OFFICE OF CAREER AND TECHNICAL EDUCATION

16. Approval to award competitive grants for 21st Century Engineering Enhancement Programs

Purpose: These funds will allow school districts to offer Engineering courses to ensure that students are prepared from both an academic and an applied standpoint to pursue careers in the Engineering field. Due to the current demand and lack of students entering Engineering courses, there is a significant projected shortage of workers entering this job sector. As a result, these funds will be used to enhance 21st Century technology, math, and science skills in Robotics/Engineering courses in an effort to attract and prepare more students to enter higher education and the workforce in engineering. Funds awarded for this grant will be used to equip Robotics and Engineering labs.

Scope of Grant:

- Grant Period: July 1, 2014 – June 30, 2015
- Award Amount: \$991,298
- Method of Award: Request for Applications

Funding Source: State funds

Summary of Selection Process:

A competitive grant selection process was utilized to award the grants.

Scoring Criteria:

- A. Project Description
- B. Assurances
- C. Facility Readiness
- D. Collaboration & Support
- E. Budget

Recommendation: Approval
