

Hollandale School District Safe Return to School Plan

Academics

Instruction will be done synchronously for hybrid, virtual, or in person learning in the Hollandale School District.

The HSD's plan for safely scheduling face- to- face instruction when school opens revolves around utilizing CDC and local government recommendations regarding handwashing, social distancing, and facemasks. The content that will be prioritized are the essential skills needed at each grade level. Students will have access and an opportunity to participate in accelerated learning opportunities and tutorial and remedial opportunities in school and after school.

Instruction will be done synchronously for hybrid, or virtual learning in the Hollandale School District. The district will use Canvas and/or Google Suite to manage assignment, student calendars, course content and other course content.

Student academic progress will be monitored through an established system of data analysis. This system includes regular benchmark assessments with IREADY, regular drop in visits from administrators virtually and in person, as well the use of status to track discipline and attendance data. The HSD will continuously monitor data and adjust accordingly. The HSD will take care to provide the best instructional support available to students with medical conditions.

ACADEMICS: ASSESSMENTS

1. BOY MOY Comprehension diagnostic Assessment iReady
2. Monthly:K-8th progress monitoring using iReady
3. Biweekly in-class assessments
4. Benchmark 9 Weeks assessment Case 21st Writing
5. Semester Exams with writing prompts

Administrators make it standard practice to schedule drop-in visits virtually and in person to provide feedback and support to teachers using school status.

THE HSD will gather info from staff through interviews , surveys, and questionnaires.

OPERATIONS

Students are expected to arrive at their regularly scheduled time. As they enter the school and proceed to classrooms, their temperature will be checked and a series of questions will be asked prior to them gaining admission into the classroom. The students will also receive hand sanitizer and be required to wash hands regularly and maintain the necessary distance from each other. Students will be staggered, maintaining distance from each other as they enter and exit the building.

The HSD will safely transport students exercising social distancing and sanitizing recommendations. The students will be staggered and distanced as they enter and exit the school building. All buses will be sanitized and cleaned daily as well as students will sanitize their hands entering and exiting. Students will be assigned seats to maintain proper social distance. The Hollandale School District strongly encourages parents to pick transport students to school. This will relieve the need for additional routes and provide parents with a level of security that is not available on buses

Transportation

1. Temperature Screenings are required for entry on bus
2. Bus drivers and bus monitors must have on face mask
3. Face coverings are required for students to ride district transportation
4. For ventilation purposes, all windows will remain open at all times
5. To ensure social distancing, we will run multiple routes

Meals

1. Student breakfasts will be "Grab and Go" meals that students will take to the classroom.
2. Lunch will be served in the classrooms lunch
3. Students will be able to wash hands before and after lunch.
4. Contactless point of sales-no use of pin pads.
5. Contactless meal service trash pick-up

Family and Community Support

The HSD will make every effort to accommodate and communicate effectively and efficiently with parents to provide academic support. Teachers ensure that they provide quality instruction inside the classroom that is inclusive of supplemental instruction, small group direct instruction, and remediation. Teachers will also be available for tutoring after school and virtually. The district will gather feedback from diverse student groups through interviews, questionnaires, and surveys virtually.

Communications

The district will communicate through school status, messaging systems, social media, and school district website. To ensure a coordinated message all communications will be given first to immediate supervisor and then coordinated through the HSD communications designee as determined by superintendent of education.

HEALTH AND SAFETY

1. One visitor entrance location
2. All students must wear masks and/or face shields
3. Visitor will not be granted entry into the building, unless escorted by school principal

4. Seats will be arranged 3-6 feet apart
5. Teacher and assistants will be required to wear masks
6. No sharing of supplies
7. Classes will be sanitized between uses
8. Students temperature will be checked

16. How will the district address the social, emotional, mental health, and other needs of students and staff?

The HSD addresses the social, and mental health needs of students and staff by providing access to counseling services, nurses, and consultants as needed. Character education and the proper social interaction is taught in the regular curriculum as well by certified teachers in various subjects. Adjustments will be made to address the ever evolving needs of students as needed.

THE HSD will provide teachers the opportunity to open windows in their classrooms and will invest in high quality air filters that will maintain good quality air to breathe and work in classrooms. All staff are required to wear masks to reduce the contamination of air quality as well.

All daily screenings will take place at school, within the school setting, we do ask that if the students are exhibiting symptoms of illness that the parents take care to have them evaluated by their local health provider, before sending them to school. All students and staff will conduct temperature checks upon arriving at school. Face coverings are required for students to ride district transportation. Adult staff will be required to wear masks as well. All age groups and grade levels are required to wear masks.

Cleaning

- Buildings, classrooms, and common areas- sanitized and cleaned daily as needed.
- Food and nutritional service areas- sanitized and cleaned daily as needed.
- Transportation (buses, service areas, and equipment) sanitized and cleaned daily (2x)
- Areas associated with co curricular or extracurricular events sanitized and cleaned daily.

Health Conditions

The district will rely on the nursing department and administrative personnel to identify those with underlying health conditions and provide accommodations and support as needed via virtual or remote learning. The nursing department and the designees as appointed and directed by the superintendent which may include a district health task force as well. For outside activities, The HSD plans to ensure the safety of students, staff and spectators by requiring that they abide by district protocols regarding: capacity at extracurricular events, entering and exiting facilities, face masks, social distancing, sanitizing and handwashing and other established guidelines.

Technology Mitigation Strategies

1. Computers are available for student checkout by school
2. Mifi devices provided on an as needed basis
3. Wifi access on all buses
4. Virtual Learning in case there is a school closure
5. Enhanced monitoring and tracking to protect students and devices

All staff will be surveyed, interviewed, and issued a questionnaire to assess their learning needs and strengths. Professional development will be available based on the results of these surveys, interviews and questionnaires.
