Consent Agenda
March 28, 2019

OFFICE OF SECONDARY EDUCATION

- B. Approval to establish the Mississippi College- and Career-Readiness Standards for Instrumentation Technology
(Has cleared the Administrative Procedures Act process without public comments)

Executive Summary

2019 Instrumentation Technology is aligned with the appropriate industry standards. Standards and Objectives were revised to meet current industry standards.

Instrumentation Technology provides a foundation of knowledge to prepare students for employment or continued education in several occupations related to the instrumentation industry such as industrial instrumentation, measurement, welding and industrial maintenance.

The *2019 Mississippi College- and Career-Readiness Standards for Instrumentation Technology* will be implemented during the 2019-2020 school year.

Recommendation: Approval

Back-up material attached

The back-up for Tab B is a large document so it is on the Career and Technical Education (CTE) web page for your review. Below is the link to the CTE back-up materials. The March 2019 CTE Board Items are listed under Curriculum.
