Dear Mr. Anglin:

The State Agency completed an Administrative Review (AR) of your organization's 2018-2019 National School Lunch Program (NSLP) and School Breakfast Program (SBP). The regulations governing the Administrative Review (7 CFR 210.18) reference two Critical Areas of performance: Performance Standard 1 and Performance Standard 2, as well as several General Areas of Review. We are pleased to report that **no findings were identified** for the Performance Standards or General Areas of Review, and all records examined met USDA requirements. **We are closing the file on this review.**

Technical assistance (TA) was provided to the Child Nutrition Director regarding areas where program operations could be improved. These comments are located in the Mississippi Application and Reimbursement System (MARS), specifically in the Technical Assistance section of the Review Dashboard for the Administrative Review.

If you have any questions concerning this review or need additional assistance, please contact Mary Burks or me at (601) 576-4955.

Sincerely,

Alvin Edney, Program Specialist
Office of Child Nutrition, School Support Division
