- Independent study
- Interactive Instruction (Role Playing, Brainstorming, Peer Partner Learning, Discussion, Cooperative Learning)

Unit Summative Assessment (acceptable evidence):
Assessment should relate to the performance outcome for goals and objectives.
Assessment can be question answer, performance activity, etc.
The student will be provided opportunities to demonstrate an understanding of careers, post-secondary training and education via charts, student-made posters, student-written letters, and through other media resources.
### Brief Summary of Unit:
The lessons in the Grade 4 Unit will help students develop the knowledge, skill and understanding that will enable them to understand the relationship between their current studies and the roles and responsibilities of workers in each of the Career Paths. In addition, the Unit lessons create awareness that (most) workers are required to have post-secondary education and/or training. Students are introduced to the variety of post-secondary training and education programs that are available.

**What prior knowledge do students need (e.g. the steps to solving a problem) to be successful in the unit?**
Students will need prior knowledge of roles, responsibilities, and skills of family members, school workers, and community workers. In addition, students are expected to have prior knowledge of the Career Paths (see Resources “Career Paths and Example Careers” “Career Path Mini-Poster”).
