1. POLICY STATEMENT

While previous informal telework assignments for MDE employees were implemented in response to the requirements of Executive Order 1458 concerning the March 14, 2020 state of emergency declaration, this policy is created to ensure effective internal controls and consistency for Mississippi Department of Education (MDE) employees assigned to telework at an approved alternative worksite. This policy is also applicable to employees assigned to telework in non-emergency/pandemic circumstances.

2. PURPOSE

2.1. Teleworking is an assignment that allows eligible MDE employees to work in a designated area outside the office.

2.2. Teleworking can enable MDE to continue operations during a declared state of emergency, including a pandemic event, when employee contact and access to the workplace should be minimized. The benefits related to teleworking in non-emergency circumstances include assisting in recruiting and retaining highly qualified employees. The flexibility teleworking provides to eligible staff can be a positive addition to the work environment and to the department.

2.3. Teleworking benefits to employees, departments and the community can include:

2.3.1. Ability to function when the regular worksite is inaccessible;

2.3.2. Continuity of operations;

2.3.3. Efficient use of agency resources, including office space;

2.3.4. Recruitment and retention of highly qualified employees;

2.3.5. Greater flexibility for employees and departments.

3. SCOPE

This policy applies to all agency offices, departments, divisions, and employees. The scope of implementing this policy will be directed by the superintendent and communicated through the department directors and/or their designee.
4. **POLICY DETAILS**

4.1. Teleworking is a privilege and this policy does not create an expectation of any right to telework. An employee’s telework status may be revised at the sole discretion of the agency. All agency employees who telework shall have an approved telework assignment under this policy. An agency department may have additional telework requirements, guidelines, or procedures, provided they are consistent with the intent of this policy.

4.2. Teleworking does not change the job duties, obligations, responsibilities, or terms and conditions of agency employment. Teleworking employees must comply with all agency rules, policies, practices, and instructions. Department directors or their designee shall continually assess whether an employee’s telework assignment is effective and accomplishing the responsibilities and mission of the department.

4.3. A teleworking employee shall perform work during scheduled teleworking hours. Employees may not engage in activities while teleworking that would not be permitted at the regular worksite. Teleworking employees may take care of personal business during unpaid lunch periods, as they would at the regular worksite, or request accrued leave.

4.4. An employee approved to telework may request to modify a telework assignment, but any modification to the assignment is at the sole discretion of the department director and/or his or her designee. If notified that an employee’s telework assignment has been terminated, the employee shall comply with applicable directives concerning reporting to the workplace.

4.5. A telework assignment is intended to be cost neutral. The agency is not required to provide teleworking employees with materials or supplies needed to establish an alternate worksite (i.e., desk, chair, computer, software, cell phone, fax, copier, etc.), and assumes no responsibility for set-up or operating costs at an alternate worksite (i.e., telephone, internet services, etc.).

4.6. Department directors or their designee have the discretion to provide equipment, software, or supplies, or allow employees to use their personal devices and equipment while teleworking.

4.7. Department directors or their designee providing equipment, software, or other supplies to teleworking employees must reasonably allocate those resources based on operational and workload needs.

4.8. The agency will not reimburse employees for the costs of using personal equipment while teleworking.
4. POLICY DETAILS (continued)

4.9. All agency policies, procedures and rules apply while an employee is teleworking, including policies and procedures regarding the use of computers, security standards and the Internet, regardless of whether the employee is using agency provided or personal equipment.
