included and can be presented in the detail listed above for each report.

2. **At each regular monthly school board meeting:**
The financial reports shall be listed as an agenda item for discussion at each regularly
scheduled meeting of the local school board. The minutes of the local school board meeting
shall reflect that the financial reports were discussed. Each board member present shall be
provided a copy of all required financial reports. A copy of all required financial reports shall
be included in the official minutes of the board meeting at which the reports were discussed.

The Office of School Financial Services may require a school district to provide one or all of
the required monthly reports listed in this policy. The Office of School Financial Services
may require a school district to submit evidence that one or all of the required monthly reports
listed in this policy have been provided to the local school board, the financial items were
listed as a separate agenda item, the minutes reflect that the financial reports were discussed and a copy of each required report is included in the official minutes of the board meeting at which the reports were discussed.
