OFFICE OF STUDENT ASSESSMENT

02.   Information: Spring 2018 Kindergarten Readiness Assessment results [Goals 1 and 2 – MBE Strategic Plan]

Background Information: The State Board of Education approved the Mississippi K-3 Assessment Support System (MKAS2) on January 17, 2014. One of the components of the system is a statewide Kindergarten Readiness Assessment as required in Mississippi Code Annotated § 37-21-11. The approved Kindergarten Readiness Assessment is designed to measure the readiness skills of students entering kindergarten and pre-kindergarten students exiting state and federally funded programs. This report includes a 3-year comparison for students enrolled in three programs:

- Early Learning Collaboratives
- Other Funded Public Pre-kindergarten (Title I, self-contained special education, and other school district pre-kindergarten programs)
- Public Kindergarten

This assessment identifies each student's individual needs while enabling teachers to make informed instructional decisions. The assessment data collected will be used to expand professional development for teachers, improve the quality of classroom instruction and determine interventions and services that students need to be successful.

This item references Goals 1 and 2 of the *Mississippi Board of Education 2016-2020 Strategic Plan.*

Scale Score Explanation and Pre-Kindergarten Readiness Performance Levels

The Kindergarten Readiness Assessment will provide parents, teachers, and early childhood providers with a common understanding of what children know and are able to do upon entering school. The primary purpose of the Kindergarten Readiness Assessment is to improve the quality of classroom instruction for students based on each student's individual strengths and weaknesses. *STAR Early Literacy* developed by Renaissance Learning, Inc. is the assessment administered to provide educators with this information.

498 Cut Score Explanation (Public Pre-K)

To ensure providers are preparing students for Kindergarten, the Early Learning Collaborative Act of 2013 required the Mississippi Department of Education to adopt a minimum rate of readiness that each pre-kindergarten provider participating in a Collaborative must meet to remain eligible for funding. Mississippi committee members reviewed the Reading Proficiency Indicators and determine that a scaled score of 498 (within the Early Emergent Reader classification) should be the literacy readiness score recommended for students at the end of pre-kindergarten. Students with a score of 498 at the end of pre-kindergarten have mastered 70% of the early literacy skills needed. These students are on track to earn a 530 at the beginning of kindergarten and to meet end of grade 3 reading expectations.

It is important to recognize that children do not progress at the same rate and each stage of development is affected by the preceding types of development. Social and emotional development, interaction between parents and caretakers, environmental elements and learning exposure contribute to continued growth after a child exits the pre-kindergarten program, therefore it is expected that students will continue to grow over the summer.

In order to achieve mastery of the Mississippi State Standards, students are expected to score a 530 or above at the beginning of kindergarten. Students with a 530 or above are typically ready to learn the early literacy skills expected of kindergarteners. Based on extensive research conducted by Renaissance Learning, 85% of students scoring 530 or higher at the beginning of kindergarten are proficient in reading at the end of grade 3. Students with a score below 530 usually need additional help. For more information on reading proficiency indicators based on Renaissance assessments, please visit
https://resources.renlearnrp.com/us/learningprogressions/g3readingindcpr.pdf.

It is important not to focus on one score to determine if a student is ready for kindergarten. There are many important skills that indicate a student's readiness for kindergarten, in addition to literacy skills, such as social and emotional development, physical development and health, language development, and creative arts expression.

STAR Early Literacy Achievement Standards		
Performance Level	**Scale Score Range**	**Descriptors**
Early Emergent Reader	300-487	Student is beginning to understand that printed text has meaning. The student is learning that reading involves printed words and sentences, and that print flows from left to right and from the top to the bottom of the page. The student is also beginning to identify colors, shapes, numbers, and letters.
Late Emergent Reader	488-674	Student can identify most of the letters of the alphabet and can match most of the letters to their sounds. The student is also beginning to "read" picture books and familiar words around the home. Through repeated reading of favorite books with an adult, students at this stage are building their vocabularies, listening skills, and understandings of print.
Transitional Reader	675-774	Student has mastered alphabet skills and letter-sound relationships. The student can identify many beginning and ending consonant sounds and long and short vowel sounds and is probably able to blend sounds and word parts to read simple words. The student is also likely using a variety of strategies to figure out words, such as pictures, story patterns, and phonics.
Probable Reader	775-900	Student is becoming proficient at recognizing many words, both in and out of context. The student spends less time identifying and sounding out words, and more time understanding what was read. Probable readers can blend sounds and word parts to read words and sentences more quickly, smoothly, and independently than students in the other stages of development.

The following data reflect scores from the ten Early Learning Collaboratives, as well as scores from other four-year-old classrooms, including Title I, self-contained special education, and other school district pre-K programs.

The Kindergarten Readiness Assessment will provide parents, teachers, and early childhood providers with a common understanding of what children know and are able to do upon entering school. The primary purpose of the Kindergarten Readiness Assessment is to improve the quality of classroom instruction and other services provided to students from birth to 3rd grade. *STAR Early Literacy* developed by Renaissance Learning, Inc. is the assessment administered to provide educators with this information.

530 Cut Score Explanation

Seventy percent mastery of knowledge and skills in early literacy and numeracy at the beginning of kindergarten was selected as the level of mastery for the kindergarten readiness benchmark. Data shows it provides both a measurable distinction between Pre-K and kindergarten skills on *STAR Early Literacy* and a strong prediction of proficiency as measured by *STAR Reading* in Grade 3. The minimum beginning-of-year kindergarten scale score associated with 70% mastery is 530. This score was identified to be the beginning-of-year kindergarten readiness benchmark (Renaissance Learning 2014). Based on extensive research, 85% of students scoring 530 or higher at the beginning of kindergarten are proficient in reading at the end of grade 3. A spring scale score of 681 places students on a trajectory to meet end of grade 3 reading expectations. For more information on reading proficiency indicators based on Renaissance assessments, please visit https://resources.renlearnrp.com/us/learningprogressions/g3readingindcpr.pdf.

STAR Early Literacy Achievement Standards		
Performance Level	**Scale Score Range**	**Descriptors**
Early Emergent Reader	300-487	Student is beginning to understand that printed text has meaning. The student is learning that reading involves printed words and sentences, and that print flows from left to right and from the top to the bottom of the page. The student is also beginning to identify colors, shapes, numbers, and letters.
Late Emergent Reader	488-674	Student can identify most of the letters of the alphabet and can match most of the letters to their sounds. The student is also beginning to "read" picture books and familiar words around the home. Through repeated reading of favorite books with an adult, students at this stage are building their vocabularies, listening skills, and understandings of print.
Transitional Reader	675-774	Student has mastered alphabet skills and letter-sound relationships. The student can identify many beginning and ending consonant sounds and long and short vowel sounds, and is probably able to blend sounds and word parts to read simple words. The student is also likely using a variety of strategies to figure out words, such as pictures, story patterns, and phonics.
Probable Reader	775-900	Student is becoming proficient at recognizing many words, both in and out of context. The student spends less time identifying and sounding out words, and more time understanding what was read. Probable readers can blend sounds and word parts to read words and sentences more quickly, smoothly, and independently than students in the other stages of development.

2017-2018 Kindergarten Readiness: Summary Results

Table 1. Kindergarten Readiness Assessment Results

Aggregate Scale Score Analysis	Spring 2016		Spring 2017		Spring 2018	
K-Readiness Benchmark Score	681		681		681	
State Scale Score (Average)	703		710		710	
Students Scoring Below Benchmark Score (681)	14,064	37.31%	12,788	34.75%	12,589	34.79%
Students Scoring At or Above Benchmark Score (681)	23,627	62.69%	24,011	65.25%	23,598	65.21%
Total Test-Takers	37,691	100%	36,799	100%	36,187	100%

Table 2. State Level Results

Classification Level	Spring 2016		Spring 2017		Spring 2018	
Early Emergent	1,803	4.78%	1,586	4.31%	1,576	4.36%
Late Emergent	11,566	30.69%	10,468	28.45%	10,352	28.61%
Transitional Reader	12,688	33.66%	12,379	33.64%	11,934	32.98%
