arts, Music, Theatre, and Visual Arts. The following dual credit classes: Music Appreciation, Theatre Appreciation, or Art Appreciation may be accepted in lieu of the Arts requirement for students. For approved Career and Technical course substitutions see Appendix A-12.

¹¹The purpose of the College and Career Readiness Course is to provide planning and instruction for postsecondary transition. The following courses are approved substitutions for the CCR course:

1. One (1) credit-bearing Carnegie unit of Career and Technical Work-Based Learning
2. Dual Credit SmartStart
3. JROTC III
4. Advanced Placement Seminar or equivalent International Baccalaureate or Cambridge International Courses
5. Freshman, Sophomore, Junior, and Senior MS College and Career Readiness Seminar course for Early College High Schools.

*An out-of-state student who transfers after the completion of the first semester of their senior year may substitute any other one (1) unit social studies course or a combination of one-half (½) Personal Finance and one-half (½) social studies course.

The CCR course may be taught in one of the following sequences:

- a. One (1) Carnegie unit Senior year only
- b. One (1) Carnegie unit Junior year only
- c. One-half (½) Carnegie unit in either freshman, sophomore, or junior year with the remaining one-half (½) Carnegie unit taught in either junior or senior year
- d. One-fourth (¼) Carnegie unit per year beginning with the freshman year

¹²Additional requirements above the 24 Carnegie units and the assessment requirements include:

- Students must identify an endorsement area prior to entering 9th grade. Endorsement requirements can only be changed with parental permission this includes dropping the endorsement to earn only the Traditional diploma.
- For early release, students must meet College- and Career-Readiness benchmarks of 17 in English and 19 in Math on the ACT sub-score OR earn a Silver level on the ACT WorkKeys suite of assessments. For seniors that

have not met the benchmarks, to qualify for early release students, excluding those enrolled in credit-bearing work-based learning, must meet the following requirements:

- Have a GPA of 2.5 and have passed or meet the assessment option requirements for all four end-of-course assessments

AND

- Are on track to meet the diploma requirements

AND

- Are concurrently enrolled in the appropriate Essentials for College Math or another mathematics course above their Junior year mathematics course and/or Essentials for College Literacy or another English Language Arts course above their Junior level English Language Arts course.

OR

- Have a GPA of 2.5 and have passed or meet the assessment option requirements

AND

- Are on track to mee the diploma requirements

AND

- Students meet postsecondary requirements for placement and are enrolled in ENG Comp I and/or MAT College Algebra or have previously earned credit for ENG Comp I and/or MAT College Algebra

¹³Additional recommendations (not requirements) above the 24 Carnegie units and assessment requirements include:

- For early graduation, a student should successfully complete an area of endorsement
- Student should take a math or math equivalency senior year

¹⁴Courses designed using the Mississippi Alternate Academic Achievement Standards (MS AAAS) shall not be used as substitute courses or electives for students obtaining a traditional academic diploma with or without endorsements.

**GRADUATION REQUIREMENTS
STANDARD 14
TRADITIONAL DIPLOMA WITH CAREER AND TECHNICAL OR JROTC ENDORSEMENT
(Entering ninth graders in 2018-2019 and thereafter)**

Each student graduating from a secondary school in an accredited school district will have earned the required Carnegie units as specified in the following table. Contents of each required and elective course must include the core objectives identified in the *Mississippi College- and Career-Readiness Standards*. Course titles and identification numbers must appear in the current edition of the *Approved Courses for Secondary Schools of Mississippi*. (See Miss. Admin. Accelerated English 10 can be accepted in lieu of English II. English I is a required prerequisite course for English II. English I may not be taken after a student completes English II.

²Carnegie units earned for Compensatory Mathematics courses cannot be included as any of the four (4) Math Carnegie units required for graduation; however, Carnegie units earned for these courses may be included in the general elective graduation requirements. Compensatory Mathematics may be taken only if a credit-bearing Math course is taken in the same school year. CCR Mathematics Grade 8, Ready for High School Mathematics, and Foundations of Algebra cannot be taken after a student has received a Carnegie unit in the CCR Algebra I course. At least two (2) of the four (4) required mathematics Carnegie units must be earned in courses higher than the CCR Algebra I course. The Ready for High School Mathematics course shall only be available for 8th grade or 9th grade students. Foundations of Algebra shall only be available for 9th grade students. MYP Geometry, MYP Algebra II, IB-DP Mathematics I, IB-DP Mathematics II, IB-DP Mathematical Studies I, and IB-DP Mathematical Studies II are allowable mathematics courses higher than Algebra I for IB students. Cambridge IGCSE Mathematics I may be accepted in lieu of Algebra I. One (1) of the four (4) required Carnegie units for mathematics may be in AP Computer Science Principles. If used for a mathematics unit, AP Computer Science Principles cannot then also be used for a science or computer science unit. For approved Career and Technical course substitutions see Appendix A-12.

³One (1) of the three (3) required Carnegie units for science may be in AP Computer Science Principles. If used for a science unit, AP Computer Science Principles cannot then also be used for a mathematics or computer science unit. For approved Career and Technical course substitutions see Appendix A-12. Coordinated Science I or Cambridge IGCSE Biology may be accepted in lieu of Biology. The following courses may be accepted for a science credit above Biology: any AP, Cambridge, or IB-DP science course, any approved dual credit natural or physical science course, any MDE-approved Special Topics in Science course, Botany, Chemistry, Earth and Space Science, Environmental Science, Genetics, Human Anatomy and Physiology, Marine and Aquatic Science I and II, Physical Science, Physics, Zoology I and II, PLTW Principles of Engineering, PLTW Engineering Design and Development, PLTW Human Body Systems, PLTW Medical Interventions.

⁴Based on the *2022 Mississippi College- and Career-Readiness Standards for Social Studies*, AP World History, DC World Civilization II, AP European History, or DC Western Civilization II may be accepted in lieu of the required World History from the Age of Enlightenment to Present course. AP United States History or DC United States History II may be accepted in lieu of the required U.S. History from Post-reconstruction to Present course. A student taking an AP or DC course in lieu of a course with a required end-of-course state test shall take the requisite MAAP test. AP Government and Politics: United States and DC American National may be accepted in lieu of the required United States Government course. IB-DP History of the Americas I may be accepted in lieu of the required U.S. History course for students enrolled in the IB program. IB-DP History of the Americas II may be accepted in lieu of the required Mississippi Studies, Economics, and/or U.S. Government courses for students enrolled in the IB program. MYP U.S. Government may be accepted in lieu of the required Government course for students enrolled in the IB program. Cambridge IGCSE American History or Cambridge International AS level history may be accepted in lieu of the required U.S. History from Post-reconstruction to Present course.

⁵A.P. Macroeconomics, A.P. Microeconomics, DC Macroeconomics, or DC Microeconomics can be taken in lieu of the required Economics course. For approved Career and Technical course substitutions see Appendix A-12.

⁶The Carnegie credit earned for a State/Local Government course in any other state by an out-of-state transfer student can stand in lieu of Mississippi Studies or Mississippi State and Local Government. If a transfer student enters without a State/Local Government course, then any other one-half (½) unit social studies course (e.g., Civics, Law Related Education, Participation in American Democracy, Law and Policy, Contemporary Issues, etc.) may be accepted excluding U.S. Government and Economics. IB-DP History of the Americas II is accepted in lieu of the required Mississippi Studies, Economics, and/or U.S. Government courses for students enrolled in the IB program.

⁷The graduation requirement for one-half (½) unit in physical education may include participation in interscholastic athletic activities, choral performance courses for show choir (i.e., Choral, Music-Choral-Ensembles), instrumental performance courses (i.e., Band, Music Instrumental Ensembles, Strings), dance courses or JROTC that meet the instructional requirements specified in the *Fitness through Physical Education Framework* and that are sanctioned by the Mississippi High School Activities Association. Only one (1) elective unit in physical education including participation in interscholastic athletic activities, choral performance courses for show choir (i.e., Choral, Music-Choral-Ensembles), instrumental performance courses (i.e., Band, Music Instrumental Ensembles, Strings), dance courses or JROTC that meet the instructional requirements specified in the *Fitness through Physical Education Framework* and that are sanctioned by the Mississippi High School Activities Association may be applied each year to the minimum 24 required Carnegie units. If a local district has graduation requirements above the state requirements, the district may award additional units as outlined in the local school board policy.

⁸Successful completion of JROTC I and JROTC II shall be accepted as requirement met for Contemporary Health to meet the graduation requirement for one-half (½) Carnegie unit in Health. Dual credit Personal and Community Health may be accepted in lieu of the graduation requirement for one-half (½) Carnegie unit in Health. For approved Career and Technical course substitutions see Appendix A-12.

⁹For approved course substitutions see Appendices A-12 and A-13.

¹⁰The Arts refers to Dance, Media Arts, Music, Theatre, and Visual Arts. The following dual credit classes: Music Appreciation, Theatre Appreciation, or Art Appreciation may be accepted in lieu of the art requirement for students. For approved Career and Technical course substitutions see Appendix A-12.

¹¹The purpose of the College and Career Readiness Course is to provide planning and instruction for postsecondary transition. The following courses are approved substitutions for the CCR course:

1. One-credit of Career and Technical Work-Based Learning
2. Dual Credit SmartStart
3. JROTC III
4. Advanced Placement Seminar or equivalent International Baccalaureate or Cambridge International Courses.
5. Freshman, Sophomore, Junior, and Senior MS College and Career Readiness Seminar course for Early College High Schools.

*An out-of-state student who transfers after the completion of the first semester of their senior year may substitute any other one (1) unit social studies course or a combination of one-half (½) Personal Finance and one-half (½) social studies course.

The CCR course may be taught in one (1) of the following sequences:

- a. One (1) Carnegie unit Senior year only
- b. One (1) Carnegie unit Junior year only
- c. One-half (½) Carnegie unit in either freshman, sophomore, or junior year with the remaining one-half (½) Carnegie unit taught in either junior or senior year
- d. One-fourth (¼) Carnegie unit per year beginning with the freshman year

¹²Additional requirements above the Traditional Diploma Option, the 26 Carnegie units and the assessment requirements include:

- Earn an overall GPA of 2.5
- Two (2) elective courses must meet MS IHL college preparatory curriculum (CPC) requirements

- Must successfully complete one (1) of the following:
 - ACT sub scores of 17 in English and 19 in Math
 - Essentials for College Math or Essentials for College Literacy (in senior year)
 - SAT equivalency subscore
- Must successfully complete one (1) of the following:
 - One (1) AP course with a C or higher and take the appropriate AP exam
 - One (1) Diploma Program-IB or Cambridge (AICE) course with a C or higher and take the appropriate exam
 - One (1) dual credit course and earn a C or higher in the course

¹³Additional recommendations (not requirements) above 26 Carnegie units and assessment requirements include:

- For early graduation, a student should successfully complete an area of endorsement.
- Student should take a math or math equivalency senior year

¹⁴Courses designed using the Mississippi Alternate Academic Achievement Standards (MS AAAS) shall not be used as substitute courses or electives for students obtaining a traditional academic diploma with or without endorsements.

GRADUATION REQUIREMENTS STANDARD 14
TRADITIONAL DIPLOMA with a DISTINGUISHED ACADEMIC ENDORSEMENT
(Entering ninth graders in 2018-2019 and thereafter)

Each student graduating from a secondary school in an accredited school district will have earned the required Carnegie units as specified in the following table. Contents of each required and elective course must include the core objectives identified in the *Mississippi College- and Career-Readiness Standards*. Course titles and identification numbers must appear in the current edition of the *Approved Courses for Secondary Schools of Mississippi*. (See Miss. Admin. Code 7-3: 28.2 and 28.3, State Board Policy, Chapter 28, Rules 28.2 and 28.3.) Enrollment in online courses listed in this document must have prior approval granted by the principal.

Any student who completes the minimum graduation requirements as specified below and has met the requirements for each of the required high school assessments is eligible to receive a high school diploma. Students enrolled in grades 7 – 12 may be awarded a Carnegie unit credit provided the course content is a Carnegie unit bearing-course in the current edition of the *Approved Courses for the Secondary Schools of Mississippi*.

Beginning school year 2018-2019 and thereafter, all entering ninth graders will be required to have a minimum of 28 Carnegie units as specified below to earn a Traditional Diploma with a Distinguished Academic Endorsement. The local school district may establish additional local requirements approved by the local school board as authorized under Miss. Code Ann. § 37-16-7.

- Student should take a math or math equivalency senior year

¹⁴Courses designed using the Mississippi Alternate Academic Achievement Standards (MS AAAS) shall not be used as substitute courses or electives for students obtaining a traditional academic diploma with or without endorsements.

GRADUATION REQUIREMENTS

STANDARD 14 ALTERNATE DIPLOMA OPTION

NOTE: This option shall be offered by districts for incoming ninth graders with significant cognitive disabilities in 2018-2019 and thereafter.

Only students identified by their Individualized Education Program Committee as having a significant cognitive disability, as defined by the current edition of *Testing Students with Disabilities Regulations* and Miss. Admin Code 7-3: 78.1, State Board Policy Chapter 78, Rule 78.1, may be eligible to earn the Alternate Diploma. Each student graduating from a secondary school in an accredited school district with the Alternate Diploma will have earned the required units as specified in the following table. Contents of each required and elective course must include the core objectives identified in the State Board approved Alternate Academic Achievement Standards. Course titles and identification numbers must appear in the current edition of the *Approved Courses for Secondary Schools of Mississippi*. (See Miss. Admin. Code 7-3: 28.2 and 28.3, State Board Policy, Chapter 28, Rules 28.2 and 28.3.) Students with significant cognitive disabilities enrolled in grades 7 – 12 may be awarded a credit provided the course content is a credit bearing course in the current edition of the *Approved Courses for the Secondary Schools of Mississippi*.

Any student with a significant cognitive disability who completes the minimum graduation requirements as specified below and has achieved a level of Passing or Proficient on the end-of-course alternate assessments, is eligible to receive an Alternate Diploma. Students must participate in the alternate assessments during the year the student is enrolled in the corresponding courses (Alternate Biology, Alternate English II, Alternate Algebra). The local school district may establish additional local requirements approved by the local school board as authorized under Miss. Code Ann. § 37-16-7.

The Alternate Diploma meets the requirements for graduation rate in the same manner as a Traditional Diploma. Students with this diploma must contact the postsecondary institution to determine Ability to Benefit (ATB) and eligibility for enrollment.

¹Carnegie units earned for Compensatory English courses cannot be included as any of the four (4) English Carnegie units required for graduation; however, Carnegie units earned for these courses may be included in the general elective graduation requirements. Compensatory English may be taken only if a credit-bearing English course is taken in the same school year.

²Carnegie units earned for Compensatory Mathematics courses cannot be included as any of the four (4) Math Carnegie units required for graduation; however, Carnegie units earned for these courses may be included in the general elective graduation requirements. Compensatory Mathematics may be taken only if a credit-bearing Math course is taken in the same school year.

³Successful completion in JROTC I and JROTC II shall be accepted as requirement met for Contemporary Health to meet graduation requirement for one-half (1/2) Carnegie unit in Health. Dual credit Personal and Community Health may be accepted in lieu of the graduation requirement for one-half (½) Carnegie unit in Health. For approved Career and Technical course substitutions see Appendix A-12.

⁴The graduation requirement for one-half (½) unit in physical education may include participation in interscholastic athletic activities, choral performance courses for show choir (i.e., Choral, Music-Choral-Ensembles), instrumental performance courses (i.e., Band, Music Instrumental Ensembles, Strings), dance courses or JROTC that meet the instructional requirements specified in the *Fitness through Physical Education Framework* and that are sanctioned by the Mississippi High School Activities Association. Only one (1) elective unit in physical education including participation in interscholastic athletic activities, choral performance courses for show choir (i.e., Choral, Music-Choral-Ensembles), instrumental performance courses (i.e., Band, Music Instrumental Ensembles, Strings), dance courses or JROTC that meet the instructional requirements specified in the *Fitness through Physical Education Framework* and that are sanctioned by the Mississippi High School Activities Association may be applied each year to the minimum 24 required Carnegie units. If a local district has graduation requirements above the state requirements, the district may award additional units as outlined in the local school board policy.

⁵Evidence of proficiency in technology is embedded in the course strands for both Career Readiness and Life Skills Development so that students with significant cognitive disabilities may be taught these skills within the natural environment assuring greater application and generalization of the skills.

⁶The Arts refers to Dance, Media Arts, Music, Theatre, and Visual Arts. The following dual credit classes: Music Appreciation, Theatre Appreciation, or Art Appreciation may be accepted in lieu of the art requirement for students. For approved Career and Technical course substitutions see Appendix A-12.

GRADUATION REQUIREMENTS**STANDARD 14****CERTIFICATE OF COMPLETION**

Note: This option shall be offered by districts for incoming freshmen beginning in school year 2018-2019 and thereafter.

A Certificate of Completion is not a high school diploma or an Alternate Diploma, but rather an acknowledgement of the student's participation in and completion of his/her Individualized Education Program (IEP). Students eligible to receive a Certificate of Completion should fall into one (1) of the following categories:

1. Students without a Significant Cognitive Disability at the end of 8th grade who:
 - Are 16 years old or older; **AND**
 - At least three (3) or more grade levels below their peers in reading and math; **AND**
 - Have a signed statement from the parent acknowledging the Certificate of Completion is not a traditional high school diploma and will not meet the requirements for entry into careers or post-secondary opportunities requiring a diploma.
2. Students without a Significant Cognitive Disability who have not yet turned sixteen (16) by the end of the eighth grade should transition to the ninth grade on a diploma path.
3. Students with a Significant Cognitive Disability at the end of 8th grade who:
 - Have extremely limited or no receptive and expressive communication skills **AND**
 - Have a signed statement from the parent acknowledging the Certificate of Completion is not a traditional high school diploma and will not meet the requirements for entry into careers or post-secondary opportunities requiring a diploma.
4. Students with or without a Significant Cognitive Disability at the end of their third year of high school (6 semesters) who:
 - Have not earned at minimum of 3 English units, 3 math units, 2 science units, 2 social studies units, and 5 electives; **AND**
 - Have a signed statement from the parent acknowledging the Certificate of Completion is not a traditional high school diploma and will not meet the requirements for entry into careers or post-secondary opportunities requiring a diploma; **AND**
 - Have evidence of 3 or more years of intensive intervention implemented in middle and/or high school to earn Carnegie units. Evidence may include, but is not limited to:
 - Progress monitoring data from reading intervention programs or math intervention programs
 - Documentation of accommodations and modifications provided in the general education courses and assessments
 - Course schedules outlining dedicated time for intervention.

The student's IEP committee determines the course of study for the Certificate of Completion. Areas of instruction should be developed based on the unique needs of the individual student. Course work shall be appropriate for the student and may include:

- Intensive remediation in deficit area skills
- Career preparation courses
- Life skills courses

Students earning the Certificate of Completion should have completed at least four (4) years of high school and/or be at least 19 years of age at the time of graduation.

Students pursuing a Certificate of Completion are required to participate in the Mississippi statewide assessment program deemed appropriate by their Individualized Educational Plan (IEP) Committee.

Students working toward the Certificate of Completion who meet the criteria for a Significant Cognitive Disability are required to participate in the high school end-of-course alternate assessment during the school year the student is enrolled in the corresponding alternate course (Alternate Biology, Alternate English II, Alternate Algebra).

Students working toward the Certificate of Completion who do not meet the criteria for a Significant Cognitive Disability are required to participate in the regular high school end-of course subject area test(s) during the school year the student is enrolled in the corresponding course(s).

It is ultimately the responsibility and decision of the IEP Committee to determine the appropriate exit option for a student with disabilities based on the appropriate data.

³The Arts refers to Dance, Media Arts, Music, Theatre, and Visual Arts. The following dual credit classes: Music Appreciation, Theatre Appreciation, or Art Appreciation may be accepted in lieu of the art requirement for students. For approved Career and Technical course substitutions see Appendix A-12.

⁴The purpose of the College and Career Readiness Course is to provide planning and instruction for postsecondary transition. The following courses are approved substitutions for the CCR course:

1. One-credit of Career and Technical Work-Based Learning
2. Dual Credit SmartStart
3. JROTC III
4. Advanced Placement Seminar or equivalent International Baccalaureate or Cambridge International Courses
5. Freshman, Sophomore, Junior, and Senior MS College and Career Readiness Seminar course for Early College High Schools.

The CCR course may be taught in one (1) of the following sequences:

- a. One (1) Carnegie unit Senior year only
- b. One (1) Carnegie unit Junior year only
- c. One-half ($\frac{1}{2}$) Carnegie unit in either freshman, sophomore, or junior year with the remaining one-half ($\frac{1}{2}$) Carnegie unit taught in either junior or senior year
- d. One-fourth ($\frac{1}{4}$) Carnegie unit per year beginning with the freshman year

⁵A school offering the International Baccalaureate Diploma Program and Cambridge (AICE) is exempt. Distance learning approved on-line vendor courses, or approved Mississippi Online Course Approval (MOCA) courses may be used as an appropriate alternative for the delivery of these required Advanced Placement (AP) courses.

STUDENT RECORDS
STANDARD 8

1. Student records are collected, maintained, and disseminated as required by Miss. Code Ann. §§ 37- 15-1 through 37-15-3, as amended, the *Family Educational Rights and Privacy Act of 1974*, as amended, 20 USC Section 1231, and the Confidentiality Section of the *Individuals with Disabilities Act, 1997 Amendments*.
2. Permanent records are kept in perpetuity for every person who has enrolled or is enrolled in a school.
3. The permanent record contains (a) legal name and address of the student, (b) date of birth as verified by birth certificate, (c) courses taken and grades or proficiency level earned, (d) immunization record, (e) date of withdrawal or graduation, (f) social security number {optional}, (g) record of performance on the required graduation tests, and (h) any other information determined by the State Board of Education.
4. Active permanent records are maintained in a secure and fire-resistant location in each school until the student withdraws or graduates, at which time the record may be transferred and/or placed on photographic film or microfilm in a central, fire-resistant depository.
5. Cumulative records are maintained for each student currently enrolled in a school.
6. The cumulative record (folder) contains the same information as the permanent record, as well as results of standardized tests and other information required by school board policies or prescribed by the State Board of Education.
7. Active cumulative records are maintained in a secure, fire-resistant location in each school.
8. Cumulative records of students who transfer or who are promoted to another school within or outside the district are to be sent to the head of the school to which the student transfers.
9. Cumulative records may be destroyed by order of the school board of the school district in not less than five (5) years after the permanent record of the student has become inactive and has been transferred to the central depository of the district.
10. Permanent and active cumulative records of any school (public or nonpublic) that closes are transferred to the central depository of the school district wherein the closed school is located.

For further clarification or information, see the current edition of the *Mississippi Cumulative Folders and Permanent Records Manual of Directions*.

REQUIREMENTS OF THE MISSISSIPPI STATEWIDE ASSESSMENT SYSTEM STANDARD 16

I. PURPOSE

It is the policy of the State Board of Education that all test procedures and results that are used in the Mississippi Statewide Assessment System and/or used in the Mississippi Statewide Accreditation System be valid and accurate for making related decisions. To protect the security and integrity of all tests administered through the Mississippi Statewide Assessment System, as well as to ensure reporting of accurate assessment results, the State Board of Education establishes the following requirements and the consequences applied when a school district or school is found in violation of any requirement. These requirements are established under the authority granted in {Miss. Code Ann. §§ 37-16-1, 37-16-3, and 37-16-4}, as amended.

II. DEFINITIONS

The District Test Coordinator (DTC) serves as the point of contact between the Office of Student Assessment (OSA) and the district in all matters related to the Mississippi Assessment Programs. The DTC, trained by the OSA is responsible for training district personnel and school test coordinators in the administration of State Assessments, ensuring they are knowledgeable in all aspects of testing processes and test security procedures. DTCs shall possess a current and valid Mississippi educator's license that may include an administrative endorsement. The DTC shall be appointed by the Superintendent.

The School Test Coordinator (STC) serves as the point of contact for the district test coordinator and a specific school within their district. The STC is ultimately responsible for the training of personnel to ensure those involved in the administration of State Assessments are trained in all aspects of testing and test security procedures. School test coordinators shall possess a current and valid Mississippi educator's license.

The District Test Security Plan is a comprehensive collection of procedures and actions that serve as a guide to ensure test security and test integrity are protected at all levels within the district. The District Superintendent and the DTC are ultimately responsible for completing the plan, reviewing, updating, and verifying all information is correct each year.

The School Test Security Plan is a comprehensive collection of procedures and actions that serve as a guide to ensure test security and test integrity are protected at the school site administering State Assessments. Each individual school test security plan shall be made to fit each school, completed by the STC and Principal and attached as a part of the district's test security plan.

Secure test materials include, but are not limited to, student testing login tickets, all paper that contains access codes, scratch paper, reference charts, and writing rubrics.

A possible testing irregularity is any alleged incident(s) before, during or after the test administration that deviates from the statewide assessment requirements as established under SBE authority, representing a potential violation to test security and questions the validity of the assessment data.

A verified testing irregularity is a confirmed violation of one or more of the statewide assessment requirements as established by the SBE.

A prohibited electronic device is a device that maintains one or more of the following functionalities: cellular/internet connectivity, Bluetooth connectivity, unallowable calculator functions, and image or audio capture capabilities.

III. REPORTING AND USE OF TEST DATA

The school district will release test score information to parents, legal representatives, teachers, students, educators, the media, and the public in a timely manner and provide interpretive material as necessary. The school district

will use test scores appropriately in making decisions regarding students. Additional retesting opportunities may be available for assessments that apply to the Literacy-Based Promotion Act and Graduation Requirements. Refer to appendix A-5 found in the current edition of *Mississippi Public School Accountability Standards* for more information.

IV. REQUIREMENTS

The following is not an exhaustive list of requirements.

Responsibilities of the District Test Coordinator (DTC)

1. The DTC shall be appointed by the District's Superintendent. The DTC shall hold a current and valid Mississippi educator's license that may include an administrative endorsement and possess knowledge and experience regarding assessment procedures. The Superintendent shall notify the Office of Student Assessment in writing (email is permissible) of DTC personnel changes.
2. The DTC shall attend all State Assessment training sessions sponsored by the Office of Student Assessment.
3. The DTC shall submit to the OSA the District and School Test Security Plan each year no later than the 3rd Tuesday in January for the full calendar year. This is required, so a plan will be in place for the next school year's fall testing.
 - a. The District and School Test Security Plan shall contain all components as required by the Office of Student Assessment.
 - b. The district Superintendent and DTC are responsible for creating and completing the District Test Security plan, reviewing, updating, and verifying all information is correct each calendar year. Once approved by the district school board, the plan is signed by the district Superintendent, the DTC, and the chairman of the school board.
 - c. The School's Principal and STC are responsible for creating and completing the School Test Security plan, reviewing, updating, and verifying all information is correct each calendar year. Once approved by the DTC, the School Test Security Plan, which is a part of the District Test Security Plan, is signed by the school Principal, STC, and the DTC.
 - d. The District Test Security Plan shall identify all individuals who have access to the secure materials storage area at the district and school sites.

Test Materials

4. Testing tickets shall be printed from the appropriate vendor platform in advance of the scheduled assessment. Reproduction and/ or the dissemination of test ticket information via an alternate method is prohibited. (i.e., Handwritten, reading ticket information aloud)
5. Except during actual test administration, secure test materials shall be kept in a locked storage room/area designated for this purpose. Access shall be limited to only those individuals identified in the test security plan(s) as responsible for their security.
 - a. All printed secure testing materials are inventoried and accounted for at the district and/or school level. Printed secure materials are inventoried and logged on a district-developed tracking sheet documenting the material's chain-of-custody during the entire testing window. This tracking documentation shall be available for review by an OSA auditor.
 - b. Deliverable secure testing materials are required to be inventoried by the DTC upon receipt from the vendor. The materials delivered shall match the vendor's ledger prior to distribution to the school site(s). After delivery to the school(s), the STC shall sign for, inventory, and maintain a log detailing the chain of custody of deliverable materials during the entire testing window. This tracking documentation shall be available for review by an OSA auditor.
 - c. While secure test materials are in the district or in a school, anyone listed as having access to the secure area shall be accompanied by a second test security trained person when entering the secure storage area.
 - d. Test Administrators and Proctors shall have access and handle secure test materials as described in the district and school test security plans and or as described in the vendor's test administration manual or test coordinator

manual.

e. Reproducing or disclosing secure test material (including pilot material) and student responses before, during, or after test administration is prohibited. Reproduction or disclosure of secure test materials includes but is not limited to the following: reviewing, reading, or looking at secure test material in a manner that is inconsistent with test security regulations and/or procedures outlined in the Test Administrators Manual. Use of unreleased test items in any form (including rewording of such test items) is strictly prohibited.

f. All secure materials shall be returned according to the schedule published by test vendors and OSA. If a secure testing document has been contaminated by health-related hazards or severely damaged, the STC/DTC shall follow destruction procedures provided by the MDE. This procedure shall be included in the District Test Security Plan.

Training and Testing Personnel

6. The OSA and the respective vendors are responsible for the initial training of the DTCs in advance of the test administration windows. The DTCs shall be responsible for training all district personnel and STCs who will be involved in state assessments.

7. Any person involved in any phase of the Mississippi Statewide Assessment System shall meet the outlined criteria and be trained by their district in appropriate assessment administration and test security procedures.

a. The district shall maintain complete records of all professional development on assessment training related to each assessment program. (i.e., ELPT, MAAP, MAAP-A, KRA)

b. All personnel involved in the administration of an assessment shall have a signed confidentiality and electronic device agreements on file prior to testing. These documents shall be kept at the district/school for five (5) years.

c. Test Administrators shall be licensed school personnel, hold a valid Mississippi Educator License, and be employed by the district.

d. Proctors are not required to be licensed school personnel unless they are fulfilling the role of Second Scorer for a MAAP-A administration or administering a state assessment to a homebound or an incarcerated student. These instances require the Proctor/Second Scorer to be a licensed teacher.

8. The district and/or school shall conduct professional development training on proper test administration utilizing accommodations and accessibility features on statewide assessments.

9. The District shall maintain for five (5) years, and provide upon request, documentation demonstrating training related to each assessment program was administered. Additionally, training shall include information on test security procedures, violations of test security, and the consequences for those violations.

10. Coaching students, altering responses, or interfering with responses in any way during or after the scheduled test administration is prohibited. Coaching students is defined as providing answers by staff or other students to students in any manner during the test, including cues, clues, hints, and/or actual answers in any form—written, printed, verbal or non-verbal (including, but not limited to, charts, bulletin boards, posters, computers, hand gestures), or allowing students to alter responses after the scheduled test administration.

11. Anyone with knowledge of, or information regarding, a possible testing irregularity or alleged security violations shall report the alleged irregularity/violation to an appropriate authority. {See Miss. Code Ann. § 37-16-4(1)(f)}

Policies for Mississippi Assessments

12. The Mississippi Statewide Assessment System ensures the inclusion of all students in the assessment programs {Miss. Code Ann. § 37-16-3(2)}; Literacy-Based Promotion Act, {Miss. Code Ann. §37-177-11}; e-CFR 200.5 (a)(1)(2)(3); Mississippi English Learner Guidelines: Regulations, Funding Guidance, and Instructional Supports, 2018R.

a. Accurate student attendance data during testing windows shall be maintained by the district/school. For example, if a student is taking the English II assessment and misses their World History class, the student should

Mississippi Public School Accountability Standards, 2024

not be counted absent.

- b. If a student is assigned to take a test and is absent, the student shall be counted absent. Districts/schools shall make sure attendance is maintained during testing windows as to who is present and who is not present.
- c. Students who drop a course for which an end-of-course Subject Area Test is required after the dates noted below shall still take the appropriate end-of-course Subject Area Test.

Traditional Schedule

- Students enrolled in a course at the end of January (5th month) shall be tested.

Fall Block

- Students enrolled in a course at the end of October (2nd month) shall be tested.

Spring Block

- Students enrolled in a course at the end of March (7th month) shall be tested.

d. Students enrolled in and taking courses for the first time for which end-of-course Subject Area Tests is required shall take the appropriate Subject Area Tests. These students shall take the appropriate end-of-course Subject Area Test, as listed the *Approved Courses for the Secondary Schools of Mississippi* includes the words Accelerated, Enrichment, or Advanced Placement.

e. Each student enrolled in and re-taking courses for which end-of-course Subject Area Tests are required to take the appropriate Subject Area Test only if the student has not previously met the graduation requirement for the Subject Area Test.

f. Each student shall take the appropriate end-of-course Subject Area Test at the end of the course regardless of the grade level in which the course is offered.

g. Students enrolled in a Mississippi public school will be required to pass end-of-course Subject Area Test in a course for which the school accepts Carnegie units earned by the student through enrollment in summer school, virtual school, or any other non-standard school as defined by the Office of Accreditation. See State Board Policy Chapter 36, Rules 36.2, 36.4, and 36.5.

Accommodations and Accessibility Features

13. All guidelines listed in the current edition of the *Mississippi Testing Accommodations Manual* shall be followed. Appropriate accommodations and/or accessibility features shall be provided for each individual student (except those noted as non-allowable for specific assessments) per the student's Individualized Education Plan (IEP), Section 504 Plan, and/or Language Service Plan (LSP).

14. The medical monitoring policy shall be followed for any student or staff member that utilizes an electronic device in the testing environment due to monitoring a medically diagnosed condition. The school shall have the appropriate documentation on file, to include both a signed confidentiality and an electronic device form.

Test Administration

15. A specific schedule for each school administering a Statewide assessment within the district shall be submitted to the Office of Student Assessment 30 calendar days prior to the start of any test window. A school shall test in accordance with the schedule provided, unless administering a make-up session or the change is a result from inclement weather conditions or technology issues that prevented the assessment administration occurring on the day originally scheduled.

- a. A school's testing schedule is developed by the DTC/STC in coordination with the school's Principal.
- b. It is the responsibility of the Principal to notify students and parents/ guardians of their school's testing schedule.
- c. A testing schedule shall be provided to the OSA for each 3rd grade reading retest opportunity.
- d. Screeners/placement tests do not require a testing schedule. Schools must test within the time specified by the program.

16. Make-up testing shall be provided during the State administration window for the respective assessment

Mississippi Public School Accountability Standards, 2024

for students who are absent during the district/school scheduled test administration, including all 3rd grade reading test sessions.

17. Both a trained Test Administrator (TA) and a Proctor shall actively monitor students by frequently moving unobtrusively about the room.
 - a. At least two (2) trained people shall be present from the time testing materials are distributed to the Test Administrator until all test materials have been returned to the STC to return to the secure material storage area.
 - b. Tests shall be administered according to the standard procedures defined in the Test Administrator's Manual/Test Coordinator Manual, and or other assessment related documentation.
 - c. Test Administrators and Proctors shall maintain a written record/log of any testing irregularities which may occur within the testing room during statewide assessments.
 - d. A seating chart is required for each room/site used for any statewide assessment, including retest and make-up test sessions. Seating charts shall be legible, and reflective of the room's seating layout. Each chart shall maintain the following information: subject area tested, any accommodations provided (if applicable to the test session administered), the date of test administration, name of Proctor, name and Mississippi teachers license number of the TA. Each seating chart shall be signed by the STC and TA verifying the accuracy of the chart.
 - e. Tests are to be administered in an environment that provides an adequate test setting for students. Such an environment should provide adequate lighting, comfortable room temperature, reduced noise level, and adequate spacing to ensure that a secure and fair testing environment is in place for all students. Students should be seated in a manner to minimize opportunities to view the work of others. If adequate spacing cannot be achieved, then cardboard dividers shall be utilized.

Electronic Devices

18. The MDE prohibits the possession and/or use of any prohibited electronic communication device during the administration of statewide assessments. A prohibited electronic device is any device that gives a student a possible unfair advantage due to the capabilities it possesses.
19. A school's Principal is responsible for the development of procedures and implementation of the policy prohibiting the possession of an electronic devices for students and staff within testing areas at their school site.
 - a. The Principal ensures the policy on the prohibition of electronic devices and the consequences for violations to this policy have been properly disseminated to staff, students, and parents/ guardians. Students and staff shall have a signed electronic device agreement on file.
 - b. The District Test Coordinator, designated technology support staff, and any other testing personnel, as outlined by OSA during DTC training, may have an electronic device in the testing environment to address emergency and/or technological related issues.

Test Security Violations and Forensic Data

20. The District Superintendent shall investigate all district reports of alleged violations of test security and/or possible educator misconduct. The findings of all investigations shall be submitted to the OSA.
21. The Superintendent will be notified by MDE for investigation when data forensic analysis indicates:
 - statistically significant similar or identical patterns of responses;
 - anomalous erasures are noted in students' responses; and/or
 - statistically significant group or individual scores are inconsistent with established patterns of achievement are noted.

V. INVESTIGATION

The Office of Student Assessment follows a systematic procedure to ensure that all evidence indicating possible testing irregularities is investigated. Corrective action will be taken when warranted.

A. PROCEDURE FOR INVESTIGATION

Identifying and investigating possible testing irregularities involves a variety of data sources. These include formal testing audits, self-reports of testing irregularities, allegations/complaints related to possible testing irregularities, and results of analyses and reports designed to identify possible irregularities, including the percent of students tested, changes in enrollment, score exceptionalities, erasure report results, and missing documents reports during the entire testing window in the district, school, and/or classroom/room where the test was administered.

The procedure for handling testing irregularities is repeated for each test administration. The Office of Student Assessment will notify the school district in writing when a possible testing irregularity has been identified. Within fifteen (15) working days following a reported potential irregularity/violation and/or receipt of the written notification from the Office of Student Assessment, the district will submit a written report to the Office of Student Assessment. The Office of Student Assessment reserves the right to conduct an independent investigation.

The Office of Student Assessment will evaluate the district report to determine whether the possible testing irregularity has been resolved or the testing irregularity has been verified. If the possible testing irregularity has been resolved, the Office of Student Assessment will notify the district that no further action is required. If a testing irregularity has been verified, the Office of Student Assessment will notify the district superintendent.

In the case of any verified testing irregularity that jeopardized or may have jeopardized the security and integrity of the test(s) or the accuracy of the test results, the Office of Student Assessment will report the irregularity to the Office of Accreditation for appropriate action and follow-up. (See *CONSEQUENCES*.) In the case of improper student behavior supported by a data forensics company and not disproved in the district report, the Office of Student Assessment will respond to the district superintendent with a request on behalf of the State Superintendent of Education that the district superintendent ask for the invalidation of the suspect test scores and prepare for the students with the suspect test scores to participate in the next test administration. If the district refuses to invalidate the suspect scores, the State Superintendent will have the authority to invalidate the scores.

In case of an allegation of an irregularity that prompts a need for an investigation by the Mississippi Department of Education and the investigation provides substantial evidence that an irregularity has occurred, the State Superintendent will have the authority to invalidate suspect scores. The district superintendent will be notified of the invalidated suspect scores and of the need to prepare students with the suspect scores to participate in the next test administration.

B. PROCEDURES FOR PERSONNEL MISCONDUCT INVESTIGATION

If an irregularity that represents misconduct or other breaches of test security on the part of district personnel within a school district is identified, the superintendent of the district will be notified of the irregularity. It is the responsibility of the district to investigate the allegation and report its findings to the Office of Student Assessment. If the Office of Student Assessment concludes that the irregularity was resolved, the district is notified that no further action is necessary.

If the Office of Student Assessment concludes that the irregularity was verified, the district superintendent is notified that the Office of Accreditation is being apprised of the finding.

In case of an allegation of an irregularity or in the case of statistical analyses that prompt a need for an investigation by the Mississippi Department of Education and the investigation provides substantial evidence that an irregularity has occurred, the State Superintendent will have the authority to invalidate suspect test scores. The district superintendent will be notified of the invalidated suspect scores and of the need to prepare students with the suspect scores to participate in the next test administration. The district superintendent will be notified that the Office of Accreditation is being apprised of the findings.

The district attorney may investigate allegations of violations of test security on his own initiative following receipt of allegations, at the request of a school district, or at the request of the Mississippi Department of Education.

After a conviction, the personnel in question will be notified in writing that the evidence of conviction will be presented to the Commission on Educator Licensure and that the Commission is required to take action pursuant to the authority granted in Section 37-16-4, *Code of 1972*, as amended. In the case of improper student behavior supported by the data forensics company and not disproved in the district report, the district superintendent will be asked to request the invalidation of the suspect test scores and prepare for the students with the suspect test scores to participate in the next test administration.

VI. CONSEQUENCES

A. LETTER OF WARNING

If a violation has been verified that did not result in a substantial probability that the security, accuracy, or validity of the test results has been jeopardized, then the Office of Student Assessment may issue a letter of warning to the school district superintendent to be placed in the district and/or school file.

Multiple and/or repeated minor violations that indicate the district and/or school has not corrected issues addressed in previous letters of warning or that the district and/or school has continued to be in noncompliance with the numbered issues listed in Requirements (Section IV) may result in a recommendation for a citation to be placed on the accreditation record. (See Section B below.) In the case of improper student behavior supported by the data forensics company and not disproved in the district reports, the district will be asked to request the invalidation of the suspect scores. If the improper student behavior is determined to be isolated to an individual student's or to individual students' behavior and not supported or condoned by the district, the district will not receive a letter of warning. The district will be asked in an official letter by the Office of Student Assessment to put measures in place to address and prevent the possibility of such improper behavior being repeated. However, multiple administrations resulting in suspect scores may result in further investigation by the Office of Student Assessment that may lead to further consequences. (See CONSEQUENCES.)

B. CITATION PLACED ON THE ACCREDITATION RECORD WITH NO IMMEDIATE ACTION TO DOWNGRADE THE ACCREDITATION STATUS

1. Multiple Letters of Warning

Multiple and/or repeated violations as outlined in Section A above may result in a recommendation for a citation to be placed on the district's Accreditation Record Summary. The Office of Accreditation will note the citation of noncompliance on the district's accreditation record and notify the superintendent of this action. No immediate action to downgrade the district accreditation status will be recommended. This citation will remain on record until the district has **successfully** completed the next scheduled administration of the same test for which the irregularity was originally verified.

The Office of Student Assessment may recommend to the Commission on School Accreditation that the school's annual performance classification include the label School in Violation of Test Security.

2. Substantial Probability That the Security, Accuracy, or Validity of the Test Results Has Been Jeopardized

If a verified violation has resulted in a substantial probability that the security, accuracy, or validity of the test results has been jeopardized, the Office of Student Assessment will issue written notification to the district superintendent. The Office of Student Assessment will note the violation on the school and/or district Assessment Record and notify the Office of Accreditation.

The Office of Accreditation will note the citation of noncompliance on the district's accreditation record and notify the superintendent of this action. No immediate action to downgrade the district accreditation status will be recommended. This citation will remain on record until the district has **successfully** completed the next scheduled administration of the **same test** for which the irregularity was originally verified. For example, if the citation is issued for the December online and or paper/pencil Subject Area Administration of the U.S. History Test, the next scheduled administration for the same test will be the December online or paper/pencil Subject Area administration the following year.

The Office of Student Assessment may submit a recommendation to the Commission on School Accreditation that the school's annual performance classification include the label School in Violation of Test Security.

C. CITATION PLACED ON THE ACCREDITATION RECORD THAT MAY RESULT IN IMMEDIATE ACTION TO DOWNGRADE OF ACCREDITATION STATUS

If it is determined that a violation of a testing requirement jeopardizes the security and integrity of the test(s) or the accuracy of test results, the Office of Student Assessment will issue written notification of the violation to the superintendent of the school district and to the Office of Accreditation.

The Office of Accreditation will note the citation of noncompliance on the district's Accreditation Record Summary and notify the superintendent of this action. The citation of noncompliance will be presented to the Commission on School Accreditation for appropriate action. This citation will remain on record until the district has **successfully** completed the next scheduled administration of the **same test** for which the irregularity was originally verified. For example, if the citation is issued for the December online and or paper/pencil Subject Area Administration of the U.S. History Test, the next scheduled administration for the same test will be the December online and or paper/pencil Subject Area administration the following year.

The Office of Student Assessment may recommend to the Commission on School Accreditation that the school's annual performance classification include the label of School in Violation of Test Security.

D. INVALIDATION OF SCORES

1. Student Retest and Score Invalidation Procedure

In the case of findings that reveal misconduct at the district or school level, the State Superintendent of Education may order the local school district to have students retake the examination(s) at the district's expense for all areas in question. Should the local district choose not to have students re-examined to establish validity, the State Superintendent of Education will have the authority to have affected scores invalidated. At such time, the local district will be notified.

A school will not receive a school performance classification if the test data have been invalidated, and the school performance classification will be noted as Test Data Invalidated. (See Accreditation Policy 3.3.) In the case that the Office of Student Assessment has requested the district superintendent ask for the invalidation of a student's (or students') suspect scores based upon the analyses by the data forensics company and the district superintendent refuses to do so, the State Superintendent will have the authority to have suspect score(s) invalidated. At such time, the local district will be notified.

2. Individual Irregularity Procedure

If there is evidence that confirms one (1) or more individual testing irregularities on the Subject Area Tests or other tests that have high stakes consequences for individual student(s) resulting in the student or students not being able to graduate in the current school year, the individual(s) in question shall be notified in writing of the irregularity by the district superintendent and given an opportunity to provide an explanation and evidence that the questioned score(s) is/are consistent with other test scores or other academic performance. If retesting of individuals on the test is required and the retesting yields scores that would deny students a diploma or affect promotion/retention decisions after all retesting opportunities have been exhausted, affected individuals will be given an opportunity to appeal to the State Board of Education the decision to invalidate their original scores on the test. No hearing will be granted to any student who has not completed all other requirements for graduation or promotion and exhausted all retake opportunities.

Procedure for Handling Possible Testing Irregularities (The procedure for handling testing irregularities is repeated for each test administration.)

Effective school year 2024-2025 APPENDIX G is no longer applicable.

CONSEQUENCES FOR NONCOMPLIANCE WITH FINANCIAL ACCOUNTABILITY REQUIREMENTS STANDARDS 4 AND 5

The Office of Internal Accountability will review the accreditation standards to determine if there is a violation. The following consequences will be implemented for violations of the financial accountability requirements and accreditation standards.

A. LETTER OF WARNING: MINOR ACCOUNTING OR AUDIT VIOLATION

If a violation of financial accountability requirements has been verified, then the Office of Internal Accountability will notify the Office of Accreditation. The Office of Accreditation will issue a letter of warning to the school district and place the letter of warning in the district file. Four (4) consecutive violations of the same process standard reported to the Office of Accreditation will result in a citation placed on the district's Accreditation Record Summary. (See Section B below.)

B. CITATION OF NONCOMPLIANCE ON RECORD WITH NO IMMEDIATE ACTION TO DOWNGRADE THE ACCREDITATION STATUS

When four (4) consecutive violations of the same process standard have been verified, then the Office of Internal Accountability will notify the Office of Accreditation. A citation of noncompliance will be placed on the district's Accreditation Record Summary, and the Office of Accreditation will notify the district superintendent and school board chairperson of this action. No immediate action to downgrade the district's accreditation status will be recommended. The deficiencies will remain on record until the district has successfully demonstrated compliance with all financial accountability requirements and accreditation standards. If the deficiencies remain on record at the time annual accreditation statuses are assigned, the district's accreditation status will be downgraded, and the district will be required to develop a corrective action plan to address the deficiencies.

Note: Districts that missed the March 31, 2023, deadline for FY2022 audits, will be held harmless for the SY22-23 violation. Any previous violations on record for failure to meet the deadlines established by the Office of the State Auditor will continue to apply and accumulate toward the district's cumulative record until cleared by the Office of the State Auditor.

C. CITATION OF NONCOMPLIANCE ON RECORD WITH A RECOMMENDATION TO IMMEDIATELY DOWNGRADE THE ACCREDITATION STATUS

Any verified violations of financial accountability requirements that are considered to be a serious financial condition as defined by the Office of the State Auditor will result in a recommendation to immediately downgrade the district's accreditation status. When the Office of Internal Accountability has determined that a verified violation of financial accountability requirements is of such serious nature that immediate action is warranted, the Office of Accreditation will be notified. The Office of Accreditation will note the citation of noncompliance on the District's Accreditation Record Summary and notify the district superintendent and school board chairperson of this action. The citation of noncompliance will be presented to the Commission on School Accreditation with a recommendation to immediately downgrade the District's accreditation status.

Commission Takes Action to Immediately Downgrade the Status. If the Commission takes action to immediately downgrade the accreditation status, the district will be required to develop a corrective action plan to address the deficiencies. The deficiencies will remain on record until the district has successfully demonstrated compliance with all financial accountability requirements and accreditation standards.

Commission Does Not Take Action to Downgrade the Status. If the Commission does not take immediate action to downgrade the accreditation status, the deficiencies will remain on the District's Accreditation Record Summary until the district has successfully demonstrated compliance with all financial accountability requirements and accreditation standards. If the deficiencies remain on record at the time annual accreditation statuses are assigned, the district's accreditation status will be downgraded, and the District will be required to develop a corrective action plan to address the deficiencies.

The following definitions are established for the purpose of implementing the *Mississippi Public School Accountability Standards* established by the State Board of Education and authorized under Miss. Code Ann. §§ 37-17-1 through 13 and §§ 37-18-1 through 7.

ACADEMIC CORE

Required course offerings in which specific skills contained in the *Mississippi College- and Career- Readiness Standards* and *Mississippi Curriculum Frameworks* must be taught. Subjects in the academic core are English/language arts, mathematics, science, social studies, world languages, and the arts (dance, media arts, music, theatre, visual arts).

ACADEMIC YEAR

The amount of time that must be scheduled in the educational calendar and that consists of a minimum of 180 teaching days. See *teaching day*. Two (2) of the 180 days may be 60% days provided there are 198 minutes of actual instruction, and the remainder of each day is used for professional development and/or testing.

ACCELERATED COURSES

Courses designed for those students who can master the general curriculum and engage in more in-depth study of additional skills.

ACCOUNTABILITY SYSTEM

The entire process that holds all stakeholders (students, parents, teachers, principals, superintendents, and school boards) accountable for student achievement (growth and achievement). The accountability system includes the statewide assessment system, individual student accountability standards (grade level benchmarks and graduation requirements), an accreditation model that includes a system of rewards and sanctions for both school districts and individual schools, and procedures for interventions in Schools At-Risk and schools that fail to improve over time.

ACCREDITATION RECORD SUMMARY

A continuous record maintained on each school district in the state reflecting the extent to which accreditation requirements are met and used as the basis for assigning annual accreditation statuses. The Accreditation Record Summary is updated as citations of noncompliance with requirements are added or deleted, and school district officials are notified in writing of such.

ACCREDITATION STANDARDS

The performance-based accreditation system for public schools that holds school districts accountable for process standards and individual schools accountable for performance standards (growth and achievement).

ACCREDITATION STATUS

The annual status for a school district assigned by the Commission on School Accreditation and approved by the State Board of Education based on compliance with process standards using verified accreditation data from the previous school year. The accreditation statuses are Accredited, Probation, and Withdrawn. (See Accreditation Policy 2.3.)

ADEQUATE YEARLY PROGRESS (AYP)

The model or formula specified in *No Child Left Behind* (NCLB) for determining whether schools and school districts have met annual achievement criteria.

ADMINISTRATOR

Any staff member employed by a school board who is assigned the responsibility for coordinating, directing, supervising, or otherwise administering programs, services, and/or personnel under the auspices of the program, school, or district.

GLOSSARY

ADVANCED PLACEMENT (AP®)

A program of college level courses and examinations for secondary school students administered by the College Board. High schools providing advanced placement courses must follow guidelines published by the College Board.

ALTERNATIVE SCHOOL

A public elementary/secondary school that addresses needs of students that typically cannot be met in a regular school, provides nontraditional education, serves as an adjunct to a regular school, and falls outside of the categories of regular education, special education, or career technical education. Students who are placed in an alternative school will remain enrolled in the school they would normally attend if not placed in an alternative school program. Test results for students placed in an alternative school program will be reported at the school the student would normally attend. See Miss. Admin. Code 7-3: 36, State Board Policy Chapter 36.

ALLOCATED TIME

A scheduled period of time that provides for the achievement of prescribed objectives. The schedule of allocated instructional time should be in written form showing time designated for activities during the school day, week, month, or year.

ANNUAL FINANCIAL AUDIT REPORT

The report issued at the close of each fiscal year by a private Certified Public Accountant (CPA) under the guidelines of the Office of the State Auditor, and approved by the Office of the State Auditor, bearing the official opinion on the financial statements and internal processes of the school district.

ANNUAL PERFORMANCE CLASSIFICATION

See School Performance Classification.

ASSISTANT TEACHER

A school district employee assigned to assist a licensed teacher and who works under the direct supervision of a licensed teacher.

ATTENDANCE CENTER

A school in a school district that is located on one (1) school site and has one (1) principal administering the educational program for all the grades in the school.

BASIC SKILLS

Specific learning objectives that represent the most fundamental knowledge in the areas of reading, language arts, and mathematics.

CARNEGIE UNIT

A standard measure of high school work indicating the minimum amount of time that instruction in a subject has been provided. Awarding of one (1) Carnegie unit indicates that a minimum of 140 hours of instruction has been provided in regular and laboratory classes over a school year; awarding of one-half (½) Carnegie unit indicates that a minimum of 70 hours has been provided. (See Process Standard 13.2 for exceptions.)

CLASSROOM

A school room in which student instruction takes place.

COMPULSORY SCHOOL AGE CHILD

A child who has attained or will attain the age of six (6) years on or before September 1 of the calendar year and who has not attained the age of seventeen (17) years on or before September 1 of the calendar year; and shall include any child who has attained or will attain the age of five (5) years on or before September 1 and has enrolled in a full-day public school kindergarten program. Provided, however, that the parent or guardian of any child enrolled in a full-day public school kindergarten program shall be allowed to disenroll the child from the program on a one-

time basis, and such child shall not be deemed a compulsory-school-age child until the child attains the age of six (6) years. See Miss. Code Ann. § 37-13-91.

CORRECTIVE ACTION PLAN

A plan to correct deficiencies on record that shall be developed by the Mississippi Department of Education, in conjunction with the school district, when a school district is assigned a *PROBATION* accreditation status.

CREDIT RECOVERY

A course-specific, skill-based learning opportunity for students who have previously been unsuccessful in mastering content/skills required to receive course credit or earn promotion. Any LEA who provides a Credit Recovery Program shall develop and implement a Credit Recovery Program that has been adopted by the schoolboard and that includes rules, regulations, and processes.

CRITERION-REFERENCED TEST (CRT)

A test designed to reveal what a student knows, understands, or can do in relation to specific performance objectives. CRTs are used to identify student strengths and weaknesses in terms of specific knowledge or skills that are goals of the instructional program.

CURRICULUM

The course content listed in the *Mississippi Curriculum Frameworks*.

DEPARTMENTALIZED CLASS

A class in which an educator teaches one (1) or more core academic subjects to more than one (1) group of students.

DEVELOPMENTAL COURSE

A course designed to be taught in any grade 7-12 (or any combination of grades 7-12 served within a school) which does not appear as an approved course in the current edition of the *Approved Courses for the Secondary Schools of Mississippi* but has received approval to be taught in a school district during the developmental process.

DEFICIENCY

The failure of a school district to comply with an accreditation requirement.

DIRECT INSTRUCTION

Act or process in which a teacher is actually guiding (instructing) students toward achieving specific learning objectives. *NOTE: As a result of COVID-19, staff time spent on activities necessary to deliver instruction via different learning modes (hybrid, remote, one-on-one virtual) may be considered direct instruction as a part of the teacher workday.*

DISTANCE LEARNING COURSES

Courses utilizing telecommunications technologies including satellites, telephones, and cable-television systems to broadcast instruction from a central site to other classrooms.

DISTRICT LEVEL ACCREDITATION

The accreditation status of all public school districts based on compliance with process standards as determined annually by the Commission on School Accreditation. Annual accreditation statuses are assigned in the fall of each school year and are based on verified accreditation data from the previous school year.

DISTRICT OF TRANSFORMATION

A state of emergency in a district declared by the governor which gives the State Board of Education several options for action as described in Miss. Code Ann. § 37-17-6.

DROPOUT

A student who leaves a school at any time and for any reason, except death, before graduation or completion of a program of studies and without transferring to another school.

EARLY CHILDHOOD EDUCATION PROGRAM

Kindergarten and assistant teacher programs that comply with *Mississippi Kindergarten Guidelines* and approved by the State Board of Education and published by the Mississippi Department of Education. (See also *kindergarten* and *pre-kindergarten*.)

EFFECTIVE INSTRUCTION

Practices and behaviors designed to establish and implement conditions that promote student learning.

ELEMENTARY SCHOOL

Primary, elementary, and intermediate division of the educational system within the school district comprising grades/levels Pre-K through 6 or Pre-K through 8 or any combination of such grades.

ELIGIBLE STUDENTS

Students who are required to be tested in the Mississippi Statewide Assessment System. A student may be eligible for testing based on the student's grade level enrollment in a specific course. All eligible students must be tested. (See Process Standard 22.)

ENRICHMENT PROGRAM

An academic course with defined objectives, evaluation criteria, and mastery requirements that exposes students to material or instruction that would not otherwise be part of a student's curriculum during the normal sequence of his/her educational experiences.

EVALUATION

Formal appraisal (assessment) of educational experiences, including the performance of schools, educational programs, personnel, and students. Evaluations are conducted to determine strengths and areas which need improvement and may involve the use of various measurements designed to appraise the effects of educational experiences.

EVALUATION TEAM

A trained evaluation team assigned to a School At-Risk within fifteen (15) days after notification that the school has been designated as a School At-Risk. The evaluation team shall be independent of the school being evaluated and may include employees of the State Department of Education. The team may include retired educators who have met certain standards and have completed all necessary training.

EXTRACURRICULAR ACTIVITIES

School district sponsored student activities that require administrative supervision and student involvement outside the allocated time for instruction. Student participation in extracurricular activities may be noted on the student's transcript, but academic credit may not be awarded.

EXTENDED YEAR PROGRAM

A program of instruction offered by the district after the close of the regular academic year that is designed for students who need extra time to complete course objectives/requirements (not ESY provided through special education programs).

FAILING SCHOOL

A school performance classification based on the Letter Grade achieved by the school.

FAILING SCHOOL DISTRICT

A district that fails to meet both the absolute student achievement standards and the rate of annual growth expectation standards as set by the State Board of Education for two (2) consecutive years. A school district that has been designated as failing as defined by the State Board of Education shall also establish a community-based prekindergarten through higher education council comprised of a broad spectrum of the community and is required to publicly report progress to the community as a whole. (See Miss. Code Ann. § 37-18-5.) (See Process Standard 12.)

FINANCIAL EXCHANGE TRANSFER SYSTEM (FETS)

The system used to collect financial data from each district at the close of the fiscal year.

FRAMEWORKS

Competencies (required learning standards for all students) and objectives (learning outcomes indicating how the competencies can be fulfilled) approved by the State Board of Education.

FULL ACADEMIC YEAR

This term refers to (approximately) 70% of the instructional time from the beginning of the school year to the time students are assessed. Only students who have been enrolled in the school for a full academic year (approximately 70%) are included in the *Mississippi Statewide Accountability System*.

FUNCTIONAL LITERACY SKILLS

Specific learning objectives that represent the application of basic skills to everyday life situations and that are tested through the Functional Literacy Examination.

GENERAL EDUCATION DEVELOPMENT (GED) OPTION

GED Option is an integral component of a high school curriculum that provides another option to obtain a high school level credential. The GED Option is targeted for a subgroup of students who have the capabilities to complete high school requirements, but for a variety of adjustment and life circumstance obstacles are behind in the credits needed to graduate with their class and are at risk of leaving school without a high school credential. The GED Option provides these students a viable second opportunity to stay in school and acquire the necessary high school level knowledge and skills to pass the GED Tests and earn a high school diploma/credential within the same time frame as their peers. (See the *American Council on Education (ACE) Guidelines*.)

GENERALLY ACCEPTED AUDITING STANDARDS

The rules by which a Certified Public Accountant (CPA) must conduct himself while performing an audit of a company or government entity's financial statements. The American Institute of Certified Public Accountants establishes these guidelines.

GRADE LEVEL PROFICIENCY STANDARD

A performance standard that establishes the percentage of students proficient in each school based on a demonstrated range of performance in relation to content as reflected in the *Mississippi Curriculum Frameworks*.

GROWTH EXPECTATION

A reasonable expectation for improved student academic achievement based on annual assessment data and using a psychometrically approved formula to track progress. The formula used to calculate the growth expectation will result in a composite score each year for each school.

HALF-TIME

Any staff person who devotes 50% of the instructional schedule to the assigned duties.

HIGHLY QUALIFIED

See the *Guidelines for Mississippi Educator Licensure*.

GLOSSARY

HIGH SCHOOL

The secondary division within the educational system of the school district comprising grades 9-12 or any combination of such grades.

HIGHEST LEVELS OF ACCREDITATION STANDARDS

A school or district with a Letter Grade in the top two (2) ranges of the accountability rating system will be identified as meeting the highest levels of accreditation standards.

INNOVATIVE PROGRAMS AUTHORIZED BY THE STATE BOARD OF EDUCATION

Programs of study approved by the Mississippi Board of Education that are designed to provide innovative approaches to teaching and learning. These programs are designed to better prepare students for postsecondary education and direct entry into the workplace.

INSTRUCTIONAL STAFF

Employees of a school district who are professionally trained and licensed to provide instruction and services to students enrolled in the schools of the district.

INVESTIGATIVE EVALUATION (COMPLAINT AGAINST DISTRICT)

An evaluation that is conducted in a school district in response to a formal written complaint. All formal complaints made against schools or districts must be submitted to the Commission in writing and bear the signature of the individual(s) filing the complaint. The written complaint shall contain specific details concerning alleged violations. When the complaint is received, the superintendent is notified in writing of the nature of the complaint and informed that the district is subject to an unannounced audit to investigate the allegations. If the complaint addresses an area over which the Commission has no authority, the individual filing the complaint is notified. (See Accreditation Policy 5.0)

KINDERGARTEN

That portion of the elementary school serving children who have reached the age of five (5) years on or before September 1.

KINDERGARTEN INSTRUCTIONAL DAY

At this level, the school day. (For specific requirements, see the current edition of the *Mississippi Kindergarten Guidelines*.)

LABORATORY

Room or rooms basically/appropriately equipped and used by students for the supervised study of some branch of science or the application of scientific principles.

LEARNING CENTER

An area in the kindergarten classroom that contains a collection of materials and activities to introduce, teach, reinforce, and/or enrich a skill or concept.

LEARNING CENTER ACTIVITIES

Activities housed in the kindergarten learning centers that promote student participation through developmentally appropriate instructional techniques.

LEARNING OBJECTIVES

Statements of what a student will know, feel, or do when a course is completed.

LIBRARY MEDIA CENTER

A specially designed space in each school equipped for centrally housing an organized collection of materials and equipment representing a broad range of current learning media, including instructional technology. The facility

contains areas for individualized study and for large and small group instruction. The facility is organized and administered to function as a learning laboratory where the use of all media is purposeful, planned, and integrated with the educational program and instructional processes of the school. (See *Mississippi School Library Media Guide*.)

LIBRARY RESOURCES

Includes all print materials, non-print materials, and other current multimedia resources and technologies that meet the curriculum goals, needs, and interests of the school community.

LOCAL EDUCATION AGENCY (LEA)

A local education agency is any one (1) of the 144 public school districts in Mississippi.

LOWEST PERFORMANCE LEVEL OF ACCREDITATION STANDARDS

A school or district that is identified as failing after one (1) year or identified as at-risk of failing or low performing for two (2) consecutive years will be identified as accredited at the lowest performance levels.

MIDDLE SCHOOL

A school with any configuration of intermediate grades 4-8 whose principal may be licensed as an elementary school administrator or a secondary school administrator.

MISSION STATEMENT

A school district's statement of purpose that is used in strategic planning as the basis for educational decisions.

MISSISSIPPI STATEWIDE ASSESSMENT SYSTEM

A program of statewide assessment designed to improve the operation and management of public schools by providing educators, parents, students, legislators, and the general public with meaningful achievement data from the school, district, and state levels. The program consists of two (2) components: (1) a norm-referenced achievement testing program to be administered in selected grades and (2) a criterion-referenced testing program which assesses basic skills and knowledge and application of selected high school subjects.

NORM-REFERENCED TEST (NRT)

A test that provides information about the performance of examinees relative to other examinees. A norm-referenced test yields a measure of relative performance of the individual or group by comparison with the performance of other individuals or groups taking the same test.

ON-LINE COURSE

Instruction delivered via the Internet.

ON-SITE

Any geographical location selected by the local professional development committee for a professional development activity as planned by the school district and provided during contractual time at the school district's expense.

ON-SITE EVALUATIONS

On-site evaluations or investigations of a school district that the State Board of Education, the State Superintendent of Education, or the Commission on School Accreditation has the authority to call at any time. If deficiencies are found in meeting accreditation standards, the superintendent is notified in writing and given thirty (30) days from the receipt of notification to provide a written response. The report of findings is filed in the current accreditation records in the Office of Accreditation. (See Accreditation Policy 5.0)

PERFORMANCE STANDARDS

Standards for individual schools and districts based on student achievement data using established proficiency levels and a reasonable expectation for annual growth in student achievement. Output or product standards that address selected components of the statewide testing program and other outcome measures related to the

performance of a school or district.

PERSONNEL ACCREDITATION DATA REPORTING SYSTEM

School district employee information required by the Mississippi Department of Education on an annual basis. This information is transmitted electronically, reflects the daily schedule of each employee, and is used to determine district compliance with a number of accreditation standards.

PHYSICAL EDUCATION

The instructional requirements for physical education are specified in the *Fitness through Physical Education Framework*. Elective units for graduation include participation in interscholastic athletic activities that meet the instructional requirements specified in the *Fitness through Physical Education Framework* and that are sanctioned by the Mississippi High School Activities Association. Beginning with school year 2008-2009 (seniors of 2011-2012), one-half (½) Carnegie unit in physical education is required for graduation.

PLANNING PERIOD

An unencumbered period of time during the teaching day or week required for each classroom teacher except career technical teachers who teach in time blocks of fifty (50) minutes or more. (See Process Standard 24.)

POLICY

A statement of official intent adopted by the school board and recorded as official action in school board minutes. The school district must comply with all school board policies.

PRE-KINDERGARTEN PROGRAM

Instructional program serving children who have reached the age of four (4) years on or before September 1.

PRINCIPAL

The individual who is responsible for the total program of a school and who holds valid and appropriate administrator certification.

PROBATION STATUS

An accreditation status assigned to a district that complies with fewer than 100% of the Accreditation Policies and Process Standards. The district will be required to develop a corrective action plan to address the deficiencies. (See Accreditation Policy 2.8)

PROCEDURE

A statement of processes by which policies, regulations, and standards are carried out.

PROCESS STANDARDS

Input standards that address accepted educational principles and practices believed to promote educational quality. See Accreditation Policy 2.2.

PROFESSIONAL DEVELOPMENT

The growth-promoting learning process that empowers stakeholders (teachers, administrators, staff, and other school personnel) to improve the educational organization.

PROFESSIONAL DEVELOPMENT PLAN FOR EDUCATORS

As part of the school improvement plan for a School At-Risk, the professional development plan that is prepared and implemented in accordance with Miss. Code Ann. § 37-18-7 for those school administrators, teachers, or other employees who are identified by the evaluation team as needing improvement.

PROFESSIONAL STAFF

Any employee of the school district whose assigned duties require state licensure.

GLOSSARY

PROFICIENCY

An established criterion level based on the demonstrated range of performance in relation to content as reflected in the *Mississippi Curriculum Frameworks*.

PUBLIC NOTICE

After a state of emergency has been declared for a school district, the public notice that the Commission on School Accreditation files at least once a week for at least three (3) consecutive weeks in a newspaper published within the immediate or general vicinity of the affected school district in accordance with Miss. Code Ann. § 37-17-6(12).

REMEDIAL INSTRUCTIONAL PROGRAMS

Programs designed to provide interventions and supports for students who have been unsuccessful in mastering content/skills.

SCALED SCORE

A transformation of the raw score to have a desired mean and standard deviation for ease of interpretation. Scaled scores provide meaningful year-to-year comparisons, but they cannot be used across subject areas or subtests. Scaled scores represent approximately equal units on a continuous scale. Therefore, a difference of five (5) points between two (2) students' scores represents the same amount of difference in performance wherever it occurs on the scale. Scaled scores can be designed to have any range and midpoint (e.g., 200 through 500, with a midpoint of 350).

SCHOOL

An institution that exists for the purpose of teaching school-aged children, consists of one (1) physical plant located on one (1) school site, includes instructional staff members and students, and is in session each school year.

SCHOOL AT-RISK

A school level performance classification. Previously defined as priority schools. A school shall be identified as a School At-Risk and in need of assistance if the school: (a) does not meet its growth expectation and has a percentage of students functioning below grade level as designated by the State Board of Education; (b) is designated as a Failing School; or (c) is designated as At-Risk of Failing or Low Performing for two (2) consecutive years.

SCHOOL BOARD

As used in this document, the policy-making body of a public school district.

SCHOOL DAY

That portion of the calendar day that includes the teaching day, intermissions, and any additional time included in the employee contract. School day defines the normal working day for employees.

SCHOOL GUIDANCE COUNSELOR

School guidance counselors shall provide comprehensive counseling services, including the following: academic and personal/social counseling; student assessment and assessment counseling; career and educational counseling; individual and group counseling; crisis intervention and preventive counseling; referrals to community agencies; educational consultations and collaboration with teachers, administrators, parents, and community leaders; educational and career placement services; follow-up counseling services; conflict resolution; and other counseling duties or other duties as assigned by the school principal. No individual shall be employed as a school guidance counselor without a minimum of a master's degree in Guidance and Counseling, or in an emergency situation, an appropriate certification as determined by the Commission on Educator Licensure. School guidance counselors shall abide by the American School Counselor Association Code of Ethics. (See Miss. Code Ann. § 37-9-79.)

SCHOOL IMPROVEMENT PLAN

A plan that a School At-Risk is required to develop based on the findings of the evaluation team report and the results of a public meeting. The Mississippi Department of Education and evaluation team leader shall assist the school principal and other local school officials in the development of a school improvement plan. A local parents/citizens

GLOSSARY

advisory council shall be established by the evaluation team at the school to provide input and guidance into the development of the school improvement plan and its evaluation. The school improvement plan shall be developed and approved by the principal of the School At-Risk, the superintendent of the local school district, the local school board, and a majority of the teachers at the school.

SCHOOL PERFORMANCE CLASSIFICATION

A classification assigned to a school based on student achievement and growth. (See Accreditation Policy 3.3.)

SCHOOL SAFETY PLAN

The foundation document a school uses to maintain a safe and secure educational environment.

SECONDARY SCHOOL

A school that contains any or all of grades 9 through 12 and may include grades 7 and 8.

SELF-CONTAINED CLASS

A classroom in which an educator teaches all core subjects to a group of students.

SHOW CAUSE HEARING

The hearing that the Commission on School Accreditation conducts to allow the officials of the affected district to present evidence or other reasons as to why the accredited status should not be withdrawn. This occurs before the Commission recommends to the State Board of Education that the accredited status of a district be withdrawn in accordance with Miss. Code Ann. § 37-17-6(11)(a).

SPECIAL DIPLOMA OR CERTIFICATE

Upon meeting all applicable requirements prescribed by the district school board, students with disabilities shall be awarded a special diploma in a form prescribed by the state board. Any such student who meets all special requirements of the district school board for his exceptionality but is unable to meet the appropriate special state minimum requirements, shall be awarded a special certificate of completion in a form prescribed by the state board. See Miss. Code Ann. § 37-16-11.

SPECIAL SCHOOL

A school that serves students with disabilities in accordance with *Individuals with Disabilities Education Act* (IDEA) and applicable state statutes and regulations.

SPECIAL TEST AUDITS

Audits that include reports regarding potential testing irregularities or test security violations and audits that are regularly conducted on-site before, during, and following scheduled assessments to promote the integrity and security of the Mississippi Assessment System.

STANDARD DIPLOMA

A standard high school diploma is awarded to a student who has met all the requirements established by the local board of education and by the State Board of Education. (See Miss. Code Ann. § 37-16-7.)

STANDARDS

Criteria by which school districts and schools are assessed. The two (2) types of standards used in the performance-based accreditation system are performance and process.

STATEWIDE TESTING PROGRAM

See Mississippi Statewide Assessment System.

STUDENT ACTIVITIES

School district sponsored activities which require administrative supervision and student involvement during the

GLOSSARY

teaching day. (See *teaching day*.) Student participation in extracurricular activities may be noted on the student's transcript, but academic credit may not be awarded.

STUDENT SUPPORT PERSONNEL

A professional qualified to offer student support services (e.g., psychologist, guidance counselor, social worker, psychometrist, etc.).

STUDENT SUPPORT PROGRAM

A program of activities designed to assist and/or complement instructional activities for all students through the following types of activities: planned counseling, consultation, student appraisal, diagnosis, remediation, and follow up.

SUBJECT AREA

A division or field of organized knowledge for which state curriculum guidelines have been prepared.

SUBJECT AREA TESTS

Assessments which measure content knowledge in the subject areas of Algebra I, English II, Biology I, and U.S. History from 1877.

SUMMER SCHOOL PROGRAM

A program of instruction offered by the district during the summer months after the close of the regular academic year. The program of instruction is designed for students who need extra time to complete course requirements and/or for students who wish to enroll in new courses/subjects.

SUPERINTENDENT

The school board employee who is responsible for administering the operations and activities of schools within the district and for implementing the decisions of the school board. The superintendent holds a valid Class AA license in school administration.

SUPERVISOR

An individual who provides direct assistance to instructional and support staff and who holds a valid Class AA license in supervision or administration.

SUPPORT STAFF

Persons employed by an educational organization to provide services to students and staff.

TEACHER

Any person employed by the school district who is required by law to obtain a teacher's license from the State Board of Education and who is assigned an instructional area of work as defined by the Mississippi Department of Education (e.g., employment in an official capacity for the purpose of imparting knowledge, skills, information, and ideas to students in an instructional setting). (See Miss. Code Ann. § 37-19-1.)

TEACHING DAY

A day in which a minimum of 330 minutes of instruction and/or evaluation and/or district approved group testing is provided. Exceptions are days with fewer than 330 instructional minutes that are part of an instructional week of at least 27.5 hours.

TEST AUDITS

See Special Test Audits.

TEXTBOOK

Any medium or manual of instruction which contains a systematic presentation of the principles of a subject, and

which constitutes a major instructional vehicle for that subject. Whenever any book under contract is displaced by a new adoption, the board may continue to require the schools to use the recently purchased books from any previous adoption; however, such period of use shall not exceed four (4) years. See Miss. Code Ann. §37-43-31(2) and refer to the current edition of the *Textbook Administration Handbook Rules and Regulations*.

UNQUALIFIED OPINION

An opinion is said to be unqualified when the auditor concludes that the financial statements give a true and fair view in accordance with the financial reporting framework used for the preparation and presentation of the financial statements. This type of report is issued by an auditor when the financial statements presented are free of material misstatements and are represented fairly in accordance with the Generally Accepted Accounting Principles (GAAP).

WITHDRAWN STATUS

The status of a school district when the accreditation of the school district is withdrawn due to noncompliance with its corrective action plan or as a result of action taken by the Commission on School Accreditation. The status is listed as “Withdrawn Not Accredited” and the record of that district will continue to be maintained. See Accreditation Policy 2.3.

INTRODUCTION

Educators must continually improve their ability to retool teaching, update curricula, integrate research-based methods into instructional practice, meet the growing list of the sociopolitical needs of students, and improve student learning. This can only happen through ongoing, high-quality professional learning that provides educators with the knowledge and skills to meet the needs of all students.

Professional learning is a continuous process of individual and collective examination of practice. It should empower individual educators and communities of educators to make complex decisions, identify and solve problems, and connect theory, practice, and student learning. Professional learning should also enable teachers to offer students the learning opportunities that will prepare them to meet standards in given content areas and to successfully assume adult responsibilities for citizenship and work.

In conjunction with other educational organizations, Learning Forward has developed a definition of professional learning and a set of professional learning standards that focus on improving student learning. Implementation of the definition and standards will result in professional learning that is job-embedded, results based and data driven. The definition and standards provide a set of principles that can assist schools in improving student learning through an improvement of educator learning.

This document provides schools and districts with a vision of professional learning that can improve student learning in this state. The state, districts, schools, individuals, and other organizations all have a role in school improvement as well as responsibilities for ensuring that educators improve their knowledge and skills as they work with students.

DEFINITION

All schools and districts need to have a clear understanding of what constitutes effective professional learning. The definition below should clarify the meaning and provide common language among educators.

Adapted from a definition developed by the National Staff Development Council (now Learning Forward) and its allies and advocates who promote effective professional learning

PROFESSIONAL LEARNING The term “professional learning” means a comprehensive, sustained, and intensive approach to improving teachers’ and principals’ effectiveness in raising student achievement

(A) Professional learning fosters collective responsibility for improved student performance and must be comprised of professional learning that:

- (1) is aligned with rigorous state student academic achievement standards as well as related local educational agency and school improvement goals;
- (2) is conducted among educators at the school and facilitated by well-prepared school principals and/or school-based professional learning coaches, mentors, master teachers, or other teacher leaders;
- (3) primarily occurs several times per week among established teams of teachers, principals, and other instructional staff members where the teams of educators engage in a continuous cycle of improvement that:
 - (i) evaluates student, teacher, and school learning needs through a thorough review of data on teacher and student performance;
 - (ii) defines a clear set of educator learning goals based on the rigorous analysis of the data;
 - (iii) achieves the educator learning goals identified in subsection (A)(3)(ii) by implementing coherent, sustained, and evidenced-based learning strategies, such as lesson study and the development of formative assessments, that improve instructional effectiveness and student achievement;
 - (iv) provides job-embedded coaching or other forms of assistance to support the transfer of new knowledge and skills to the classroom;
 - (v) regularly assesses the effectiveness of the professional learning in achieving identified learning goals, improving teaching, and assisting all students in meeting challenging state academic achievement standards;
 - (vi) informs ongoing improvements in teaching and student learning; and
 - (vii) that may be supported by external assistance,

(B) The process outlined in (A) may be supported by activities such as courses, workshops, institutes, networks, and conferences that:

- (1) must address the learning goals and objectives established for professional learning by educators at the school level;
- (2) advance the ongoing school-based professional learning; and
- (3) are provided by for-profit and nonprofit entities outside the school such as universities, education service agencies, technical assistance providers, networks of content-area specialists, and other education organizations and associations.

THE VISION

Implementation of high-quality, standards-based professional learning will build capacity for teachers and administrators to implement new curricula and increase student achievement. The definition of professional learning and the professional learning standards will enable educators to:

- Invest in quality opportunities to grow individually and collaboratively
- Enhance job-related skills
- Acquire new knowledge
- Share expertise and insights

The vision for professional learning begins with the teacher, because quality teaching is the single factor having the greatest impact on student learning. When teachers and students both learn on a daily basis, high levels of performance will follow. Teachers are assigned to learning teams/learning communities of peers at their school, with each teacher participating in at least one team. The teams, preferably ranging in size from two to eight, are organized by grade level, subject area or interdisciplinary themes.

Schools can arrange times for learning teams to meet in a variety of ways throughout the school workday. By meeting throughout the day, the administrator/instructional coach/ school staff developer will have the flexibility to attend several team meetings rather than just one if held before or after school. Regardless of how teams are organized or how times are arranged, the school's schedule assures teams a minimum of three times per week for collaborative professional learning.

After schools organize into learning teams, team members must agree to take collective responsibility for the success of the students represented by the team, e.g. grade level - all fourth graders or subject area – all high school English students. Schools may also address school improvement goals by organizing teams that accept collective responsibility for student success around a school-wide priority.

The time scheduled for the important work of learning teams is always focused on student learning. The work is accomplished through a cycle of continuous improvement, and meetings follow a strict protocol. Facilitated by a team leader, team members study data and explore solutions to problems. Minutes of team meetings are taken and filed to assist the team in tracking efforts, evaluating successes, and assisting with future planning.

Learning teams are focused on achieving school goals. Each school has a school leadership team comprised of the principal, representatives from all learning teams, instructional coaches, and preferably a parent, a central office representative, and a community representative. The school leadership team supports learning teams in many ways, including adopting goals, monitoring progress toward goals, establishing organization and focus of specialized learning teams, and recommending priorities for structuring and scheduling learning teams. Many schools currently have school improvement teams or site-based advisory committees; these teams may serve as the school leadership team if they accept the responsibilities for school leadership.

The principal is ultimately responsible for orchestrating the smooth operation of all learning teams and thus the achievement of the vision. The principal must be a strong instructional leader with the vision, commitment, and skill to move the school through a significant path of improvement. The principalship is a complex position, and to ensure effective teaching a principal must skillfully perform many tasks such as leading the school improvement process, ensuring educators experience effective professional learning as a

part of each work day, holding educators accountable for effective teaching every day, and prioritizing resources.

The teacher teams and principals all need outstanding support to provide quality professional learning that leads to improved student learning. Each school must set goals based on student data, provide standards-based professional learning as identified by learning teams and school leadership teams, provide resources, and ensure quality professional learning for all educators, including administrators and other school leaders who must lead school improvement processes.

Schools and systems must provide support that leads to successful implementation of content and strategies teachers and administrators acquire in professional learning activities. As schools and districts work toward the vision, they will utilize additional research-based professional learning strategies that are more aligned with the needs of adult learners. Studies indicate a direct correlation between increased student learning and professional learning that meets the best practices described in this vision.

ABOUT THE STANDARDS

The primary purpose of professional learning is to improve educator practice and student results. Continuous improvement of individuals, schools, and school systems depends on high-quality professional learning. For professional learning to deliver on this promise, its conception and design must be based on research and successful practice, and professional learning must be consistently implemented and supported. The newly revised Standards for Professional Learning, the third version of these standards since 1995, define the essential elements of and conditions for professional learning if improvements in educator effectiveness and student learning are to be realized.

Standards for Professional Learning enumerate the conditions, processes, and content of professional learning to support continuous improvement in leadership, teaching, and student learning. The standards stress that effective professional learning is embedded in a culture committed to continuous improvement and informed by data and research on student performance. The standards emphasize that continuous learning and development are essential for the entire education workforce, community members, and government officials who share responsibility for improving student learning. (Stephanie Hirsh, Standards for Professional Learning, Learning Forward, 2011)

The 2011 Standards for Professional Learning encompass the seven essential elements of professional learning that must work together in synergy to increase educator effectiveness and results for all students. The seven essential elements are:

Learning Communities
Leadership
Resources
Data
Learning Design
Implementation
Outcomes

The development of the standards is based on three underlying assumptions:

- **Educator learning:** By making learning the focus, those who are responsible for professional learning will concentrate their efforts on ensuring that learning for educators leads to learning for ALL students, not just some. For too long, practices associated with professional development have treated educators as individual, passive recipients of information, and school systems have expected little or no change in practice.
- **Educator effectiveness:** When professional learning incorporates the indicators of effectiveness defined in its standards, educator effectiveness and student learning increase. Increased educator effectiveness makes possible a shift from current reality to the preferred outcomes of enhanced student learning results—a goal to which all educators subscribe
- **Student and educator excellence:** The Standards for Professional Learning have as their core

purpose to increase the effectiveness and equity of education for all students regardless of their circumstance or postal code. Additionally, the standards describe a set of expectations for effective professional learning to ensure equity and excellence in educator learning.

The seven standards focus attention on educator learning that relates to successful student learning. Implicit

in the standards are several prerequisites for effective professional learning. They are so fundamental that the standards do not identify or describe them. These prerequisites reside where professional learning intersects with professional ethics. The prerequisites are:

- **Educators' commitment to students, all students, is the foundation of effective professional learning.** Committed educators understand that they must engage in continuous improvement to know enough and be skilled enough to meet the learning needs of all students. As professionals, they seek to deepen their knowledge and expand their portfolio of skills and practices.
- **Each educator involved in professional learning comes to the experience ready to learn.** Professional learning is a partnership among professionals who engage with one another to access or construct knowledge, skills, practices, and dispositions; however, it cannot be effective if educators resist learning.
- **Because there are disparate experience levels and use of practice among educators, professional learning can foster collaborative inquiry and learning that enhances individual and collective performance.** This cannot happen unless educators listen to one another, respect one another's experiences and perspectives, hold their students' best interests at the forefront, trust that their colleagues share a common vision and goals, and are honest about their abilities, practices, challenges, and results.
- **Like all learners, educators learn in different ways and at different rates.** Because some educators have different learning needs than others, professional learning must engage each educator in timely, high-quality learning that meets his or her particular learning needs.

Each of the standards begins with the same stem, "Professional learning that increases **educator effectiveness** and **results for all students** ." This statement confirms the link between educator practice and results for students. The link between educator learning and learning for every student is the purpose of professional learning, and the stem makes that link evident. The words in bold represent the core concepts of the stem:

- **Educator:** Describes the members of the education workforce, those employed within schools and school systems and in other education agencies to provide direct or indirect services to students. Educators include the professional and support staff who contribute to student learning. For example, school secretaries and central office staff provide indirect support to students, while teachers provide direct support to students.
- **Effectiveness:** Refers to educators' capacity to meet performance expectations, implement evidence-based practices, create and sustain conditions for effective learning, and increase student learning. Effectiveness is evident in performance as defined by role expectations and professional standards and by the results of an educator's work.
- **Results:** Refers to all aspects of student growth and development. Academic success is the primary results area, and it is coupled with social and emotional learning in the overall development of students. Student learning is assessed through multiple measures, both formative and summative, that provide evidence that students are succeeding in meeting the expected curriculum outcomes and development indicators.
- **All students:** Signifies that educators' professional responsibility and professional learning are driven by the belief that education for all students, not just some, is fundamental to the well-being of a global society.

STANDARDS FOR PROFESSIONAL LEARNING OVERVIEW

The information in this section is taken from *Standards for Professional Learning* published by Learning Forward in 2011 and is intended to give the reader basic knowledge about each standard.

LEARNING COMMUNITIES:

Professional learning that increases educator effectiveness and results for all students occurs within learning communities committed to continuous improvement, collective responsibility, and goal alignment.

Professional learning within communities requires continuous improvement, promotes collective responsibility, and supports alignment of individual, team, school, and school system goals. Learning communities convene regularly and frequently during the workday to engage in collaborative professional learning to strengthen their practice and increase student results. Learning community members are accountable to one another to achieve the shared goals of the school and school system and work in transparent, authentic settings that support their improvement.

Core Elements:

- Engage in continuous improvement
- Develop collective responsibility
- Create alignment and accountability

LEADERSHIP:

Professional learning that increases educator effectiveness and results for all students requires skillful leaders who develop capacity, advocate, and create support systems for professional learning.

Leaders throughout the pre-K-12 education community recognize effective professional learning as a key strategy for supporting significant school and school system improvements to increase results for all students. Whether they lead from classrooms, schools, school systems, technical assistance agencies, professional associations, universities, or public agencies, leaders develop their own and others' capacity to learn and lead professional learning, advocate for it, provide support systems, and distribute leadership and responsibility for its effectiveness and results.

Core Elements:

- Develop capacity for learning and leading
- Advocate for professional learning
- Create support systems and structure

What it looks like ...	What it doesn't look like ...
<p>Develop capacity for learning and leading:</p> <ul style="list-style-type: none"> Teachers in a variety of leadership roles Faculty involved in planning and implementing high quality professional learning Administrators participating in professional learning with staff <p>Advocate for professional learning:</p> <ul style="list-style-type: none"> Teachers articulating the benefits and intended results of professional learning on teacher practice Administrators modeling instructional leadership, continuous improvement, and professional learning <p>Create support systems and structures:</p> <ul style="list-style-type: none"> Administrators creating a school culture that supports continuous improvement through team learning Resources, including time, equitably distributed to accomplish learning goals Policies and guidelines in place to ensure effective professional learning 	<ul style="list-style-type: none"> Teachers with no roles other than in the classroom Professional learning planned and implemented only by administrators or outside consultants Administrators busy with other things while teachers learn <ul style="list-style-type: none"> Teachers complaining that everyone has enough to do without participating in professional learning Administrators managing the school/district with little emphasis on instructional leadership <ul style="list-style-type: none"> A negative school culture with little emphasis on learning and working together Little attempt made to find time for professional learning in the school day or to allocate adequate financial and material resources Absence of school/district policies or guidelines for effective professional learning

RESOURCES:

Professional learning that increases educator effectiveness and results for all students requires prioritizing, monitoring, and coordinating resources for educator learning.

Effective professional learning requires human, fiscal, material, technology, and time resources to achieve student learning goals. How resources are allocated for professional learning can overcome inequities and achieve results for educators and students. The availability and allocation of resources for professional learning affect its quality and results. Understanding the resources associated with professional learning and actively and accurately tracking them facilitates better decisions about and increased quality and results of professional learning.

Core Elements:

- Prioritize human, fiscal, material, technology, and time resources
- Monitor resources
- Coordinate resources

What it looks like ...	What it doesn't look like ...
<p>Prioritize human, fiscal, material, technology, and time resources:</p> <ul style="list-style-type: none"> Resources focused on small number of high priority goals for student and educator learning Resources allocated to support job-embedded professional learning in the school School schedule designed to provide time in the school day for professional learning Expertise within the school/district utilized for professional learning Resources allocated for technology to support student learning <p>Monitor resources:</p> <ul style="list-style-type: none"> Process in place to track and monitor resources Inequities in learning needs and opportunities to learn addressed in decision-making process <p>Coordinate resources:</p> <ul style="list-style-type: none"> All sources of funding coordinated and aligned to school/district learning goals Responsibility for allocation of resources shared among all educators 	<ul style="list-style-type: none"> Resources given to any program or learning opportunity that is available Resources utilized for external training rather than school-based professional learning Schedules created with no attention to professional learning time Costly external facilitators and/or training utilized for professional learning Resources allocated for technology for purposes other than student learning <ul style="list-style-type: none"> Resources utilized with no process to monitor effectiveness Decisions about allocation of resources made with little regard to student/educator learning needs <ul style="list-style-type: none"> Funding from each source allocated separately with little or no regard to coordination or alignment to specific goals Decisions for resource allocation made by a few administrators without input from school staff

DATA:

Professional learning that increases educator effectiveness and results for all students uses a variety of sources and types of student, educator, and system data to plan, assess, and evaluate professional learning.

Data from multiple sources enrich decisions about professional learning that leads to increased results for every student. Multiple sources include both quantitative and qualitative data, such as common formative and summative assessments, performance assessments, observations, work samples, performance metrics, portfolios, and self-reports. The use of multiple sources of data offers a balanced and more comprehensive analysis of student, educator, and system performance than any single type or source of data can.

Core Elements:

- Analyze student, educator, and system data
- Assess progress
- Evaluate professional learning

What it looks like .	What it doesn't look like ...
<p>Analyze student, educator, and system data:</p> <ul style="list-style-type: none"> Teachers and administrators analyzing student data to identify adult learning priorities at the classroom, school, and district levels Teachers/ teams analyzing student data to make decisions about student progress and adjustments needed to increase student learning Planners considering educator preparation, work performance, perceptions along with student data to set goals for educator learning School and district leaders collecting and analyzing data to determine changes in policies, procedures, resource allocation etc needed to support team, school and district professional learning <p>Assess Progress:</p> <ul style="list-style-type: none"> Teachers/teams using student data to assess the effectiveness of the application of their new learning School leaders using data to monitor implementation of professional learning and its effects on educator practice and student learning Educators frequently collecting and using data to make ongoing adjustments to increase results for students, educators, schools, and districts <p>Evaluate Professional Learning:</p> <ul style="list-style-type: none"> Educators developing a theory of change and a framework to evaluate professional learning Educators working together collecting data to determine changes in educator knowledge, skills, and dispositions, changes in classroom practice and changes in student learning Educators working together to evaluate their learning designs, their collaboration, learning and results, and the design, content and duration of professional learning 	<ul style="list-style-type: none"> Professional Learning Committee considering only data from state assessments to determine student results Administrator/counselor/consultant analyzing data and telling teachers what the data says and how to improve Planners developing plans that do not take into account level of employee background and experiences Leaders not collecting data and determining changes needed <ul style="list-style-type: none"> Teams, schools or districts establishing no benchmarks for success Implementation of concepts and practices from professional learning not monitored for classroom application Teachers, teams, schools or districts making no adjustments to educator learning during the year <ul style="list-style-type: none"> Having no theory of change or evaluation Data collection focusing on educator likes or dislikes Evaluation conducted only by consultants Evaluation based on just student data

LEARNING DESIGNS:

Professional learning that increases educator effectiveness and results for all students integrates theories, research, and models of human learning to achieve its intended outcome.

Integrating theories, research, and models of human learning into the planning and design of professional learning contributes to its effectiveness. Several factors influence decisions about learning designs, including the goals of the learning, characteristics of the learners, their comfort with the learning process and one another, their familiarity with the content, the magnitude of the expected change, educators' work environment, and resources available to support learning. The design of professional learning affects its quality and effectiveness.

Core Elements:

What it looks like ...	What it doesn't look like ...
<p>Apply Learning Theories, Research and Models:</p> <ul style="list-style-type: none"> School and district plans focus on team and whole-school learning Most professional learning occurs as part of the workday. Technology enhances and extends opportunities for professional learning. <p>Select Learning Designs:</p> <ul style="list-style-type: none"> Educator and student outcomes determine best designs for delivery of professional learning Adult learners engaging in using the processes they will use with students Providing multiple practices of the new learning with feedback and coaching Professional Learning Plan includes more than one way to learn or have support for learning new practices <p>Promote Active Engagement:</p> <ul style="list-style-type: none"> Learners actively engaged with other learners and the content during the learning process Active learning processes may include writing, dialogue and discussion, demonstrations, inquiry, reflection, practice with feedback, coaching, modeling, problem solving and constructing knowledge collaboratively Educators working in teams to collaboratively construct, analyze, evaluate, and synthesize knowledge and practices 	<ul style="list-style-type: none"> Professional learning basically scheduled outside the contractual workday or in summer Taking a trip to attend a workshop not tied to learning goals of the school/district/state Technology use not integrated to facilitate achieving student or educator learning goals <ul style="list-style-type: none"> Using workshops or courses as the format for all or most professional learning Educators expected to immediately implement new learning with no follow-up or feedback Professional learning planned as "One size fits all" <ul style="list-style-type: none"> Passive delivery of information by a speaker with little or no interaction among participants Educators usually working alone to learn Plan including mostly "Sit and Get" workshops

IMPLEMENTATION:

Professional learning that increases educator effectiveness and results for all students applies research on change and sustains support for implementation of professional learning for long-term change.

The primary goals for professional learning are changes in educator practice and increases in student learning. This is a process that occurs over time and requires support for implementation to embed the new learning into practices. Those responsible for professional learning apply findings from change process research to support long-term change in practice by extending learning over time. They integrate a variety of supports for individuals, teams, and schools. Finally, they integrate constructive feedback and reflection to support continuous improvement in practice that allows educators to move along a continuum from novice to expert through application of their professional learning.

Core Elements:

- Apply change research
- Sustain implementation
- Provide constructive feedback

What it looks like ...	What it doesn't look like...
<p>Apply change research:</p> <ul style="list-style-type: none">• Educators committing to long-term change by setting clear goals and maintaining high expectations for implementation with fidelity• School and district leaders providing and aligning resources to initiate and sustain implementation• Leaders modeling outstanding practices and maintaining a sustained focus on the goals and strategies for achieving them• Leaders creating and maintaining a culture of support opportunities <p>Sustain implementation:</p> <ul style="list-style-type: none">• Professional learning producing changes in educator practice and student learning when it sustains implementation over time• Three to five years of ongoing implementation support focusing on deepening understanding and addressing problems associated with the new practice• Ongoing implementation support taking many forms but occurring at the implementation site• School or district coaches providing extended learning opportunities for new practices <p>Constructive feedback:</p>	<ul style="list-style-type: none">• Educators committed to short-term change• Providing resources for consultants but no follow-up• Leaders choosing to not be a part of professional learning• Leaders focused only on budgets, construction and athletics <ul style="list-style-type: none">• Episodic or occasional professional learning• Supporting implementation only for a few weeks or months• Professional learning with no planned follow-up learning after the introductory session• School or district choosing to use only technology for all follow-up support• A single event defined by a predetermined number of hours

<ul style="list-style-type: none"> • Educators providing specific information to assess practice in relationship to established expectations and to adjust practice to achieve those expectation • Learners engaging in reflection and providing constructive feedback on his/her own or others' practices • Feedback is focused, objective, relevant, valid, and purposeful. • Giving and receiving feedback require skillfulness in clear, nonjudgmental communication based on evidence, commitment to continuous improvement trusting relationships 	<ul style="list-style-type: none"> • Feedback given only for formal evaluations • Plan has no clear expectations for learning • Feedback lacking in the formative stages of implementation • Feedback given is judgmental with no supporting evidence

OUTCOMES:

Professional learning that increases educator effectiveness and results for all students aligns its outcomes with educator performance and student curriculum standards.

For all students to learn, educators and professional learning must be held to high standards. Professional learning that increases results for all students addresses the learning outcomes and performance expectations education systems designate for students and educators. When the content of professional learning integrates student curriculum and educator performance standards, the link between educator learning and student learning becomes explicit, increasing the likelihood that professional learning contributes to increased student learning. When systems increase the stakes for students by demanding high, equitable outcomes, the stakes for professional learning increase as well.

Core Elements:

- Meet performance standards
- Address learning outcomes
- Build coherence

What it looks like ...	What it doesn't look like ...
------------------------	-------------------------------

<p>Meet performance standards:</p> <ul style="list-style-type: none"> Professional learning goals aligned to educator performance standards and student learning goals Professional learning driven by what teachers need to know and be able to do in order to provide effective learning for every student Learning goals based on analysis of educator and student data Specific expectations for administrator, teacher and student performance delineated <p>Address learning outcomes:</p> <ul style="list-style-type: none"> Educator learning focused on student learning outcomes 	<ul style="list-style-type: none"> Professional learning planned on a “whim” rather than based on educator or student learning goals Professional learning addressing topics extraneous to learning such as school law, CPR, etc Professional learning planned by district with little regard to educator or learner needs at specific schools No explicit expectations for educator or student performance or expectations unclear <ul style="list-style-type: none"> Educator learning loosely related or unrelated to student learning
<ul style="list-style-type: none"> Professional learning focused on proven effective strategies and practices to be implemented in classroom Educator learning goals based on how to improve learning and growth of ALL students <p>Build coherence:</p> <ul style="list-style-type: none"> Learning outcomes and pedagogy aligned with educator performance standards and student learning goals Professional learning built on earlier professional learning/what educators have already learned Learning followed up with later, more advanced work to assure that learning leads to practice 	<ul style="list-style-type: none"> Professional learning focused on a number of different topics with little relationship to each other Educator learning focused on a small segment of the school population rather than on ALL students <ul style="list-style-type: none"> Weak or no link between learning outcomes and educator standards or student learning goals “Stand-alone” professional learning without regard to current knowledge and skills of educators “One shot” professional learning with no follow up to assure its effectiveness

RESPONSIBILITIES: STATE, DISTRICT, SCHOOL, AND INDIVIDUAL

In order to effectively implement the Standards for Professional Learning, the state, district, school, and individual educator each have their own set of responsibilities.

State Responsibilities

While the emphasis for design and delivery of effective professional learning is a school and district responsibility, it is the state's responsibility to encourage and provide resources for and information about professional learning. The state makes available to local school districts information on improvement strategies supported by current research and provides opportunities for professional learning and continuous growth. The state creates and supports the capacity for local professional learning with the goal of ensuring that every student has highly qualified teachers and school leaders.

In order to assist schools and districts in implementing effective professional learning, state leadership shall:

1. Implement a coherent statewide professional learning system that targets resources, programs and personnel to identified needs of school districts and schools.
2. Identify effective educational and professional learning practices and provide information about them to school personnel.
3. Ensure that state policies, rules, and regulations provide guidance and flexibility to school districts and schools in developing and carrying out professional learning.
4. Ensure that professional growth and learning needs are identified in needs assessment and planning processes.
5. Establish criteria for professional learning plans which relate directly to identified student needs and are consistent with professional learning standards and state curriculum standards.
6. Create opportunities to build learning communities across the state among educators. Provide schools and districts with information about developing learning communities, and provide training, support and coaching for the process.

School District Responsibilities

Each district must create the capacity for ongoing professional learning by providing resources and information to schools and to individual teachers and administrators. School districts must work with schools in planning and implementing a school-focused professional learning program.

In order to create the capacity for effective professional learning the school district leadership shall:

1. establish a climate and policies in support of professional growth and learning for all employees by adopting policies and allocating sufficient resources for professional learning;
2. engage all school leaders in planned, integrated, continuous learning to improve student learning;
3. provide training and support to schools as they become learning communities;
4. conduct a professional learning needs assessment, support schools in establishing their specific

professional learning needs in relation to standards and data on student achievement, and assist schools in locating available resources to meet these needs;

5. focus professional learning to enhance educator knowledge of the subject content related to state curriculum standards, use of data and assessments to inform classroom practice, and strategies to meet the needs of all students including English language learners and students with special needs;
6. establish a system to regularly evaluate the impact of professional learning on increased teacher effectiveness and improved student learning; and
7. consider professional learning implications of any comprehensive change process focused on improving student learning.

School Responsibilities

A school focused on student learning establishes an organizational structure and information system for implementing its own professional learning plan consistent with its goals and school improvement process. The school assesses its needs continuously and makes adjustments in its professional learning plan. Teacher and administrator learning is an integral part of school life, and time is allocated for it, preferably embedded within the school day.

In order to implement an effective professional learning plan the school leadership shall:

1. assess the professional learning needs in relation to standards and implement professional learning that meets school, system, state, and federal goals;
2. establish a process to ensure that professional learning plans are consistent with the Mississippi Standards for Professional Learning;
3. implement school, grade and/or content area professional learning communities;
4. provide time and resources for teachers and administrators to collaborate on common goals, observe examples of good practice both within and outside of the school and school district, and reflect on their practice;
5. ensure that professional growth and learning is continuous, ongoing, and job-embedded and includes follow-up and support for implementation and further learning;
6. model effective learning processes; provide opportunities to reflect on new learning and to demonstrate and share knowledge;
7. base content of professional learning on analysis of actual student performance data and educator performance;
8. provide continuous evaluation of professional learning with the results used for planning and revising for future professional learning; and
9. evaluate the professional learning's effectiveness in affecting educators' knowledge, skills, and behaviors and in increasing student learning.

Individual Educator Responsibilities

Teachers and administrators assume responsibility for their own continuous learning and contribute their knowledge to colleagues in their school. Individual educators strive to create a professional learning community and to help create conditions that allow all educators to work well together. They channel their

efforts toward a clear, commonly shared purpose for student learning and toward fulfilling the school's instructional goals.

In assuming responsibility for their learning the individual educator shall:

1. deepen content knowledge related to the state curriculum standards/common core in the subjects they teach;
2. seek professional learning opportunities to access additional strategies that provide effective instruction for their students;
3. participate actively in learning communities; and
4. reflect on their own professional practices, continually evaluate the effect their instruction has on students, and use the information to modify instruction to meet identified student needs.

STEPS FOR DEVELOPING EFFECTIVE PROFESSIONAL LEARNING

1. Establish the need for the professional learning

- Careful analysis of student assessment data and identification of student learning needs
- Review of student data such as attendance and discipline referrals
- Clear statements of what teachers need to know and be able to do to address the student learning needs
- Identification and description of teacher knowledge and skills necessary to address student learning needs, explicitly grounded in research and/or evidence from successful practice

2. Specify professional learning outcomes and related indicators that address the need for the activity

- Outcomes defined in terms of participants' mastery and/or application of new professional knowledge, skills and behaviors
- The need for the activity explicitly addressed for each outcome
- Each outcome accompanied by at least one indicator that is measurable and observable
- Specified expectations and evidence of success
- Expectations for when each of the outcomes (and related indicators) will be achieved
- Clear indication of which school, district, or state goals, objectives, and priorities are addressed by each of the outcomes

3. Describe learning activities, follow-up, role of principals and other school leaders, and relationship to other professional learning

- Description of the professional learning activities and follow-up to ensure that participants achieve the intended outcomes on the projected timeline
 - Specific professional learning programs, strategies, or interventions based on research and/or proven effective practice
 - Matched to educator/student learning needs
- Selection of appropriate learning designs to achieve the specified outcomes, taking into consideration the complexity of the goals, resources needed, learner characteristics, magnitude of expected change, etc.
- Description of strategies to ensure full participation in all of the professional learning activities
- Clear expectations for how principals and other school leaders participate and support teacher participation

- Description of the links between the planned professional learning and other professional learning in which the participants are involved

4. Create evaluation plan

*** Remember: the ultimate goal of professional learning is improved student performance ***

- Explanation of how each evaluation question will be addressed
- Explanation of how the evaluation will focus on each of the intended outcomes and related indicators
- Description of data-collection instruments and strategies for data analysis and reporting
- Timeline and assignment for conducting the evaluation and reporting the results
- Five levels of assessment included:
 1. participant reactions
 2. participant learning
 3. organizational support and learning
 4. participant implementation of new knowledge or skills
 5. student learning outcomes

5. Identify resources

- Detailed budget showing books, materials, etc needed and source of funding
- Description of amount of time to be allocated to the intended professional learning, including both initial and follow-up time
- Identification of personnel to serve as facilitators of learning

APPENDIX A

Legislative Mandate: Section 37-17-8, Mississippi Code of 1972, amended 2009

§ 37-17-8. Comprehensive in-service staff development plans; exemption of certain school districts [Repealed effective June 30, 2009].

(1) The State Board of Education, through the Commission on School Accreditation, shall establish criteria for comprehensive in-service staff development plans. These criteria shall: (a) include, but not be limited to, formula and guidelines for allocating available state funds for in-service training to local school districts; (b) require that a portion of the plans be devoted exclusively for the purpose of providing staff development training for beginning teachers within that local school district and for no other purpose; and (c) require that a portion of the school district's in-service training for administrators and teachers be dedicated to the application and utilization of various disciplinary techniques. The board shall each year make recommendations to the Legislature concerning the amount of funds which shall be appropriated for this purpose.

(2) School districts shall not be required to submit staff development plans to the Commission on School Accreditation for approval. However, any school district accredited at Level 1 or Level 2 shall include, as a part of any required corrective action plan, provisions to address staff development in accordance with State Board of Education requirements. All school districts, unless specifically exempt from this section, must maintain on file staff development plans as required under this section. The plan shall have been prepared by a district committee appointed by the district superintendent and consisting of teachers, administrators, school board members, and lay people, and it shall have been approved by the district superintendent.

(3) In order to ensure that teachers are not overburdened with paperwork and written reports, local school districts and the State Board of Education shall take such steps as may be necessary to further the reduction of paperwork requirements on teachers.

(4) Districts meeting Level 4 or 5 accreditation standards, as defined by the State Board of Education, shall be exempted from the mandatory provisions of this section relating to staff development plans.

MISSISSIPPI

Standards for Professional Learning

Mississippi Department of Education
July 2016

Why Are Standards for Professional Learning Part of Accreditation Standard 15?

- The primary purpose of professional learning is to **improve educator practice** and **student results**.
- Standards for professional learning:
 - make explicit that the purpose of professional learning is for educators to develop the knowledge, skills, practices, and dispositions to help students perform at high levels;
 - guide the design, implementation, and evaluation of professional learning; and
 - allow for consistent, statewide implementation of a professional learning system.

About the Standards for Professional Learning

- Developed by Learning Forward and representatives from **20 other** professional organizations
- Define the essential elements of professional learning if improvements in **educator effectiveness** and **student learning** are to be realized
- Enumerate the conditions, processes, and content of professional learning to support **continuous improvement** in leadership, teaching, and student learning
- Stress continuous, **job-embedded**, **collaborative** learning based on data

The Role of the Standards for Professional Learning

- Provide the essential elements of professional learning that function together to enable educators to increase their effectiveness and student learning
- Describe the attributes of effective professional learning to guide decisions and practices
- Serve as a template for organizing professional learning
- Define what all educators should expect of their professional learning and what their responsibilities are as participants

The Link to Student Results

- 20 years of research confirms the strong relationship between teacher practice and student learning.
- Research concludes that effective professional learning positively influences educator practice.
- Research about effective schools identifies collaboration and professional learning as two characteristics appearing in schools that substantially increase student learning.
- Studies name professional learning as one of the top 5 components of reform efforts.

Prerequisites for Effective Professional Learning

- Educators' **commitment** to ALL students is the foundation of effective professional learning.
- Each educator involved in professional learning comes to the experience **ready to learn**.
- Because of the varying experience levels and use of practice among educators, professional learning can foster **collaborative inquiry** and learning that enhances individual and **collective performance**.
- Like all learners, educators **learn in different ways** and at **different rates**.

Standards for Professional Learning

- 7 standards = 7 essential elements of professional learning
- Although listed and described individually the standards must work together in synergy to be effective.
- All standards share the same stem, “Professional learning that increases educator effectiveness and results for all students”

Core Concepts of the Stem

- The stem confirms the link between educator practice and results for students which is the purpose of professional learning.
- Underlined core concepts:
 - Educator: **All** members of the education workforce
 - Effectiveness: Educators' **capacity** to meet expectations, implement best practices, create and sustain conditions for effective learning, and increase student learning
 - Results: All aspects of student growth and development
 - ALL students: Educators' responsibility and training driven by belief that education for ALL students is fundamental

The Standards for Professional Learning

- Learning Communities
- Leadership
- Resources
- Data
- Learning Design
- Implementation
- Outcomes

Learning Communities

Professional learning that increases educator effectiveness and results for all students ***occurs within learning communities committed to continuous improvement, collective responsibility, and goal alignment.***

Core elements

- Engage in continuous improvement
- Develop collective responsibility
- Create alignment and accountability

Leadership

Professional learning that increases educator effectiveness and results for all students ***requires skillful leaders who develop capacity, advocate, and create support systems for professional learning.***

Core elements:

- Develop capacity for learning and leading
- Advocate for professional learning
- Create support systems and structures

Resources

Professional learning that increases educator effectiveness and results for all students ***requires prioritizing, monitoring, and coordinating resources for educator learning.***

Core Elements

- Prioritize human, fiscal, material, technology, and time resources
- Monitor resources
- Coordinate resources

Data

Professional learning that increases educator effectiveness and results for all students ***uses a variety of sources and types of student, educator, and system data to plan, assess, and evaluate professional learning.***

Core Elements

- Analyze student, educator, and system data
- Assess progress
- Evaluate professional learning

Learning Designs

Professional learning that increases educator effectiveness and results for all students ***integrates theories, research, and models of human learning to achieve its intended outcomes.***

Core Elements

- Apply learning theories, research, and models
- Select learning designs
- Promote active engagement

Implementation

Professional learning that increases educator effectiveness and results for all students ***applies research on change and sustains support for implementation of professional learning for long-term change.***

Core Elements

- Apply change research
- Sustain implementation
- Provide constructive feedback

Outcomes

Professional learning that increases educator effectiveness and results for all students ***aligns its outcomes with educator performance and student curriculum standards.***

Core Elements

- Meet performance standards
- Address learning outcomes
- Build coherence

Careful planning and implementation of effective professional learning which utilizes the Standards for Professional Learning yields positive results -

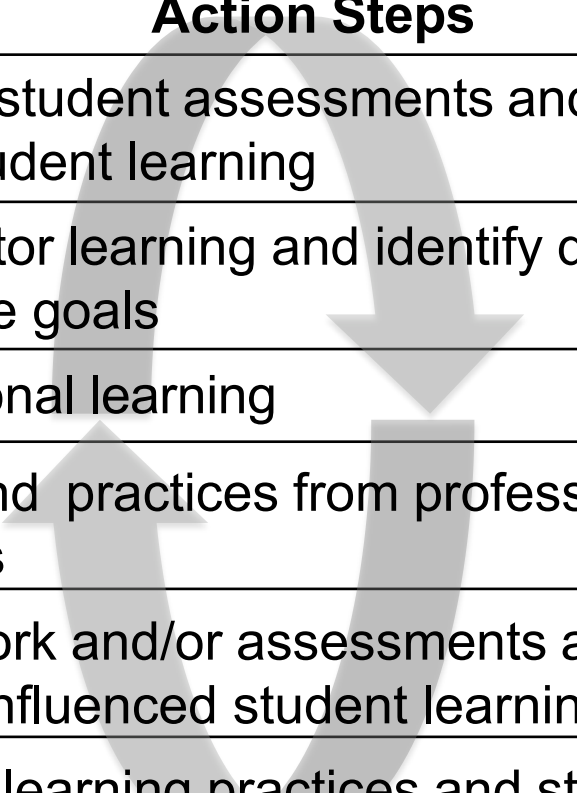

IMPROVED STUDENT LEARNING

Cycle of Continuous Improvement

Standards-Based Planning

Action Steps
Examine data from student assessments and other sources to identify goals for student learning
Set goals for educator learning and identify designs/strategies for accomplishing those goals
Engage in professional learning
Apply knowledge and practices from professional learning in classroom practices
Examine student work and/or assessments and reflect on how the new practices influenced student learning
Refine professional learning practices and structures

MAAP Test Security Auditing Checklist and Observations

MDE Auditor: Report to the building 20-30 minutes before the test administration begins.

District Name		School Name	
DTC Name		Audit/Observation Date	
Assessment Name and Grade/Subject		STC Name	
Test Administrator Name		Proctor Name	
Audit Start Time/End Time		# Students Testing	
MDE Auditor		Signature of Auditor	

Section 1: Before Test Administration The Audit team performs Quality Control (QC) checks of required documents and the handling of secure materials at the school site.	Yes	No	NA (or unable to observe)
a. Verifies the STC has the following required test audit documentation on site: 1. Signed District Test Security Plan. 2. Signed School Test Security Plan. Verify the school's plan contains processes for ★ testing general ed students and special population students, addresses potential technology issues, test irregularities, medical monitoring (as needed), and other emergencies that could occur.			
b. Verifies the STC has assessment training materials available for review and documentation demonstrating that staff performing a role in State testing have completed test security training and understand the consequences for violations to test security. Verification of acknowledgement for test security expectations must be documented via a signed <i>Test Security Confidentiality Agreement</i> . ★			
c. Verifies the assessment to be administered that day is the same assessment listed on the schedule provided for this school by the district.			
d. Verifies that secure test materials are stored in a secure, locked area with limited personnel access before the testing session.			
e. Verifies there is a record of the chain of custody for the checking out/ checking in of secure materials from the secure material room/ closet at the school site; and that secure materials are always accompanied by two trained staff members when checked out for testing. ★			
f. Verifies test materials are prepared and ready for use for the day's scheduled assessment prior to your (auditor) arrival. The STC has student testing tickets printed and organized, test administration manuals with appropriate directions script, scratch paper, clock/ timer (if needed), approved calculators, and seating charts that are already prepared.			
g. Verifies test materials for students requiring accommodations were prepared and ready for use for the day's scheduled accommodated assessment before your arrival. Materials may include paper tests, large print tests, braille tests, approved supplemental aids, scratch paper, pencils, read aloud scripts, headsets, headphones, or earbuds for text-to-speech functions.			
h. Verifies the completed seating chart provided by the STC to the TA maintains the following: ★ 1. Date of test, 2. Subject area and grade level (applicable for 3-8 MAAP), 3. Name and license number of Test Administrator (TA), 4. Name of proctor(s), 5. Accommodation Codes provided are listed by respective students' name (accommodated test sessions only) or listed on a student roster, 6. Chart's layout is reflective of the testing room 7. Legibility			
i. Verifies the accommodations and accessibility features being provided to each student are as listed on their respective IEP, LSP, or a 504 plan utilizing the correct accommodation and assesibility codes. (Codes updated in July 2022, see accomodations manual for current code numbers.) ★			

j.	Verifies that the bulletin boards, classroom displays, fact tables, charts and diagrams and other relevant instruction materials pertaining to the subject area test being administered have been removed/ covered that would give assistance or advantage during testing. It is acceptable if different subject area content is displayed other than the subject area test to be administered in the room.			
k.	Verifies the required testing signage and/ or other appropriate testing-related signage is posted in and around the testing area to identify those areas as such.			
l.	Verifies that during the distribution of secure test materials to TAs the STC utilizes sign in/ sign out sheet to track the distribution of secure test material to each TA so that the same number of tickets, scratch paper, read aloud scripts, etc. will be returned to the STC once the assessment session finishes.			

Use the space below to write additional comments about observations of the above factors.

Section 2: During Test Administration The MDE Audit team always exhibits professional and unobtrusive behavior while observing.	Yes	No	NA (or unable to observe)
a. Observe that the TA asks each student to state their own name as it reads on the testing ticket before their ticket being issued to the student.			
b. Observe their seating arrangements provide adequate spacing amongst students in the testing room to prevent students from being able to see each other's computer screens. If adequate spacing cannot be achieved, then cardboard dividers must be placed between students.			
c. Observe testing environment: Verify there is an adequate number of Proctors for the number of students testing in the room as indicated in the Test Security Materials provided by the MDE. (One Proctor for every 30 students) For example, a room of 65 students would require 1 TA and 3 Proctors.			
d. Observe that the TA reads test directions to students from the test administration manual (TAM), The TA must read the directions as they are written.			
e. Observe that the TA records and displays the start and scheduled stop time (if applicable) of the assessment. A clock displaying the current time should be visible; A countdown timer on a smart board or projector in place of a clock is acceptable.			
f. Observe both the TA/ Proctor actively engage in the monitoring of students during the administration of the test. (Walking around, scanning the room for student questions, monitoring for cheating)			
g. Observe that both the TA and Proctor are addressing a student when he or she has his/ her hand raised; to ensure accountability and corroboration of conversation by two adults.			
h. ★ Observes the TA and Proctor are maintaining a system to track the distribution and collection of scratch paper to students during test administration.			
i. Observes both the TA/Proctor are exhibiting professional and ethical behavior throughout the testing session (i.e., did not prompt testing strategies, did not rephrase items, did not coach or cue students, did not read from ELA passage to students, did not give meaning of words or text, did not tell students to redo or rework any portion of the test, did not translate any portion of the test).			
j. Observes for testing incidents: Is the TA/Proctor monitoring students for testing improprieties and testing irregularities? Each testing room maintains a log to document any irregularities during the test session. (i.e., interruptions to testing (technology/ power issues, unauthorized electronic devices; sick students, improper application of accommodations, lost or missing secure test materials)			
k. Observe student(s) ending test sessions: The TA or Proctor verifies that students submitted their exam and are logged out of the vendor platform.			
l. Observe that the TA or Proctor collects test materials of students who complete the test prior to the expiration of the allotted test time of 180 minutes. (Exceptions to the 180-minute rule: The writing portion of ELA assessments is 90 minutes; any subject area assessment testing students that requires accommodation code 20 -extra time)			
m. Observes the TA and Proctor have collected and accounted for all testing materials ★ including accommodated materials from all students before their dismissal. (i.e., test login tickets, scratch paper, reference sheets, calculators)			

Use the space below to write additional comments about observations of the above factors (i.e., unusual situations).

Section 3: Accommodations/Accessibility features used during Testing. Please reference the Mississippi Testing Accommodations Manual (2022) for guidance.	Yes	No	NA (or unable to observe)
a. Observes administration of Paper and Pencil: Observes students marking their answers on the paper copy of the assessment or calling out answers to the scribe.			
b. Human reader can be used with online or paper testing: Observes students listening to human reader and marking their answers on the paper copy of the assessment or calling out answers to the scribe.			
c. Observes administration of Text-to-Speech (TTS): Observes students listening to test from headsets and puts answers into the computer or calls out answers to the scribe.			
d. Observes student use of embedded or non-embedded accommodations in forms of Large Print, Braille, approved assisted technology) List accommodations students are using during the observation.			

Please contact Sharon Prestridge for any questions: (601)- 359-1970

Reminder:

- ★ • **Using Incorrect Accommodation Codes:** Ensure the codes listed on the Statewide Assessment Program Accommodations summary page of the student's IEP/LSP/504 plan utilizes the same code numbers listed in the Mississippi Testing Accommodations Manual (MTAM). (Section 1, Question i.)
- ★ • **Setting Incorrect Accommodations in the Testing Platform:** Accommodations and accessibility features provided to students need to be verified. If you do not have time to verify the student(s) accommodations as listed on the State Testing accommodations summary page of their IEP/LSP/504 plan, then check after the assessment is complete. These issues may result in the district/school initiating the accommodations reset request process. (Section 1, Question i.)

Use space below to write additional comments about observations of the use of any accommodations or accessibility features.

Section 4: After the Assessment	Yes	No	NA (or unable to observe)
a. Observed that computers are returned to the pre-testing screen.			
b. Observed that prior to the collection of test materials from TAs and the dismissal of students from the testing room, the STC utilizes the appropriate vendor platform on their laptop to verify all students submitted their assessments.			
c.  Observed the STC re-counts test tickets, scratch paper, and other secure materials turned back in by the TA and Proctor, accounting for all secure materials distributed to each testing room. The collected secure materials are escorted by two trained staff members back to the secure storage area.			
d. Remind STC about making sure calculators are cleared; scratch paper is shredded (The process is different for each district. Some allow STCs to shred while others have all schools' materials for shredding sent to the district for DTC to do).			
e. Did you check no to any of the questions denoted with a star symbol? If yes, complete the attached <i>Assessment Violation</i> sheet and have the STC or DTC sign it. Once signed, ask them to make a copy of the violation sheet (Page 7). Keep the copy of the form they give you and give the original to the STC to complete the corrective action section. Once completed, the DTC will submit the completed form to MDE via the Caveon Core test security application as a testing irregularity. *AUDITORS* YOU KEEP THE AUDIT OBSERVATION FORM AND THE COPY OF THE <i>ASSESSMENT VIOLATION</i> SHEET FOR SUBMISSION in your Microsoft Teams auditor folder.			

Use the space below to write additional comments about observations of the above factors (i.e., unusual situations).

After the Observation, if time allows, ask additional questions and record answers (approximately 15 minutes). All questions below are not required. *Attach Details on additional sheet to this report. Include who answered the questions (i.e., DTC, STC, TA, etc.)*

1. Describe the district's protocol for assigning and document student testing accommodation features in preparation for the test administration.
 - (a) How are accommodations documented for the students and entered in computer?
 - (b) Did the scribes receive training and protocols for entering information into computer?
2. For online testing, in what ways did students in your school practice using the online testing environment prior to testing?
3. What is the process for testing a student who was absent during the regular test session?
4. Describe you district/school's protocol for handling test incidents such as student cheating or possession of a cellular device?
5. How did your training prepare you to handle unexpected testing incidences, such as, missing test materials, school/weather emergency, sick student, disruptive student(s), technology failure, etc.?
6. In what ways could the Mississippi Office of Student Assessment provide support to your district/school in the future (i.e., TA preparation, additional training, resources, etc.)?

Thank you for your assistance in the Mississippi Assessment Program Auditing Process. Please complete all notes, notify the MDE of any irregularity (601-359-3052) and scan this report and post in your folder on Microsoft Teams. Maintain your original hard copy/copies of all audits to return to the MDE at the end of the auditing period.

Person (s) Interviewed or Contacted During the Review

Name	Title	Phone/Email

PURPOSE

As a requirement of the Office of Management and Budget Uniform Grant Guidance, fiscal monitoring is conducted by the Mississippi Department of Education, Office of Special Education Fiscal Team, to ensure Local Education Agencies (LEAs) or sub recipients of IDEA subgrants are in compliance with Federal, State, and Local laws and regulations.

Monitoring efforts are conducted to assess and measure compliance of LEAs to grant rules and regulations in order to:

- Monitor activities to ensure grant funds are used for authorized purposes in compliance with laws and regulations,
- Assess organization internal controls to ensure reliable financial reporting and accountability, and
- Identify areas of noncompliance and recommend areas of improvement to improve administrative efficiencies and programmatic effectiveness.

SECTION 1. COST PRINCIPLES AND EXPENDITURES

Examples of Evidence:

- Revenue and Expenses Report or General Ledger – to include revenue, expenditures, and remaining balance
- Budget– to include budgets and may also include actual expenses
- Gross salary pay report by cost center – to include positions, names, and amounts
- Detailed Ledger– to include detailed expenditure transactions: type of expense, vendor name, date, and amount
- Budget Report for the previous year if the LEA is reporting carryover in the current year
- Accounting report by school identifying salaries & benefits for positions paid for with IDEA Part B 611 and 619 Funds
- List of all staff, including FTEs and funding sources
- Interview with the business manager, if needed
- Interview with the special education director, if needed
- Budget report for IDEA federal program to ensure alignment with budgets submitted during the submission of funding application

Section 1. Compliance	Yes/No/NA
1. Are expenditures and budgets tracked and reported separately per federal grant in the accounting system?	
2. Are expenditures used for allowable and approved activities?	
3. Were expenditures reported and requested through MCAPS on a reimbursable basis?	
4. Are expenditures supported by proper source documentation including, but not limited to, purchase orders (POs), original invoices, packing slips, cancelled checks, accounting journal entries, and other pertinent records necessary to facilitate the tracing of grant funds?	
5. Does the cost allocation of invoices match the LEA methods of cost allocation narrative?	
6. Does the agency ensure that the payment transaction references a PO, contractual agreement, or other prior approval?	

Section 1. Compliance	Yes/No/NA
7. Does the agency ensure that costs charged to grant funds were not also billed and/or reimbursed by other funding sources such as Medicaid?	
8. Expenditures selected for testing are: a. Necessary, reasonable, and allocable b. Conform with Federal law and grant terms c. Consistent with State and Local policies d. Consistently treated as either a direct cost or indirect cost e. In accordance with GAAP f. Allowable in accordance with IDEA 34 CFR & and Uniform Grant Guidance 2 CFR Part 200 Subpart E	

Section 1. Findings

Section 1. Recommendations and Corrective Action

SECTION 2. TIME AND EFFORT

Examples of Evidence:

- System of internal controls which provides reasonable assurance that the charges are accurate, allowable, and properly allocated (i.e. signatures, periodical time and effort certification)
- Official records
- Documentation that reasonably reflects total activity for which the employee is compensated, not exceeding 100% of compensated activities
- Documentation of both Federally assisted, and all other activities compensated by the District on an integrated basis
- Accounting policies and practices
- Documentation that shows support the distribution of the employee's salary or wages among specific activities of cost objectives

Section 2. Compliance	Yes/No/NA

Administrative Review Off-site Assessment Tool

General Instructions/Intent

The *Off-site Assessment Tool* encompasses questions about and requests for information from the School Food Authority (SFA) with regard to several of the monitoring areas of the Administrative Review. This tool is designed to decrease the amount of time needed for the on-site portion of the review, as well as provide both the State Agency (SA) and SFA with essential information to help the reviewer focus on any areas of non-compliance and target any technical assistance that may be necessary while on-site.

The Tool is intended to be completed off-site prior to the on-site portion of the administrative review and used by the SA as a method to gather some of the information necessary to complete the administrative review. Some of the requested information may already be on-file at the SA, while other areas may require input from the School Food Service Director, or other appropriate SFA points of contact. The SA may contact the SFA for input on these questions using whatever method is most appropriate (email, phone call, etc.), and should work collaboratively with the SFA to gather all requested information. Electronic submission of documentation is encouraged wherever possible. The SA may begin completing the *Off-site Assessment Tool* as far in advance of the on-site review as is deemed necessary, provided the minimum required timeframes established herein are met. If the tool is utilized as intended, the reviewer should be prepared to provide any technical assistance that may be necessary during the on-site portion of the review.

Resource Management is the only section in which the completion of an off-site assessment is required. The SA must secure the SFA's answers to the Resource Management questions contained in the *Off-site Assessment Tool* at least four weeks prior to the scheduled on-site review. The goal of collecting the SFA's answers in the Resource Management section of the *Off-site Assessment Tool* is so that the SA can determine if a comprehensive Resource Management will be needed for any of the four Resource Management areas. If a comprehensive review is necessary, the SA must work with the SFA to determine if any comprehensive review of any resource management areas will occur on-site or off-site. If the SA will be unable to secure the necessary documentation to conduct the review off-site, the SA must conduct the Resource Management Comprehensive review on-site. All other sections of the *Off-site Assessment Tool* may be completed on-site at the discretion of the SA. Regardless of format and timing, all responses to all other sections must be completed no later than the first day of the on-site portion of the review.

In addition to the completion of the *Off-site Assessment Tool*, the SA is required to select sites for review (see Site Selection Procedures in Administrative Review Manual). Once site selection has been completed, SA must complete the *Meal Compliance Risk Assessment Tool* for each site selected for review. The site with the highest score is most at risk for noncompliance with the required meal pattern and must receive a targeted menu review (see Dietary Specifications and Nutrient Analysis module for options to complete targeted menu review). If the SA chooses to use the *Dietary Specifications Assessment Tool* to complete the targeted menu review, an off-site review of documentation is required.

Administrative Review Off-site Assessment Tool

During the off-site assessment phase, the SA should document any technical assistance provided and any corrective action implemented by the SFA. Regardless of when corrective action occurs, all findings must be documented in the final report.

Section II: Meal Access and Reimbursement

Reminders:

The SA should attempt to answer questions using available data before contacting the SFA.

In addition to completing the questions on the *Off-site Assessment Tool*, the SA should follow the instructions for selecting the students for certification and benefit issuance review as described in the Certification and Benefit Issuance Module in the Administrative Review Manual.

The SA must ensure that the information the SFA provides to answer these questions mirrors the current free and reduced-price policy statement on file with the SA.

The SA should notify the SFA that all verification materials must be available at the SFA's central office for the on-site portion of the review.

Section III: Meal Pattern and Nutritional Quality

Reminders:

In order to complete this section of the *Off-site Assessment Tool*, the SA must complete the *Meal Compliance Risk Assessment Tool* for **each of the sites selected for review** (see site selection procedures in Administrative Review Manual). The results of the *Meal Compliance Risk Assessment Tool* will determine which site shall receive the targeted menu review, using one of the four options as described in the Administrative Review Manual.

Prior to the on-site portion of the review, the SA should notify the SFA that each site selected for review must be prepared to provide meal pattern compliance documentation demonstrating that daily/weekly meal component requirements for one week of the review period are met. If appropriate, SA can request this documentation from the SFA prior to the beginning of the on-site review.

Reviewers may examine any food crediting documentation, including but not limited to food labels, product formulation statements, CN labels, and bid documentation to ensure meal pattern compliance. (This documentation will be examined for all reviewed sites. For the site selected, this documentation will also be used for the targeted menu review process.)

For efficiency, the SA should review the same menus, production records, and standardized recipes from the week the SA reviewed in the Module: Meal Components and Quantities as selected for the targeted menu review.

Administrative Review Off-site Assessment Tool

NOTE: If the SA has chosen Option #1 (Completion of the *Dietary Specifications Assessment Tool*) for completing the targeted menu review, the required documentation must be submitted to the SA within a sufficient timeframe to allow the SA to properly assess the documentation and determine the risk level of the site selected for the targeted menu review.

Section IV: Resource Management

Reminders:

This section is designed to capture information from the SFA concerning the modules contained within the Resource Management section. Using the SFA's responses to the *Off-site Assessment Tool*, the SA will apply specific risk indicators to the SFA and determine whether a resource management comprehensive review of any one, or multiple area(s) is warranted. Before beginning the risk indicator approach, the SA should first review all of the modules under Resource Management to obtain context and understanding for how the risk indicators are determined. The SA must secure the SFA's answers to the questions included in the Resource Management section of the *Off-site Assessment Tool* and complete the *Resource Management Risk Indicator Tool* at least 4 weeks prior to the start of the on-site review.

Important: Any failure, whether by the SFA or SA, to adhere to the timeframes prescribed above requires that a resource management comprehensive review of all areas will be conducted.

Recommended: The State agency is strongly encouraged to utilize specialized staff to the extent practicable to collect and evaluate responses in this section.

Risk Indicators for Resource Management:

When evaluating the responses to questions 700-711, follow the risk assessment for Resource Management module in the *Administrative Review Manual* to determine whether a resource management comprehensive review of any or all areas is necessary. Some sections contain multiple questions that may indicate risk (referred to as a "risk indicator"). Prior Administrative Review procedures required SAs to conduct comprehensive reviews of all Resource Management areas if three or more risk indicators were assessed. **Beginning in SY 2016-2017, State agencies must conduct a comprehensive review of any RM area under which one or more risk indicators are triggered.** However, State agencies are no longer required to assess all areas of the Resource Management module unless an SFA receives risk indicators in each of the four RM areas or the RM Risk Indicator Tool is not completed at least four weeks prior to the on-site Administrative Review.

During the on-site review of the breakfast and lunch meal services, the reviewer should assess if the information provided by the SFA as part of the Off-site Assessment Tool – Resource Management section is consistent with the reviewer's observations of the SFA's meal services. For instance, if the SFA indicated it charged the target paid lunch price at all of its school sites and thus did not receive a risk indicator under the Paid Lunch Equity, the reviewer should look at the paid lunch price charged during site reviews to see if the lunches were priced at or above the

Administrative Review Off-site Assessment Tool

target paid lunch price. If there appear to be any discrepancies between the information reported by the SFA and the reviewer's on-site observations, the SA must follow up with the SFA to determine if a RM Comprehensive Review is necessary in RM areas that did not initially receive a risk indicator.

Section V: General Program Compliance

Reminders:

The SA may assist the SFA with the completion of this section, if necessary. If this section is not returned to the SA for evaluation prior to the on-site review, this section and applicable documentation must be available for SA review at the start of the on-site portion of the review.

Section VI: Other Federal Programs

Reminders:

This section is intended to be completed by the SA. If this section is not completed by the SA prior to the on-site review, this section must be completed by the SA during the on-site portion of the review.

If the SA elects to conduct the claim validation for the Fresh Fruit and Vegetable Program during the off-site phase, complete questions 1900 - 1902 of the *On-site Assessment Tool*.

Separate review forms have been provided for the review of the Afterschool Snack Program, Special Milk Program, and Seamless Summer Option. The SA may complete any applicable portion of those forms off-site at their discretion. Any section of the applicable forms that are not completed prior to the on-site portion of the review must be completed during the on-site portion of the review if necessary.

Section IX: Special Provision Options

The intent of this section is for the SA to understand the Special Provision Option policies and procedures in place at the SFA. The review addresses the implementation and operation of Provision 1, 2, and 3 sites and sites operating CEP.

<i>Electronic application system</i> means household applications are submitted by the household through a web-based or scanned application system. The system has limited to virtually no manual data entry by the SFA. Records are kept at the SFA electronically. All direct certification matches at the SFA level are completed with a computer match.			

Administrative Review Off-site Assessment Tool Questions

Section II: Meal Access and Reimbursement

Manual application system means household applications are submitted by the household to the SFA. SFA completes eligibility determination and direct certification matches and enters data manually into a system and/or keeps written records. Hard copy records are kept on file at the SFA.

If the SFA has implemented an electronic system, but one or more aspect of the application processing is conducted manually (e.g., applications are submitted online, and also on paper – SFA staff processes paper applications) the reviewer will consider it a manual/combination system. This would include instances where SFA staff are entering paper applications into the online electronic system for determinations.

Electronic benefit issuance system means that the transfer of a student's benefits to the Point of Service document is completed through a computerized system. The system has limited to virtually no manual data entry by the SFA; however, updates to benefits may be made manually in the electronic system. Benefit issuance identification and rosters are kept electronically.

Manual benefit issuance system means that the transfer of a student's benefits to the POS document is completed manually by the SFA. All updates to benefits are made manually by the SFA. Benefit issuance identification and rosters are manually developed. Hard copy records are kept on file at the SFA.

If the SFA has implemented an electronic system, but one or more aspect of the benefit issuance process is conducted manually (i.e., the SFA has an electronic benefit issuance system at most sites, but utilizes rosters/ tickets/tokens or any other benefit issuance method at some sites and SFA staff must manually make updates to those alternate systems), the reviewer will consider it a manual/combination system.

103.

At the beginning of the school year, how is benefit status handled for children who have not submitted an application for the current school year?

104.

If the SFA has an electronic application approval system, answer the below questions, if not proceed to the next question.

- a. How are records maintained and for how long?
- b. Describe the backup to the electronic-based approval system.
- c. List the method used to obtain household signature.

Administrative Review Off-site Assessment Tool

General Instructions/Intent

The *Off-site Assessment Tool* encompasses questions about and requests for information from the School Food Authority (SFA) with regard to several of the monitoring areas of the Administrative Review. This tool is designed to decrease the amount of time needed for the on-site portion of the review, as well as provide both the State Agency (SA) and SFA with essential information to help the reviewer focus on any areas of non-compliance and target any technical assistance that may be necessary while on-site.

The Tool is intended to be completed off-site prior to the on-site portion of the administrative review and used by the SA as a method to gather some of the information necessary to complete the administrative review. Some of the requested information may already be on-file at the SA, while other areas may require input from the School Food Service Director, or other appropriate SFA points of contact. The SA may contact the SFA for input on these questions using whatever method is most appropriate (email, phone call, etc.), and should work collaboratively with the SFA to gather all requested information. Electronic submission of documentation is encouraged wherever possible. The SA may begin completing the *Off-site Assessment Tool* as far in advance of the on-site review as is deemed necessary, provided the minimum required timeframes established herein are met. If the tool is utilized as intended, the reviewer should be prepared to provide any technical assistance that may be necessary during the on-site portion of the review.

Resource Management is the only section in which the completion of an off-site assessment is required. The SA must secure the SFA's answers to the Resource Management questions contained in the *Off-site Assessment Tool* at least four weeks prior to the scheduled on-site review. The goal of collecting the SFA's answers in the Resource Management section of the *Off-site Assessment Tool* is so that the SA can determine if a comprehensive Resource Management will be needed for any of the four Resource Management areas. If a comprehensive review is necessary, the SA must work with the SFA to determine if any comprehensive review of any resource management areas will occur on-site or off-site. If the SA will be unable to secure the necessary documentation to conduct the review off-site, the SA must conduct the Resource Management Comprehensive review on-site. All other sections of the *Off-site Assessment Tool* may be completed on-site at the discretion of the SA. Regardless of format and timing, all responses to all other sections must be completed no later than the first day of the on-site portion of the review.

In addition to the completion of the *Off-site Assessment Tool*, the SA is required to select sites for review (see Site Selection Procedures in Administrative Review Manual). Once site selection has been completed, SA must complete the *Meal Compliance Risk Assessment Tool* for each site selected for review. The site with the highest score is most at risk for noncompliance with the required meal pattern and must receive a targeted menu review (see Dietary Specifications and Nutrient Analysis module for options to complete targeted menu review). If the SA chooses to use the *Dietary Specifications Assessment Tool* to complete the targeted menu review, an off-site review of documentation is required.

Administrative Review Off-site Assessment Tool

During the off-site assessment phase, the SA should document any technical assistance provided and any corrective action implemented by the SFA. Regardless of when corrective action occurs, all findings must be documented in the final report.

Section II: Meal Access and Reimbursement

Reminders:

The SA should attempt to answer questions using available data before contacting the SFA.

In addition to completing the questions on the *Off-site Assessment Tool*, the SA should follow the instructions for selecting the students for certification and benefit issuance review as described in the Certification and Benefit Issuance Module in the Administrative Review Manual.

The SA must ensure that the information the SFA provides to answer these questions mirrors the current free and reduced-price policy statement on file with the SA.

The SA should notify the SFA that all verification materials must be available at the SFA's central office for the on-site portion of the review.

Section III: Meal Pattern and Nutritional Quality

Reminders:

In order to complete this section of the *Off-site Assessment Tool*, the SA must complete the *Meal Compliance Risk Assessment Tool* for **each of the sites selected for review** (see site selection procedures in Administrative Review Manual). The results of the *Meal Compliance Risk Assessment Tool* will determine which site shall receive the targeted menu review, using one of the four options as described in the Administrative Review Manual.

Prior to the on-site portion of the review, the SA should notify the SFA that each site selected for review must be prepared to provide meal pattern compliance documentation demonstrating that daily/weekly meal component requirements for one week of the review period are met. If appropriate, SA can request this documentation from the SFA prior to the beginning of the on-site review.

Reviewers may examine any food crediting documentation, including but not limited to food labels, product formulation statements, CN labels, and bid documentation to ensure meal pattern compliance. (This documentation will be examined for all reviewed sites. For the site selected, this documentation will also be used for the targeted menu review process.)

For efficiency, the SA should review the same menus, production records, and standardized recipes from the week the SA reviewed in the Module: Meal Components and Quantities as selected for the targeted menu review.

Administrative Review Off-site Assessment Tool

NOTE: If the SA has chosen Option #1 (Completion of the *Dietary Specifications Assessment Tool*) for completing the targeted menu review, the required documentation must be submitted to the SA within a sufficient timeframe to allow the SA to properly assess the documentation and determine the risk level of the site selected for the targeted menu review.

Section IV: Resource Management

Reminders:

This section is designed to capture information from the SFA concerning the modules contained within the Resource Management section. Using the SFA's responses to the *Off-site Assessment Tool*, the SA will apply specific risk indicators to the SFA and determine whether a resource management comprehensive review of any one, or multiple area(s) is warranted. Before beginning the risk indicator approach, the SA should first review all of the modules under Resource Management to obtain context and understanding for how the risk indicators are determined. The SA must secure the SFA's answers to the questions included in the Resource Management section of the *Off-site Assessment Tool* and complete the *Resource Management Risk Indicator Tool* at least 4 weeks prior to the start of the on-site review.

Important: Any failure, whether by the SFA or SA, to adhere to the timeframes prescribed above requires that a resource management comprehensive review of all areas will be conducted.

Recommended: The State agency is strongly encouraged to utilize specialized staff to the extent practicable to collect and evaluate responses in this section.

Risk Indicators for Resource Management:

When evaluating the responses to questions 700-711, follow the risk assessment for Resource Management module in the *Administrative Review Manual* to determine whether a resource management comprehensive review of any or all areas is necessary. Some sections contain multiple questions that may indicate risk (referred to as a "risk indicator"). Prior Administrative Review procedures required SAs to conduct comprehensive reviews of all Resource Management areas if three or more risk indicators were assessed. **Beginning in SY 2016-2017, State agencies must conduct a comprehensive review of any RM area under which one or more risk indicators are triggered.** However, State agencies are no longer required to assess all areas of the Resource Management module unless an SFA receives risk indicators in each of the four RM areas or the RM Risk Indicator Tool is not completed at least four weeks prior to the on-site Administrative Review.

During the on-site review of the breakfast and lunch meal services, the reviewer should assess if the information provided by the SFA as part of the Off-site Assessment Tool – Resource Management section is consistent with the reviewer's observations of the SFA's meal services. For instance, if the SFA indicated it charged the target paid lunch price at all its school sites and thus did not receive a risk indicator under the Paid Lunch Equity, the reviewer should look at the paid lunch price charged during site reviews to see if the lunches were priced at or above the

Administrative Review Off-site Assessment Tool

target paid lunch price. If there appear to be any discrepancies between the information reported by the SFA and the reviewer's on-site observations, the SA must follow up with the SFA to determine if a RM Comprehensive Review is necessary in RM areas that did not initially receive a risk indicator.

Section V: General Program Compliance

Reminders:

The SA may assist the SFA with the completion of this section, if necessary. If this section is not returned to the SA for evaluation prior to the on-site review, this section and applicable documentation must be available for SA review at the start of the on-site portion of the review.

Section VI: Other Federal Programs

Reminders:

This section is intended to be completed by the SA. If this section is not completed by the SA prior to the on-site review, this section must be completed by the SA during the on-site portion of the review.

If the SA elects to conduct the claim validation for the Fresh Fruit and Vegetable Program during the off-site phase, complete questions 1900 - 1902 of the *On-site Assessment Tool*.

Separate review forms have been provided for the review of the Afterschool Snack Program, Special Milk Program, and Seamless Summer Option. The SA may complete any applicable portion of those forms off-site at their discretion. Any section of the applicable forms that are not completed prior to the on-site portion of the review must be completed during the on-site portion of the review if necessary.

Section IX: Special Provision Options

The intent of this section is for the SA to understand the Special Provision Option policies and procedures in place at the SFA. The review addresses the implementation and operation of Provision 1, 2, and 3 sites and sites operating CEP.

All direct certification matches at the SFA level are completed with a computer match.			

Administrative Review Off-site Assessment Tool Questions

Section II: Meal Access and Reimbursement

Manual application system means household applications are submitted by the household to the SFA. SFA completes eligibility determination and direct certification matches and enters data manually into a system and/or keeps written records. Hard copy records are kept on file at the SFA.

If the SFA has implemented an electronic system, but one or more aspect of the application processing is conducted manually (e.g., applications are submitted online, and also on paper – SFA staff processes paper applications) the reviewer will consider it a manual/combination system. This would include instances where SFA staff are entering paper applications into the online electronic system for determinations.

Electronic benefit issuance system means that the transfer of a student's benefits to the Point of Service document is completed through a computerized system. The system has limited to virtually no manual data entry by the SFA; however, updates to benefits may be made manually in the electronic system. Benefit issuance identification and rosters are kept electronically.

Manual benefit issuance system means that the transfer of a student's benefits to the POS document is completed manually by the SFA. All updates to benefits are made manually by the SFA. Benefit issuance identification and rosters are manually developed. Hard copy records are kept on file at the SFA.

If the SFA has implemented an electronic system, but one or more aspect of the benefit issuance process is conducted manually (i.e., the SFA has an electronic benefit issuance system at most sites, but utilizes rosters/ tickets/tokens or any other benefit issuance method at some sites and SFA staff must manually make updates to those alternate systems), the reviewer will consider it a manual/combination system.

103.

Monitoring Instrument Summary

The Office of Healthy Schools understands and promotes the relationship between student health and academic achievement. To support the implementation of quality school health programs and policies, the Office of Healthy Schools provides a policy guide and a monitoring instrument for local districts/schools to use as resources. These resources were developed based on state and federal policy, State Board of Education policy, and Mississippi Public School Accountability Standards.

The Local School Wellness Policy Guide provides all minimum policies and examples of optional policies for physical education/physical activity, health education, nutrition, marketing, implementation, counseling/psychological services, healthy school environment, staff wellness, food safe schools, family/community engagement, and health services. This guide is developed to provide school districts with the minimum requirements for implementation and optional policy statements for schools to use to meet the needs of students at the local level based on data collection and a needs assessment. The Local School Wellness Policy Guide can be downloaded at <http://www.mde.k12.ms.us/ohs/home>.

The Office of Healthy Schools Monitoring Instrument was developed as a resource for school districts to conduct a self-assessment of implementation of school health policies. Also, this resource is used by Mississippi Department of Education Staff to conduct onsite evaluations that ensure quality implementation of policies, to identify successes and to evaluate the need for future training opportunities. The Office of Healthy Schools Monitoring Instrument can be downloaded at <http://www.mde.k12.ms.us/ohs/home>.

The following documents provide the authority for the requirements contained in the Office of Healthy Schools Monitoring Instrument.

Mississippi Code of 1972, Annotated, Section 37-13-134

- Requires 150 minutes per week of activity-based instruction and 45 minutes per week of health education instruction in grades K-8,
- Requires the establishment of a local school health council; and
- Requires the recommendations of a school health council to be based on a coordinated approach to school health.

Mississippi Code 37-13-17

- Requires that every school district have a sex-related education policy, either abstinence-only or abstinence-plus and that sex-related education be taught
- Requires that every school district select sex-related curricula from an approved list
- Requires that parents must sign permission for students to receive instruction (opt-in)

Mississippi Public School Accountability Standards

Standard 27 requires physical education and health education to be a part of the basic curriculum in any configuration of grades K-8.

Standard 20 and Appendix A-3 requires ½ Carnegie unit for graduation in physical education and ½ Carnegie unit for graduation in health education.

Standard 17.5.1 requires every school to have a local school wellness policy. This policy must be based on a coordinated approach to school health, developed with input from a local school health council, and approved annually by the local school board.

State Board of Education Policy

Rule 17.10 Smart Snacks Standards for All Foods and Beverages Sold in MS Schools

Rule 38.12 Comprehensive Health and Physical Education Rules and Regulations

Senate Bill 2185 (effective 2015-2016) - Beginning with the 2015-2016 Ninth Grade class, an instructional component on the proper administration of cardiopulmonary resuscitation (CPR) and the use of an automated external defibrillator (AED) shall be included as part of the physical education or health education curriculum.

The Office of Healthy Schools routinely conducts onsite monitoring visits in school districts to ensure the necessary technical assistance is provided to local school districts to confirm implementation of quality programs. Also, the Office of Healthy Schools staff will participate in onsite monitoring visits as part of the evaluation team when a complete audit is conducted by the Office of Accreditation. **If deficiencies are found in meeting accreditation standards or state and federal laws, the district will be notified, and the deficiencies will be noted on their Accreditation Records Summary. If the deficiencies are not cleared prior to assigning an accreditation status by the Commission on School Accreditation, the districts accreditation status may be adversely affected.**

For more information, please contact the Office of Healthy Schools at (601) 359-1737.

Monitoring Process and Procedures FY24 Monitoring

Mississippi Department of Education

Office of Federal Programs (OFP)

Office of Grants Management (OGM)

1. The Office of Federal Programs will contact subrecipient to establish a Primary Point of Contact for monitoring. The primary point of contact for monitoring should be the federal programs director (LEAs) or program/project coordinator (subgrantees).
2. The MDE OFP compliance and monitoring coordinator works with the subrecipient to schedule dates for the on-site/virtual monitoring visit.
3. The MDE OFP compliance and monitoring coordinator emails official notification of the upcoming monitoring to the Program/Project Coordinator or LEA superintendent, a copy to federal programs director and business manager. The notification includes the purpose and date and time of the visit.
4. Two weeks prior to the monitoring, the subrecipient is responsible for uploading requested documentation in MCAPS to support compliance indicators outlined in the *MDE Federal Programs Comprehensive Monitoring Instrument*. **If the information is not uploaded or uploaded in the incorrect format, it could increase the time for on-site monitoring.**
5. The monitoring team will review upload documents prior to the on-site/virtual monitoring. Additional documents maybe requested prior to or during the on- site/virtual monitoring.
6. Monitoring may include visits to randomly selected participating private schools, schoolwide programs, and targeted assistance Title I programs, and other federally funded programs administered by OFP.
7. All key subrecipient staff should be available during the monitoring visit.
8. The subrecipient must maintain sufficient documentary evidence to verify full compliance with all state and federal program requirements.
9. The on-site/virtual monitoring will begin with an entrance conference with members of the Monitoring Team and subrecipient personnel.
10. The on-site/virtual monitoring may last from one to five days, depending upon the scope of the visit.
11. During monitoring, the MDE OFP monitoring team reviews policies, procedures, evidence of implementation, supporting program documentations, interviews subrecipient staff and stakeholders, and possibly visits selected school/program sites.
12. The subrecipient has five (5) business days at the conclusion of the monitoring visit to provide additional documentation to address any areas of concern.
13. Following the monitoring, the MDE OFP compliance and monitoring coordinator will email the subrecipient the official monitoring report with appropriate cover letter, typically within 45 days of monitoring. However, there are instances that will require a longer internal review process of monitoring reports prior to release, causing the OFP and OGM to go beyond the typical timeline.

14. The report contains findings of noncompliance that provide an analysis of the implementation of the federal programs that were monitored and required corrective actions that must be enacted.
15. Upon receipt of the MDE OFP monitoring report, the subrecipient has thirty (30) calendar days to respond to findings of noncompliance by completing a Corrective Action Plan (CAP). The CAP delineates the response to noncompliance which includes: the steps taken to address the indicator(s), a timeline for completion, and the documentary support available to demonstrate compliance. Should the subrecipient need additional time to submit the CAP, a request must be submitted in writing to the executive director of the Office of Federal Programs who will determine whether an extension is warranted.
16. MDE OFP compliance and monitoring coordinator will respond to the subrecipient's CAP within 30 calendar days of receipt. However, there are instances that will require a longer time to respond and may go beyond the typical timeline.
17. OFP and OGM staff review the subrecipient's CAP to determine if it is sufficient to clear any citations of noncompliance and to ensure appropriate corrective action has been developed and implemented.
18. The MDE OFP Compliance and Monitoring Coordinator will determine whether follow-up on CAP is needed. This is typically accomplished within 12 months of the monitoring visit. However, there are instances that will require a period longer than twelve months based upon feasibility of the corrective action or scheduling.
19. In instances of continued non-compliance beyond twelve months and/or failure to implement appropriate corrective action, the citations of non-compliance may be reported to the Office of Accreditation for placement on the LEA's accreditation record. For Non-LEAs, such continued non-compliance may result in a termination of the federal grant award and will adversely impact future applications for funding.
20. A clearance letter will be emailed to subrecipient once all findings have been cleared.

For additional resources, subrecipients contact the Mississippi Department of Education, Office of Federal Programs at 601-359-3499.

BOARD POLICIES AND/OR PROCEDURES MINIMUM REQUIREMENTS

The following listing of Board Policies and/or Procedures is not an all-inclusive list of policies and/or procedures that may be required for an LEA/Subgrantee. However, the Board Policies and/or Procedures should include, **at a minimum**, the following:

 - What are the criteria for awarding contracts?
 - What are the WRITTEN code of standards of conduct for any employees involved in award/administration of contracts (EDGAR 80.36 (b)(3))?

- Equipment (EDGAR 200.313-314):
 - How does the LEA/Subgrantee define equipment?
 - What are the inventory/equipment procedures, including physical inventory policy (at least annually)?
 - How does the LEA/Subgrantee conduct sale and/or disposition of equipment, including highest possible return? (Must include a policy/procedure for equipment with a value greater than \$5,000, even if n/a to system)?
 - What are the policy/procedures for adequate maintenance of equipment?

- Compensation (EDGAR 200.430):
 - What is the policy and/or procedure for compensation that includes the following:
 - Compensation guides and contracts for certified personnel
 - Salary schedule approval (Board approved)
 - Differentiated Pay (Supplements/stipends, extended school year or after school)
 - Time and Effort
 - Board approval

- Records Retention and Access (EDGAR 200.303(e), 200.333):
 - What are the WRITTEN policies/procedures to document internal controls?
 - What policy/procedures safeguard personally identifiable information?
 - How does the policy/procedures address record retention for five (5) years?

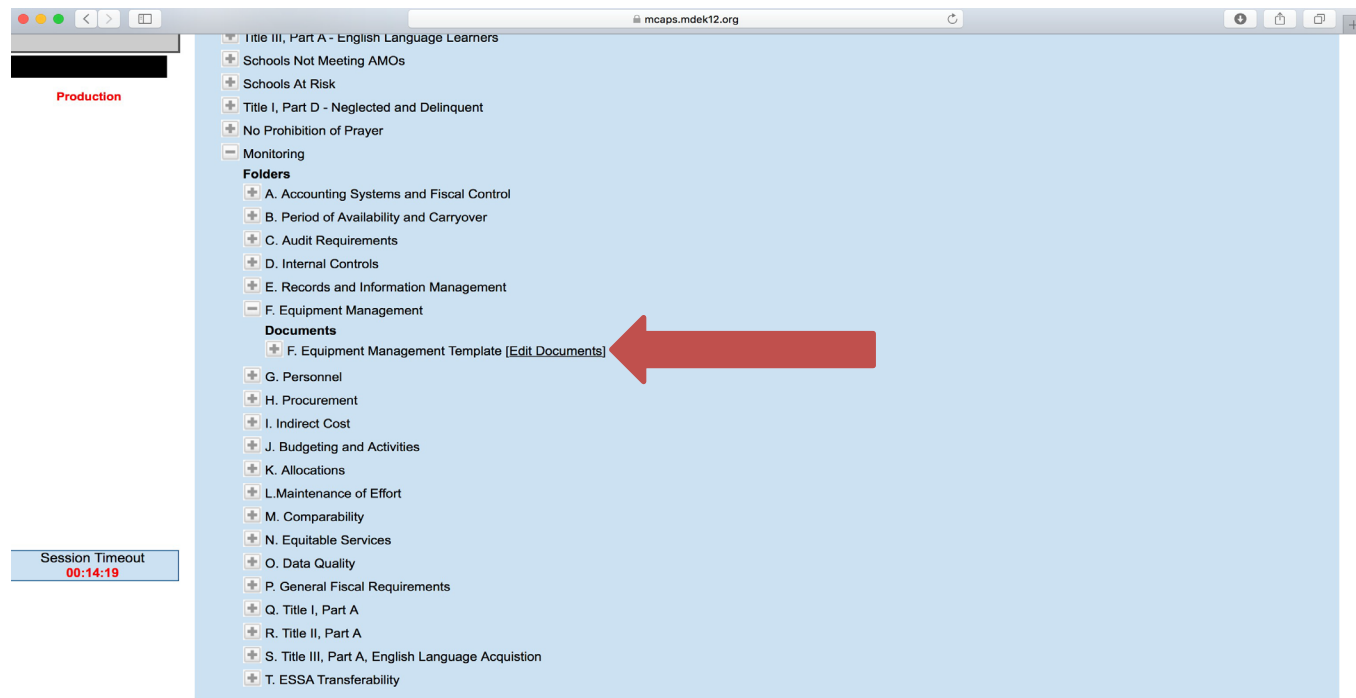

How to Upload Evidence of Implementation Documents

- The LEA will use MCAPS to upload monitoring documents in appropriate folders.
 - LEA Document Library → 2024 → Monitoring

- Select appropriate indicator folder to upload document.

Select “Edit Documents.”

Fiscal

In order to satisfy the requirements of indicators A, B, G, H and I, Q1, R1, U1, AA3, AA- 4, CC-1, EE-1, JJ-7, KK-1, LL-1, MM-1, MM-3, NN-14, OO-3, QQ-2, and RR-2 the following reports are necessary.

Required Documents for Indicator A

- Expenditure and Budget Reports, showing the amount allocated and amount expended through the specified period for the grant and funding year monitored, summarized by major object, and sorted by location. These reports will be compared with the MCAPS approved budget and your MCAPS draws.
 - In Marathon, this report may be run by
 - General Ledger/Reports/Expenditure Budget/Expenditure Budget List/Report Order by Major Object (separate report for each location)
 - In Integrity, this report may be run by
 - General Ledger/Reports/Expenditure Budget/Fund/Function/Major Object Detail (separate report for each location)
 - Other accounting systems should run reports to provide the requested information (separate report for each location)
- Generally, the reports should be for the Funding year monitored, for the period ending June 30 for each year of availability, and to include through the most recent completed month for current fiscal year, plus September 30 of the second funding year. Run a separate report for each location overall and cost pool.
 - For example, when monitoring the 2023 Funding year in March of 2024, reports would be required for June 30, 2023, September 30, 2023, and February 28, 2024.
- Journal History or other transaction reports to show debits (and credits) to every expenditure account and for any prior period adjustment credit for the specified period for the funding year monitored.
- July 1 through June 30 of each completed year, plus July 1 through end of last completed month in the current year

In Marathon, the report may be run by:

General Ledger/Reports/Journal/History Transaction
GLC 900 through 999
(and GLC 800 through 899 if any Prior Period Adjustments)

In Integrity, the report may be run by

General Ledger/Reports/Journals/Multiple Journals by Account
GLC 900 through 999
(and GLC 800-899 if any Prior Period Adjustments)

For example, the district uses Program Code 023 to indicate the 2023 Funding Year; Starting Account: 2211-900-0000-023-300-999 Ending Account: 2211-999-9999-023-999-999 (to omit salary and fringes from the history).

Other accounting systems should run reports to provide the requested information.

Required Documents from Indicator B

- Details of any items obligated, but not paid at the end of the 15th month (September 30 of 2nd year) to document that carry-over was met.

Required Documents from Indicator G

- Payroll reports showing the wages and fringes charged for the funding year monitored for employees paid with federal funds (payroll distribution report by local and federal).
- Chart of employees: list of all federally funded employees (Salary employees) that includes name, job title, location, funding source, and funding percentage (see example chart below).
- Once the monitoring team has had the opportunity to review these reports, additional information will be requested which may include, but is not limited to:
 - Contracts, Board Action, Wage Scales, PARs, Semi-Annuals, Job Descriptions, timesheets, or other documentation to match approved wages to payroll charges for selected employees/positions/charges.

Name	Job Title	Location	Funding Source	Funding Percentage
Harry Potter	Teacher	Hogwarts (012)	Title I	75%
Bella Swan	Federal Programs Director	Central Office	Cost Pool	100%
Peter Parker	Instructional Coach	Avengers High School (020)	Title I Title II	75% 25%

Required Documents for Indicator H- (will advise in 3-day document)

Procurement packets, including documentation of competition, detailing all elements pertaining to selected purchases.

- Requisition or request for purchase
- Proof of competitiveness, if applicable (i.e., 2nd quote)
- Purchase order
- Receipt of goods/services
- Invoice
- Evidence of payment

Travel

- Request and approval for travel
- Verification of attendance

RFP/Bids

- Proof of advertisement
- Copy of RFP
- Selection/justification of vendor

- Board approval, if applicable

Required Documents for Indicator I

- Details of calculation of all indirect cost charges

**Office of School Improvement (OSI) Fiscal and Programmatic Monitoring Tool
Comprehensive Support and Improvement (CSI), Targeted Support and Improvement
(TSI) and Additional Targeted Support and Improvement (ATSI) Schools**

The **Office of School Improvement Fiscal and Programmatic Monitoring Tool** is designed to meet the statutory requirements as outlined in both the Federal Register and the Federal Guidance for School Improvement Grants 1003. The Every Student Succeeds Act (ESSA), a federal law, requires that each state identify schools for support and improvement: Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI) and Additional Targeted Support and Improvement (ATSI).

The Office of School Improvement utilizes the following crosscutting fiscal indicators that are also utilized by the Office of Federal Programs:

Cross-Cutting Fiscal Indicators

- A. Accounting Systems and Fiscal Controls
- B. Period of Availability
- C. Audit Requirements
- D. Internal Controls
- E. Records and Information Management
- F. Equipment Management
- G. Personnel
- H. Procurement
- I. Indirect Cost
- J. Budget and Activities
- K. Allocations
- L. Maintenance of Effort (*N/A for School Improvement*)
- M. Comparability (*N/A for School Improvement*)
- N. Equitable Services (*N/A for School Improvement*)
- O. Data Quality

	Description: The LEA/Subgrantee may only charge a grant program for allowable costs incurred during the period of performance and any pre-award costs that have been authorized by the MDE. Unless the MDE authorizes an extension, the LEA/Subgrantee must liquidate all obligations incurred under the award not later than 90 calendar days after the end date of the first fiscal year. If the LEA fails to obligate all funds by the end of the award year, it can “carryover” the remaining funds for a period of one additional fiscal year (Title I – 15% Carryover Limit without a waiver). Any funds not obligated by the LEA/Subgrantee by the end of the carryover period must be returned by the MDE to the Federal government as an unobligated balance.					
	LEA Carryover					
B-1	The LEA has board policy and/or procedures in place to demonstrate the process for the following: <ul style="list-style-type: none"> ● ensuring that it meets the limitations on the amount of carryover funds or otherwise minimize the amount of funds it carries over into a subsequent fiscal year ● monitoring award balances during the fiscal year ● planning for carryover funds, when applicable, for the subsequent fiscal year ● clearly capturing the separate fiscal year funding ● ensuring that carryover funds are prioritized over the use of current years funds. 	<input type="checkbox"/> Board Policy # _ <input type="checkbox"/> Procedures Pg. # _			<input checked="" type="checkbox"/> MCAPS Carryover Document <input type="checkbox"/> LEA/Subgrantee policy and/or procedures uploaded to MCAPS <input type="checkbox"/> Evidence of implementation (On-site)

Annex I

Accreditation Standards and the School Safety Plan

The School Safety Plan is essentially the foundation the school uses to maintain a safe and secure educational environment. The existence of a comprehensive school safety plan is a generally accepted standard of school safety as well as a mandatory requirement of Section 37 -3 -83, Mississippi Code of 1972, Annotated, and Mississippi Public School Accountability Standards (process standard # 37). Specific accreditation standards for school safety include:

1. The school must have a crisis response plan that at a minimum includes specific staff response protocols for: (Crisis Plan Review)
 - a. Fire
 - b. Bomb Threat/Explosion
 - c. Tornado/Hurricane/Inclement Weather
 - d. Armed/Unarmed Intruder
 - e. Earthquake
 - f. Interior/Exterior Hazardous Materials
 - g. Threats unique to the geographical location of the school.
2. Staff members must be familiar with the crisis response plan. (Staff Interviews)
3. Drills must be documented in accordance with the following schedule: (Drill File)
 - a. Fire Drills-Monthly
 - b. Tornado Drills-twice per year
 - c. Lockdown/Intruder-twice per year
4. The school must have a family reunification point designated. (Crisis Plan)
5. The school must be compliant with all pertinent Mississippi Codes: (District Policy and Procedure manual Review)
 - a. 37-11-53-Dissemination of the Student Code of Conduct.
 - b. Must possess **and enforce** the Student Disciplinary Plan.

- c. Must report all crimes in accordance with the provisions of 37-11-29.
- d. Must have a restraint policy in accordance with Appendix VI of this manual..
- e. Must have a search policy for students, personal property, and vehicles.
- f. Must have an enforced visitor control procedure.
- g. School Safety Personnel:
 - 1. SROs and SSOs are certified by MDE within 2 years of appointment.
 - 2. All school safety personnel must be supervised by the superintendent or their designee excluding principals.
 - 3. SROs must be certified full time police officers.
 - 4. SROs must be armed and deployed in accordance with generally accepted standards of police practice. They must qualify with firearms bi annually.
 - 5. All school safety personnel must receive a minimum of 40 hours service training as approved by MDE each year.

Annex II

SEC. 37-11-53. School district discipline plans; appearance by parents, guardians or custodians at discipline conferences; recovery from parents for damage or destruction of school property.

(1) A copy of the school district's discipline plan shall be distributed to each student enrolled in the district, and the parents, guardian or custodian of such student shall sign a statement verifying that they have been given notice of the discipline policies of their respective school district. The school board shall have its official discipline plan and code of student conduct legally audited on an annual basis to insure that its policies and procedures are currently in compliance with applicable statutes, case law and state and federal constitutional provisions. As part of the first legal audit occurring after July 1, 2001, the provisions of this section, Section 37-11-55 and Section 6 of Senate Bill No. 2239, 2001 Regular Session, shall be fully incorporated into the school district's discipline plan and code of student conduct.

(2) All discipline plans of school districts shall include, but are not limited to the following:

(a) A parent, guardian or custodian of a compulsory-school-age child enrolled in a public school district shall be responsible financially for his or her minor child's destructive acts against school property or persons;

(b) A parent, guardian or custodian of a compulsory-school-age child enrolled in a public school district may be requested to appear at school by the school attendance officer or an appropriate school official for a conference regarding acts of the child specified in paragraph (a) of this subsection, or for any other discipline conference regarding the acts of the child;

(c) Any parent, guardian or custodian of a compulsory-school-age child enrolled in a school district who refuses or willfully fails to attend such discipline conference specified in paragraph (b) of this section may be summoned by proper notification by the superintendent of schools or the school attendance officer and be required to attend such discipline conference; and

(d) A parent, guardian or custodian of a compulsory-school-age child enrolled in a public school district shall be responsible for any criminal fines brought against such student for unlawful activity * * * occurring on school grounds or buses.

(3) Any parent, guardian or custodian of a compulsory-school-age child who (a) fails to attend a discipline conference to which such parent, guardian or custodian has been summoned under the provisions of this section, or

(a) refuses or willfully fails to perform any other duties imposed upon him or her under the provisions of this section, shall be guilty of a misdemeanor and, upon conviction, shall be fined not to exceed Two Hundred Fifty Dollars (\$250.00).

(4) Any public school district shall be entitled to recover damages in an amount not to exceed Twenty Thousand Dollars (\$ 20,000.00), plus necessary court costs, from the parents of any minor under the age of eighteen (18) years and over the age of six (6) years, who maliciously and willfully damages or destroys property belongs to such school district. However, this section shall not apply to parents whose parental control of such child has been removed by court order or decree. The action authorized in this section shall be in addition to all other actions which the school district is entitled to maintain and nothing in this section shall preclude recovery in a greater amount from the minor or from a

person, including the parents, for damages to which such minor or other person would otherwise be liable.

(5) A school district's discipline plan may provide that as an alternative to suspension, a student may remain in school by having the parent, guardian, or custodian, with the consent of the student's teacher or teachers, attend class with the student for a period of time specifically agreed upon by the reporting teacher and school principal. If the parent, guardian, or custodian does not agree to attend class with the student or fails to attend class with the student, the student shall be suspended in accordance with the code of student conduct and discipline policies of the school district.

TRANSLATION: The district's discipline plan must be disseminated to all students and parents and parents must sign a statement of receipt. Annually, the school board shall have the discipline plan and code of conduct legally audited. Parents may be legally compelled to attend disciplinary conferences related to their financial responsibility for their child's destructive acts against school property or persons. The district may allow parents to attend class with the student as an alternative to suspension.

Annex III

SEC. 37-9-69. General duties of superintendents, principals, and teachers.

It shall be the duty of each superintendent, principal, and teacher in the public schools of this state to enforce in the schools the courses of study prescribed by law or by the state board of education, to comply with the law in distribution and use of free textbooks, and to observe and enforce the statutes, rules and regulations prescribed for the operation of schools. Such superintendents, principals and teachers shall hold the pupils to strict account for disorderly conduct at school, on the way to and from school, on the playgrounds, and during recess.

TRANSLATION: The above personnel are required by law to observe and strictly enforce statutes, rules and regulations regarding schools to include school safety on school buses, playgrounds and breaks.

Annex IV

SEC. 37-11-29. Reporting of unlawful activity or violent act on educational property or during school related activity; authority of law enforcement officers; reporting of disposition of charges against student; liability of school personnel participating in reporting.

(1) Any principal, teacher or other school employee who has knowledge of any unlawful activity which occurred on educational property or during a school related activity or which may have occurred shall report such activity to the superintendent of the school district or his designee who shall notify the appropriate law enforcement officials as required by this section. In the event of an emergency or if the superintendent or his designee is unavailable, any principal may make a report required under this subsection.

(2) Whenever any person who shall be an enrolled student in any school or educational institution in this state supported in whole or in part by public funds, or who shall be an enrolled student in any private school or educational institution, is arrested for, and lawfully charged with, the commission of any crime and convicted upon the charge for which he was arrested, or convicted of any crime charged against him after his arrest and before trial, the office or law enforcement department of which the arresting officer is a member, and the justice court judge and any circuit judge or court before whom such student is tried upon said charge or charges, shall make or cause to be made a report thereof to the superintendent or the president or chancellor, as the case may be, of the school district or other educational institution in which such student is enrolled.

If the charge upon which such student was arrested, or any other charges preferred against him are dismissed or nol prossed, or if upon trial he is either convicted or acquitted of such charge or charges, same shall be reported to said respective superintendent or president, or chancellor, as the case may be. A copy of said report shall be sent to the Secretary of The Board of Trustees of State Institutions of Higher Learning of the State of Mississippi, at Jackson, Mississippi.

Said report shall be made within one (1) week after the arrest of such student and within one (1) week after any charge placed against him is dismissed or nol prossed, and within one (1) week after he shall have pled guilty, been convicted, or have been acquitted by trial upon any charge placed against him. This section shall not apply to ordinary traffic violations involving a penalty of less than Fifty Dollars (\$50.00) and costs.

(3) When the superintendent or his designee has a reasonable belief that an act has occurred on educational property or during a school related activity involving any of the offenses set forth in subsection (6) of this section, the superintendent or his designee shall immediately report the act to the appropriate local law enforcement agency. For purposes of this subsection, "school property" shall include any public-school building, bus, public school campus, grounds, recreational area or athletic field in the charge of the superintendent. The State Board of Education shall prescribe a form for making reports required under this subsection. Any superintendent or his designee who fails to make a report required by this section shall be subject to the penalties provided in Section 37-11-15.

(4) The law enforcement authority shall immediately dispatch an officer to the educational institution and with probable cause the officer is authorized to make an arrest if necessary, as provided in Section 9-3-7.

(5) Any superintendent, principal, teacher, or other school personnel participating in the making of a required report pursuant to this section or participating in any judicial proceeding resulting therefrom shall be presumed to be acting in good faith. Any person reporting in good faith shall be immune from any civil liability that might otherwise be incurred or imposed.

(6) For purposes of this section, “unlawful activity” means any of the following:

- (a) Possession or use of a deadly weapon, as defined in Section 97-37-1;
- (b) Possession, sale or use of any controlled substance;
- (c) Aggravated assault, as defined in Section 97-3-7;
- (d) Simple assault, as defined in Section 97-3-7, upon any school employee;
- (e) Rape, as defined under Mississippi law;
- (f) Sexual battery, as defined under Mississippi law;
- (g) Murder, as defined under Mississippi law;
- (h) Kidnapping, as defined under Mississippi law; or
- (i) Fondling, touching, handling, etc., a child for lustful purposes, as defined in Section 97-5-23.

TRANSLATION: In accordance with AG opinion 97-0739 (See Appendix VII), all crimes committed on campus must be reported under this statute. When any school employee has knowledge of one of the above crimes committed on campus it must be reported and the superintendent is required to notify law enforcement authorities. Notification of MDE is mandatory as it is acting in behalf of the Board of Education. This statute covers policies regarding mandatory referral of violent crimes to law enforcement. It is not within authority of administrators to refrain from reporting these crimes and only handle matters administratively. Upon noting a violation of this statute, MDE notifies the AG for ultimate prosecution. This carries a penalty of a \$1000 fine per occurrence as well as other sanctions as may be sought by the Attorney General for noncompliance.

Annex V

SEC. 37-7-321. Employment and designation of peace officer;

The school board of any school district within the State of Mississippi, in its discretion, may employ one or more persons as security personnel and may designate such persons as peace officers in or on any property operated for school purposes by such board upon their taking such oath and making such bond as required of a constable of the county in which the school district is situated.

Any person employed by a school board as a security guard or school resource officer or in any other position that has the powers of a peace officer must receive a minimum level of basic law enforcement training, as jointly determined, and prescribed by the Board on Law Enforcement Officer Standards and Training and the State Board of Education, within two (2) years of the person's initial employment in such position. Upon the failure of any person employed in such position to receive the required training within the designated time, the person may not exercise the powers of a peace officer in or on the property of the school district.

The school board is authorized and empowered, in its discretion, and subject to the approval of the Federal Communications Commission, to install and operate a noncommercial radio broadcasting and transmission station for educational and vocational educational purposes.

TRANSLATION: The local school board has the authority to commission its own law enforcement officer subject to bonding at the constable level and training proscribed by the Board of Law Enforcement Training and Standards (BLETS) and MDE.

This officer may be an SRO with a Police Officer Certification (qualified to work full time for any law enforcement agency with MDE Basic Training), or a Campus Enforcement Officer (Reserve Police Officer). MDE does not provide professional training for School Enforcement Officers. It does, however, provide professional training for SROs and SSOs.

The school district may commission its own law enforcement personnel. The two law enforcement classifications available to the district are the School Resource Officer who meets the requirements as specified in the Appendix V and the Campus Enforcement Officer, who meets the requirements specified. The MDE and the Board of Law Enforcement Standards and Training jointly establish the minimum training standards for these officers. Recommended training standards and definitions are established by the Board of Education.

Annex VI

§ 37-3-82. Mississippi Community Oriented Policing Services in Schools grant program established; purpose; use of funds

(1) There is hereby established the Mississippi Community Oriented Policing Services in Schools (MCOPS) grant program in the State Department of Education to provide funding, pursuant to specific appropriation by the Legislature therefor, to assist law enforcement agencies in providing additional School Resource Officers to engage in community policing in and around primary and secondary schools. The MCOPS program shall authorize the State Department of Education to make grants to increase deployment of law enforcement officers in order (a) to increase or enhance community policing in this state, (b) that trained, sworn enforcement officers assigned to schools play an integral part in the development and/or enhancement of a comprehensive school safety plan, and (c) that the presence of these officers shall provide schools with a direct link to local law enforcement agencies.

(2) The MCOPS program shall meet the following requirements and standards:

(a) This program shall provide an incentive for law enforcement agencies to build collaborative partnerships with the school community and to use community policing efforts to combat school violence and implement educational programs to improve student and school safety.

(b) The additional School Resource Officers must devote at least seventy-five percent (75%) of their time to work in and around primary and secondary schools, in addition to the time that School Resource Officers are devoting in the absence of the MCOPS in Schools grant.

(c) The MCOPS in Schools program shall provide a maximum state contribution of up to Ten Thousand Dollars (\$ 10,000.00) per officer position over the one-year grant period, to be matched from local funds on a 50/50 matching basis. Officers paid with MCOPS funds may be employed by the local law enforcement agency or by the local school district. MCOPS funds may be used to pay for entry-level salaries and benefits of newly trained additional School Resource Officers and may be used to pay the salaries and benefits of School Resource Officers employed prior to July 1, 2013. All jurisdictions that apply must demonstrate that they have primary law enforcement authority over the school(s) identified in their application and demonstrate their inability to implement this project without state assistance. Schools or law enforcement agencies may not reduce its overall federal, state, locally funded level of sworn officers (including other School Resource Officers or other sworn officers assigned to the schools) as a result of applying for or receiving MCOPS in Schools grant funding. MCOPS in Schools funding may be used to rehire sworn officers previously employed who have been laid off for financial reasons unrelated to the availability of the MCOPS in Schools grant but must obtain prior written approval from the State Department of Education.

(d) School Resource Officers (SROs) may serve in a variety of roles, including, but not limited to, that of a law enforcement officer/safety specialist, law-related educator, and problem-solver/community liaison. These officers may teach programs such as crime prevention, substance abuse prevention, and gang resistance as well as monitor and assist troubled students through mentoring programs. The School Resource Officer(s) may also identify physical changes in the environment that may reduce crime in and around the schools, as well as assist in developing school policies which address criminal activity and school safety. The application must also include a Memorandum of Understanding (MOU), signed by the law enforcement executive and the appropriate school official(s), to document the roles and responsibilities to be undertaken by the law enforcement agency and the educational school partner(s) through this collaborative effort. The application must also include a Narrative Addendum to document that the School Resource Officer(s) will be assigned to work in and around primary or secondary schools and provide supporting documentation in the following areas: problem identification and justification, community policing strategies to be used by the officers, quality, and level of commitment to the effort, and the link to community policing.

(e) All agencies receiving awards through the MCOPS in Schools program are required to send the School Resource Officer position(s) funded by this grant, to the Mississippi Law Enforcement Officers' Training Academy where they shall be required to participate in training through the Advanced Law Enforcement Rapid Response Training Program at the academy, with the cost to be defrayed from the MCOPS program. The MCOPS Office of the State Department of Education will reimburse grantees for training, per diem, travel, and lodging costs for attendance of required participants up to a maximum of One Thousand Two Hundred Dollars (\$ 1,200.00) per person attending. Applicants receiving an MCOPS in Schools grant, will receive additional training information following notification of the grant award. The MCOPS in Schools training requirement must be completed prior to the end of twelve-month grant funding for officer positions.

(f) The State Department of Education shall promulgate rules and regulations prescribing procedures for the application, expenditure requirements and the administration of the Mississippi Community Oriented Policing Services in Schools (MCOPS) program established in this section and shall make a report on the implementation of the MCOPS program with any recommendations to the 2014 Regular Session of the Legislature.
