2019-2020

DISTRICT

Learning-at-Home and Summer Enrichment Plan

Revised May 4, 2020
Due May 15, 2020
Updated per Executive Order 1476

DISTRICT NAME
Simpson County School District

MISSISSIPPI DEPARTMENT OF EDUCATION

Carey M. Wright, Ed.D.
STATE SUPERINTENDENT OF EDUCATION
INTRODUCTION

The Mississippi Department of Education (MDE) is committed to providing essential technical guidance and support mechanisms to assist districts during the time of extended school building closure as a result of COVID-19. The MDE recognizes and appreciates that districts are taking different approaches depending on their local capacity and infrastructure during this building closure. The State Board of Education (SBE) has provided flexibility within existing laws and policies regarding instructional time, graduation requirements, attendance, assessment and accountability.

In accordance with Governor Tate Reeves’ Executive Order 1476, school districts shall operate with essential personnel to offer distance learning or other instructional means necessary for students to achieve completion of grade-level essential instruction for the 2019-2020 academic school year. Additionally, school districts shall submit to the SBE plans for summer learning and enrichment measures necessary to (a) mitigate disruption from the Spring 2020 school closure due to COVID-19 and (b) to enhance learning in preparation for the 2020-21 academic school year. Per Executive Order 1476, summer learning and enrichment measures are to be provided to all students in all schools.

The District Learning-at-Home and Summer Enrichment Plan is designed to ensure districts are taking deliberate and thoughtful actions to facilitate and individualize continued student learning and progress monitoring during closure.

Taking a traditional school environment online is not a simple task – nor is it one that should be attempted without serious consideration of the practicality and risk.

The MDE is not directing districts that they must transition to delivery of all content online, as we recognize that online access and remote support for rural students and students with disabilities will certainly pose equity issues across the state. Districts need to consider how they can help facilitate continued learning within homes across the state – either through online opportunities, by making grade-level instructional packets, Family Guides for Student Success, or other resources available for pick-up at school or various locations within the district, or through a combination of delivery systems.

RESOURCES

The MDE has compiled a variety of resources for districts to use during the extended school building closure, online at https://www.mdek12.org/covid19/districtresources. The materials and tools may be used to provide additional resources to parents or students. This information is only intended to be a general summary of information provided to the public. The MDE does not endorse or promote any commercial products or services. Please make sure that you choose the tool(s), resource(s) or material(s) that are developmentally appropriate and best fit the needs of your students, school, or district.

Revised May 4, 2020 | Updated per Executive Order 1476 | 2
Resources have been divided into the following categories:

- Internet Services
- Multiple Content Area Resources
- Arts (Dance, Music, Theatre, Visual Arts) Resources
- Career and Technical Education (CTE) Resources
- English Language Arts Resources
- Mathematics Resources
- Science Resources
- Social Studies Resources
- World Language Resources
- Counselor Resources
- English Learner Resources
- Intervention Resources
- Students with Special Needs Resources
- Virtual Learning Resources

DISTRICT LEARNING-AT-HOME AND SUMMER ENRICHMENT PLAN REQUIREMENTS

- Consider individual students' needs, grade-level expectations, and district capacity.
- Communicate with key stakeholders, including staff, parents, students, and other community partners.
- Submit completed plan, including SECTION I, to rhood@mdek12.org no later than May 15, 2020.
Simpson County School District

SECTION A

Instructional Delivery During School Building Closure

Select all that apply. Note that Option C is a combination of Options A and B.

- **Option A:** Distance/Virtual/e-Learning/Remote Method(s)
- **Option B:** Packets/Assignments (portfolio, project-based, etc.)
- **Option C:** Blended *(combination of Option A and Method B)*
- **Option D:** Other (provide brief description):

SECTION B

Instructional Content During School Building Closure

Select all that apply. Note that Option C is a combination of Options A and B.

- **Option A:** MDE Resources
  - Mississippi Online Course Approval (MOCA) Courses
  - Learning-at-Home Resources for Districts
  - Learning-at-Home Resources for Families
- **Option B:** Individual District Developed/Hosted
  - District-developed online/hybrid content
  - District-selected online/hybrid content
  - District make-and-take packets based on locally selected textbooks/instructional materials
- **Option C:** Other
  - Combination of Option A and Option B
  - Other (provide brief description):

Revised May 4, 2020 | Updated per Executive Order 1476 | 4
**SECTION C  Final Course Grade Calculation for 2019-2020 School Year**

Indicate which of the following methods the district is using to calculate student grades, as well as specific grade bands for each method (for example: K-2, K-8, 6-8, 9-12).

**NOTE:** Grading policies are a local school district decision. This information is being collected per Executive Order 1476.

- **Option A:** Third nine-week grades as final grades/completion for the year
  Grade Band:
  - D

- **Option B:** Average first, second, and third nine-week grades with fourth nine-week assignments (digital, packets, blended, etc.) grade for End-of-Year Grade
  Grade Band:
  - D

- **Option C:** Final exam grade averaged with first, second, and third nine-week report card grades for End-of-Year Final Grade
  Grade Band:
  - D

- **Option D:** Credit by Examination” or “Credit by Advancement” through final exam or assignment to measure standards mastery
  Grade Band:
  - D

- **Option E:** Pass/Fail course grade
  Grade Band:
  - D

  **NOTE:** Districts should exercise caution regarding use of pass/fail grades for graduating seniors, as student eligibility for NCAA athletics may be impacted. More information is available through this NCAA FAQ document.

- **Option F:** Other (provide brief description):
  For grades third through twelve, average first, second, and third nine-week grades for the End of Year Grade. Grades for packet completion were entered in the third nine-week term grades.
  K-2 have standards based report cards which reflect first, second, and third nine weeks.
  Grade Band: K-12

In accordance with Executive Order 1476, describe how the district will provide students with feedback/grades on assignments completed during the extended school building closure and during summer learning and enrichment programs.

During the extended school building closure, the district provided learning packets two times. This work was collected and grades were given for completion of the packets. These grades were then entered and averaged with the third nine weeks grades. Teachers were available by email every day to assist students and parents with
questions about the assignments. Parents were notified of the days and times that teachers would be available by phone for each subject. For the students who had internet and technology device, teachers worked with students through Zoom or Google Classroom.

For the summer learning for grades kindergarten through eighth, there will be an ELA and math teacher at each school site in elementary and middle schools who will be available to assist students one day a week for two hours with work in the Summer Learning Packets that will be distributed to students.

In July, if it is possible to have students on campus, teachers will be in class with students in our Credit Recovery Program. This program will involve students completing assigned tasks/lessons in the Edgenuity program.

Also in July for our summer learning/enrichment program, teachers will be in class with students if it is possible to have students on campus for instruction.

SECTION D Summer Learning and Enrichment

In accordance with Executive Order 1476, please indicate which of the following methods the district is using to offer summer learning, Extended School year (ESY) services, and enrichment to students. Note that ESY is not the same as summer learning.

Select all that apply. Note that Option C is a combination of Options A and B.

- [ ] Option A: Distance/Virtual/e-Learning/Remote Method(s)
- [ ] Option B: Packets/Assignments (portfolio, project-based, etc.)
- [x] Option C: Blended (combination of Option A and Method B)
- [ ] Option D: Other (provide brief description):

Briefly describe the district’s summer learning, Extended School year (ESY) services, and enrichment programming (frequency, content areas, and duration, including days per week and number of weeks).
Students in grades K-8 will receive a summer learning packet in ELA and math. These packets will be designed to provide learning opportunities for the months of June and July.

In July, we plan to have a Credit Recovery class from July 6 - July 30. The class will be held from 8:00-12:00 each day. This program will incorporate the use of the Edgenuity program with tasks/lessons specifically assigned to those students enrolled.

We also plan to have summer learning classes July 6 - 24 from 8:00-12:00. We will invite students in grades K-3 who are in the bottom 25% in ELA and/or math. Also invited will be the inclusion students from our ATST and TSI schools. These students are within the subgroup that qualified those schools for those designations. In addition, we will invite all EL students to attend.

There will be an ESY opportunity for those SPED students who are met criteria for this program. Students will attend face to face classes. This session will be held from 8:00-12:00 each day from July 6 - 24.

SECTION E  Communication and Participation

In order to effectively serve all students within a district, communication is essential. Please note below how the district has communicated its Learning-at-Home and Summer Enrichment Plan with families.

Select all that apply.

- Option A: Letters mailed to families
- Option B: Emails to families
- Option C: Social media posts
- Option D: Text messages to families
- Option E: Local print media
- Option F: Other (provide brief description):

  Phone call to parents of students.

Briefly describe how the district will monitor participation by students during the extended building closure and summer enrichment programs.
For the extended building closure, a list has been kept of all students who received a learning packet as well as those students who completed the packet. This process will also be used for the summer program learning packets.

Attendance will be kept for students who participate in the Credit Recovery Classes, the Summer Learning Program and SPED ESY in July.

SECTION F Transcripts and Senior Transitions

District supports for graduating seniors may look different during an extended school building closure. High schools must ensure students have the necessary documents to continue their academic pursuits or transition into the workforce.

Briefly describe how the district will ensure students receive transcripts and final grades upon graduation.

Seniors will receive their final grades and a student transcript one day during the week of May 18-22. Counselors and/or office staff will be at the high schools frequently to check for requests for transcripts to be sent to colleges, universities, or other places.

SECTION G Assurances for Continued Learning for All Students

In accordance with Executive Order 1476, the school district is offering distance learning or other instructional means necessary for students to achieve completion of grade-level essential instruction for the 2019-2020 academic school year. Additionally, the school district is offering summer learning and enrichment measures necessary to (a) mitigate disruption from the Spring 2020 school closure due to COVID-19 and (b) to enhance learning in preparation for the 2020-21 academic school year.
SECTION H  Assurances for Students with Disabilities

It is clear the United States Department of Education (ED) does not want school districts to consider the provision of services to students with disabilities under the Individuals with Disabilities Education Act (IDEA) as a barrier or a reason not to offer educational services to any of their students through distance instruction or otherwise.

☑ In compliance with COVID-19 guidance, the following assurances have been discussed and are included in planning efforts for students with disabilities, including students with 504 plans.

- Assure that services are provided for all students with disabilities, including students with 504 plans, and maintain appropriate documentation to support all efforts;
- Assure that services, materials, assignments, and instruction, are individualized and aligned to student IEP goals;
- Assure that district plans address how progress or lack of progress will be collected and documented in anticipation of considering the need for ESY and/or compensatory services;
- Assure that students with disabilities will not be excluded from participating in courses;
- Comply with all state and federal regulations;
- Ensure educators and administrators collaborate and utilize creative options to meet the individual needs of the students; and
- Consider the impact of the district’s final course grade calculation method selected in Section C as it relates to IEP review and development for each student. The most recent USDOE guidance can be found here.

SECTION I  Assurances for English Language Learners

☑ The district is working collaboratively to:

- Provide effective two-way communication with families in a language that they understand.
- Tailor instruction and assessments to students’ English Language proficiency needs in all four language domains (Listening, Speaking, Reading, and Writing).
### SECTION J  District Certification of Assurances

By providing a digital signature or typing my name below and submitting this document, I certify that the school district is providing continued learning experiences, including summer learning and enrichment measures, as outlined in this plan.
