# Learning-at-Home and Summer Enrichment Plan

Revised May 4, 2020

**Due May 15, 2020**

Updated per Executive Order 1476

DISTRICT NAME

Hazlehurst City School District

MISSISSIPPI  
DEPARTMENT OF  
EDUCATION

Carey M. Wright, Ed.D.

STATE SUPERINTENDENT OF EDUCATION

## INTRODUCTION

The Mississippi Department of Education (MDE) is committed to providing **essential technical guidance and support mechanisms** to assist districts during the time of extended school building closure as a result of COVID-19. The MDE recognizes and appreciates that districts are taking different approaches depending on their local capacity and infrastructure during this building closure. The State Board of Education (SBE) has provided **flexibility within existing laws and policies** regarding instructional time, graduation requirements, attendance, assessment and accountability.

In accordance with Governor Tate Reeves' **Executive Order 1476**, school districts shall operate with essential personnel to offer distance learning or other instructional means necessary for students to achieve completion of grade-level essential instruction for the 2019-2020 academic school year. Additionally, school districts shall submit to the SBE plans for summer learning and enrichment measures necessary to (a) mitigate disruption from the Spring 2020 school closure due to COVID-19 and (b) to enhance learning in preparation for the 2020-21 academic school year. Per **Executive Order 1476**, summer learning and enrichment measures are to be provided to all students in all schools.

The District Learning-at-Home and Summer Enrichment Plan is designed to ensure districts are taking deliberate and thoughtful actions to facilitate and individualize continued student learning and progress monitoring during closure.

Taking a traditional school environment online is not a simple task – nor is it one that should be attempted without serious consideration of the practicality and risk.

The MDE is not directing districts that they must transition to delivery of all content online, as we recognize that online access and remote support for rural students and students with disabilities will certainly pose equity issues across the state. Districts need to consider how they can help facilitate continued learning within homes across the state – either through online opportunities, by making grade-level instructional packets, Family Guides for Student Success, or other resources available for pick-up at school or various locations within the district, or through a combination of delivery systems.

## RESOURCES

The MDE has compiled a variety of resources for districts to use during the extended school building closure, online at <https://www.mdek12.org/covid19/districtresources>. The materials and tools may be used to provide additional resources to parents or students. This information is only intended to be a general summary of information provided to the public. The MDE does not endorse or promote any commercial products or services. Please make sure that you choose the tool(s), resource(s) or material(s) that are developmentally appropriate and best fit the needs of your students, school, or district.

Resources have been divided into the following categories:

- Option F:** Other (provide brief description):  
  
Grade Band:

In accordance with [Executive Order 1476](#), describe how the district will provide students with feedback/grades on assignments completed during the extended school building closure and during summer learning and enrichment programs.

The district will provide feedback and grades to students through the virtual platforms of learning and communication being used such as Google Classroom, SAMs, SchoolStatus, and district issued email. The district has also authorized teachers and administrators to communicate feedback to students and parents via phone and text. Additionally, the district provides mailed and hand delivered communication pertaining to instruction, procedures, and grading. The district will continue use the grading and feedback process of issuing progress reports and report cards generated through SAMs Spectra/Central Access.

**SECTION D Summer Learning and Enrichment**

In accordance with [Executive Order 1476](#), please indicate which of the following methods the district is using to offer summer learning, Extended School year (ESY) services, and enrichment to students. Note that ESY is not the same as summer learning.

*Select all that apply. Note that Option C is a combination of Options A and B.*

- Option A:** Distance/Virtual/e-Learning/Remote Method(s)
- Option B:** Packets/Assignments (portfolio, project-based, etc.)
- Option C:** Blended (**combination of Option A and Method B**)
- Option D:** Other (provide brief description):

Briefly describe the district’s summer learning, Extended School year (ESY) services, and enrichment programming (frequency, content areas, and duration, including days per week and number of weeks).

For summer learning, the enrichment program will begin June 1, 2020 for students scoring in the bottom quarter of final benchmark testing as of March 2020. The program will also be available for students who may have been in jeopardy of failing core subjects areas prior to school closure due to COVID-19. The district will continue to use the virtual learning platforms as mentioned above: Google Classroom, IReady, Edgenuity, and Renaissance Learning. The district will also provide instructional packets for students without internet access of who may not have access to devices compatible with the aforementioned virtual learning platforms. The district will provide instruction via zoom, live, or prerecorded videos at least once a week. The summer enrichment program will last for four (4) weeks. The program will address deficit areas in English Language Arts, Mathematics, and Science. Instruction and assignments will be reviewed and modified Monday through Thursday for the duration of four (4) weeks. For students who qualify for academic instructional or speech therapy needs, we will provide the agreed upon instruction over Zoom. Due to the hands-on nature of Occupational and Physical Therapy, we will not be providing those services at this time because of potential spread of Covid-19. Our OT/PT providers have reached out to parents with suggestions for activities for students to do at home until therapy can resume.

## SECTION E Communication and Participation

In order to effectively serve all students within a district, communication is essential. Please note below how the district has communicated its Learning-at-Home and Summer Enrichment Plan with families.

*Select all that apply.*

- Option A:** Letters mailed to families
- Option B:** Emails to families
- Option C:** Social media posts
- Option D:** Text messages to families
- Option E:** Local print media
- Option F:** Other (provide brief description):

Briefly describe how the district will monitor participation by students during the extended building closure and summer enrichment programs.

The district requires each building level administrator to closely monitor student participation and teacher communication. Teachers are required to take attendance for students participating in Zoom meeting, Live videos, and any other means of live visual interaction. Additionally, teachers are to communicate and log the names of students who have not logged on to the virtual platform being used and have also failed to pick up instructional materials. Upon receipt of attendance log, parents are contacted weekly. Contact will be made via email, SchoolStatus, phone, text, mail, and home visits.

#### **SECTION F** Transcripts and Senior Transitions

District supports for graduating seniors may look different during an extended school building closure. High schools must ensure students have the necessary documents to continue their academic pursuits or transition into the work force.

Briefly describe how the district will ensure students receive transcripts and final grades upon graduation.

Upon graduation, students will receive his/her diploma along with one (1) sealed official transcript. Additionally, transcripts requests for current students can be made by emailing the counselor. Due to the quarantine, physical pickup of transcripts not encourage, therefore, we are mailing transcripts to the organization that is requested by the student. Students will receive two free transcripts. Former students must complete a transcript request form in order to receive their transcript. The transcript will be mailed to the address included on the request form. The request form is place on the Hazlehurst City School District's website.

#### **SECTION G** Assurances for Continued Learning for All Students

- In accordance with [Executive Order 1476](#), the school district is offering distance learning or other instructional means necessary for students to achieve completion of grade-level essential instruction for the 2019-2020 academic school year. Additionally, the school district is offering summer learning and enrichment measures necessary to (a) mitigate disruption from the Spring 2020 school closure due to COVID-19 and (b) to enhance learning in preparation for the 2020-21 academic school year.

## SECTION H Assurances for Students with Disabilities

It is clear the United States Department of Education (ED) does not want school districts to consider the provision of services to students with disabilities under the Individuals with Disabilities Education Act (IDEA) as a barrier or a reason not to offer educational services to any of their students through distance instruction or otherwise.

- In compliance with COVID-19 guidance, the following assurances have been discussed and are included in planning efforts for students with disabilities, including students with 504 plans.
- ✓ Assure that services are provided for all students with disabilities, including students with 504 plans, and **maintain appropriate documentation** to support all efforts;
  - ✓ Assure that services, materials, assignments, and instruction, are individualized and aligned to student IEP goals;
  - ✓ Assure that district plans address how progress or lack of progress will be collected and documented in anticipation of considering the need for ESY and/or compensatory services;
  - ✓ Assure that students with disabilities will not be excluded from participating in courses;
  - ✓ Comply with all state and federal regulations;
  - ✓ Ensure educators and administrators collaborate and utilize creative options to meet the individual needs of the students; and
  - ✓ Consider the impact of the district's final course grade calculation method selected in Section C as it relates to IEP review and development for each student. The most recent USDOE guidance can be found [here](#).

## SECTION I Assurances for English Language Learners

The district is working collaboratively to:

- ✓ Provide effective two-way communication with families in a language that they understand.
- ✓ Tailor instruction and assessments to students' English Language proficiency needs in all four language domains (Listening, Speaking, Reading, and Writing).
