DISTRICT

Learning-at-Home and Summer Enrichment Plan

Revised May 4, 2020

Due May 15, 2020

Updated per Executive Order 1476

DISTRICT NAME

Okolona Municipal Separate School District

Carey M. Wright, Ed.D.

STATE SUPERINTENDENT OF EDUCATION

INTRODUCTION

The Mississippi Department of Education (MDE) is committed to providing **essential technical guidance and support mechanisms** to assist districts during the time of extended school building closure as a result of COVID-19. The MDE recognizes and appreciates that districts are taking different approaches depending on their local capacity and infrastructure during this building closure. The State Board of Education (SBE) has provided **flexibility within existing laws and policies** regarding instructional time, graduation requirements, attendance, assessment and accountability.

In accordance with Governor Tate Reeves' **Executive Order 1476**, school districts shall operate with essential personnel to offer distance learning or other instructional means necessary for students to achieve completion of grade-level essential instruction for the 2019-2020 academic school year. Additionally, school districts shall submit to the SBE plans for summer learning and enrichment measures necessary to (a) mitigate disruption from the Spring 2020 school closure due to COVID-19 and (b) to enhance learning in preparation for the 2020-21 academic school year. Per **Executive Order 1476**, summer learning and enrichment measures are to be provided to all students in all schools.

The District Learning-at-Home and Summer Enrichment Plan is designed to ensure districts are taking deliberate and thoughtful actions to facilitate and individualize continued student learning and progress monitoring during closure.

Taking a traditional school environment online is not a simple task – nor is it one that should be attempted without serious consideration of the practicality and risk.

The MDE is not directing districts that they must transition to delivery of all content online, as we recognize that online access and remote support for rural students and students with disabilities will certainly pose equity issues across the state. Districts need to consider how they can help facilitate continued learning within homes across the state – either through online opportunities, by making grade-level instructional packets, Family Guides for Student Success, or other resources available for pick-up at school or various locations within the district, or through a combination of delivery systems.

RESOURCES

The MDE has compiled a variety of resources for districts to use during the extended school building closure, online at <https://www.mdek12.org/covid19/districtresources>. The materials and tools may be used to provide additional resources to parents or students. This information is only intended to be a general summary of information provided to the public. The MDE does not endorse or promote any commercial products or services. Please make sure that you choose the tool(s), resource(s) or material(s) that are developmentally appropriate and best fit the needs of your students, school, or district.

Resources have been divided into the following categories:

Grade Band:

In accordance with [Executive Order 1476](#), describe how the district will provide students with feedback/grades on assignments completed during the extended school building closure and during summer learning and enrichment programs.

The Okolona Municipal Separate School District currently utilizes Active Parent, which allows parents to view their child's grades. The district also utilizes AIMS Web to inform parents of pick up times for academic packages. Individual teachers are requested to make phone calls to parents to update them on student's progress, as well as to provide any support such as answering questions for students. Several teachers have also utilized Google classrooms. We anticipate collaboration with a vendor to provide virtual training via Zoom to all teachers on utilizing Google classroom. Lastly, we have teachers using platforms such as Group Me, Facebook and Facebook Live,

Remind and Class Tag, Text Messages, etc... to communicate with parents. Report cards will be disseminated to parents/students via mail.

SECTION D Summer Learning and Enrichment

In accordance with [Executive Order 1476](#), please indicate which of the following methods the district is using to offer summer learning, Extended School year (ESY) services, and enrichment to students. Note that ESY is not the same as summer learning.

Select all that apply. Note that Option C is a combination of Options A and B.

- Option A:** Distance/Virtual/e-Learning/Remote Method(s)
- Option B:** Packets/Assignments (portfolio, project-based, etc.)
- Option C:** Blended (**combination of Option A and Method B**)
- Option D:** Other (provide brief description):

Briefly describe the district's summer learning, Extended School year (ESY) services, and enrichment programming (frequency, content areas, and duration, including days per week and number of weeks).

Summer Learning Activities will be conducted via various methods to include online software programs, such as iReady and summer learning packets that parents can pick up at each school location and we will use district transportation (school buses) to deliver packets within the communities for those who may not have access to transportation for summer remediation and enrichment.

Extended Learning Services programming will vary per individual student's Individualized Learning Plans. Per the IEP, students/ parents may be contacted two or more times weekly by the teacher to provide support via phone, Facetime, email, etc... Special Education Teachers, along with the IEP committee will be responsible for determining the duration of support for each child per content area. This will be followed up or monitored by the Special Education Director.

Enrichment Programs may include project based learning activities, at home learning packets that will be developed by teachers, as well as continued online learning via iReady and other platforms. Assignments may be picked up and dropped off on specific days while online monitoring will occur weekly via teacher and building principal monitoring.

SECTION E Communication and Participation

In order to effectively serve all students within a district, communication is essential. Please note below how the district has communicated its Learning-at-Home and Summer Enrichment Plan with families.

Select all that apply.

- Option A:** Letters mailed to families
- Option B:** Emails to families
- Option C:** Social media posts
- Option D:** Text messages to families
- Option E:** Local print media
- Option F:** Other (provide brief description):

AIMS, Remind, Class Tag, Group Me, Facebook per grade levels, and Google Classrooms. We have also had packets delivered to various communities within the county.

Briefly describe how the district will monitor participation by students during the extended building closure and summer enrichment programs.

The district will monitor participation by students during the extended building closure and summer enrichment programs developing academic packets and using online software platforms to track students progress.

SECTION F Transcripts and Senior Transitions

District supports for graduating seniors may look different during an extended school building closure. High schools must ensure students have the necessary documents to continue their academic pursuits or transition into the work force.

Briefly describe how the district will ensure students receive transcripts and final grades upon graduation.

Final transcripts, diplomas, and report cards will be distributed to students and parents by various options. Options will include the option to pick up information from Okolona High School Counselor's Office. We may also mail documentaion at the request of students or parents. Request for documentaion may also be made by colleges, universities and or trade schools.

SECTION G Assurances for Continued Learning for All Students

- In accordance with [Executive Order 1476](#), the school district is offering distance learning or other instructional means necessary for students to achieve completion of grade-level essential instruction for the 2019-2020 academic school year. Additionally, the school district is offering summer learning and enrichment measures necessary to (a) mitigate disruption from the Spring 2020 school closure due to COVID-19 and (b) to enhance learning in preparation for the 2020-21 academic school year.

SECTION H Assurances for Students with Disabilities

It is clear the United States Department of Education (ED) does not want school districts to consider the provision of services to students with disabilities under the Individuals with Disabilities Education Act (IDEA) as a barrier or a reason not to offer educational services to any of their students through distance instruction or otherwise.

- In compliance with COVID-19 guidance, the following assurances have been discussed and are included in planning efforts for students with disabilities, including students with 504 plans.
- ✓ Assure that services are provided for all students with disabilities, including students with 504 plans, and **maintain appropriate documentation** to support all efforts;
 - ✓ Assure that services, materials, assignments, and instruction, are individualized and aligned to student IEP goals;
 - ✓ Assure that district plans address how progress or lack of progress will be collected and documented in anticipation of considering the need for ESY and/or compensatory services;
 - ✓ Assure that students with disabilities will not be excluded from participating in courses;
 - ✓ Comply with all state and federal regulations;
 - ✓ Ensure educators and administrators collaborate and utilize creative options to meet the individual needs of the students; and
 - ✓ Consider the impact of the district's final course grade calculation method selected in Section C as it relates to IEP review and development for each student. The most recent USDOE guidance can be found [here](#).

SECTION I Assurances for English Language Learners

The district is working collaboratively to:

- ✓ Provide effective two-way communication with families in a language that they understand.
- ✓ Tailor instruction and assessments to students' English Language proficiency needs in all four language domains (Listening, Speaking, Reading, and Writing).
