

*Rule 48.5 Effective At-Risk Programs.*

1. The definition of an effective at-risk program shall be any program designed to target the unique needs of the student to allow that student to perform on grade level and ultimately graduate from high school. An example of an allowable program is an after-school program designed to accelerate a student's reading grade level. An example of a non-allowable program is a regularly offered English class made up entirely of students currently participating in the free and reduced lunch program.

School districts are required to make annual reports to the Department of Education on the district's programs serving at-risk School Districts shall budget and spend Mississippi Adequate Education Program (MAEP) At-Risk funds, earned as prescribed by Section 37- 151-7(1)(d), on effective programs specifically targeted to serve at-risk students.
