Accreditation Standards

2.1 ASSIGNMENT OF DISTRICT ACCREDITATION STATUS
The Commission on School Accreditation determines the annual accreditation status of all public school districts in the fall of each school year based on verified accreditation data from the previous school year. An annual district accreditation status is assigned based on compliance with Process Standards. Information concerning district compliance with Process Standards is reported to the Commission on an annual basis. See Policy 2.2 below.
The district superintendent and school principals are responsible for ensuring that all data reported to the Mississippi Department of Education is true and accurate as verified by supporting documentation on file in the school district. Reporting false information is a violation of the accreditation requirements set forth by the State Board of Education and may result in the downgrading of the district's accreditation status.
After the Commission takes action on accreditation records presented, the district superintendent and the chairperson of the local school board are notified of the status assigned. The decision of the Commission is final unless appealed by the school board of the district to the State Board of Education in accordance with the appeal procedures in Policy 6.4 of this document.

2.9.2 PENALTY FOR THE WITHDRAWAL OF ACCREDITATION
The withdrawal of a school district’s accreditation by the Commission on School Accreditation will result in the following:
• A school or schools within a district shall be limited to participation in no more than fifty percent (50%) of the regular season of any interscholastic activity, which shall include division/district/regional games,
• The interscholastic season schedule for a school or schools within a district shall not include the opening day of season or any type of post season participation, as determined by the Office of Accreditation, and
• Cheerleading, drill, and dance squads, speech and debate, choral music and band may participate in district or state contest, but shall not be eligible to receive ratings.
All schedule requests must be submitted in writing to the Mississippi Department of Education, Office of Accreditation, at least thirty (30) days prior to the beginning of the season. The Office of Accreditation shall pre-approve all schedules and participation in interscholastic activities. In addition to the suspension of all post season activities, the school district shall not be allowed to participate in jamborees, special games, parades, tournaments, holiday tournaments, or competitions of any nature.
Failure to comply with section 2.9.2 will result in the suspension of ALL interscholastic activities.
Failure of a district to have its accreditation reinstated by the Commission on School Accreditation after a period of two (2) calendar years from the date of the withdrawal of accreditation shall result in the immediate suspension of ALL interscholastic activities until the district’s accreditation status is reinstated.
Note: Interscholastic activities include, but are not limited to, football, basketball, baseball, track and field, cross country, tennis, golf, volleyball, softball (fast pitch and slow pitch), soccer, wrestling, swimming, power lifting, bowling, archery, cheerleading, drill, and dance squads, speech and debate, choral music, and band.

2.9.5 REINSTATEMENT OF AN ACCREDITED STATUS
Based on the recommendation from the Office of Accreditation or the State Superintendent of Education, the superintendent and school board president of a school district whose accreditation has been withdrawn may file a petition with the Commission on School Accreditation for reinstatement of accreditation to be effective on January 1 or July 1. The Commission on School Accreditation shall require all school districts that petition for reinstatement of accreditation to appear before the Commission on School Accreditation to furnish evidence satisfactory to the Commission that the school district is in compliance with all accreditation standards prior to the reinstatement of accreditation.
5.5 OTHER STATE/FEDERAL PROGRAM AUDITS/EVALUATIONS
When audits or evaluations of other state or federal programs reveal verified noncompliance with state or federal program regulations, the incidents of noncompliance are filed with the Office of Accreditation.

MSIS Information

1.1 System Overview
Mississippi Student Information System (MSIS) is a web based application system. It receives student, personnel and district information. The application requires connection to the Internet in order to access the system. The database can be accessed with the installation of a current version of Java. Internet browsers that do not contain or use Java such as Safari, Firefox and Google Chrome may require the installation of a plug-in before access is available. After the installation of Java, MSIS can be used immediately without further configuration. MSIS displays and reports information received from the Student Administrative Package (SAP). The SAP is a separate system that is purchased and maintained at the school and district level.

1.2 User Access Levels
There are specific levels granted to users either as District or School, with a selection from the General User column. Federal Programs Directors have access to District level and a selection(s) from General User selected by the MSIS Primary. This access is granted after a completed MSIS 2 Form is received with the signature of the MSIS Primary, Superintendent or Secondary signed in blue ink. The Oath of Confidentiality is completed and signed in blue ink by the user. Once it has been received at MDE/MSIS and approved, users are assigned a MSIS login and a temporary password from MDE/MSIS is sent to the user via email with a subject titled: Welcome to MSIS.

1.2.1 MSIS 2 Form and Oath of Confidentiality
MSIS forms are located at: http://www.mde.k12.ms.us/management-information-systems/ms-student-information-system-(msis)/security-documents or visit our website at www.mde.k12.ms.us, District, MSIS, MSIS Resources, Security Documents, Districts and School User Only Section, MSIS 2 and Oath of Confidentiality. Print, complete each section. Select Federal Programs and under General, select General User and View Student Data. Both forms can be mailed to the address on the form or emailed to mdeapps@mde.k12.ms.us. If faxed, the original signature sheet must be mailed and received within 10 business days before the interruption of access.

MSIS Blast is an email used to communicate with school districts regarding MSIS changes and updates. Please subscribe at: http://www.mde.k12.ms.us/management-information-systems/ms-student-information-system-(msis) or visit MDE website Districts, MSIS, MSIS Resources, and Subscribe to MSIS Blast. Complete the screen.

1.3 MSIS Information
Information that is displayed in MSIS regarding a student is submitted from the SAP at the school. The information is sent from the SAP to MSIS with the indicator(s) selected “Y” in the SAP.

**Federal Programs Personnel**

The federal programs director provides accurate information on salaried personnel to the MSIS Primary or designated MSIS personnel employee to input employees paid with title program funds into the SAP and MSIS.
Federal Personnel

Federal personnel must be marked appropriately in MSIS.

a. Select only course code(s) in which staff is properly certified.
   If not a licensed staff, please select the proper course code for the duties performed.

b. Select only the special program code assigned to the course code.
   Special program code is the number assigned to a course code for salaries of employees.
   i. Title 1 Special Program Code “1”
   ii. Other Title special program code “9”

c. Reserved Field Code (SW):
   Title 1 Schoolwide

   Use SW code in the Reserved field when a School-wide Program is approved for Title I funding and a course is being taught that will not allow a “1” for Title I funding.
   Never put both a “1” and “SW” in the same period.

USDoe requires the data reported to answer the following questions:

• Which subject area teachers and paraprofessionals are paid by what federal program?
• Are teachers and paraprofessionals paid by federal funds meeting the Highly Qualified requirement?

The data is being captured in a data warehouse, where the information will be available to the public, and increase transparency in government programs and spending.

Best practice recommends: Keep a copy of the personnel report for federal funded staff for unscheduled audits and future monitoring.

For a copy of the MSIS Personnel Manuals: http://www.mde.k12.ms.us/management-information-systems/ms-student-information-system-(msis)/for-personnel or visit the MSIS website, MSIS Resources, select Personnel and the Manuals are posted in blue.

NOTE: All district personnel must be entered in MSIS Personnel and approved on or before September 30.
Employee entries and edits are allowed until December 10 - MSIS Personnel CLOSED.

**Title I Funds (1) are used to pay the salaries of teachers and paraprofessionals** must be used primarily for direct instructional services for students. Teachers and/or assistants (paraprofessionals) should be appropriate designated according to subject areas (reading/writing/math, ESL–Language Instruction Program, etc.) with specific position titles listed. Ensure that Title I staff provide direct, but supplemental, instructional services for students. Staff should only appear for academic areas, not physical education. However, a parent liaison or parent coordinator may be funded.

**Title II Funds (4) are used to pay the salaries of highly qualified teachers** for the purpose of reducing class size. In addition, as reasonable and necessary, Title II, Part A funds may be used to pay for substitute teachers if, and only if, (a) those regular classroom teachers they are replacing were hired with Title II, Part A funds to reduce class size, or (b) the teachers are participating in Title II-funded “programs and activities that are designed to improve the quality of the teacher force, such as…innovative professional development programs…” [Section 2123(a)(5)(A)]. LEA’s also must ensure that the hiring of these substitutes supplements, and does not supplant, the use of local and State funds they would otherwise be spending for such substitutes.

**Title III Funds (3) are used:** (1) To pay the salaries of before and after school tutors and academic assistance. (2) To employ bilingual/ESL coaches whose role is to acquire scientific-based research practices, provide professional development, mentor and coach teachers who are working directly with ELLs. The funds can be used to provide stipends to teachers to assist them in completing and obtaining bilingual/ESL endorsements. Support for personnel, including paraprofessionals who have been specifically trained, or are being trained, to provide services to immigrant children and youth. Title III funds may NOT be used to pick up a cost that was previously funded by general funds **and may NOT supplant** any other federal, state or local expenses.

**Other Special Funds (9) are used to pay salaries:** Please refer to the specific federal programs (i.e., special education, 21st Century, etc.) guidelines to ensure that funding of teachers and paraprofessionals is an allowable expense.

Student Indicators

**ALL STUDENTS** must be properly identified in the SAP before the submission of Month 1, Monthly Student Data (MSD) file on or before **September 30**.

**Enter MSIS, Student, View Student Data**
Student indicators are selected with a “Y” or “N” in the SAP. This is displayed in the View Student Data screen, Details tab.

Please refer to the previous school year roster of students identified and reported in a particular federal program.

New students that qualify begin with the student indicator in the SAP changed to “Y” **BEFORE** the submission of monthly student data that is submitted at the school level and approved by the district. The students will populate into the federal program screens and on reports **AFTER** the submission of monthly student data submission and approval at the district.

If a student no longer qualifies for the program, print and provide a copy of the roster with each student identified to the school in which the student is enrolled and request to change the indicator to “N” in the SAP. This must be done **BEFORE** the submission of all monthly student data files that are submitted at the school level and approved at the district level.

Once the indicator has been set to “N” the student screen will display the selection. When a student has been identified for a particular reason such as withdrawn, misidentified or a dropout, the student will not be counted for the entire month of the data submission. You **cannot remove** a student from the screen or the report.

**Note:** Schoolwide – all students enrolled receive Title I services. Targeted Assistance refers to particular students receiving the required services as identified according to the targeted assistance definition. **Only** students receiving service(s) indicator must be selected to “Y”. **Please refer to the definition of Targeted Assistance schools in the glossary to properly identify the students that qualify for the services.**

**Note:** A student can have more than one indicator selected to “Y”, if they qualify for the services.  **e.g.** A student can be an Immigrant, SPED, Homeless and LEP.

Click **Run Report**

**Note:** If a school in the district has been identified as Title I Schoolwide the number of students produced on this report is the total submitted to MSIS from the SAP at the school level. This report is created **after** the district has approved the MSD file submission. This report gives the total number of students enrolled and reported on a monthly basis. This is extremely important for Month 1.

d. Migratory children (as defined in section 1309 of the Elementary and Secondary Education Act of 1965, as amended) who qualify as homeless because they are living in circumstances described in this definition.

Unaccompanied youth includes a youth not in the physical custody of a parent or guardian.

**UPDATED: G-10. Are children who are awaiting foster care placement eligible for services under the McKinney-Vento Act?**
Yes. As stated in A-3, children who are awaiting foster care placement are considered homeless and eligible for McKinney-Vento services. (See Section 725(2)(B)(i) of the McKinney-Vento Act.) Children who are already in foster care, on the other hand, are not considered homeless. LEA liaisons should confer and coordinate with local public social service agency providers in determining how best to assist homeless children and youth who are awaiting foster care placement.

Migrant student data is captured, stored and reported in the MIS2000 database on behalf of the MDE at the Mississippi Migrant Education Service Center (MMESC), Mississippi State University. The system collects and stores migratory data for the state of Mississippi and over 25 other states. Data collected in MIS2000 is shared with MDE and the U.S. Department of Education, Office of Migrant Education. MIS2000 is owned and operated by Management Services for Education Data (MS/EdD), Little Rock, AR.

Note: You will receive data reports from Ms. Blair Reed/MSU or a MDE/MSIS contact with a list of students that have been identified as migrant in the district. Please follow the instructions to properly identify the students as informed via email or letter. MDE is required to submit a biannual report on migratory students that are being educated in the state to the U.S. Department of Education, Office of Migrant Education.

Title I, Part D – Subpart I (SEA) and Subpart II (District)

A Neglected Child as defined in section 1432; 4(A) of SESA:
• Children and youth ages 5-17 who reside in a public or private residential facility other than a foster home, whose operation is to care for children who have been committed to this institution or voluntarily placed there under State law, due to abandonment, neglect or death of parents/guardian.

A Delinquent Child as defined in section 1432; 4(B) of SESA:
Children and youth ages 15-21 who have been placed in a facility because they have been adjudicated to be delinquent or in need of supervision by court orders.

The student indicator is selected in the student package with a “Y” at the homeschool.

Note: Once a student has entered a Juvenile Detention Center (JDC) the indicator must be selected to “Y” and an incident identifying the student action is created and sent to MSIS within 72 hours. Then it is followed by the disposition of JDC with the duration days of stay at the facility. This information is sent from the homeschool as a Daily Student Data (DSD) file. The indicator must remain checked until the student returns to the homeschool. If a student has served only a weekend in the JDC, please check the indicator immediately and leave selected until the monthly student data file has been accepted at MDE, then request to change the student indicator to “N”.

A student must remain enrolled at the homeschool and marked present everyday while in the JDC until they return to the homeschool. The student must be released in MSIS to the JDC or state approved coordinating facility that request a release of the MSIS ID. Students that have been sentenced to an adult correction facility or prison must be removed from the homeschool enrollment with the appropriate dropout code with supporting court documentation.

UPDATED: G-10. Are children who are awaiting foster care placement eligible for services under the McKinney-Vento Act?
Yes. As stated in A-3, children who are awaiting foster care placement are considered homeless and eligible for McKinney-Vento services. (See Section 725(2)(B)(i) of the McKinney-Vento Act.) Children who are already in foster care, on the other hand, are not considered homeless. LEA liaisons should confer andcoordinate with local public social service agency providers in determining how best to assist homeless children and youth who are awaiting foster care placement.

Targeted Assistance School - primarily addressed in section 1115 of Title I, Part A, is one that receives Part A funds yet is ineligible or has chosen not to operate a Title I schoolwide program. The term "targeted assistance" signifies that the services are provided to a select group of children--those identified as failing, or most at risk of failing, to meet the State's challenging content and student performance standards--rather than for overall school improvement, as in schoolwide programs. Like schoolwide program schools, the goal of a targeted assistance school is to improve teaching and learning to enable Part A participants to meet the challenging State performance standards that all children are expected to master. To accomplish this goal, a targeted assistance program must be based on effective means for improving achievement of participating children; use effective instructional strategies that give primary consideration to extended-time strategies, provide accelerated, high-quality curricula, and minimize removing children from the regular classroom during regular school hours; coordinate with and support the regular education program; provide instruction by highly-qualified and trained professional staff; and implement strategies to increase parental involvement.
