(Has cleared the Administrative Procedures Act process with no public comment)

Background Information:

Educational Testing Service (ETS) has concluded a multistate standard-setting study of the Praxis Middle School Mathematics (5169).

On May 3, 2013, the Commission on Teacher and Administrator Education, Certification and Licensure and Development (the Commission) approved the recommendation to accept the regenerated Praxis II test (5169) with a recommended passing score of 165.

In September, 2013, ETS will replace the current test (0069/5069) for the middle school mathematics grades 7-8 license, endorsement code 901, with the regenerated test.

All Praxis scores submitted to the State Board of Education for approval reflect passing scores recommended by the multistate standard-setting panel.
