Summary of State Board of Education Items
January 16-17, 2014

OFFICE OF EDUCATOR LICENSURE

22. Approval of request from Delta State University to modify its Elementary Education program and offer a Secondary Mathematics Supplemental Endorsement as recommended by the Commission on Teacher and Administrator Education, Certification and Licensure and Development
- A. Approve the request to modify the Elementary Education program as recommended by the Commission on Teacher and Administrator Education, Certification and Licensure and Development
- B. Approve the request for a secondary mathematics supplemental endorsement program as recommended by the Commission on Teacher and Administrator Education, Certification and Licensure and Development

Background Information:

Delta State University (DSU) proposes to modify its elementary education program by removing MUS 320: Musical Skills and Concepts for Children. In addition, DSU proposes to offer a secondary mathematics supplemental endorsement program in addition to its current initial certification programs.

The Commission on Teacher and Administrator Education, Certification and Licensure and Development approved the request on November 8, 2013.

Recommendation: Approval
