# Learning-at-Home and Summer Enrichment Plan

Revised May 4, 2020

**Due May 15, 2020**

Updated per Executive Order 1476

DISTRICT NAME

Lafayette County - 3600

MISSISSIPPI  
DEPARTMENT OF  
EDUCATION

*Revised  
6/8/2020*

Carey M. Wright, Ed.D.

STATE SUPERINTENDENT OF EDUCATION

## INTRODUCTION

The Mississippi Department of Education (MDE) is committed to providing **essential technical guidance and support mechanisms** to assist districts during the time of extended school building closure as a result of COVID-19. The MDE recognizes and appreciates that districts are taking different approaches depending on their local capacity and infrastructure during this building closure. The State Board of Education (SBE) has provided **flexibility within existing laws and policies** regarding instructional time, graduation requirements, attendance, assessment and accountability.

In accordance with Governor Tate Reeves' **Executive Order 1476**, school districts shall operate with essential personnel to offer distance learning or other instructional means necessary for students to achieve completion of grade-level essential instruction for the 2019-2020 academic school year. Additionally, school districts shall submit to the SBE plans for summer learning and enrichment measures necessary to (a) mitigate disruption from the Spring 2020 school closure due to COVID-19 and (b) to enhance learning in preparation for the 2020-21 academic school year. Per **Executive Order 1476**, summer learning and enrichment measures are to be provided to all students in all schools.

The District Learning-at-Home and Summer Enrichment Plan is designed to ensure districts are taking deliberate and thoughtful actions to facilitate and individualize continued student learning and progress monitoring during closure.

Taking a traditional school environment online is not a simple task – nor is it one that should be attempted without serious consideration of the practicality and risk.

The MDE is not directing districts that they must transition to delivery of all content online, as we recognize that online access and remote support for rural students and students with disabilities will certainly pose equity issues across the state. Districts need to consider how they can help facilitate continued learning within homes across the state – either through online opportunities, by making grade-level instructional packets, Family Guides for Student Success, or other resources available for pick-up at school or various locations within the district, or through a combination of delivery systems.

## RESOURCES

The MDE has compiled a variety of resources for districts to use during the extended school building closure, online at <https://www.mdek12.org/covid19/districtresources>. The materials and tools may be used to provide additional resources to parents or students. This information is only intended to be a general summary of information provided to the public. The MDE does not endorse or promote any commercial products or services. Please make sure that you choose the tool(s), resource(s) or material(s) that are developmentally appropriate and best fit the needs of your students, school, or district.

Resources have been divided into the following categories:

Grade Band:

In accordance with [Executive Order 1476](#), describe how the district will provide students with feedback/grades on assignments completed during the extended school building closure and during summer learning and enrichment programs.

For work/activities provided, students receive a completion grade for the fourth nine week grading period. Contacts are via School Stauts (text,email, phone), Google Classroom, Google Meet and Zoom. Summer learning will be not be "graded" but offered as link from the end of the 2019-2020 school year and the 2020-2021 school year. Contact will continue utilizing the same tools as the fourth nine week grading period.

**SECTION D Summer Learning and Enrichment**

In accordance with **Executive Order 1476**, please indicate which of the following methods the district is using to offer summer learning, Extended School year (ESY) services, and enrichment to students. Note that ESY is not the same as summer learning.

*Select all that apply. Note that Option C is a combination of Options A and B.*

- Option A:** Distance/Virtual/e-Learning/Remote Method(s)
- Option B:** Packets/Assignments (portfolio, project-based, etc.)
- Option C:** Blended (**combination of Option A and Method B**)
- Option D:** Other (provide brief description):

Briefly describe the district’s summer learning, Extended School year (ESY) services, and enrichment programming (frequency, content areas, and duration, including days per week and number of weeks).

Summer learning will continue as the fourth nine weeks distance learning period. Teachers will provide distance learning activities weekly via digital tools and paper packets. Summer learning will continue to focus on bridging the 19-20 school year to the 20-21 school year. Activities (K-12) will be provided throughout the month of June 2020 with paper pickets being distributed weekly. Teachers will be in contact via the LCSD website, School Status tools, and Zoom sessions. Activities will focus on ELA and Math.

#### Special Education

**Student Selection:** Students were identified by the Individualized Education Program (IEP) committee for eligibility for Extended School Year (ESY) under three categories: critical point of instruction, regression-recoupment, or extenuating circumstances.

**Teacher Selection:** Teachers and Speech-Language Pathologists were selected based on area(s) of certification and the type of disability being served. Teachers were selected to maintain the intent of a summer program, to work on skills, utilizing remote learning.

**Extended School Year Dates:** June 1 – July 31, 2020.

**Implementation:** Lafayette County School District has developed a plan to provide remote learning opportunities for special education students who meet the criteria for Extended School Year (ESY) services. Information, materials and resources for Extended School Year (ESY) have been provided to each student and their parent(s) in order to facilitate distance learning. In collaboration with families, our certified special educators have developed a schedule to provide services directly to students, via electronic means, to offer instruction, accommodations as well as to monitor and assess student growth toward their IEP goals.

## SECTION E Communication and Participation

In order to effectively serve all students within a district, communication is essential. Please note below how the district has communicated its Learning-at-Home and Summer Enrichment Plan with families.

*Select all that apply.*

- Option A:** Letters mailed to families
- Option B:** Emails to families
- Option C:** Social media posts
- Option D:** Text messages to families
- Option E:** Local print media
- Option F:** Other (provide brief description):  
District All Call system via SAM (student information package)

Briefly describe how the district will monitor participation by students during the extended building closure and summer enrichment programs.

Google Classroom, Zoom sessions, email and paper packets were and will be utilized to monitor participation.

## SECTION F Transcripts and Senior Transitions

District supports for graduating seniors may look different during an extended school building closure. High schools must ensure students have the necessary documents to continue their academic pursuits or transition into the work force.

Briefly describe how the district will ensure students receive transcripts and final grades upon graduation.

School Counselors and Record Clerks continue to update and provide transcript services via requests from students and post secondary institutions. Seniors may request transcripts via email, phone, text messages. School Counselors consistently communicate with students regarding transcript services. Seniors will follow-up with transcript requests as part of the individualized graduation service provided by the high school.

**SECTION G** Assurances for Continued Learning for All Students

- In accordance with **Executive Order 1476**, the school district is offering distance learning or other instructional means necessary for students to achieve completion of grade-level essential instruction for the 2019-2020 academic school year. Additionally, the school district is offering summer learning and enrichment measures necessary to (a) mitigate disruption from the Spring 2020 school closure due to COVID-19 and (b) to enhance learning in preparation for the 2020-21 academic school year.

**SECTION H** Assurances for Students with Disabilities

It is clear the United States Department of Education (ED) does not want school districts to consider the provision of services to students with disabilities under the Individuals with Disabilities Education Act (IDEA) as a barrier or a reason not to offer educational services to any of their students through distance instruction or otherwise.

- In compliance with COVID-19 guidance, the following assurances have been discussed and are included in planning efforts for students with disabilities, including students with 504 plans.
  - ✓ Assure that services are provided for all students with disabilities, including students with 504 plans, and **maintain appropriate documentation** to support all efforts;
  - ✓ Assure that services, materials, assignments, and instruction, are individualized and aligned to student IEP goals;
  - ✓ Assure that district plans address how progress or lack of progress will be

- collected and documented in anticipation of considering the need for ESY and/or compensatory services;
- ✓ Assure that students with disabilities will not be excluded from participating in courses;
  - ✓ Comply with all state and federal regulations;
  - ✓ Ensure educators and administrators collaborate and utilize creative options to meet the individual needs of the students; and
  - ✓ Consider the impact of the district's final course grade calculation method selected in Section C as it relates to IEP review and development for each student. The most recent USDOE guidance can be found [here](#).

**SECTION I Assurances for English Language Learners**

- The district is working collaboratively to:
- ✓ Provide effective two-way communication with families in a language that they understand.
  - ✓ Tailor instruction and assessments to students' English Language proficiency needs in all four language domains (Listening, Speaking, Reading, and Writing).

**SECTION J District Certification of Assurances**

By providing a digital signature or typing my name below and submitting this document, I certify that the school district is providing continued learning experiences, including summer learning and enrichment measures, as outlined in this plan.
