STATE SUPERINTENDENT OF EDUCATION

01. Information: Progress on the Mississippi Board of Education's 5-year Strategic Plan for 2016-2020

Executive Summary

In December 2014, the Mississippi State Board of Education and State Superintendent of Education, Dr. Carey Wright, completed a set of goals and strategies for improving education in Mississippi and to guide the work of the Mississippi Department of Education. The result of this work is the Mississippi Board of Education's 5-Year Strategic Plan for 2016-2020.

The Board's Strategic Plan has five goals:

1. All students are proficient and show growth in all assessed areas
2. Every student graduates from high school and is ready for college and career
3. Every child has access to a high-quality early childhood education program
4. Every school has effective teachers and leaders
5. Every community effectively uses a world-class data system to improve student outcomes.

The purpose of this presentation is to provide an update on the progress of the Board's Strategic Plan.
