OFFICE OF STUDENT ASSESSMENT

07. Report on the Statewide Kindergarten Readiness Spring results
[Goal 3 – MDE Strategic Plan]

The State Board of Education approved the Mississippi K-3 Assessment Support System (MKAS²) on January 17, 2014. One of the components of the system is a statewide Kindergarten Readiness Assessment as required in MS Code 37-21-11. The approved Kindergarten Readiness Assessment is designed to measure the readiness skills of students entering kindergarten and pre-kindergarten students exiting state and federally funded programs. This assessment identifies each student's individual needs while enabling teachers to make informed instructional decisions. The assessment data collected will be used to expand professional development for teachers, improve the quality of classroom instruction, and determine interventions and services that students need to be successful in school.

This item references Goal 3 of the *Mississippi Board of Education 2016-2020 Strategic Plan*.
