- 01.A. Action: Consideration of the appeals of the final accountability results in accordance with Policy 3.1.4 of the *Mississippi Public Schools Accountability Standards, 2019* [Goals 1, 2, 4, 5, and 6 – MBE Strategic Plan]

01.A. North Bolivar Consolidated School District

Background Information: On September 19, 2019, the SBE approved the final 2018-2019 Mississippi Statewide Accountability results. The Office of Accreditation received appeals of the final results in accordance with Policy 3.1.4 of the *Mississippi Public Schools Accountability Standards, 2019*. North Bolivar Consolidated School District appealed the results for one (1) school, Northside High School.

On October 1, 2019, the Internal Review Committee met to consider the appeal from the North Bolivar Consolidated School District and voted unanimously to deny the District's appeal.

The Commission on School Accreditation (CSA) met on October 3, 2019 and considered the Internal Review Committee's decision of the appeal. In accordance with Policy 3.1.4 of the *Mississippi Public Schools Accountability Standards, 2019*, the CSA gave each superintendent an opportunity to address the CSA during this meeting. After presentations by Mr. Maurice Smith, Superintendent of the North Bolivar Consolidated School District, and the MDE, the CSA voted 6-1 to uphold the decision of the Internal Review Committee based on business rule 20.1 of the Mississippi Statewide Accountability System, and deny the appeal of the North Bolivar Consolidated School District.

This item references Goals 1, 2, 4, 5, and 6 of the *Mississippi Board of Education 2018-2022 Strategic Plan*.

To Whom It May Concern:

This is an official letter of appeal for the final accountability rating for Northside High school in the North Bolivar Consolidated School District. The appeal is being submitted based on the assigning of the school's graduation rate.

In the 2018-2019 school year, the district consolidated the two high schools, John F. Kennedy High School and Broad Street High School, and the 7<sup>th</sup> and 8<sup>th</sup> grades from the middle school, Shelby Middle School, into one new high school, Northside High. As a result, the Mississippi Department of Education (MDE) arbitrarily assigned the new high school the number 010.

MDE informed us that when schools consolidate to form a new school, the new school receives the graduation rate of the district. The graduation rates for the two schools consolidated and the district are John F. Kennedy High School – 82.5; Broad Street High School – 77.5; North Bolivar Consolidated School District – 80.0

Based on the fact of Northside being the new high school in the district, we believe it should have received the graduation rate of the district. To receive the graduation rate of 77.5 (Broad Street High School) does not adequately reflect the graduation rate of all the students who comprised the graduating class of Northside High School.

We respectfully request the assigning of the district graduation rate to reflect a true representation of the students at Northside High School.

We have enclosed minutes from the school board approving the consolidation and the letter submitted to MDE for the consolidation.

Educationally yours,

  
Maurice Smith, Superintendent

To Whom It May Concern:

This correspondence is in reference to the closing of John F. Kennedy High School in Mound Bayou, MS and Shelby Middle School in Shelby, MS for the 2018 - 2019 school year. John F. Kennedy is currently a 7-12 school, and these students will attend Northside High School in Shelby, MS next year. Northside High School is the former Broad Street High School, and will house students in grades 7 - 12. Shelby Middle School is currently a 5 - 8 grade school. Students in grades seven (7) and eight (8) at Shelby Middle School will also attend Northside High School, and the students in grades five (5) and six (6) will attend Brooks Elementary School in Duncan, MS. This will also change the grade configuration at Brooks from Pre-K-4, to Pre-K to 6.

The North Bolivar Consolidated School District Board of Education approved the proposed change on January 22, 2018. I am therefore submitting a formal request for the change in the grade configuration and a copy of the board minutes. This information for the proposed change will be sent to the office of accreditation, Education accountability, school finance and technology and strategic services.

I look forward to hearing from you in reference to this matter. Thank you for your support in educating the boys and girls of the North Bolivar Consolidated School District.

Educationally yours,

  
Maurice Smith, Superintendent

4. A. CONNOWLEDGEMENTS/CELEBRATIONS

Superintendent Scott Smith thanked Mr. Jerry Horn and his crew for working long hours working on toilet paper and water leaks.

5. PUBLIC COMMENTS (Limited to 3 minutes/Agenda Related Only)

Public Comments were made by Dr. Eulah Peterson, Rev. Earl Hall, Mrs. Rubene Reed, Pamela Harris-Lee, and Mrs. Jackie Lorton. Dr. Peterson wanted to get clarity on information that she heard. She stated that when a major decision has to be made the community needs to be involved and heard. She also stated that Dr. Peterson and Mound Bayon each have their own issues and the community should have been the opportunity to be heard before a decision was made.

Rev. Earl V. Hall alluded to some of the things that Dr. Eulah Peterson said. He also stated that we are outnumbered here in Mound Bayon and stated that we need to go back and look over things and hear from Mound Bayon and Shelby.

Bobbie Reed stated that she was not at the meeting and it does not matter what the grown people says, and about the children in the district. She stated that we need to take into consideration of the children's size, and parking space.

## 276 North Bolivar Consolidated Schools — Minute Book 1- Mound Bayou, Miss.

Mr. Lucas stated that an issue of this magnitude requires more than 5 minutes, and we want the best for the children and this should be a community wide decision, and need discussion on ways we can keep the school.

Patricia Norton - Lee, just wanted to know if what the street commission was saying was true.

Superintendent Smith stated that February was board recognition month and presented each board member with a plaque of appreciation. He also recognized the boys and girls basketball team from each school for their great performance.

**5. PUBLIC COMMENTS (Limited to 3 minutes-Agenda Related Only)** before public comments, Attorney Jim Keith stated that only 30 minutes is allowed for public comments. He also informed the Board that if individuals need to speak they will have a time limit. Public comments were made by Deborah Robinson, Jackie Lucas, Rogers Morris Wanda Stringer and Moses Lewis.

Deborah Robinson stated that the Board is divided, the Board needs to come to a consensual agreement and let it reflect that they are working together for the betterment of the children.

Mr. Rogers Morris reminded the Board that when the district was consolidated that they as a Board decided that they were not going to traumatize our students. We assured that each other were going to be fair, we were not to make any decisions without working with the community and the board meeting will be altered each month from Shelby to Mound Bayou.

Jackie Lucas reminded that during the January, 2018 meeting, the Board allowed only 5 individuals to speak for 3 minutes each, now you are saying that during the public comments we can have at least 30 minutes to speak distributed among individuals.

## North Bolivar Consolidated Schools -- Minute Book 1- Mound Bayou, Miss.

Wanda Stringer stated that in the last Board meeting it was reported that the finance are looking good. We are spending more money and we have not had an audit since 2013-2014 school year. How can we make the decision to close our schools a proper audit?

Moses Lewis asked the Board how could they justify closing a successful school instead of a failing school.

**Graduation Rate:**

Northside High School is the consolidation of our two high schools - John F. Kennedy High School and Broad Street High School. According to MDE, the graduation rates were as follows:

- John F. Kennedy High School - 82.5
- Broad Street High School - 77.5

We respectfully request that we receive the higher of the two graduation rates as opposed to getting the lower rate.

*Documentation include the following:*

- 0617 School Rates Excel File from ORS
- District School Board Minutes indicating date and approval of the consolidation of the schools

**8. Graduation Rate**

- 8.1 The federally-approved four-year graduation rate will be used. Miss. Code Ann. § 37-17-6  
Definition: The number of students who graduate in four (4) years from a school and LEA with a regular high school diploma or state-defined alternate diploma divided by the number of students who entered four (4) years earlier as first-time 9th graders, with adjustments for deaths, emigration, and transfers in and out. Ninth (9th) grade students who repeat 9th grade will stay in their original cohort.  
Definition: A "regular high school diploma" is the standard high school diploma that is fully aligned with the state's academic content standards.
- 8.2 Ungraded students will be assigned to their peer-age cohort, based on the year in which the student obtains the age of 14 prior to September 1.
- 8.3 The schools/district graduation rate will be multiplied by 2.0 to calculate the points applied to the graduation component for schools/districts.
- 8.4 In the calculation of graduation rates, students are assigned to the school and district of longest enrollment during the federally-defined, four-year adjusted cohort window. In the event a student has equal enrollment in one (1) or more schools or districts, the student will be assigned to the school and district of final enrollment.
- 8.5 The school/district graduation rate applied in the graduation component is lagged one (1) year.

**9. Acceleration**

- 9.1 Beginning in school year 2015-2016, high schools will have an Acceleration component in their calculations.
- 9.2 The Acceleration component refers to the percentage of students taking and passing the assessment associated with accelerated courses which include Advanced Placement (AP), International Baccalaureate (IB), Advanced International Certificate of Education (AICE), dual credit or SBE-approved industry certification courses. For students taking dual credit courses, passing refers to students who are passing the course with an unweighted "C" or above. For AP courses, the student must score at least three (3) on the AP exam. For IB courses, the student must score at least four (4) on the IB exam. For AICE courses, the student must obtain a passing score on the exam. (Passing scores of "A", "B", "C", "D", and "E" on the AICE exams are not based on the American "A-F" grading scale.) For industry certification courses, the student must pass the exam.
  - 9.2.1 Dual credit courses must be credit-bearing courses with a minimum of three (3) semester hours credit, and beginning in school year 2019 - 2020, shall be limited to the list of articulated courses found in Appendix V of the current *Procedures Manual for the State of Mississippi Dual Enrollment and Accelerated Programs* document. Refer to the current edition of the *Approved Courses for Secondary Education* for approved Career and Technical Education (CTE) courses.
  - 9.2.2 Beginning in school year 2019 – 2020, non-weighted, course grades for dual credit courses must be provided by the post-secondary institution issuing credit for the course.
- 9.3 The Acceleration component will consist of a Participation and a Performance component. These two (2) components will be combined for one (1) score worth fifty (50) points and phased in on the following sliding scale:
  - a. Year 1 (2015-2016): (Participation-70%/Performance-30%) ÷ 2
  - b. Year 2 (2016-2017): (Participation-60%/Performance-40%) ÷ 2
  - c. Year 3 (2017-2018) and beyond: (Participation-50%/Performance-50%) ÷ 2
- 9.4 Calculation of Participation
  - 9.4.1 The numerator for the Participation component calculation will be the number of students taking accelerated courses and/or related exams as defined in Section 9.2.

- 18.1 Students with invalid test scores will be counted as “not tested” for participation calculations.  
 18.1.1 Following an invalidated score, when a student retests, the first valid test score will be used in the proficiency, growth, and participation calculations.
- 18.2 If an invalid score is validated after the accountability calculations are performed and final school/district performance classifications have been assigned, the school/district’s performance classifications will not be recalculated and adjusted to reflect the validated score. If during the next year, the student tests again and has a valid test score, that test score, although it was not the student’s first test score, will be used during the next year’s calculations. Please refer to the Office of Student Assessment regarding deadlines for appealing invalid test scores.
- 18.3 For students in 3rd grade through eighth 8th grade, if a student’s MSIS grade level (or peer grade level for ungraded students) does not match his/her assessment grade level, the student’s scores will not be included in the numerator for participation, growth, or proficiency calculations, and the student will count as not proficient, not meeting growth, and not tested. Likewise, the student’s scores will not be used the following year in growth calculations.  
 Note: This rule does not apply to end-of-course, subject area assessments or high school alternate assessments.

## 19. Rounding

- 19.1 In the calculation of each of the components in the statewide accountability system that are reported to schools, the final value of each component will be rounded to one (1) decimal place (tenths place). After the components are summed, the total value will be rounded to a whole number and reported for the final performance classification calculation.

Example:

Reading Proficiency	80.5
Reading Growth – All Students	80.5
Reading Growth – Lowest Performing Students	80.5
Math Proficiency	80.5
Math Growth – All Students	80.5
Math Growth – Lowest Performing Students	80.5
Science Proficiency	80.5
Total Score	564

Note: Other rounding rules are embedded in the explanations of the specific components.

## 20. School Reconfigurations or Redrawing of District Lines

- 20.1 A school’s accountability calculations will be based on the grade configuration of the school (and the students in that school) on the date that corresponds with the FAY at the time of testing. See Section 2 for details on FAY. The calculations are applied to the school the following year, regardless of any reconfigurations or redistricting that takes place during the summer after testing or during the school year before testing.
- 20.2 Consolidated districts/schools who maintain the same grade configuration and/or student population as existing in the previous school district will receive the eligible scores or statuses of students who previously attended the school in the previous school district.

## 21. Alternative, Career, Technical, and Child Development Centers

- 21.1 Effective before and with the 2017 – 2018 academic year, no performance classifications will be assigned to alternative, career and/or technical programs, or child development centers authorized in Miss Code Ann. §37-23-91. Scores of students attending these programs will be

Re: Meeting of the Commission on School Accreditation

Dear Mr. Smith:

The Mississippi Department of Education's Internal Review Committee met on October 1, 2019 to consider the North Bolivar Consolidated School District's appeal of the 2018-2019 final accountability results. The committee voted unanimously to deny the North Bolivar Consolidated School District's appeal of the final accountability results for Northside High School.

In accordance with Accreditation Policy 3.1.4 of the *Mississippi Public Schools Accountability Standards, 2019*, the district superintendent may request to address the Commission on School Accreditation (Commission) regarding the appeal of the final results. Based on your request, you will be placed on the agenda and given forty-five (45) minutes to address the members of the Commission at the upcoming regularly scheduled meeting scheduled for **Thursday, October 3, 2019 at 10:00 a.m.**

# WHY APPEAL

We are appealing the final accountability rate because the new high school, Northside High School, should receive the graduation rate of the district as opposed to the graduation rate of one of the consolidated schools, Broad Street High School.

Re: Commission on School Accreditation's Review of Appeals of Final 2018-2019  
Accountability Results

Dear Mr. Smith:

The Commission on School Accreditation (CSA) met on October 3, 2019 to consider the Internal Review Committee's decision regarding the North Bolivar Consolidated School District's appeal of the 2018-2019 final accountability results. The CSA voted 6-1 to uphold the Internal Review Committee's decision to deny the North Bolivar Consolidated School District's appeal of the final accountability results for Northside High School.

In accordance with Accreditation Policy 3.1.4 of the *Mississippi Public Schools Accountability Standards, 2019*, the State Board of Education makes the final determination on the appeal's decision. The CSA's decision will be provided to the State Board of Education at its upcoming regularly scheduled meeting Thursday, October 10, 2019 at 10:00 a.m.

During the meeting of the State Board of Education, the superintendent of each district submitting an appeal will be given ten (10) minutes to address the Board.
