OFFICE OF ACCREDITATION

40. Approval of an Accredited Status for Millcreek Schools, Inc. - Magee

Based on nonpublic school accreditation policy 2.3, the State Board of Education approved an extended Accredited Temporary status for Millcreek Schools, Inc. in Magee on July 14, 2011. Before an Accredited status is granted, a newly applying school must be fully operational and substantiate compliance with all nonpublic school accreditation requirements. Compliance with all applicable accreditation standards for nonpublic schools has been verified for Millcreek Schools, Inc. - Magee.

Millcreek Schools, Inc. - Magee is a residential treatment program currently serving elementary and secondary students who are experiencing emotional and/or behavioral problems. Students are placed by local public school districts that do not have appropriate services for these students and may be placed by the Department of Human Services. To address their academic needs and prepare students to successfully return to their local schools, students receive specialized programming that is coordinated with the Mississippi Frameworks. The school is currently staffed with one principal, eight full-time therapists, twenty-one special education teachers, 12 nurses, and 64 educational assistants. Currently, two hundred thirty-five students are enrolled.
