

Chapter 74: Special Education

Rule 74.1 Educable Child Program

1. Educable Child

The Mississippi Department of Education (MDE), Office of Special Education (OSE) is directed to provide oversight through the Individuals with Disabilities Education Act (IDEA) and State Statute in the placement and funding of students with disabilities in private school/facilities. It is the policy of the MDE to ensure that Local Education Agencies (LEAs) meet the private school requirements in Mississippi Code Annotated, Sections 37-23-61 through 37-23-75 and IDEA 34 CFR §§300.130 through 300.148.

a. State Statute

The MDE shall have the authority to promulgate and enforce reasonable rules and regulations establishing standards for administration of the program contemplated by Mississippi Code Annotated, Sections 37-23-61 through 37-23-75, consistent with the maintenance of high quality programs for the benefit of the exceptional children served. The MDE shall require that the programs for which children are eligible for financial

assistance under Mississippi Code Annotated, Sections 37-23-61 through 37-23-75 be designed to provide individualized appropriate special education and related services that enable a child to reach his or her appropriate and uniquely designed goals for success. State funds will not be used for the payment of medical services or for room and board charges.

b. Individuals with Disabilities Education Act (IDEA)

The MDE has adopted State Policies Regarding Children with Disabilities under IDEA Amendments of 2004. A Free Appropriate Public Education (FAPE), as outlined in IDEA 34 CFR §300.101, ensures that each student ruled eligible by a public agency is protected under IDEA. Each eligible student under IDEA shall have available a FAPE that uniquely emphasizes their special education and related service's needs.

The MDE shall require that each private facility/school adhere to the IDEA mandated requirements, which include the provision that IDEA funds may only be used for the excess cost to educate students with disabilities placed by a school district or DHS in a private facility/school. IDEA funds may not be used for the payment of medical services or for room and board charges. 34 CFR §300.704

All private schools/facilities, parochial schools/facilities, speech, hearing and/or language clinics (hereinafter referred to as private facilities) that participate in the Educable Child Program will be accredited by a state or regional accrediting agency or approved/licensed by the MDE to meet educational standards in the state.
