

2019-2020

**DISTRICT**

# Learning-at-Home and Summer Enrichment Plan

Revised May 4, 2020

**Due May 15, 2020**

Updated per Executive Order 1476

DISTRICT NAME

Petal School District

Carey M. Wright, Ed.D.

STATE SUPERINTENDENT OF EDUCATION

## INTRODUCTION

The Mississippi Department of Education (MDE) is committed to providing **essential technical guidance and support mechanisms** to assist districts during the time of extended school building closure as a result of COVID-19. The MDE recognizes and appreciates that districts are taking different approaches depending on their local capacity and infrastructure during this building closure. The State Board of Education (SBE) has provided **flexibility within existing laws and policies** regarding instructional time, graduation requirements, attendance, assessment and accountability.

In accordance with Governor Tate Reeves' **Executive Order 1476**, school districts shall operate with essential personnel to offer distance learning or other instructional means necessary for students to achieve completion of grade-level essential instruction for the 2019-2020 academic school year. Additionally, school districts shall submit to the SBE plans for summer learning and enrichment measures necessary to (a) mitigate disruption from the Spring 2020 school closure due to COVID-19 and (b) to enhance learning in preparation for the 2020-21 academic school year. Per **Executive Order 1476**, summer learning and enrichment measures are to be provided to all students in all schools.

The District Learning-at-Home and Summer Enrichment Plan is designed to ensure districts are taking deliberate and thoughtful actions to facilitate and individualize continued student learning and progress monitoring during closure.

Taking a traditional school environment online is not a simple task – nor is it one that should be attempted without serious consideration of the practicality and risk.

The MDE is not directing districts that they must transition to delivery of all content online, as we recognize that online access and remote support for rural students and students with disabilities will certainly pose equity issues across the state. Districts need to consider how they can help facilitate continued learning within homes across the state – either through online opportunities, by making grade-level instructional packets, Family Guides for Student Success, or other resources available for pick-up at school or various locations within the district, or through a combination of delivery systems.

## RESOURCES

The MDE has compiled a variety of resources for districts to use during the extended school building closure, online at <https://www.mdek12.org/covid19/districtresources>. The materials and tools may be used to provide additional resources to parents or students. This information is only intended to be a general summary of information provided to the public. The MDE does not endorse or promote any commercial products or services. Please make sure that you choose the tool(s), resource(s) or material(s) that are developmentally appropriate and best fit the needs of your students, school, or district.

Resources have been divided into the following categories:

- **Internet Services**
- **Multiple Content Area Resources**
- **Arts (Dance, Music, Theatre, Visual Arts) Resources**
- **Career and Technical Education (CTE) Resources**
- **English Language Arts Resources**
- **Mathematics Resources**
- **Science Resources**
- **Social Studies Resources**
- **World Language Resources**
- **Counselor Resources**
- **English Learner Resources**
- **Intervention Resources**
- **Students with Special Needs Resources**
- **Virtual Learning Resources**

## DISTRICT LEARNING-AT-HOME AND SUMMER ENRICHMENT PLAN REQUIREMENTS

- ✓ Consider individual students' needs, grade-level expectations, and district capacity.
- ✓ Communicate with key stakeholders, including staff, parents, students, and other community partners.
- ✓ Submit completed plan, including **SECTION I**, to [rhood@mdek12.org](mailto:rhood@mdek12.org) no later than **May 15, 2020**.

<b>DISTRICT NAME</b>	Petal School District
----------------------	-----------------------

<b>SECTION A</b>	<b>Instructional Delivery During School Building Closure</b>
------------------	--

Select all that apply. Note that Option C is a combination of Options A and B.

- Option A:** Distance/Virtual/e-Learning/Remote Method(s)
- Option B:** Packets/Assignments (portfolio, project-based, etc.)
- Option C:** Blended (**combination of Option A and Method B**)
- Option D:** Other (provide brief description):

The Petal School District is using a variety of modes to ensure that student learning can continue. In addition to work shared through Google Classrooms and paper packets, we have developed a dedicated website as a resource for parents, are using virtual meetings to connect with students, distributed chromebooks to students without devices, provided WiFi access through parking lots of two campuses and five mobile bus hotspots across the district, and all SPED and ELL teachers are making regular contact with students and teachers to monitor progress and make adjustments as needed.

<b>SECTION B</b>	<b>Instructional Content During School Building Closure</b>
------------------	---

Select all that apply. Note that Option C is a combination of Options A and B.

- Option A:** MDE Resources
  - Mississippi Online Course Approval (MOCA) Courses**
  - Learning-at-Home Resources for Districts**
  - Learning-at-Home Resources for Families**
- Option B:** Individual District Developed/Hosted
  - District-developed online/hybrid content
  - District-selected online/hybrid content
  - District make-and-take packets based on locally selected textbooks/instructional materials
  - Make-and-take packets from another district/vendor (provide brief description):

- Option C: Other**
  - Combination of Option A and Option B
  - Other (provide brief description):

**SECTION C Final Course Grade Calculation for 2019-2020 School Year**

Indicate which of the following methods the district is using to calculate student grades, as well as specific grade bands for each method (for example: K-2, K-8, 6-8, 9-12).

**NOTE:** Grading policies are a local school district decision. This information is being collected per [Executive Order 1476](#).

- Option A:** Third nine-week grades as final grades/completion for the year  
Grade Band: **K-4**
- Option B:** Average first, second, and third nine-week grades with fourth nine-week assignments (digital, packets, blended, etc.) grade for End-of-Year Grade  
Grade Band: **5-12**
- Option C:** Final exam grade averaged with first, second, and third nine-week report card grades for End-of-Year Final Grade  
Grade Band:
- Option D:** “Credit by Examination” or “Credit by Advancement” through final exam or assignment to measure standards mastery  
Grade Band:
- Option E:** Pass/Fail course grade  
Grade Band:

**NOTE:** Districts should exercise caution regarding use of pass/fail grades for graduating seniors, as student eligibility for NCAA athletics may be impacted. More information is available through this [NCAA FAQ document](#).

- Option F:** Other (provide brief description):  
  
Grade Band:

In accordance with [Executive Order 1476](#), describe how the district will provide students with feedback/grades on assignments completed during the extended school building closure and during summer learning and enrichment programs.

Teachers are making weekly contact with students through virtual meetings, phone calls, and text messages. Class meetings include instruction and conversations about the content. Assignments completed through Google Classroom receive feedback through that portal. Students who are completing paper packets are sending pictures of the work to the teachers. Students who encounter questions or struggles are encouraged to contact the teacher for individual help. Teachers are using phone conferences or one-on-one virtual meetings to address these questions. Students who are not producing any work are getting calls from the teacher to keep them engaged in the work and to provide assistance as needed.

#### SECTION D Summer Learning and Enrichment

In accordance with [Executive Order 1476](#), please indicate which of the following methods the district is using to offer summer learning, Extended School year (ESY) services, and enrichment to students. Note that ESY is not the same as summer learning.

*Select all that apply. Note that Option C is a combination of Options A and B.*

- Option A:** Distance/Virtual/e-Learning/Remote Method(s)
- Option B:** Packets/Assignments (portfolio, project-based, etc.)
- Option C:** Blended (**combination of Option A and Method B**)
- Option D:** Other (provide brief description):

If possible, small groups of students on campus.

Briefly describe the district's summer learning, Extended School year (ESY) services, and enrichment programming (frequency, content areas, and duration, including days per week and number of weeks).

ESY - Special education students will be served in ESY during the month of July (July 6-24). Students will be served in small groups each day. If able to meet in person, small group instruction will be used to remediate and extend student skills. If in person meetings are not an option, teachers will meet 30 minutes daily with students in a virtual setting for individualized instruction.

Enrichment opportunities will be available electronically in a variety of areas (reading, writing, math, art, music, science, etc.). Students will work through pre-made modules designed to engage the student in approximately 2 hours of activities each day. Multiple modules, designed in grade bands, will be available for students and families to choose from.

Remediation for students will be available in reading and math for students who need skill remediation before school begins next year. Students will be chosen based on their academic needs and served in small group sessions. The district will offer two three week sessions in person, if possible. If virtual groups are required, students will be provided virtual instruction in small group or individually each day.

## SECTION E Communication and Participation

In order to effectively serve all students within a district, communication is essential. Please note below how the district has communicated its Learning-at-Home and Summer Enrichment Plan with families.

*Select all that apply.*

- Option A:** Letters mailed to families
- Option B:** Emails to families
- Option C:** Social media posts
- Option D:** Text messages to families
- Option E:** Local print media
- Option F:** Other (provide brief description):

Information will be included with fourth nine weeks report cards (which are mailed), website, teacher contacts with families, district and school videos posted on district YouTube channel, automated call-outs, IEP/504 meetings

Briefly describe how the district will monitor participation by students during the extended building closure and summer enrichment programs.

Teachers are monitoring student participation through Google Classroom and regular parent contacts. This will continue through the summer for participating students.

#### SECTION F Transcripts and Senior Transitions

District supports for graduating seniors may look different during an extended school building closure. High schools must ensure students have the necessary documents to continue their academic pursuits or transition into the work force.

Briefly describe how the district will ensure students receive transcripts and final grades upon graduation.

Final grades are mailed to each student at the end of the fourth nine weeks. Seniors will pick-up diplomas after graduation ceremonies. School counselors will follow established procedures for distributing transcripts when requested.

#### SECTION G Assurances for Continued Learning for All Students

- In accordance with [Executive Order 1476](#), the school district is offering distance learning or other instructional means necessary for students to achieve completion of grade-level essential instruction for the 2019-2020 academic school year. Additionally, the school district is offering summer learning and enrichment measures necessary to (a) mitigate disruption from the Spring 2020 school closure due to COVID-19 and (b) to enhance learning in preparation for the 2020-21 academic school year.

**SECTION H Assurances for Students with Disabilities**

It is clear the United States Department of Education (ED) does not want school districts to consider the provision of services to students with disabilities under the Individuals with Disabilities Education Act (IDEA) as a barrier or a reason not to offer educational services to any of their students through distance instruction or otherwise.

- ☒ In compliance with COVID-19 guidance, the following assurances have been discussed and are included in planning efforts for students with disabilities, including students with 504 plans.
  - ✓ Assure that services are provided for all students with disabilities, including students with 504 plans, and **maintain appropriate documentation** to support all efforts;
  - ✓ Assure that services, materials, assignments, and instruction, are individualized and aligned to student IEP goals;
  - ✓ Assure that district plans address how progress or lack of progress will be collected and documented in anticipation of considering the need for ESY and/or compensatory services;
  - ✓ Assure that students with disabilities will not be excluded from participating in courses;
  - ✓ Comply with all state and federal regulations;
  - ✓ Ensure educators and administrators collaborate and utilize creative options to meet the individual needs of the students; and
  - ✓ Consider the impact of the district's final course grade calculation method selected in Section C as it relates to IEP review and development for each student. The most recent USDOE guidance can be found [here](#).

**SECTION I Assurances for English Language Learners**

- ☒ The district is working collaboratively to:
  - ✓ Provide effective two-way communication with families in a language that they understand.
  - ✓ Tailor instruction and assessments to students' English Language proficiency needs in all four language domains (Listening, Speaking, Reading, and Writing).

**SECTION J District Certification of Assurances**

By providing a digital signature or typing my name below and submitting this document, I certify that the school district is providing continued learning experiences, including summer learning and enrichment measures, as outlined in this plan.

District Superintendent's Digital Signature

District Superintendent's Name Dr. Matt Dillon

Date May 8, 2020

**SECTION K MDE Approval**

5/8/2020

Date Received

Nathan Oakley (for Carey M. Wright)
