DISTRICT

Learning-at-Home and Summer Enrichment Plan

Revised May 4, 2020

Due May 15, 2020

Updated per Executive Order 1476

DISTRICT NAME

Jefferson Davis County School District

MISSISSIPPI
DEPARTMENT OF
EDUCATION

Carey M. Wright, Ed.D.

STATE SUPERINTENDENT OF EDUCATION

INTRODUCTION

The Mississippi Department of Education (MDE) is committed to providing **essential technical guidance and support mechanisms** to assist districts during the time of extended school building closure as a result of COVID-19. The MDE recognizes and appreciates that districts are taking different approaches depending on their local capacity and infrastructure during this building closure. The State Board of Education (SBE) has provided **flexibility within existing laws and policies** regarding instructional time, graduation requirements, attendance, assessment and accountability.

In accordance with Governor Tate Reeves' **Executive Order 1476**, school districts shall operate with essential personnel to offer distance learning or other instructional means necessary for students to achieve completion of grade-level essential instruction for the 2019-2020 academic school year. Additionally, school districts shall submit to the SBE plans for summer learning and enrichment measures necessary to (a) mitigate disruption from the Spring 2020 school closure due to COVID-19 and (b) to enhance learning in preparation for the 2020-21 academic school year. Per **Executive Order 1476**, summer learning and enrichment measures are to be provided to all students in all schools.

The District Learning-at-Home and Summer Enrichment Plan is designed to ensure districts are taking deliberate and thoughtful actions to facilitate and individualize continued student learning and progress monitoring during closure.

Taking a traditional school environment online is not a simple task – nor is it one that should be attempted without serious consideration of the practicality and risk.

The MDE is not directing districts that they must transition to delivery of all content online, as we recognize that online access and remote support for rural students and students with disabilities will certainly pose equity issues across the state. Districts need to consider how they can help facilitate continued learning within homes across the state – either through online opportunities, by making grade-level instructional packets, Family Guides for Student Success, or other resources available for pick-up at school or various locations within the district, or through a combination of delivery systems.

RESOURCES

The MDE has compiled a variety of resources for districts to use during the extended school building closure, online at <https://www.mdek12.org/covid19/districtresources>. The materials and tools may be used to provide additional resources to parents or students. This information is only intended to be a general summary of information provided to the public. The MDE does not endorse or promote any commercial products or services. Please make sure that you choose the

tool(s), resource(s) or material(s) that are developmentally appropriate and best fit the needs of your students, school, or district.

Resources have been divided into the following categories:

- [Internet Services](#)

SECONDARY

Grading Recommendations for 4th Term Grade for **Full Credit Courses**.

- **The 3rd term average will be used to get the 4th term average. Additional points will be added to the 4th term average based on the satisfactory completion of distance learning assignments.**
- **Points will be given based on the following guidelines:**

Students who do not complete or attempt their distance learning assignments will not be negatively affected.

Students who complete or attempt their distance learning assignments will receive additional points as indicated below:

- **51% - 100% of their distance learning work will receive their grade from 3rd term, plus 20 points added for a posted 4th term grade.**
- 26% - 50% of their distance learning work will receive their grade from 3rd term, plus 10 points added for a posted 4th term grade.
- 1% - 25% of their distance learning work will receive their grade from 3rd term, plus 5 points added for a posted 4th term grade.
- 0% of their distance learning work will receive their grade from 3rd term, plus 0 points added for a posted 4th term grade.

***No grade will exceed 100% in SAM.**

- Students who failed the 3rd term and do not complete 51%-100% of their distance learning work, will be offered credit recovery during the summer of 2020.

Grading Recommendations for 4th Term Grade for **.5 Credit Courses**

- Students who satisfactory complete or attempt their distance learning work will be graded on a curve with 60 being the lowest recorded grade.

***No grade will exceed 100% in SAM.**

- Students who do not attempt to complete their distance learning work will be offered credit recovery during the summer of 2020.

In accordance with [Executive Order 1476](#), describe how the district will provide students with feedback/grades on assignments completed during the extended school building closure and during summer learning and enrichment programs.

SECTION D Summer Learning and Enrichment

In accordance with [Executive Order 1476](#), please indicate which of the following methods the district is using to offer summer learning, Extended School year (ESY) services, and enrichment to students. Note that ESY is not the same as summer learning.

Select all that apply. Note that Option C is a combination of Options A and B.

- ☐ **Option A:** Distance/Virtual/e-Learning/Remote Method(s)
- ☐ **Option B:** Packets/Assignments (portfolio, project-based, etc.)
- ☒ **Option C:** Blended (**combination of Option A and Method B**)
- ☐ **Option D:** Other (provide brief description):

Briefly describe the district's summer learning, Extended School year (ESY) services, and enrichment programming (frequency, content areas, and duration, including days per week and number of weeks).

The JDCSD will continue offering summer learning activities to its students by providing the following services:

- Take Home Summer Book Packets will be delivered to the home of every student in the district
- Incoming kindergarteners will receive monthly activity packets for three months (June - August)
- K - 8 students will still have access to iReady during the summer months and 9th - 12th graders will have access to online software programs such as Plato, and IXL Learning.
- Summer instructional packets will be created for all students and delivered during meal drop-off or maybe picked up by parents.

For the Extended School Year Services:

ESY Services will be offered to our students with disabilities. Services will be rendered via online and face-to face.

The 2020 summer enrichment program will be conducted July 8 - 30, 2020, 4 days per week (Mon-Thurs.) for a total of 4 weeks, 4.5 hours per day. ELA and Math will be the content areas of focus of the enrichment program. LEA will continue remote learning by providing resources to students, but upon MDE approval the LEA is anticipating bringing small groups of students to the campus.

The JDCSD will hire highly qualified teachers to facilitate instruction and remediation in the content areas of ELA and math.

The counselors will provide small group counseling services to students.

Resources will consist of, but not limited to the following:

Grade level instructional packets will be created for all students.

iReady - 45 minutes per week, per content area (Math & ELA)

Lit Pro

Family Guides for Student Success

IXL Learning

Plato

Teacher coaching via phone, Google Classroom, etc.

SECTION E Communication and Participation

In order to effectively serve all students within a district, communication is essential. Please note below how the district has communicated its Learning-at-Home and Summer Enrichment Plan with families.

Select all that apply.

- ☒ **Option A:** Letters mailed to families
- ☒ **Option B:** Emails to families
- ☒ **Option C:** Social media posts
- ☒ **Option D:** Text messages to families
- ☒ **Option E:** Local print media
- ☐ **Option F:** Other (provide brief description):

Briefly describe how the district will monitor participation by students during the extended building closure and summer enrichment programs.

The LEA will monitor student participation in the summer enrichment programs by communicating daily/weekly with students and parents to ensure that all assignments are being completed in a timely manner. Teachers will review online remediation programs weekly to monitor student usage. Weekly usage reports will be analyzed by each school site. The LEA will create a checklist to monitor and check off student participation and mastery of standards or objectives for the assignments that have been completed by the students.

SECTION F Transcripts and Senior Transitions

District supports for graduating seniors may look different during an extended school building closure. High schools must ensure students have the necessary documents to continue their academic pursuits or transition into the workforce.

Briefly describe how the district will ensure students receive transcripts and final grades upon graduation.

All transcripts and final grades will be mailed to the parent of each student. If any mail is returned, then the parent will be contacted via phone to arrange a date and time of pick-up.

SECTION G Assurances for Continued Learning for All Students

- ☒ In accordance with [Executive Order 1476](#), the school district is offering distance learning or other instructional means necessary for students to achieve completion of grade-level essential instruction for the 2019-2020 academic school year. Additionally, the school district is offering summer learning and enrichment measures necessary to (a) mitigate disruption from the Spring 2020 school closure due to COVID-19 and (b) to enhance learning in preparation for the 2020-21 academic school year.

SECTION H Assurances for Students with Disabilities

It is clear the United States Department of Education (ED) does not want school districts to consider the provision of services to students with disabilities under the Individuals with Disabilities Education Act (IDEA) as a barrier or a reason not to offer educational services to any of their students through distance instruction or otherwise.

- ☒ In compliance with COVID-19 guidance, the following assurances have been discussed and are included in planning efforts for students with disabilities, including students with 504 plans.
 - ✓ Assure that services are provided for all students with disabilities, including students with 504 plans, and **maintain appropriate documentation** to support all efforts;
 - ✓ Assure that services, materials, assignments, and instruction, are individualized and aligned to student IEP goals;

- ✓ Assure that district plans address how progress or lack of progress will be collected and documented in anticipation of considering the need for ESY and/or compensatory services;
- ✓ Assure that students with disabilities will not be excluded from participating in courses;
- ✓ Comply with all state and federal regulations;
- ✓ Ensure educators and administrators collaborate and utilize creative options to meet the individual needs of the students; and
- ✓ Consider the impact of the district's final course grade calculation method selected in Section C as it relates to IEP review and development for each student. The most recent USDOE guidance can be found [here](#).

SECTION I	Assurances for English Language Learners
------------------	---

- ☒ The district is working collaboratively to:
- ✓ Provide effective two-way communication with families in a language that they understand.
 - ✓ Tailor instruction and assessments to students' English Language proficiency needs in all four language domains (Listening, Speaking, Reading, and Writing).

SECTION J	District Certification of Assurances
------------------	---

By providing a digital signature or typing my name below and submitting this document, I certify that the school district is providing continued learning experiences, including summer learning and enrichment measures, as outlined in this plan.
